

## Dan And Sandy

Traveling the Barlow Road, 50,000 pioneers rolled their wagon wheels over the site of today’s Sandy Historical Museum without stopping. Not until the arrival of Francis Revenue in 1853 did anyone consider the area suitable for homesteading. Building a store and a bridge across the Sandy River, Revenue established the first bit of civilization the pioneers encountered in Oregon. Among the heroes and legends to appear on the slopes of Mount Hood were Elijah “Lige” Coalman, who climbed the mountain 586 times; brawny loggers, lumbermen, and farmers who tamed the forest and settled the land; Blanche Shelley, the first female mayor in Oregon; and Nettie Connett, who stood on her head on a bar stool and walked on her hands across Main Street.

Professional Scottish dancer Liss MacCrimmon returns to her hometown of Moosetookalook, Maine, and becomes the prime suspect in a murder. Now Liss must do some fancy footwork to prove she's innocent while trying to stay alive.

"Lo tahu percepatan gravitasi bumi berapa? Sembilan koma delapan meter per sekon kuadrat. Dan gue butuh lebih dari angka itu di diri gue, supaya elo lebih tertarik ke gue." Namanya Sandi. Siswa SMA yang suka membuat kerusuhan bersama dengan enam teman akrabnya di sekolah. Dia benci mata pelajaran Biologi dan dia merupakan salah satu siswa yang mengikuti olimpiade Fisika. Arti namanya kode, tetapi kata orang dia tidak suka memberi kode. Sandi terkenal konyol. Terkadang ia suka menggombali Safa—siswi olimpiade Biologi—dengan memakai istilah-istilah yang berbau sains. Tidak ada tujuan khusus Sandi melakukan itu selain karena dia iseng. Tetapi keisengan itu ternyata berubah menjadi keseriusan, sejak Sandi mulai jatuh hati pada Safa.

Winner of the 2014 Christianity Today Book of the Year First Place Winner of the Religion Newswriters Association's Non-fiction Religion Book of the Year The Jesus People movement was a unique combination of the hippie counterculture and evangelical Christianity. It first appeared in the famed "Summer of Love" of 1967, in San Francisco's Haight-Ashbury district, and spread like wildfire in Southern California and beyond, to cities like Seattle, Atlanta, and Milwaukee. In 1971 the growing movement found its way into the national media spotlight and gained momentum, attracting a huge new following among evangelical church youth, who enthusiastically adopted the Jesus People persona as their own. Within a few years, however, the movement disappeared and was largely forgotten by everyone but those who had filled its ranks. God's Forever Family argues that the Jesus People movement was one of the most important American religious movements of the second half of the 20th-century. Not only do such new and burgeoning evangelical groups as Calvary Chapel and the Vineyard trace back to the Jesus People, but the movement paved the way for the huge Contemporary Christian Music industry and the rise of "Praise Music" in the nation's churches. More significantly, it revolutionized evangelicals' relationship with youth and popular culture. Larry Eskridge makes the case that the Jesus People movement not only helped create a resurgent evangelicalism but must be considered one of the formative powers that shaped American youth in the late 1960s and 1970s.

*Axes to Grind is a supernatural thriller and police procedural set in a rural area of Wisconsin. Merritt County is a fictional place in the northern part of the state near Lake Superior. When Sandra Beech inherits nine hundred acres of woodland and a house from her mother’s great-aunt Susan, Sandy travels from Chicago to northern Wisconsin to put the place up for sale. The isolated old house has neither electricity nor indoor plumbing, the entire area is out of reach of any cell tower, and iron deposits in the soil interfere with radio communications. As a child, Sandy had thought great-aunt Susan looked and acted like a witch, and Sandy learns Susan and Sandy are descendants of a long line of witches dating back more than six thousand years. Susan’s spirit returns to teach Sandy magic so Sandy can use magic to save the world from the diabolical plans of a reincarnated Heinrich Himmler to unleash Asmodeus and a hoard of demons on an unsuspecting modern world. Merritt County Sheriff’s Chief Deputy Dan Edmonds doesn’t believe Sandy when she tells Dan about Himmler, Asmodeus and the demons. But gruesome murders convince Dan something unusual is happening and Sandy Beech may be the cause. Either Sandy is insane and the murderer herself, or Sandy is an accomplice who is hiding the murderer in her house. Will Dan discover the truth before Sandy becomes Himmler’s next victim? Axes to Grind is a fast-paced thriller that will make your hair stand on end.*

**On October 29, 2012, Hurricane Sandy made landfall in the Mid-Atlantic region. The devastation she would bring to the New York and New Jersey was widespread and unimaginable. Though warnings had been issued for days and many evacuated their homes and offices, thousands stood in the path of one of the strongest storms in the history of America. Winds on Long Island reached 90 mph. Large sections of Lower Manhattan flooded. Fire in Queens destroyed more than 100 buildings. In New Jersey, 2.6 million homes were without people and nearly 40 people were killed. A 50-foot piece of the Atlantic City Boardwalk washed away and half the city of Hoboken was under water. Hundreds of thousands were left without power and water, with dwindling food supplies. Amidst this devastation, Sandy inspired courage and hope in many New Yorkers, giving them the will to triumph against incalculable odds. Seeking shelter and the basic necessities of life, thousands continued to fight on to simply survive the harshest of conditions and help others do the same. These gripping moments of ruin and recovery are captured in "Sandy: A Story of Complete Devastation, Courage, and Recovery," which features award-winning stories and nearly 100 vivid full-color images from the "New York Post." A portion of the proceeds from the sale of each book will be donated to the Mayor's Fund for New York City and Hurricane Sandy New Jersey Relief Fund.**

Dan Perkins, 62, receives an email invitation to his 45th high school reunion in his hometown of Sandy Hill, New York. Once a flourishing industrial community with safe neighborhoods and nice homes, it has become a "rust-belt" village with deteriorating buildings, empty storefronts, and abandoned factories. Dan's memories of his childhood are filled with sadness, disappointment and anger, and he isn't sure he wants to revisit those scars. But something draws him to attend. As he walks the streets of Sandy Hill the familiar buildings and homes stimulate flashbacks which are at the same time disturbing and healing. At the reunion itself Dan renews friendships which had grown distant. Old buddies, the first girl with whom he had discovered what it felt like to be a man and classmates with recently-forgotten names and faces re-enter his life. Dan discovers something which brings a huge change in his life and the way he perceives it. This is a novel about two different people "coming of age..". Danny Perkins the adolescent boy of the 1950's, and Dan Perkins the successful, retired professional. The experiences of these two periods in the life of one man are filled with sadness, conflict, humor and promise. It is a book which will appeal to every man who remembers what it felt like to be a kid, and to every adult who struggles with memories of a difficult youth. This is Ed Putnam's first piece of fiction. Like many first novels, it is somewhat auto-biographical, and will be familiar to those who knew him as a teenager. However, it is also the story of most readers who grew up in small towns in the 1950's, especially in Upstate New York or places like it. The characters are blendings of people known and unknown to the author. No one is a pure memory.

Biblical Perspectives on Tough Issues

Old and New World Highland Bagpiping provides a comprehensive biographical and genealogical account of pipers and piping in highland Scotland and Gaelic Cape Breton.The work is the result of over thirty years of oral fieldwork among the last Gaels in Cape Breton, for whom piping fitted unself-consciously into community life, as well as an exhaustive synthesis of Scottish archival and secondary sources. Reflecting the invaluable memories of now-deceased new world Gaelic lore-bearers, John Gibson shows that traditional community piping in both the old and new world Gàithealtachlan was, and for a long time remained, the same, exposing the distortions introduced by the tendency to interpret the written record from the perspective of modern, post-eighteenth-century bagpiping. Following up the argument in his previous book, Traditional Gaelic Bagpiping, 1745-1945, Gibson traces the shift from tradition to modernism in the old world through detailed genealogies, focusing on how the social function of the Scottish piper changed and step-dance piping progressively disappeared. Old and New World Highland Bagpiping will stir controversy and debate in the piping world while providing reminders of the value of oral history and the importance of describing cultural phenomena with great care and detail.

*Heroes, a man and his dog, the American landscape, remembered passion, conflict – a dying father and a prodigal son, pioneer journals, reflections of a young boy’s Eden, a hooker on a corner in West Oakland, love in all its myriad forms—these are just a few of the stories revealed within the covers of Body of Work, Dan Strawn’s personal collection of six decades of Twentieth Century Americana. Strawn tells his stories through the mediums of poems, family history, serious and humorous nonfiction, and short fiction. Take your pick: civil rights, family history, everyday life, or bits of irony served up on a plate of no-holds-barred satire by a self-professed American contradiction: both cynic and patriot. Open the book and read. You will be entertained and informed; you may even come away with a changed perspective about yourself or your world.*
