about a city of poets and librarians at the height of the Renaissance. A city that never was. A City of Poets and Dreamers, Liars and Cheats... Tommaso Cellini, celebrated ruler of Cadenza, is dead, and the city mourns. For Carlo Mazzoni, an aspiring poet, it was the day of his arrival in the City of Words and the end of his dreams to walk side-by-side with the great man, two artists together. For Vittoria – known to all but a handful as the famed ink maid Hypatia – the death of a ruler is less troubling than her sadness and inability to write. Without it, her admirers will leave her, and with it her livelihood.

mother, from early childhood through Dahl's travels to Africa, his career in the Royal Air Force, his work in post-war Washington, D.C., and Hollywood, and the books that made him a literary star. Roald Dahl penned his first letter to his mother, Sofie Magdalene, when he was just nine years old. The origins of a brilliantly funny, subversive, creative mind were evident in boarding school, and as he entered adulthood, his penchant for storytelling emerged in his missives home from Africa, where he was stationed by Shell Oil, and then the desert camps of the Royal Air Force. His skills were sharpened after a plane crash in Egypt landed

him in Washington, D.C., where his cheery letters home were cover for his work in the British Secret Service, along with gossipy updates on his spontaneous rise in Hollywood and his budding New York literary career. His mother was, in many ways, Dahl's first reader, and without her correspondence he might never have become a writer. Sofie Magdalene kept every letter her son wrote to her (sadly, her own side of the correspondence did not survive). It was she who encouraged him to tell stories and nourished his desire to fabricate, exaggerate, and entertain. In these letters, Dahl began practicing his craft, developing the dark sense

of humor and fantastical imagination that would later produce his timeless tales. The author of James and the Giant Peach, Charlie and the Chocolate Factory, Matilda, and The BFG, Dahl is known by millions the world over today. But, writing candidly to the person who knew him best, Dahl was as singular a character as any he created on paper. Assembled by Dahl's authorized biographer Donald Sturrock, Love from Boy is a remarkable collection of never-before-published writing that spans four decades and chronicles the remarkable, unpredictable life of its author. While Dahl's books remain bestselling favorites for all ages,
