The crafting superstar and author of Love to Sew shares 12 customizable bag projects plus tips and techniques for creating your own designs. It can be difficult to find just the right bag design: you might want the shape and pockets of one combined with the size and handles of another. But how do you put all these different

elements together to create your perfect bag? Debbie Shore teaches you how in Sew Brilliant Bags. Her friendly advice and step-by-step instructions make it easy to create these designs or mix and match the techniques, ideas, or fabrics to make your own creation. Debbie offers a wide variety of projects, including a large, square-bottomed beach bag, a zipped, curved-top shoulder bag, an oilcloth tote, a pleated cosmetic bag, and a three-pocket cross-body bag with a magnetic fastener. She also covers a range of techniques, from adding piping and making eyelets to inserting zips, adding handles and straps, and creating a square bag base.

ideas. A comprehensive visual reference, the book covers everything a home sewer craves: the basics of sewing by hand or machine, along with five other time-honored crafts techniques, and step-by-step instructions for more than 150 projects that reflect not only Martha Stewart's depth of experience and crafting expertise, but also her singular sense of style. Encyclopedic in scope, the book features two main parts to help you brush up on the basics and take your skills to a new level. First, the Techniques section guides readers through Sewing, Appliqué, Embroidery, Quilting, Dyeing, and Printing. Following that, the Projects A to Z section features more than 150 clever

ideas (including many no-sew projects), all illustrated and explained with the clear, detailed instructions that have become a signature of Martha Stewart's magazines, books, and television shows. An enclosed CD includes full-size clothing patterns as well as templates that can be easily produced on a home printer. Fabric, thread, and tool glossaries identify the properties, workability, and best uses of common sewing materials. And, perhaps best of all, when you need it most, Martha and her talented team of crafts editors offer you the reassurance that you really can make it yourself. The projects are as delightful as they are imaginative, and include classic Roman shades, hand-
