our lives.” —the Telegraph Cultivate inner strength and rebuild your life with the ancient principles of kintsugi. When we lose a person we love, a job, or our health, it can feel like a precious piece of ourselves falling to the ground and shattering. But in the Japanese art of kintsugi, that’s where the creation of beauty begins—in the delicate re-joining and mending of shards with loving attention. Psychologist Tomás Navarro encourages us to approach our lives in the same way. Everyone faces suffering, but how we engage with our troubles and heal our emotional wounds

can make all the difference. Rather than conceal our repairs, what if we embraced them—and looked to them as proofs of our strength? With *Kintsugi*, Navarro presents a sensitive and contemplative approach to the suffering that he's seen in his professional practice and in his own life. His reflections help us to engage with our tragedies and challenges—transmuting them into sources of strength. Through gentle stories, practices, and insights, readers gain deeper perspective and courage in the face of life's inevitable crises, heartbreaks, and losses.

resuscitation, brain-dead in a deep coma. Apart from his brain however, Simon's organs are in perfect condition. His devastated parents face an agonising decision. If his life support is switched off straight away, his organs can still be used to save other lives, but by consenting, his parents will be choosing to end what remains of their son's life. They decide to go ahead: Simon's heart, lungs, liver and kidneys can be removed and used in organ transplants. And with that decision, their son's life ends and the implacable mechanisms of organ donation and transplantation click into gear. Simon's heart is removed and a match is found in Paris: Claire Mejan, who suffers from myocarditis and can only hope for survival if she

An untalented punk band and a parallel dimension—what could go wrong? In Borja González's stunning graphic novel, two parallel stories reflect and intertwine in a tale of youthful dreams and desires. In 1856, Teresa, a young aristocrat, is more interested in writing avantgarde horror poetry than making a suitable marriage. In 2016, three teenage girls, Gloria, Laura, and Cristina, want to start a punk band called the Black Holes.
