\*\*\* New Intermediate Edition! \*\*\* Improve your spoken English from home with 101 real-world conversations in intermediate English. Real English people don't speak like a textbook... so it's no wonder you feel unprepared when it's your turn to speak! This book fixes that. For the first time, you'll learn to move beyond beginner level, and speak English in the real world! With 101 authentic conversations in intermediate English, so you'll become confident in the words, phrases and expressions you need to communicate like a local. 101 Conversations in Intermediate English transports you into a real-world story that unfolds between six English characters, told by the people themselves. With 15,000 words of real English, you'll immerse yourself in a gripping English drama and get an education in natural English in the process. Here's what you'll get: 101 conversations in intermediate English, so you can learn the real English spoken in the street, understand spoken English with ease, and have English roll off your tongue more fluently. 15,000 words of dialogue - an unparalleled resource that will immerse you in English, at a level you can understand. You'll learn real spoken English without getting lost or overwhelmed. Real, daily spoken English throughout - it's as if we held up a microphone and recorded the exact words coming out of people's mouths - so you can learn the expressions that real people use on the street (not in textbooks). You'll sound more authentic when you speak and make English-speaking friends more easily. Situations and dialogues from typical daily circumstances, so you can prepare yourself to survive realistic English encounters, in shops, cafés, and on the street, making meeting people a breeze. Nature Conversations that are carefully written to be accessible for intermediate learners (B1-B2 on the CEFR), so you can learn from real, spoken conversations, without having to go through the rollercoaster of difficult conversations with strangers. Each conversation is limited to around 15 lines of dialogue (150 words), so you can get that sense of achievement and motivation when you finish each conversation, and say "I actually understood all of that!" Summaries of each conversation which contextualise each dialogue, so you can easily follow the plot and enjoy the story without getting lost. The story is set in England and includes expressions that are typical in British English. Since the conversations use mostly "neutral" English, you'll have plenty to learn, whether you're learning the English of America, England, or Australia. Created by Olly Richards, an internationally-renowned language teacher and author, 101 Conversations in Intermediate English gives you an experience in real English that you won't find anywhere else. You'll be better prepared for using English in the real world, speak with more confidence, and take a giant leap towards fluency in English! **SCROLL UP AND GRAB YOUR COPY NOW**

The purpose of the book is to acquaint those learning English with the vocabulary and particular forms of address used in these various situations. For example, how do you order a meal in a restaurant? What is the procedure to be followed conversationally when buying tickets for the theater or shopping for clothes? What are the common expressions to be used in making a telephone call? These are some of the things the book teaches, and naturally they are of importance to anyone learning English. The book should be useful to all students who wish to perfect their colloquial and idiomatic English. It should also be valuable for those who feel the need for additional vocabulary and further practice with idiomatic forms.

Idioms, Expressions, Sayings and Slang for Everyday English Conversation

How The Mind Creates Language

Questions and Quotations for Advanced Vietnamese English Language Learners

Everyday Expressions in Spoken English

One of the main focuses of the book is to introduce non native learners of the English language to grammar through conversation. You will also learn some useful phrases frequently used in everyday life.

This little conversation book will enable you to ask and answer questions in several situations such as shopping for clothes, booking a hotel, asking for information and preparing for job interviews. There are several dialogues for those of you who would like to know how to ask and answer questions when you next go for a job. The book rounds off with idioms and phrasal verbs used in a natural context.

Learn English the easy way today.

The audio CD contains all of the dialogues in the book.

A handy book to have as a home study guide or as a text to use with your current English classes no matter what your native language is! If you are learning English as a second language or just want to learn

about some of the terms, expressions, idioms, and slang you hear in everyday conversation, this book will help with over 350 pages of information, self checks, quizzes and more. This book I wrote initially for my own students and is one of the texts I use in my own English classes I teach here in Japan. Now I decided to share this information with anyone else who wants to use the material as well. This book covers the A to L portion. Look for book 2 coming out soon with M to Z as well as an additional one on today's computer and text speak and language.

The classic book on the development of human language by the world's leading expert on language and the mind. In this classic, the world's expert on language and mind lucidly explains everything you always wanted to know about language: how it works, how children learn it, how it changes, how the brain computes it, and how it evolved. With deft use of examples of humor and wordplay, Steven Pinker weaves our vast knowledge of language into a compelling story: language is a human instinct, wired into our brains by evolution. The Language Instinct received the William James Book Prize from the American Psychological Association and the Public Interest Award from the Linguistics Society of America. This edition includes an update on advances in the science of language since The Language Instinct was first published.

Preston Lee's Conversation English For Vietnamese Speakers Lesson 1 - 40

Atlas Shrugged

Easy Learning Grammar and Punctuation: Your essential guide to accurate English (Collins Easy Learning English)

A New Method of Learning Vocabulary for Advanced and Intermediate Students

We commonly think of society as made of and by humans, but with the proliferation of machine learning and AI technologies, this is clearly no longer the case. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely – on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life.

Through a wide range of examples, Massimo Airoidi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The 'machine habitus' is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the context of digital infrastructures and pre-digital social structures. Machine Habitus will be of great interest to students and scholars in sociology, media and cultural studies, science and technology studies and information technology, and to anyone interested in the growing role of algorithms and AI in our social and cultural life.

Gain the skills needed to converse in English with confidence! Conversing comfortably in a new language can seem like a daunting task. This accessible guide will help you build the skills to communicate in English with confidence. The book is packed with crystal-clear explanations, numerous realistic examples, and dozens of engaging exercises to help you hone your conversation skills. ***Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.***

***NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing***

**on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.**
