

Conspiracies And Secret Societies The Complete Dossier

*There are giants among us, passing largely unnoticed, intent on carrying out a secret plan to enslave all humanity. They may not look like giants today, but their bloodlines extend all the way back to the Nephilim--the offspring of angels who mated with human women--described in Genesis 6 when giants roamed the land. Gary Wayne, author of *The Genesis 6 Conspiracy: How Secret Societies and the Descendants of Giants Plan to Enslave Humankind*, details the role of modern-day Nephilim in Satan's plan to install the Antichrist at the End of Days. When God cast the angel Lucifer and his followers out of heaven, Lucifer set into motion a scheme to ensure the Nephilim survived. Why? Because from the bloodlines of these Nephilim the Antichrist will come. To keep his plan alive, Satan has enlisted the loyalty of secret societies such as the Freemasons, the Templars, and the Rosicrucians to conspire in teaching a theology and a history of the world that is contrary to the biblical one. This *Genesis 6 Conspiracy* marches toward the Great Tribulation, when the loyalty of the Terminal Generation--this generation--will be tested. The Bible, along with many other ancient sources, clearly records the existence of giants. Wayne provides copious citations from many society insiders, along with extensive Bible references, other religious references, and historical material to bolster his contention. What he uncovers will astonish you--and it will challenge you to prepare for the fulfilling of God's promises.*

Every spring since 1954, a group of approximately one hundred of the world's most powerful businessmen, politicians, media moguls, and international royalty meet in secret for several days to discuss the course of the world. Called the Bilderberg Group after the Bilderberg Hotel in Oosterbeek, Holland where their first meeting was held, this off the record annual gathering is said to be where the globalist puppet masters plot and scheme. Does this group of power elite develop new political, economic, and cultural policies that are then covertly implemented by their underlings? Do they choose who our world leaders will be, including the next president of the United States? Is the Bilderberg Group a shadow government? Are they the Illuminati? Why has the mainstream media had a complete blackout regarding their meetings for decades? Who attends? And who pays for it? Is this "just another conference?" Or, are the "conspiracy theorists" right? What is the evidence? How were they first discovered? What are they doing? And should the public be concerned? Secret society expert Mark Dice will show you the hidden history, financial records, and some of the insider leaks showing how this small group's consensus has staggering effects on the political landscape of the world, global economies, wars, and more, as he uncovers *The Bilderberg Group: Facts & Fiction*.

Taking place during the most critical period of our nation's birth, *The First Conspiracy* tells a remarkable and previously untold piece of American history that not only reveals George Washington's character, but also illuminates the origins of America's counterintelligence movement that led to the modern day CIA. In 1776, an elite group of soldiers were handpicked to serve as George Washington's bodyguards. Washington trusted them; relied on them. But unbeknownst to Washington, some of them were part of a treasonous plan. In the months leading up to the Revolutionary War, these traitorous soldiers, along with the Governor of New York, William Tryon, and Mayor David Mathews, launched a deadly plot against the most important member of the military: George Washington himself. This is the story of the secret plot and how it was revealed. It is a story of leaders, liars, counterfeits, and jailhouse confessors. It also shows just how hard the battle was for George Washington and how close America was to losing the Revolutionary War. In this historical page-turner, New York Times bestselling author Brad Meltzer teams up with American history writer and documentary television producer, Josh Mensch to unravel the shocking true story behind what has previously been a footnote in the pages of history. Drawing on extensive research, Meltzer and Mensch capture in riveting detail how George Washington not only defeated the most powerful military force in the world, but also uncovered the secret plot against him in the tumultuous days leading up to July 4, 1776. Praise for *The First Conspiracy*: "This is American history at its finest, a gripping

story of spies, killers, counterfeiters, traitors?and a mysterious prostitute who may or may not have even existed. Anyone with an interest in American history will love this book." —Douglas Preston, #1 bestselling author of *The Lost City of the Monkey God* "A wonderful book about leadership?and it shows why George Washington and his moral lessons are just as vital today. What a book. You'll love it." —President George H.W. Bush "This is an important book: a fascinating largely unknown chapter of our hazardous beginning, a reminder of why counterintelligence matters, and a great read." —President Bill Clinton

The infamous Illuminati secret society represents the pinnacle of power in politics, banking, and the news media; but what about the entertainment industry? Do Hollywood's elite studios, producers, and celebrities have a secret agenda? Are they part of a covert conspiracy? Media analyst Mark Dice will show you exactly how Hollywood uses celebrities and entertainment as a powerful propaganda tool to shape our culture, attitudes, behaviors, and to promote corrupt government policies and programs. You will see how the CIA and the Pentagon work hand in hand with Hollywood to produce blockbuster movies and popular television shows crafted to paint positive portraits of war, Orwellian government surveillance, unconstitutional agendas, and more. You'll also learn the strange and secret spiritual beliefs of the stars that fuel their egos and appetites for fame and wealth, making them perfect puppets for the corporate controllers behind the scenes. And you will also discover the rare instances of anti-Illuminati celebrities who have dared to bite the hand that feeds them. Character Howard Beale once warned in the 1976 classic film *Network*, "This tube is the most awesome God-damned force in the whole godless world, and woe is us if it ever falls in to the hands of the wrong people," and unfortunately that is exactly what has happened.

Quicklet on Brad Steiger and Sherry Steiger's *Conspiracies and Secret Societies*
Enter a hidden world of mysteries, scandals, secrets, and lies Perhaps it is human nature to believe there is more to the world than meets the eye - that the greatest secrets and truths are hidden from us. Whatever the reason, conspiracy theories are a global phenomenon. *Conspiracies Uncovered* delves into some of the most pervasive theories, from the "The assassination of John F. Kennedy" to the moon landings, showcasing the evidence for and against each one, revealing the surprising truths behind some and the bizarre inspirations for others.

How are the origins of the French Revolution, the murder of the Romanovs, the design of the dollar bill and the Roswell UFO incident connected? The answer is one of the world's most mysterious and feared secret societies - the Illuminati.

References to the Illuminati span centuries, yet reliable historical evidence is scant. What is known is that on 1 May 1776, at the height of the European Enlightenment, Adam Weishaupt, a professor of canon law at the University of Ingolstadt in Bavaria, founded a secret society of freethinkers, or 'enlightened ones' - the Illuminati. The group was formed to discuss and disseminate the radical philosophies of the day, and secrecy was crucial to its survival: neither church nor crown would have countenanced the group's anticlerical and antimonarchist ideas. At its height the Illuminati numbered 2,500, with members across Europe, including some of the period's leading thinkers. Yet just 12 years after the group's founding, it was disbanded by a governmental edict and the Illuminati ceased to exist. Or did it? For nearly 250 years references to the Illuminati and its alleged influence on major world events have continued to resurface. There are those who claim the Illuminati is much older than its first recorded incarnation suggests, dating its origins to the time of the Pyramids, and others who believe the group is literally not of this planet but part of an alien culture bent on taking over the earth. This book looks at the reality and the myths, questions the allegations and explores how fears about the group have taken many different forms, whether fear of intellectuals during the Enlightenment, or fear of communists during the McCarthy era. An internet search reveals that belief in the group's shadowy influence is positively thriving - what does that say about us today? And are we right to be afraid?

Startling allegations. Suppressed evidence. Missing witnesses. Assassinations. Cover-ups and threats. Documented connections to even deeper intrigue. Allusions to the New World Order. Coincidences? Too many to be mere coincidence?

American history is replete with warnings of hidden plots by the Illuminati, the Freemasons, the Zionists, the Roman Catholics, the Communists, World Bankers, the Secret Government, and Extra-Terrestrial Invaders, to name a few. Separating fact from fiction, this compelling work provides gripping details and presents the information without bias, including hundreds of individuals, organizations, and events where official claims and standard explanations of actions and events remain shrouded in mystery. *Conspiracies and Secret Societies: The Complete Dossier* examines the most common subjects among conspiracy theorists, from historical topics such as the true relationship between Jesus and Mary Magdalene, the Roswell UFO crash, and the assassinations of John F. Kennedy and Martin Luther King Jr. to more current issues such as the death of Princess Diana, FEMA's response following hurricane Katrina, and the recent earthquake and tsunami in Japan.

Birth through Adam Weishaupt in 1776 the secret society group known as the Illuminati have been wreaking havoc on the world ever since. They have fomented

wars and have manipulated events from behind the shadows to sinisterly and diabolically implement their agenda of a New World Order. People have heard of the Illuminati through popular culture, but most brush off their existence as nothing more than some “conspiracy theory” hatched by conspiracy theorists without doing any valid research that would perhaps discount their existence. Shame on them, because if they did the necessary research they would conclude that the Illuminati do actually exist in the annals of history. However, they supposedly disbanded which of course is not the case. Nonetheless, this powerful secret society is headed by 13 distinct bloodlines consisting of prominent families that you've probably heard of like the Rothschilds and the Rockefellers. Behind the scenes the Illuminati are planning and implementing their New World Order agenda through organizations that they've created like the Council on Foreign Relations, The Bilderberg Group, The Trilateral Commission and many other entities. They are shaping the world right in front of our eyes, but many are unable to see their hidden hand. They have toppled countries and their leaders not only through the acts of deception, corruption, and theft, but also through flat out murder and assassinations, all in the name of creating a New World Order. They have disrupted progressive movements like the Civil Rights movement of the 60's and have disposed of people who opposed them and refused to surrender to their Global Empire. In his book entitled *The Illuminati's Greatest Hits: Deception, Conspiracies, Murders And Assassinations By The World's Most Powerful Secret Society* author Frank White in a follow up to his best-selling book “Who Are The Illuminati?” covers the major historical figures from various time periods who simply stood in the way of the Illuminati and their New World Order Global Empire Machine or flat out rejected its overtures and as a result were assassinated and eliminated. The following events and people will be covered. The French Revolution and the execution of Louis XVI, The Sinking of the Titanic, the assassination of Abraham Lincoln, John F. Kennedy, Robert Kennedy, and John F. Kennedy Jr. The assassination of the Archduke Franz Ferdinand, Patrice Lumumba, Malcolm X, Dr. Martin Luther King Jr., Pope John Paul I, Jaime Roldas, Omar Torrijos, Muammar Gadhafi and the murder of Princess Diana. Simply put this is the most controversial and explosive book of the 21st Century!

The mysterious, highly influential hidden world of Yale's secret societies is revealed in a definitive and scholarly history. Secret societies have fundamentally shaped America's cultural and political landscapes. In ways that are expected but never explicit, the bonds made between the most elite of secret societies have won members Pulitzer Prizes, governorships, and presidencies. Scott Fitzgerald, *Skulls and Keys* traces the history of Yale's societies as they set the foundation for America's future secret clubs and helped define the modern age of politics. But there is a progre

to Yale's secret societies that we rarely hear about, one that, in the cultural tumult of the nineteen-sixties, resulted in the election of people of color, women, and gay men, even in proportions beyond their percentages in the class. It's a side that is often overlooked in the sensational legends of blood oaths and toe-curling conspiracies. Dave Richards, an alum of Yale, sheds some light on the lesser known stories of Yale's secret societies. Hoax, conspiracy, or secret society? That is the range of responses you might hear with the idea of the Priory of Sion. Ostensibly a clandestine order designed to disguise the truth about the children of Jesus Christ, the group have been labeled as either an elaborate concoction or the most powerful secret society in the world. Are they real? What are they hiding? Where did they come from? What impact can they have on the world around us? These are the questions this book will hope to answer. At the heart of the story of the Priory of Sion is the somewhat heretical notion that Jesus Christ - the supposed son of God - fathered a secret society. Not only that but that his bloodline survives to this day. If true, the idea has a huge impact on the very existence of Christianity, the world's most popular religion. If the Priory - as it is often called - are guarding the truth about such a matter, they then potentially control some of the most powerful information in the world. Think of it like an ideological atomic bomb, ticking away and ready to explode through the consciousness of the world. Not only that, but the men chosen to guard these secrets rank as some of the greatest thinkers in human history. Newton, Nicholas Flamel, and Leonardo da Vinci have all been implicated in the order, though their involvement is debated. In fact, the entire existence of the order has been argued. Some suggest that, rather than a secret society, the Priory is, in fact, an elaborate hoax. Others argue that these accusations are merely an attempt to disguise the truth. But what do we know for certain? Who exactly are the Priory of Sion? Read on and find out! Scroll back up and download your copy now!

A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible connections to the Rockefellers, Rothschilds, Adamsses, and Bushes. Reviewing the evidence, documented connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who view the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates the origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exploration of the Illuminati, their history, connections to powerful people, and their place in modern American history.

Conspiracy theories, secret societies, and politics in late eighteenth-century Germany

ABOUT THE BOOK Since the mid-twentieth century, popular media and culture has become more and more focused on vast conspiracies which surround the average person. Many of these theories revolve around the belief that strange and sometimes threatening forces are in control of events and decisions made by governments, business leaders and even entertainment figures. The term “conspiracy theory” has entered the mainstream mindset. Some use “conspiracy theory” as a derogatory label to characterize theories as absurd, while others see the label as a point of insight and wonder. In their book *Conspiracies and Secret Societies*, Brad and Sherry Steiger have set out to document and briefly explain the majority of these “theories” as well as cataloguing many of the reported actors alleged to be behind these activities. With over 450 entries, *Conspiracies and Secret Societies* claims to be the largest single volume ever dedicated to subjects that by all accounts should remain secret.

Masonic Freemasons: Originally a society of skilled craft workers formed in the 16th century to provide lodging and shelter for traveling workers. Reportedly was reorganized into a religious based mystery-system organization focused on achieving “enlightenment” through symbols and architecture. Members of the freemasons are present today, and proudly display their masonic allegiance.

The Knights Templar: Order of Christian knights formed by the Catholic Church during the Crusades period. The order were reportedly disbanded and its members excommunicated in 1312. The Illuminati: Group of freethinkers and agnostics formed in Bavaria in 1776. The organization was reportedly banned throughout the Austrian Empire in 1785. Rumors persist that the group still exists and is working behind the scenes to create a “New World Order.” The Illuminati are often confused with a separate secret society, Masonic Freemasonry... groundbreaking, international bestseller, first published in 1960, couples profound insights into the hidden history of humanity and our perceptions of reality with the scientific evidence that supports the existence of paranormal activity, telepathy, and extraterrestrial communications. The first book to explore in depth the Nazi fascination with the occult, Pauwels and Bergier also broke new ground with their study of pyramidology, alchemy and its close kinship with atomic energy, and the possibility of a widespread mutation of humanity that would herald the dawn of a new age for the earth. Their study of secret societies, starting with the Rosicrucians, suggests that such changes are actively being pursued in the present day by a "conspiracy" of the most spiritually and intellectually advanced members of the human race. *The Morning of the Magicians* also explores the anomalous events collected by Charles Fort, the work of Gurdjieff, and the history of the mysterious Fulcanelli, who was widely believed to have manufactured the philosopher's stone--which provided the Nazis the motive for mounting an intensive search for him during their occupation of Paris. Much more than a collection of strange facts defying conventional wisdom, this book remains a sophisticated philosophical exploration of repressed phenomena and hidden histories that asks its readers to look at reality with ever "awakened eyes."

A cross-referenced guide to society's clandestine groups and covert organizations includes information on such examples as Area 51, JFK assassination conspiracy theorist groups, and the 9/11 Truth Movement while offering insight into why such groups have garnered large-scale support and participation. An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy, current events, and world history. • Reveals the enormous influence secret societies still have on contemporary American life. • Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes. Elite and secret societies have always been a major force in the history of Western civilization. The alliances formed in secret societies such as the Knights Templar, the Knights of Christ, and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America. While these secret associations of merchants, smugglers, occultists, gamblers, spies, and slavers succeeded in freeing the United States from foreign domination, the dark side is that the elite used their secret connections to further their own wealth and power. These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the

union on several occasions when it was deemed expedient. From the Sons of Liberty and the Essex Junto to the Ku Klux Klan, secret societies have played critical roles in building the fortunes of America's elite. Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale's Skull & Bones unite America's modern ruling families as strongly as Masonic Lodges once connected the Astors, Livingstons, and Roosevelts. Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe.

Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's Angels & Demons and Hollywood movies like Lara Croft: Tomb Raider. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. The Illuminati - Secrets of a New World Order
The word "Illuminati" has, in recent years, become a catch-all buzzword for conspiracy theories of all sorts. It is a whispered response to strange happenings and seeming coincidences, a screamed retaliation to imbalances of power, a chanting pulse to the unknown. With its name now attached to all kinds of secret societies, shadowy projects, and missions to take over the world, it is difficult to separate Illuminati fact from Illuminati fiction. The Illuminati has become a permeating presence whose reality and legends have become intertwined, nearly inseparable on an individual level. As far as whether or not the Illuminati still exists today--well, that's up to you to decide.

A radical reexamination of Western history that suggests the descendants of Moses were the architects of the rise of the Roman Church and the ancestors of European aristocracy • Answers the inexplicable disappearance of all mention of Moses's descendants from the Bible • Reveals the key role played by Josephus Flavius in shaping early Christianity • Explains the connection of this secret priesthood

to modern secret societies like the Freemasons After the book of Exodus, Moses's two sons and numerous descendants all vanish from the Bible. Flavio Barbiero's investigation of this strange absence and his study of the centuries-long power struggle between the priestly families fighting for control of the Temple of Jerusalem starts with the rebellion against Rome--and the emergence of Josephus Flavius, one of Moses's descendants, on the world stage. In AD 70 when the Temple in Jerusalem was destroyed by Titus Flavius and thousands of Jewish priests were exterminated, Josephus, now bearing his sponsor's last name, followed Titus Flavius to Rome with at least 250 relatives and friends. Here they were made Roman citizens but then subsequently disappeared from recorded history. Barbiero's careful study of early Christianity shows, however, that these surviving members of Moses's high-priest lineage succeeded in taking control of the nascent Roman Church and masterminded its extraordinary success. Using a wide range of evidence drawn from fields as disparate as archaeology, heraldry, and genetics, Barbiero shows how these descendants of Moses used the cult of Mithras to eventually seize control of the secular Roman authority as well. He then follows, step by step, the spread of the members of this secret priestly elite into what was to become the aristocracy of medieval Europe and how their influence continues to be felt in modern secret societies like Freemasonry.

To some the name "secret society" conjures up an image of a shadowy and elite cabal meeting behind smoke-filled rooms, discussing tactics of world domination and manipulation straight out of the most far-fetched espionage thriller. To others, the image of secluded men (and occasionally women!) banding together in exotic garb to perform colorful ceremonies and impart hidden knowledge and fancy but incomprehensible titles upon one another springs to mind. But just how far-fetched and fanciful is the prospect of a secret society? Could it be that there walks among us, in any given echelon of the population, groups given to exercise inordinate amounts of power and influence over the rest of us? Could these exotic members-only clubs really pose such an immediate threat to our well-being that our very way of life is endangered? Well, quite frankly the disturbing answer to those particular questions are yes and yes. Right in our midst there absolutely exists clandestine organizations consisting of both men and women who wield a dangerous amount of influence and power over the entire world populace. In his book entitled "The World's Most Dangerous Secret Societies" author James Jackson explores these dangerous secret organizations and its members; their beliefs, hidden agenda and their ultimate goal of a New World Order and world domination. Here are a few of some of the dangerous secret societies that will be thoroughly examined.

- The Illuminati
- Skull And Bones

The Hidden History of Yale's Secret Societies

Hidden behind the veil of their secret society the group known as the Illuminati have still managed to garner great attention and acclaim. They have been blamed for everything imaginable such as being the igniting force behind the French Revolution and being the real masterminds behind the 9/11 attacks. They have even been credited with assassinating both Presidents Lincoln and Kennedy, because these two celebrated presidents made the unfortunate mistake of trying to usurp their unquestionable power. The so called conspiracy theorists say that they are hell bent on ushering in their new world order which consists of the establishment of a one world government, a one world army and destroying the sovereignty of every nation. They are said to be implementing their New World Order through organizations they are identified with as being part of like The Bilderberg Group, The Council on Foreign Relations, The Trilateral Commission, The Club of Rome and many others. There are prominent families who are also said to be part of the Illuminati like the Rockefellers and the Rothschilds. But are these assertions valid? Does popular society have it right or have they simply misunderstood this secret group? Have they been given a bad rap? In his revealing book entitled *Who Are The Illuminati: The Secret Societies, Symbols, Bloodlines and The New World Order* author Frank White takes a critical look at this powerful underground secret society, who they are and what their intentions are in a world filled with scorn for them. He explores not only the true facts about the group, but also the urban legends attributed to them, some of which are true and others of which have been greatly exaggerated. For example, do they really control the world and everyone else are just slaves to their whims and madness? Do they have a stranglehold on the entertainment and music industries and are the popular stars just puppets carrying out their agenda to the masses? Did they really order the murder of pop superstar Michael Jackson? These questions and many more will be answered in this explosive book.
