'I've waited for this moment so long, dreamed of it, prepared for it, I can barely believe it's finally here. But it is. And it is nothing like I expected.' There was a short time in Australia's European history when two women wielded extraordinary power and influence behind the scenes of the fledgling colony. One was Elizabeth Macquarie, the wife of the new governor Lachlan Macquarie, nudging him towards social reform and magnificent buildings and town planning. The other was Elizabeth Macarthur, credited with creating Australia's wool industry and married to John Macarthur, a dangerous enemy of the establishment. These women came from strikingly different backgrounds with husbands who held sharply conflicting views. They should have been bitter foes. Elizabeth & Elizabeth is about two courageous women thrown together in impossible times. Borne out of an overriding admiration for the women of early colonial Australian

The Reverend sends for Reverend Hale to examine the girl for witchcraft. Hale concludes that the town of Salem is in fact engulfed in witchcraft as one by one the girls accuse other townspeople of communing with the devil. A trial ensues causing those accused to either deny these allegations, or confess, thus accusing someone else. This cycle finally culminates in the death of several innocent townsfolk. The definitive memoir of Arthur Miller—the famous playwright of *The Crucible*, *All My Sons*, *Death of a Salesman*, *A View from the Bridge*, and other plays—*Timebends* reveals Miller's incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers' freedom of expression. Along the way, his prolific output established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for *Death*

of a Salesman and the New York Drama Critics Circle Award in 1947 for *All My Sons*. Miller also wrote the screenplay for *The Misfits*, Marilyn Monroe's final film. This memoir also reveals the incredible host of notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and politics, Arthur Miller died in 2005 but his memoir continues his legacy.

"Calls to mind such early moderns as Hemingway and Fitzgerald...Some of the most powerful antiwar literature in modern English fiction."—*The Boston Globe* The first book of the *Regeneration Trilogy*—a Booker Prize nominee and one of *Entertainment Weekly's* 100 All-Time Greatest Novels. In 1917 Siegfried Sasson, noted poet and decorated war hero, publicly refused to continue serving as a British officer in World War I. His reason: the war was a senseless slaughter. He was officially classified "mentally unsound" and sent to Craiglockhart War Hospital. There a

brilliant psychiatrist, Dr. William Rivers, set about restoring Sassoon's "sanity" and sending him back to the trenches. This novel tells what happened as only a novel can. It is a war saga in which not a shot is fired. It is a story of a battle for a man's mind in which only the reader can decide who is the victor, who the vanquished, and who the victim. One of the most amazing feats of fiction of our time, *Regeneration* has been hailed by critics across the globe. More than one hundred years since World War I, this book is as timely and relevant as ever.

Clint Emerson, retired Navy SEAL and author of the bestselling *100 Deadly Skills*, presents an explosive, darkly funny, and often twisted account of being part of an elite team of operatives whose mission was to keep America safe by whatever means necessary. Clint Emerson is the only SEAL ever inducted into the International Spy Museum. Operating from the shadows, with an instinct for running towards trouble, his unique skill set made him the perfect hybrid operator. Emerson spent his career on the bleeding edge of intelligence and operations, often specializing in missions that took advantage of subterfuge, improvisation, the best in recon and surveillance tech to combat the changing global battlefield. MacGyvering everyday objects into working spyware was routine, and fellow SEALs referred to his activities simply as "special shit." His parameters were: find, fix, and finish—and of

course, leave no trace. The Right Kind of Crazy is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy—but it does make for damn good stories.

For some fifty years now, Arthur Miller has been not only America's premier playwright, but also one of our foremost public intellectuals and cultural critics. *Echoes Down the Corridor* gathers together a dazzling array of more than forty previously uncollected essays and works of reportage. Here is Arthur Miller, the brilliant social and political commentator—but here, too, Miller the private man behind the internationally renowned public figure. Witty and wise, rich in artistry and insight, *Echoes Down the Corridor* reaffirms Arthur Miller's standing as one of the greatest writers of our time.

The first and most terrifying monster in English literature, from the great early epic *Beowulf*, tells his own side of the story in this frequently banned book. This classic and much lauded retelling of *Beowulf* follows the monster Grendel as he learns about humans and fights the war at the center of the Anglo Saxon classic epic. This is the book William Gass called "one of the finest of our contemporary fictions."

A new Penguin Plays edition of the forgotten classic that launched the career of one of America's greatest playwrights. It took more than fifty years for *The Man Who Had All the Luck* to be appreciated for what it truly is: the first stirrings of a genius that would go on to blossom in such masterpieces as *Death of a Salesman* and *The Crucible*. This striking new edition finally adds Miller's first major play to the Penguin Plays series—now in beautifully redesigned covers. Infused with the moral malaise of the Depression era, this parable-like drama centers on David Beeves, a man before whom every obstacle to personal and professional success seems to crumble with ease. But his good fortune merely serves to reveal the tragedies of those around him in greater relief, offering what David believes to be evidence of a capricious god or, worse, a godless, arbitrary universe. David's journey toward fulfillment becomes a nightmare of existential doubts, a desperate grasp for reason in a cosmos seemingly devoid of

any, and a struggle that will take him to the brink of madness.

Fear, the most powerful force in our life, is the least understood. Every one of us experiences it. Many arrange their lives to avoid it. Yet nearly every one of us needs to find more fear. Most of us know fear as the unwanted force that drives phobias, anxieties, unhappiness, and inhibits self-actualization. Ironically, fear is the underlying phenomenon that heightens awareness and optimizes physical performance, and can drive ambition, courage, and success. Harnessing fear can heighten emotional intelligence and bring success to every aspect of your life.

Neuroscience and current research on how the brain processes and uses fear have torn the lid off the possibilities of human performance; yet most people are not reaching their complete potential because of a psychological roadblock Sweeney calls the Fear Frontier. Identifying your Fear Frontier and addressing it, Sweeney illustrates in these pages, is the path to success, happiness and fulfillment in almost all aspects of your life. He also provides the most effective steps toward rewiring your mind for a healthier longer life based on courage. Fear is Fuel is a practical guide that instructs everyday

readers, business & military leaders, activists, humanitarians, and educators on a unique path toward translating fear into optimal living. By facing fears, and challenging new ones, readers can harness the power of unique motivations to achieve more, experience more, and enjoy more. The path to a fulfilling life is not to avoid fear but to recognize it, understand it, harness it, and unleash its power.

A Modest Proposal Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his targets - the British ruling class and avaricious landlords, and the brutalized Irish, complicit in their own oppression - with deadly precision.

A woman condemned by the truth. Her daughter saved by a lie. Salem, 1752. Sarah Carrier Chapman, weak with infirmity, writes a letter to her granddaughter that reveals the secret she has closely guarded for six decades: how she survived the Salem Witch Trials when her mother did not. Sarah's story begins more than a year before the trials, when she and her family arrive in a New England

community already gripped by superstition and fear. As they witness neighbor pitted against neighbor, friend against friend, the hysteria escalates--until more than two hundred men, women, and children have been swept into prison. Among them is Sarah's mother, Martha Carrier. In an attempt to protect her children, Martha asks Sarah to commit an act of heresy--a lie that will most surely condemn Martha even as it will save her daughter. This is the story of Martha's courageous defiance and ultimate death, as told by the daughter who survived.

Arthur Miller was one of the most important American playwrights and political and cultural figures of the 20th century. Both *Death of a Salesman* and *The Crucible* stand out as his major works: the former is always in performance somewhere in the world and the latter is Miller's most produced play. As major modern American dramas, they are the subject of a huge amount of criticism which can be daunting for students approaching the

plays for the first time. This Reader's Guide introduces the major critical debates surrounding the plays and discusses their unique production histories, initial theatre reviews and later adaptations. The main trends of critical inquiry and scholars who have purported them are examined, as are the views of Miller himself, a prolific self-critic. In Robert Ward's *The Crucible: Creating an American Musical Nationalism*, Robert Paul Kolt explores the life of the American composer Robert Ward through an examination of his most popular and enduring work, *The Crucible*. Focusing on the musical-linguistic relationships within the opera, Kolt demonstrates Ward's unique synthesis of text and music, one that lends itself to the perception of American musical nationalism. This book contains the most thorough and in-depth biography of Ward yet in print. Based on interviews with the composer, Kolt presents new information about Ward's life and career, focusing on his opera and examining the formation and construction of *The Crucible*'s libretto and score, in turn offering new insights into the process of composing an opera. Kolt observes how the libretto's linguistic aspects helped Ward formulate the opera's melodic and rhythmic musical material. A detailed and unique analysis of the opera, particularly the musical and linguistic techniques Ward employed, demonstrates how these techniques lend themselves to the opera's

reception as a work of American musical nationalism. The book also provides yet unpublished information on Arthur Miller's play, examining how it came to be written and soon after became the basis for Ward's work. Several appendixes provide a fuller picture, including a deleted scene from Miller's play and Ward's version of the scene, a chronological overview of the Salem Witchcraft Trials, and illustrations and photo reproductions from Ward's manuscript.
