The former member of the New York Times editorial board offers a collection of essays that illuminate the beauty of the American landscape. With an eloquence unmatched by any other living writer, Verlyn Klinkenborg observes the juncture at which our lives and the natural world intersect. His yearlong meditation on the rigors and wonders of country life—encompassing memories of his family’s Iowa homestead, time spent in the wide-open spaces of the American West, and his experiences on the small farm in upstate New York where he lives with his wife—abounds with various pleasures for the readers as it indelibly records and elaborates the everyday beauty of the world we inhabit. A New York Times Notable Book of the Year A Book Sense 76 Pick “Captivating, subtle, and splendid . . . Klinkenborg really is a Thoreau for today . . . Nonfiction storytelling at its highest: unflinchingly lovely, with scope, profundity, and power achieved through a mastering of the delicate.” —Kirkus Reviews “In a voice reminiscent of E. B. White, Klinkenborg paints a picture of a fading world in colors that are solid and authentic. His joy is evident throughout.” —Los Angeles Times “Arresting, even profound, forcing us to look at the world in a new way.” —Chicago Tribune

The definitive book on steak has never been written-until now "Of all the meats, only one merits its own structure. There is no such place as a lamb house or a pork house, but even a small town can have a steak house." So begins Mark Schatzker’s ultimate carnivorous quest. Fed up with one too many mediocre steaks, the intrepid journalist set out to track down, define, and eat the perfect specimen. His journey takes him to all the legendary sites of steak excellence-Texas, France, Scotland, Italy, Japan, Argentina, and Idaho’s Pahsimeroi Valley-where he discovers the lunatic lengths steak lovers will go to consume the perfect cut. After contemplating the merits of Black Angus, Kobe, Chianina, and the prehistoric aurochs-a breed revived by the Nazis

after four hundred years of extinction-Schatzker adopts his own heifer, fattens her on fruit, acorns, and Persian walnuts, and then grapples with ambivalence when this near-pet appears on his plate. Reminiscent of both Bill Bryson’s and Bill Buford’s writing, Steak is a warm, humorous, and wide-ranging read that introduces a wonderful new travel and food writer to the common table.
