Daewoo Matiz Engine

The global automotive industry faces the most influential changes since the revolutionary introduction of

Read Book Daewoo Matiz Engine

mass production a century ago. Latecomer firms from Asia are challenging the western incumbents. They can change the rules of the game in the industry by leapfrogging several steps in

Read Book Daewoo Matiz Engine

their development process. This study seeks to contribute to the discussion of latecomer firms by gaining insights into the catch up processes of five automotive companies in the passenger

Read Book Daewoo Matiz Engine

car segment, namely BYD (PRC), Chery (PRC), Geely (PRC), Tata Motors (India) and Mahindra & Mahindra (India). Based on learning theories and the core processes of car

Read Book Daewoo Matiz Engine

manufacturers, the author develops a catch up framework in order to compare automotive latecomers. The Korean manufacturer Hyundai serves as an example for a

Read Book Daewoo Matiz Engine

successful catch up, and provides a contextual framing for catch up processes in the automotive sector. An analysis of empirical data provides evidence for the evaluation of the catch up

Read Book Daewoo Matiz Engine

status of the five challenger firms. The author emphasizes the influence of institutional settings in China and India and the role of business groups that can act as facilitators for the catch up

Read Book Daewoo Matiz Engine

process. Finally, the study clusters the catch up strategies of the five observed companies in order to compare their approach. `There?s no business like the car business! Within months

Read Book Daewoo Matiz Engine

of its launch in late 1998, with every well-known global automobile brand jockeying for a foothold in a small-car market almost monopolized by Maruti Udyog Limited, Hyundai Motor India's debut

Automotive Engineering
International

The automotive industry is still
one of the world's largest
manufacturing sectors, but it

Read Book Daewoo Matiz Engine

suffers from being very technology-focused as well as being relatively short-term focused. There is little emphasis within the industry and its consultancy and analyst supply network on the broader social

Read Book Daewoo Matiz Engine

and economic impacts of
automobility and of the sector
that provides it. The Global
Automotive Industry addresses
this need and is a first port of call
for any academic, official or
consultant wanting an overview

Read Book Daewoo Matiz Engine

of the state of the industry. An international team of specialist researchers, both from academia and business, review and analyse the key issues that make vehicle manufacturing still the world's premier manufacturing

Read Book Daewoo Matiz Engine

sector, closely tied in with the fortunes of both established and newly emerging economies. In doing so, it covers issues related to manufacturing, both established practices as well as new developments; issues

Read Book Daewoo Matiz Engine

relating to distribution, marketing and retail, vehicle technologies and regulatory trends; and, crucially, labour practices and the people who build cars. In all this it explains both how the current situation arose and also

Read Book Daewoo Matiz Engine

likely future trajectories both in terms of social and regulatory trends, as the technological, marketing and labour practice responses to those, leading in many cases to the development of new business models. Key
