Exam Preparation and Practice

An award-winning
scientist offers his
unorthodox approach to
childrearing:

“Parentology is

File Type PDF Commerce Igcse Past Papers

brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of*

File Type PDF Commerce Igcse Past Papers

the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids.

File Type PDF Commerce Igcse Past Papers

You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and

File Type PDF Commerce Igcse Past Papers

full-blown nerd, needed
childrearing advice, he
turned to scientific
research to make the big
decisions. In
Parentology, Conley
hilariously reports the

File Type PDF Commerce Igcse Past Papers

results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health

File Type PDF Commerce Igcse Past Papers

outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their

File Type PDF Commerce Igcse Past Papers

peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear

File Type PDF Commerce Igcse Past Papers

children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the

File Type PDF Commerce Igcse Past Papers

outcomes are
redemptive—even when
Conley's sassy kids show
him the limits of his
profession. Parentology
teaches you everything
you need to know about

File Type PDF Commerce Igcse Past Papers

the latest literature on parenting—with lessons that go down easy.

You'll be laughing and learning at the same time.
