NEW YORK TIMES BESTSELLER • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city. One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati! The chilling truth is that his story could have been mine. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the marhant, an artist to his conclusion, he wrote a letter to The Other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives, take readers from heart-wrenching losses to moments of surprising redemption. The Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world. BONUS: This edition contains a new afterword and a The Other Wes Moore discussion guide.

Wise, often funny, sometimes heartbreaking, Persepolis tells the story of Marjane Satrap’s life in Tehran from the ages of six to fourteen, years that saw the overthrow of the Shah’s regime, the triumph of the Islamic Revolution and the devastating effects of war with Iraq. The intelligent and outspoken child of radical Marxists, and the great-granddaughter of Iran’s last emperor, Satrapi bears witness to a childhood at once outrageous and ordinary, beset by the unthinkable and yet buffered by an extraordinary and loving family. It is immensely moving. It is also very beautiful. Satrapi’s drawings have the power of the very best woodcuts.

This book explores the significance of human behaviour to understanding the causes and impacts of changing climates and to assessing varied ways of responding to such changes. So far the discipline that has represented and modelled such human behaviour is economics. By contrast Climate Change and Society tries to place the ‘social?’ at the heart of both the analysis of climates and of the assessment of alternative futures. It demonstrates the importance of social practices organised into systems. In the fateful twentieth century various interlocking high carbon systems were established. This sedimented high carbon social practices, engendering huge population growth, increasing greenhouse gas emissions and the potentially declining availability of oil that made this world go round. Especially important in stabilising this pattern was the ‘carbon military-industrial complex?’ around the world. The book goes on to examine how in this new century it is systems that have to change, to move from growing high carbon systems to those that are low carbon. Many suggestions are made as to how to innovate such low carbon systems. It is shown that such a transition has to happen fast so as to create positive feedbacks of each low carbon system upon each other. Various scenarios are elaborated of differing futures for the middle of this century, futures that all contain significant costs for the scale, extent and richness of social life. Climate Change and Society thus attempts to replace economics with sociology as the dominant discipline in climate change analysis.

Sociology has spent much time examining the nature of modern societies, of modernity, but mostly failed to analyse the carbon resource base of such societies. This book seeks to remedy that failing. It should appeal to teachers and students in sociology, economics, environmental studies, geography, planning, politics and science studies, as well as to the public concerned with the long term future of carbon and society.

This timely study looks behind the headlines and the statistics to demonstrate the value for knowledge exchange and policy learning of cross-country comparisons of the pandemic. It also provides a template for analysing policy responses to the COVID-19 pandemic and for using evidence-based comparisons to inform and support policy development.

A powerful novel about ethnically fluid California, and the corrosive relationship between two Filipino brothers. Told with a hard-edged purity that brings to mind Cormac McCarthy and Denis Johnson, American Son is the story of two Filipino brothers adrift in contemporary California. The older brother, Tomas, fashions himself into a Mexican gangster and breeds pricey attack dogs, which he trains in German and sells to Hollywood celebrities. The narrator is younger brother Gabe, who tries to avoid the tar pit of Tomas’s waywardness, yet moves ever closer to embracing it. Their mother, who moved to America to escape the caste system of Manila and is now divorced from their American father, struggles to keep her sons in line while working two dead-end jobs. When Gabe runs away, he brings shame and unforeseen consequences to the family. Full of the ache of being caught in a violent and alienating world, American Son is a debut novel that captures the underbelly of the modern immigrant experience. #1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students’ lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, Freedom Writers: Stories from the Heart In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of “unteachable, at-risk” students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank’s diary as her guide to combat intolerance and misunderstanding. Her students began to open their thoughts and feelings in their own diaries, eventually dubbing themselves the “Freedom Writers.” Consisting of powerful entries from the students’ diaries and narrative text by Erin Gruwell, The Freedom Writers Diary is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture Freedom Writers. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. The Freedom Writers Diary remains a vital read for anyone who believes in second chances.

This practical booklet can help you write a compare and contrast essay by showing you the complete process of writing this type of paper.
