## Principles of Corporate Finance

## On-Demand Strategies for Performance, Growth and Sustainability

## Corporate Finance

## Contemporary Logistics: Global Edition

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers.

The Tenth Edition has been rewritten, refreshed, and fully updated to reflect the recent financial crisis and is now accompanied by Connect Finance, an exciting new homework management system.

The fifth edition of Modern Database Management has been updated to reflect the most current database content available. It provides sound, clear, and current coverage of the concepts, skills, and issues needed to cope with an expanding organisational resource. While sufficient technical detail is provided, the emphasis remains on management and implementation issues pertinent in a business information systems curriculum.

"Written with enthusiasm and dedication, Analysis for Financial Management, 9th edition, presents Financial Management in a clear and conversational style that both business students and non-financial executives comprehend." --Book Jacket.

Analysis for Financial Management

*Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc,*

*James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame*

*Combining current coverage with a student-friendly modular format, BASIC FINANCE: AN INTRODUCTION TO FINANCIAL INSTITUTIONS, INVESTMENTS & MANAGEMENT, 11E introduces the three primary aspects of finance and examines how they are interrelated to give students a firm foundation in all of finance--not just corporate finance. Each chapter offers a concise, self-contained treatment of one or two finance concepts, or institutions easily covered in a single class period. Students can build on what they learn through the text's Internet resources, number problems, illustrations using financial calculators, and a Microsoft Excel appendix. The time value of money is emphasized throughout. The 11th Edition includes numerous self-help problems with answers and relationships with answers, new coverage of classes of stock/preferred stock, new sections on Internet sources of information, and updated tax laws. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.*

*A visionary report on the revitalization of the liberal arts tradition in the electronically inflected, design-driven, multimedia language of the twenty-first century. Digital\_Humanities is a compact, game-changing report on the state of contemporary knowledge production. Answering the question "What is digital humanities?," it provides an in-depth examination of an emerging field. This collaboratively authored and visually compelling volume explores methodologies and techniques unfamiliar to traditional modes of humanistic inquiry—including geospatial analysis, data mining, corpus linguistics, visualization, and simulation—to show their relevance for contemporary culture. Written by five leading practitioner-theorists whose varied*

Combining depth of theory with practical applications, Madura's best-selling INTERNATIONAL FINANCIAL MANAGEMENT ABRIDGED, 12E builds on the fundamental principles of corporate finance to provide the timely information and contemporary insights needed to prosper in today's global business environment. With its signature reader-friendly style and clear explanations, the text introduces international finance with a focus on the important role of modern multinational corporations in global commerce. It discusses a wide range of managerial topics using a strong corporate perspective.

Emphasizing the most recent financial changes and industry trends, the Twelfth Edition highlights financial reform and its impact on international finance today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In the nonprofit sector, money drives mission. Well-managed budgets and investments can spur long-term growth and achievement, while financial mismanagement can damage or destroy an organization.

Lynne A. Weikart, Greg G. Chen, and Ed Sermier—in their exciting new text geared wholly to nonprofits—provide the financial tools nonprofit managers need to thrive in pursuit of mission success.

Given the wide array of nonprofit managers' backgrounds and a common fear of "the financials," the authors explain financial concepts without leaning unnecessarily on intimidating jargon. The result is a practical, accessible resource the prepares the next generation of nonprofit managers in financial planning and analysis as well as conventional and entrepreneurial financial management. Grounded in real-world cases and offering plenty of opportunity for application and practice, Budgeting and Financial

Management for Nonprofit Organizations helps readers develop a stable fiscal foundation and sound financial strategies for their organizations to prosper in times of economic expansion and contraction.
