Dangerous Intentions: Mouth Full of Lies is about my experience in a relationship with a Jamaican man named Mark (*The Love of My Life*) or so I thought. No matter how good things felt with all of the passion, love, time spent together, and chemistry, a web of lies was created. Once lies begin to surface things take a dramatic turn which changes the whole perception of what things appeared to be. I was taken on the ride of my life, the man I thought I knew suddenly became someone I didn't know at all. It was as if a mask was peeling off of his face and the person behind the mask emerged, which was a stranger to me. Our whole relationship seemed to disappear in the blink of an eye. My story will take you through all of the hurt and betrayal I endured. The man that vowed to love me and always be there for me lied and abandoned me. It almost seemed I was playing a character in a movie thinking this can't really be happening. He could no longer run from the truth, it was time to face it. The double life he was living blew up in an unexpected way. Ultimately he sold me a dream, but in the end delivered a nightmare.As my life was turned upside down I slowly moved on trying to put the pieces back together. In the process I crossed paths with another Jamaican man named Devon, who seemed to be the opposite of Mark. Devon and I would talk all the time about our past relationships which he used as a way to get close to me. I became hesitant pretty quickly as I noticed a dark side emerge that kept revealing itself no matter how much he tried to conceal it. Devon became emotionally and mentally abusive, it was the first time in my life I had ever experienced that type of abuse. He became a complete monster, as I tried to leave him many times I realized unlike the relationship with Mark, getting away from Devon would be more of a challenge. He was a manager at a cruise line where I worked and he made sure to keep reminding me by his actions that things would never be over until he wanted it to be over. I was taken through more twists, turns and confusion. In the end, I had to make a wise decision and forget what I hoped things could be based off of false pretenses and instead do what was best for me.

"The enjoyable as a day at the beach." That's how USA TODAY summed up this hilarious and big-hearted romp in the Florida sunshine. When Murray Semelman, a.k.a. The Bra King, pops another Prozac and heads to the Keys, he has nothing much in mind beyond a quixotic hope of winning back his first wife, Franny, whom he dumped years before. But when he forms an unlikely friendship with Tommy Tarpon, the last remaining member of an obscure Indian tribe, another plan also starts shaping up in his fevered brain. Why not open up Key West's first casino? Why not? Well, how about because the Mafia, in league with some of the nastiest politicians you will ever meet, is determined to kill anyone who tries? Somehow, Murray, Tommy, and Franny didn't think of that until they were in way too deep. Laugh along as they improvise a manic and ever more desperate campaign to keep their casino dreams--and themselves--alive.

Small print edition 5x8Starkishia: Estrella is a story about a little girl who grew up too fast to feel the grass wear thin under the soles of her shoes. Abuse thickened her skin, yet her nightmares were as dark as they were real. The library became her sanctuary where stories took her to another place and time. But, in reality there was nothing imaginary about the bruises under her clothing as she advanced from one classroom to another during middle school, or nothing fictitious about being molested by the maggot hands of a despicable relative. Her plight was hidden in a small town in Georgia, just as her physical abuse was disregarded by the school's social worker. This colored child was brought into this world by her 14 year old mother who was ruthlessly dominated by her husband. Starkishia loved her mother above all else; her step-father who provided shelter for them witnessed her birth and helped raise her. She consumed pieces of joy, but sometimes she received broken reprisals and ended up walking down the dark road alone; yet in some fortunate way humanity was always within reach. After her parents split up, Starkishia and her family ended up in Texas. Single parenthood changed their family structure forevermore. Starkishia became a wage earner at age 13; she also became homeless the following year. She was, for years, engulfed by her impoverished and dysfunctional environment. She married a native of Mexico a few days after her 15th birthday. He nicknamed her 'Estrella' a Spanish term which means 'Star.' It goes without saying that Starkishia was born in the land of opportunity, but it was not exactly within her reach. Yes, she was her grandmother's star, but she was a statistic of minimal proportions as far as small town and suburbia America was concerned. Shortly after marriage, she became a mother. Afterward the life of this teen went downhill at lightning speed. Many readers will identify with her, for she walked away from her husband broken hearted; then, she fell in love with another man, and as new babies arrived, she took her limited funds and focused on the lives of those under her roof; in time, her parental absence to her oldest two children turned flat out into abandonment. Have mercy! Starkishia was a lost teen, but through grace she eventually became a productive woman in American society. B Corp is one of three main corporations in The Country (formerly the USA but referred to throughout the novel as The Country). At the corporations and throughout society, there are 3 levels of people. The highest levels are the Founders, who have acquired massive wealth and for the general advancement of mankind, control society. This is a small percent of people in The Country, less than even 0.1% of the people.On his walk home, Ben sees a lovely dark haired tan woman with Greenish-Blue Eyes. Ben doesn't talk to her and instead goes home. He then falls asleep and goes to work the next day. There at work, Ben meets his newest co-worker Jessica and they immediately hit it off. Can they survive the Last, Long Night of the Civil War? Historical fiction is my passion. I so love bringing history to life - the reason I dedicate most of my time to writing historical fiction books! The Last, Long Night is the fifth book in the ongoing Bregdan Chronicles historical novel series. It's readers like you who have turned it into a worldwide bestseller. Thank you! Description: The power of the Union army brings the South to its knees in surrender, but not until a year of intense pain and violence creates a chasm that may be impossible for the country to bridge. Carrie struggles to hold on to hope as the world caves in around her, hanging on to the promise she's been given. She also finally gets to reveal the secret she has held so close. Moses is gravely wounded in battle. Aunt Abby faces danger as she gets more deeply involved with women's rights, and spends time in Washington, D.C. Robert's plantation takes a severe loss, but is saved from burning by an unlikely savior. Rose continues to thrive in the Contraband Camp and finally has a dream come true. Volume 5 of The Bregdan Chronicles continues the sweeping saga that now encompasses the final year of the American Civil War. ** How many books will be in the Bregdan Chronicles? You'll have to wait. I intend to write these character's stories, one year at a time, for as long as I'm able to write. I'm passionate about bringing history to life through historical fiction. Since I'm amazingly healthy, that could be for a very long time! I don't like stories to end any more than you do. This one won't end for a very long time! Ginny Dye Review: I wanted to give a review until I had read the first 5 books. I am struggling to find appropriate words to describe the awe I am in, and I find myself failing miserably. I absolutely could not put these books down. I would finish one, and immediately hop online to go get the next one...sometimes in the wee hours of the morning, when my tail should have been asleep. The writing style of this author brings you right into the story as if you are a part of it. She has amazing talent to capture the imagination, and bring you right into a virtual reality. I have fallen in love with every one of these characters, and have become completely entranced with each life represented. The historical account of this time period was so right on, so very vivid, you almost feel like you've walked right into it. These books came so alive. I actually had dreams at night of battle. (I'm not even kidding) But it goes further. There were conversations in these books that had me reading over them several times. Life lessons. Sage advice. The kind of wisdom that comes from everyday life. God moments that were so profound, they pierced my heart with an accuracy that I can't even begin to explain. Many times, the lives and hearts of each character were changed and rocked with revelation that came about in a moment, yet, so deeply touching the deepest recesses of the heart, that you can't go beyond it, without it having changed you as well, as you read it. Thank you Ginny Dye...not only for an amazing journey...but for those God and light bulb moments throughout each book, that reached beyond the pages, and made their home inside the soul. What can I say overall? Well, I let me put it like this: these books are like... "Gone with the Wind" meets up with "Eat,Pray,Love"; then whispers some "Secret Life of Bees", forges some "Steel Magnolia", and at times, wraps itself with the "Color Purple." Sigh. Did I mention how much I loved these books?
