***its second edition, this authoritative work brings together the major instruments in this field, dividing them into thirteen groups: Treaty Law, Contracts, Electronic Commerce, International Sales, Agency and Distribution, International Credit Transfers and Bank Payment Undertakings, International Secured Transactions, Cross-Border Insolvency, Securities Custody, Clearing and Settlement and Securities Collateral, Conflict of Laws, Civil Procedure, Commercial Arbitration, and a new section on Carriage of Goods. Each group of instruments is preceded by linking text which provides important context by identifying the key instruments in each group, discussing their purposes and relationships, and explaining the major provisions of each instrument, thus setting them in their commercial context. This volume is unique in providing the full text of international conventions, including the preamble - which is important for interpretation - and the final clauses and any annexes. In addition, each instrument is accompanied by a complete list of dates of signature and ratification by all contracting states, all easily navigated through the detailed tables of contents which precedes it. This fully-indexed work provides an indispensable guide for the practitioner or academic to the primary transnational commercial law instruments.***

***Cases and Materials in Company Law***

***Business Law: Text & Cases - Commercial Law for Accountants***

Commercial Law: Text Cases and Materials has been an indispensable and hugely popular resource for students of law and business management for over ten years. Combining extracts from cases and other materials with substantial commentary and explanatory text, Sealy and Hooley provide context for the extracts, question their significance, and provide an authoritative guide to commercial law. This book follows a very clear structure, discussing topics covered on commercial law courses not as separate entities, but as part of a coherent whole, enabling students to easily make links between different areas of the law. Fundamental concepts such as ownership, possession, and good faith run through the book, offering common themes connecting each area. The authors supply extensive

commentary on key decisions, helping students to focus on the most important areas; also provided are European and American examples, ensuring that students have access to a comparative analysis of commercial law as it operates throughout the world. Praised for the clarity of writing and mapping well onto a variety of courses, the emphasis throughout this book is on practical application - how is the law used in practice? Diagrams and questions enable students to check progress and consolidate understanding. Whilst maintaining the previous edition's successful structure and style, this edition takes into account all of the major changes in the law since 2003 and provides extracts from recent key cases. Sealy and Hooley's Commercial Law brings together the best features of a textbook and casebook, making it an invaluable one-stop resource.

Environmental Law: Text, Cases, and Materials has been designed to provide students with everything they need to approach the subject with confidence. Experts in the area, the authors combine clear and insightful commentary with carefully chosen extracts from UK and international sources to offer students a well-rounded view of the subject area. Covering a broad range of topics, the authors introduce

discussion on controversies and debates and encourage readers to engage in critical reflection by posing regular discussion questions throughout the text. Further reading suggestions point students towards useful resources, guiding their independent research. Online Resources This book is also accompanied by online updates collated by the authors, helping students to stay well-informed.

The Sixth Edition of Transnational Business Problems combines the best aspects of a conceptual, systemic approach and a problems approach. It provides a sophisticated intellectual framework for understanding the most significant contractual and regulatory issues in international business. At fewer than 600 pages, this compact book is ideal for a one-semester course. One Volume. Transnational Business Problems presents the important

practical and policy aspects of international transactions in one reasonably-sized volume. Covers Systemic Issues First. Transnational Business Problems considers systemic issues first. Four introductory chapters discuss the role of the international lawyer, the resolution of international disputes, the relationship between international and domestic law, the extraterritorial reach of domestic law, and corporate social responsibility. Problems Approach. The introductory chapters are followed by eight problems, each focused on a different kind of transaction: transnational sales, agency and distributorship agreements, licensing, foreign direct investment, mergers and acquisitions, joint ventures, concession agreements, and international debt instruments. Each problem covers both contractual and regulatory issues. Nearly all begin with a sample contract. Sophistication. The book uses primary source materials--draft contracts, statutes, regulations, treaties, cases, and arbitral awards--that allow students, with help from the text, to work through issues in a realistic way. The book goes beyond the nuts and bolts of transactions to encourage consideration of broader policy issues: from the liability of

corporations for human rights violations to restrictions on foreign investment; from the compulsory licensing of HIV drugs to the restructuring of sovereign debt. Geographical Diversity. Transnational Business Problems reflects the geographical diversity of business today. The problems focus on China, the European Union, the Andean Community, Mexico, and Brazil. Materials from other parts of the world are included in the introductory chapters. Intellectual Heritage. Transnational Business Problems grows out of a rich intellectual heritage that began with Milton Katz and Kingman Brewster's International Transactions and evolved into Henry Steiner and Detlev Vagts's Transnational Legal Problems. The book views transnational business problems as a particular species of transnational legal problem that both generates and is influenced by transnational legal process. Fully Updated. The Sixth Edition of Transnational Business Problems is fully updated to account for developments through the start of 2019. The introductory chapters and many of the problems have been substantially revised. Every year between editions the authors provide an update in memo form that teachers can distribute as a supplement to their classes.
