The 90% Rule: How to Get Out of Debt and Prosper and Why It's Important, written by Matthew M. Carter II, Ph.D., is based on his personal experience of being head over heels in debt and how he got out. This book is divided into two parts. Part I is "How t This is a true story about an abused womans remarriage to her former husband after thirty-six years. Then disappointingly, she discovered that he had been married twelve-plus times.

Pastor Creflo Dollar offers ten compelling reasons why God hates religion--but loves for people to have real relationships with Christ. Religion has broken churches, fueled wars, and driven people away from the true Gospel of Jesus. WHY I HATE RELIGION is a clarion call for people to ditch religion and embrace relationship as it explores the top ten reasons why God hates religion, such as: Religion makes people try to earn their way into heaven--but Christ offers grace. Religion says God uses calamity to teach his people--but Christ comforts us. Religion blames problems on God--but Christ helps people learn from their mistakes. Religion makes prayer a powerless "form of godliness"--but Christ hears every word. WHY I HATE RELIGION offers an empowering understanding of true Christianity, one that transforms church into full, authentic, meaningful relationship with Jesus.

In this timely and powerful new book, Dr. Creflo A. Dollar shares transforming ways to deal with the challenges, hardships, and opportunities everyone faces today. He equips readers to move beyond trials in areas such as marriage, family, finances, relationships, parenting, career, and health. Even those suffering from personal struggles and addictions can claim victory and healing through faith in God's Word. With the right attitude and mind-set, anyone can overcome life's obstacles and move on to maximum living. Readers will discover the keys to acquiring character, hope, and answers necessary for growth and excellence. Dr. Dollar equips readers with the tools needed to transform their thinking, bring this message of hope into everyday practice, and produce real results in their lives.

“A fresh, gritty debut. Boyce unveils one of the best new series characters in ages. . . A book that combines fast-paced suspense with moving

insights.”—#1 New York Times-bestselling author Lisa Gardner From an author with more than thirty years’ experience in the Atlanta Police Department comes a riveting procedural debut introducing an unforgettable heroine. On her first day as a newly minted homicide detective, Sarah “Salt” Alt is given the cold-case murder of a blues musician whose death was originally ruled an accidental drug overdose. Now new evidence has come to light that he may have been given a hot dose intentionally. And this evidence comes from a convicted felon hoping to trade his knowledge for shortened prison time . . . a man who Salt herself put behind bars. In a search that will take her into the depths of Atlanta’s buried wounds—among the city’s homeless, its politically powerful churches, commerce and industry, and the police department itself—Salt probes her way toward the truth in a case that has more at stake than she ever could have imagined. At once a vivid procedural and a penetrating examination of what it means to be cop, Out of the Blues is a remarkable crime debut.

Most people are cautious about any advice they receive concerning their finances. But what if that advice were to come from the Holy Spirit, the third person of the Trinity? In The Holy Spirit, Your Financial Advisor, Dr. Creflo Dollar

investigates what the Bible has to say about the role of the Holy Spirit in the area of making and keeping money and discovers some surprising truths. In this book, readers will discover that the Holy Spirit will help them . . . Know what God's word says about the person and work of the Holy Spirit Hear and obey the guidance provided by the Holy Spirit Access supernatural power to manage money Apply practical knowledge to take control of finances Tap into the wisdom of total life prosperity Change a poverty mindset Discover God's system of seedtime and harvest Practice true success Practical application questions and activities at the end of each chapter provide the reader with further helpful strategies for obtaining financial freedom. Outreach and engagement initiatives are crucial in promoting community development. This can be achieved through a number of methods, including institutions of higher education. Changing Urban Landscapes Through Public Higher Education is a critical scholarly resource that examines the unique ways in which the faculty and students of the public institution of higher learning, in and for the nation's capital, connect to the community. Featuring coverage on a broad range of topics such as civic engagement, service learning, and teacher preparation, this book is geared towards

educators, administration, academicians, researchers, and students seeking current research on collaborative efforts between communities and institutions of higher education.

In this compelling and compassionate book, Dr. Creflo A. Dollar gives clear, practical principles that will banish fear and anxiety from readers' lives.

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Religion in Sociological Perspective introduces students to the systems of meaning, structure, and belonging that make up the complex social phenomena we know as religion. Authors Keith A. Roberts and David Yamane use an active learning approach to illustrate the central theories and methods of research in the sociology of

religion and show students how to apply these analytical tools to new groups they encounter. The Seventh Edition departs from previous editions by emphasizing that the sociology of religion is an ongoing conversation among scholars in dialogue with existing scholarship and the social world. This perspective is established in the new second chapter, "Historical Development of the Sociology of Religion." Other chapters feature important voices from the past alongside the views of contemporary sociologists, and conclude with a glimpse of where the sociology of religion might be heading in the future. At every opportunity, the text has been enriched by research and examples that are meant to challenge parochial limits in the sociology of religion, pushing beyond Christianity, congregations, beliefs, national borders (especially the United States), and even beyond religion itself (to take nonreligion more seriously).

Anyone desiring financial prosperity will welcome this revealing and effective insight into how God has promised to richly bless us and give us abundance. When it comes to going to the next level in life, the area of finances is one in which God desires to increase and expand us to greater levels. As we prioritize our finances and commit to making God's way of doing things our primary focus, we can begin to experience the financial blessing God promises in His Word. In **YOU'RE SUPPOSED TO BE WEALTHY**, Creflo Dollar gives spiritual and practical wisdom on how to position yourself for financial increase. Not only must you activate spiritual principles such as walking by faith and obedience, but you must also learn how to operate in a level of

stewardship that demonstrates character, responsibility, and wisdom.

Being a man of God is not easy in today's world. There are many distorted ideas and images being presented by contemporary culture, and even by men's families, that don't line up with the Word of God. Consequently many men are confused about their true identity and at a loss in knowing how to actually fulfill their intended role. Real Manhood is a trumpet-call to men to rise up to the challenge to be the man God intends them to be. Here is practical advice on how to: Conquer fear Overcome areas of personal struggle Cultivate an intimate relationship with God Relate properly to others Real Manhood gives men a more compelling vision of masculinity, equips them to be true to their responsibilities, and enables them to be a tremendous asset to their family, their church, and the Kingdom of God.

With eighty percent of the world's population professing religious faith, religious belief is a common human characteristic. This fascinating and highly unique Handbook brings together state-of-the-art research on incorporating religion into development studies literature and research. The expert contributors illustrate that as religious identity is integral to a community's culture, exclusion of religious consideration will limit successful development interventions; it is therefore necessary to conflate religion and development to enhance efforts to improve the lives of the poor. Issues addressed include: key tenets, beliefs and histories of religions; religious response to development concerns (gender,

environment, education, microfinance, humanitarian assistance); and the role of faith based organisations and missionaries in the wider development context. Practical case studies of countries across Africa, Eastern Europe and the Pacific (including Australia) underpin the research, providing evidence that the intersection between religion and development is neither new nor static. By way of conclusion, suggestions are prescribed for extensive further research in order to advance understanding of this nascent field. This path-breaking Handbook will prove a thought-provoking and stimulating reference tool for academics, researchers and students in international development, international relations, comparative religion and theology.

8 Steps to Create the Life You Want

The bestselling author of *Battle Hymn of the Tiger Mother*, Yale Law School Professor Amy Chua offers a bold new prescription for reversing our foreign policy failures and overcoming our destructive political tribalism at home. Humans are tribal. We need to belong to groups. In many parts of the world, the group identities that matter most – the ones that people will kill and die for – are ethnic, religious, sectarian, or clan-based. But

because America tends to see the world in terms of nation-states engaged in great ideological battles — Capitalism vs. Communism, Democracy vs. Authoritarianism, the “Free World” vs. the “Axis of Evil” — we are often spectacularly blind to the power of tribal politics. Time and again this blindness has undermined American foreign policy. In the Vietnam War, viewing the conflict through Cold War blinders, we never saw that most of Vietnam’s “capitalists” were members of the hated Chinese minority. Every pro-free-market move we made helped turn the Vietnamese people against us. In Iraq, we were stunningly dismissive of the hatred between that country’s Sunnis and Shias. If we want to get our foreign policy right — so as to not be perpetually caught off guard and fighting unwinnable wars — the United States has to come to grips with political tribalism abroad. Just as Washington’s foreign policy establishment has been blind to the power of tribal politics outside the country, so too have American political elites been oblivious to the group identities that matter most to ordinary Americans — and that are tearing the United States apart. As the stunning rise of Donald Trump laid bare, identity politics have seized both the American left and right in an especially dangerous, racially inflected way. In America today, every group feels threatened: whites and blacks, Latinos and Asians, men and women, liberals and conservatives, and so on. There is a pervasive sense of collective persecution and discrimination. On the left, this has given rise to increasingly radical and exclusionary rhetoric of privilege and cultural appropriation. On the right, it has fueled a

disturbing rise in xenophobia and white nationalism. In characteristically persuasive style, Amy Chua argues that America must rediscover a national identity that transcends our political tribes. Enough false slogans of unity, which are just another form of divisiveness. It is time for a more difficult unity that acknowledges the reality of group differences and fights the deep inequities that divide us.

A complete tax and financial guide for churches and other nonprofit organizations, written in plain English. Beginning with a conversation prompted by African American scholars like Dr. Alvin Poussaint of Harvard Medical School in 2007, to the current Black Lives Matter movement, there has been much debate about what led to the deaths of Trayvon Martin and Michael Brown, among others, as well as other systemic challenges that undermine black thriving. Anthony Bradley has assembled a team of scholars and religious leaders to provide a distinctly Christian perspective on what is needed for black communities to thrive from within. In addition to the social and structural issues that must be addressed, within black communities there are opportunities for social change based on God's vision for human flourishing. Covering topics like the black family, hip-hop, mental health, mentoring women, masculinity, and the church, this book will open your eyes to fresh ways to participate in solutions that will truly set black America free. Although the Black Lives Matter movement keeps the church on the margins, the authors in this volume believe that enduring change cannot happen unless God speaks directly to these issues in light of the

gospel. With contributions from: Vincent Bacote Bruce Fields Rev. Howard Brown Ralph C. Watkins Rev. Eric M. Mason Rev. Lance Lewis Rev. Anthony Carter Ken Jones Natalie Haslem Rev. Ken Jones Rihana Mason Yvonne RB-Banks

This book explains how faith, politics, and fear contribute to the homophobic mindset within the Black Church and the African American community.

Handbook of Research on Development and Religion

Winning in Troubled Times

The classic collection of Dr. King's sermons that fuse his Christian teachings with his radical ideas of love and nonviolence as a means to combat hate and oppression. As Martin Luther King, Jr., prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his most well known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. While behind bars, he spent uninterrupted time preparing the drafts for works such as "Loving Your Enemies" and "Shattered Dreams," and he continued to edit the volume after his release. Strength to Love includes these classic sermons selected by Dr. King. Collectively they present King's fusion of Christian teachings and social consciousness

and promote his prescient vision of love as a social and political force for change.

Don't wait until tomorrow for the life you want today. Dr. Creflo A. Dollar illuminates eight steps to the magnificent life you crave!

Confidence, peace, and abundant life--we all long for these things. In this life-changing book, author and renowned pastor Dr. Creflo A. Dollar challenges readers to stop wishing for a satisfying life. Instead, Dr. Dollar proclaims, we should be claiming the success that God promises today. We do not have to be defined by past failures or mediocrity; we must move forward into the richness available to us right now. God has designed a glorious destiny for each of us, and all we have to do is take hold of it. In order to seize our destiny, each of us must be willing to radically transform our lives. "If you don't like the way you feel," says Dollar, "you've got to change the way you think." By taking manageable steps along the way, each of us can achieve life to the fullest--until it overflows.

Are you feeling lost and uncertain about what your purpose in life is supposed to be? Do the intentions of the Lord seem incomprehensible? Do you struggle to maintain patience in God's plan for you? Beloved, we have to wait on the Lord to see the full manifestation of His plans and purposes for our lives to be uncovered. In her uplifting book, Learning How to Wait, S. Renae Trapp documents her journey in the wait. Though it has been difficult at times, her true belief in God brought her through and revealed

her true purpose. Now she is ready to share her experience and the wisdom she gained with you, the reader. Take your time in getting to know Him by building a relationship with Him and making it the number one priority in your life. When you do this, you will find Him and in that you will find yourself and know from my journey, "Excellence is developed in private...only you and God". You, me we must Learn How to Wait.

This volume approaches the Word of Faith as a worldview, and analyses the movement through N. T. Wright's model for worldview-analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith. The reader receives insights into the movement's narrative, semiotic, practical and propositional dimensions, which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world. The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden's authority and blessings. This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith's causative power to affect a direct correspondence between present reality and Eden's perfection. The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism.

Never in a million years did Madeline think standing up for what she believed to be right would be interrupted so wrong. However, her stance lead her to national headlines allowing her appearances on B.E.T's, "This is Your World with Dr. Creflo Dollar;" Fox News Channel's, "The Kelly File with Megyn Kelly;" The Dr. Oz Show and radio talks shows in other countries such as Finland and the United Kingdom. Consequently, Madeline's stance was quickly labeled with the world's jargon; "an agenda" but was it or could Madeline have been experiencing a spiritual paradigm shift (personal transformation) and was simply standing on her Christian values that were deposited into her life as far back as she could remember? Subsequently, it was not until after all the exposure that Madeline finally tapped into what really drove her to resist in the first place, It was her Faith that moved her. Madeline's experience inspired her to write her new book; "In This World not of This World; My Story that made National Headlines."

Contrary to popular belief, there is nothing natural or acceptable about fear. In a world that is running

rampant with fear, selfishness, and sin, it is easy for those not familiar with God's word to become deceived by the enemy. Remember, fear is the faith of the devil! Just as the kingdom of God requires faith to bring God's promises to pass in your life, the kingdom of darkness requires fear to bring the enemy's plans to pass in your life. Overcoming Fear provides a candid and revealing look into a spirit that is designed to destroy your life on every level. you will discover: The different ways fear can manifest in your life. Why you don't have to be subject to fear. How to evict every kind of fear from your life for good. Fear is a destructive force that Satan uses to keep you from experiencing God's best. When you deal with the spirit of fear according to the Word of God, you can live the life of peace God designed for you.

The first reference book all about the business side of gospel and urban music. Hip-hop and R&B hold 25 percent of the consumer music market. Another 20 percent is held by religious (gospel and Christian) music, soul, disco, dance, and jazz. Here ' s the first reference book to offer sound business and legal advice specifically tailored to these areas of the music industry. Securing a record deal, starting a label, publishing music, marketing and promoting—this is the information that today ' s musicians need. With insightful examples, quotes, and anecdotes from dozens of top artists

and executives, *This Business of Urban Music* is entertaining as well as informative. Author James J. Walker, Jr., is a leading entertainment lawyer, representing such well-known clients as Cole, Jamie Foxx, DMX, and many others. Now he brings his years of professional expertise in litigation, business, intellectual property, and corporate law to *This Business of Urban Music*—at a price every aspiring musician can afford.

The Truth War Right now, Truth is under attack, and much is at stake. Christians are caught in the crossfire of alternative Christian histories, emerging faulty texts, and a cultural push to eliminate absolute Truth altogether. As a result, many churches and Christians have been deceived. Worse still, they propagate the deception that poses itself as Truth! In *The Truth War* John MacArthur reclaims the unwavering certainty of God ' s Truth and anchors Christians in the eternal, immovable promises that are found in His Word. *Strange Fire* What would God say about those who blatantly misrepresent His Holy Spirit; who exchange true worship for chaotic fits of mindless ecstasy; who replace the biblical gospel with vain illusions of health and wealth; who claim to prophesy in His name yet speak errors; and who sell false hope to desperate people for millions of dollars? In *Strange Fire*, bestselling author and pastor John MacArthur chronicles the unsavory history behind the modern

Charismatic movement. He lays out a chilling case for rejecting its false prophets, speaking out against their errors, showing true reverence to the Holy Spirit, and above all clinging to the Bible as the inerrant, authoritative Word of God and the one true standard by which all truth claims must be tested.

Overcoming Fear

Joyce Meyer suffered through many years of extreme sexual and emotional abuse, only to discover a loving God who responded to her prayers, changing her mind, her spirit, and, eventually, the course of her life. You don't need to suffer any longer from alcoholism, substance abuse, poverty, bad relationships, family dysfunction, sexual harassment, and other life-destroying issues. Through Joyce's personal life and experiences, you will find strength and

courage so you can: Stop the endless cycle of pain Fulfill God's destiny for your life Overcome personal weaknesses Experience genuine forgiveness See God use you in miraculous ways Find freedom from depression and abuse Conquer timidity and helpless dependency Both men and women alike will find that God can—and does—use anyone, no matter how bad his or her past circumstances may be, to accomplish truly astonishing and miraculous things. Break free from the bondage of your past!

This is a story about a very unique young man, a man who, in essence, was truly a child at heart. I came to know Tristan as someone who was filled with love for others, especially those that have been rejected by life and society. He himself was a child that had endured rejection by society in general, but also, there was rejection by some family members, as well. Yet it's a story of great triumph, a story where victory came into his life. A story of overcoming all the ugliness that life can bring into a person's life. Life has a way of bringing tragedy into one's life, and the character of a person can be determined by the tragedies they

experience. Tristan encountered his tragedy at a very young age, when he was four years old. In life, we either overcome tragedies, or they will overcome us. This is the story of how Tristan overcame his and became the wonderful child you will read about. There was much pain, suffering, heartbreak, and rejection in his short life. Yet this precious child emerged victorious when it was all said and done. He was blessed with many gifts and talents, and he was able to express these through his writings, which I have shared herein. One of his best gifts was his ability to love others despite his life's struggles. He had a heart of compassion for the less fortunate. He loved others with his whole heart. He was a very intelligent young man, had a great sense of humor, and was a wonderful poet. As you read his story, I'm sure it will inspire and encourage others who may have experienced rejection and tragedy in their lives or in the lives of those they may know. This is my hope. His life definitely inspired me. This story is about a child who battled sexual abuse at a very young age, rejection, and drug

abuse. Yet he overcame, and I hope it inspires others with the same hope, that they also can overcome. It was a great privilege for me to know this precious child, and I'm sure that those who read his story will come to feel the same. It's a story of triumph.

How have millions of American Christians come to measure spiritual progress in terms of their financial status and physical well-being? How has the movement variously called Word of Faith, Health and Wealth, Name It and Claim It, or simply prosperity gospel come to dominate much of our contemporary religious landscape? Kate Bowler's Blessed is the first book to fully explore the origins, unifying themes, and major figures of a burgeoning movement that now claims millions of followers in America. Bowler traces the roots of the prosperity gospel: from the touring mesmerists, metaphysical sages, pentecostal healers, business oracles, and princely prophets of the early 20th century; through mid-century positive thinkers like Norman Vincent Peale and revivalists like Oral Roberts and Kenneth Hagin; to today's hugely successful

prosperity preachers. Bowler focuses on such contemporary figures as Creflo Dollar, pastor of Atlanta's 30,000-member World Changers Church International; Joel Osteen, known as "the smiling preacher," with a weekly audience of seven million; T. D. Jakes, named by Time magazine one of America's most influential new religious leaders; Joyce Meyer, evangelist and women's empowerment guru; and many others. At almost any moment, day or night, the American public can tune in to these preachers-on TV, radio, podcasts, and in their megachurches-to hear the message that God desires to bless them with wealth and health. Bowler offers an interpretive framework for scholars and general readers alike to understand the diverse expressions of Christian abundance as a cohesive movement bound by shared understandings and common goals.

Righteous

A History of the American Prosperity Gospel

Section Four from Winning In Troubled Times

illuminating, often troubling, and unapologetically frank, Righteous is dynamic young journalist Lauren Sandler's report from the nexus of religious fundamentalism and youth culture. As a secular guide through the passion and politics of the teenage evangelical "Disciple Generation," Sandler offers the first front line exploration of the Christian youth counterculture and what its influence could mean for the future of America. She intimately connects with skateboarding missionaries, tattooed members of a self-sufficient postpunk mega- church, rock- 'n'-rolling antiabortion protestors, and rap preachers who merge hip-hop's love of money with old- fashioned Bible-beating fundamentalism-true believers who reveal themselves with openness and truly astonishing candor, but what they reveal about our nation is most astonishing of all.

The Zondervan 2010 Church and Nonprofit Tax and Financial Guide is the most accessible, complete, and easy-to-follow tax and financial guide of its kind, explaining complex tax concerns in plain language.

This volume examines the rise to prominence of Jakes--featured on a "Time" magazine cover with the question "Is Jakes the next Billy Graham?"--and also looks at the proliferation of a faith industry bent on producing spiritual commodities for mass consumption.
