## Dark Sacred Night A Bosch And Ballard Thriller

From #1 bestseller Michael Connelly's first career as a prizewinning crime reporter--the gripping, true stories that inspired and informed his novels. Before he became a novelist, Michael Connelly was a crime reporter, covering the detectives who worked the homicide beat in Florida and Los Angeles. In vivid, hard-hitting articles, Connelly leads the reader past the yellow police tape as he follows the investigators, the victims, their families and friends--and, of course, the killers--to tell the real stories of murder and its aftermath. Connelly's firsthand observations would lend inspiration to his novels, from *The Black Echo*, which was drawn from a real-life bank robbery, to *Trunk Music*, based on an unsolved case of a man found in the trunk of his Rolls Royce. And the vital details of his best-known characters, both heroes and villains, would be drawn from the cops and killers he reported on: from loner detective Harry Bosch to the manipulative serial killer the Poet. Stranger than fiction and every bit as gripping, these pieces show once again that Michael Connelly is not only a master of his craft, but also one of the great American writers in any form.

For a cop, a night on the job means killing time and trying not to get killed. If you're a cop in Hollywood Division, it also means dealing with the most overwrought, desperate, and deluded criminals anywhere. When you're patrolling Sunset and Hollywood Boulevards, neither a good reputation nor the lessons of scandals past will help you keep your cool, your sanity, or your life when things heat up. The robbery of a Hollywood jewelry store, complete with masks and a hand grenade, quickly connects to a Russian nightclub, an undercover operation gone bloody wrong, and a cluelessly ambitious pair of twerkers. Putting the pieces together are the sergeant they call the Oracle and his squad of street cops. There's Budgie Polk, a twenty-something firecracker with a four-month-old at home, and Wesley Drubb, a rich boy who joined the force seeking thrills. Fausto Gamboa is the tetchy veteran, and Hollywood Nate is the one who never shuts up about movies. They spend their days in patrol cars and their nights in the underbelly of a city that never sleeps. From their headquarters at Hollywood Station, they see the glamour city for what it is: a field of land mines, where the mundane is dangerous and the dangerous is mundane.

When a dog unearths evidence of a murder in the Hollywood Hills, Detective Harry Bosch must tackle a cold case that sparks memories he's tried to forget. On New Year's Day, a dog finds a bone in the Hollywood Hills -- and unearths a murder committed more than twenty years earlier. It's a cold case, but for Detective Harry Bosch, it stirs up memories of his childhood as an orphan. He can't let it go. As the investigation takes Bosch deeper into the past, a beautiful rookie cop brings him alive in the present. No official warning can break them apart -- or prepare Bosch for the explosions when the case takes a few hard turns. Suddenly all of L.A. is in an uproar, and Bosch, fighting to keep control, is driven to the brink of an unimaginable decision.

LAPD detective Harry Bosch as we've never seen him before, in three never-before-collected stories. In "Suicide Run," the apparent suicide of a beautiful young starlet turns out to be much more sinister than it seems. In "Cielo Azul," Bosch is haunted by a long-ago closed case -- the murder of a teenage girl who was never identified. As her killer sits on death row, Bosch tries one last time to get the answers he has sought for years. In "One Dollar Jackpot," Bosch works the murder of a professional poker player whose skills have made her more than one enemy. Whether investigating a cold case of fresh blood, Bosch relentlessly pursues his quarry, always on the lookout for the "tell." In this first collection of Harry Bosch stories, Michael Connelly once again demonstrates that he is the master of "fast-paced, brilliantly plotted crime fiction." Harry Bosch is back on the case, and not a moment too soon! (Chicago Sun Times)

For the first time in one volume, the three novels that introduced Michael Connelly's great LAPD homicide detective, maverick Hieronymus (Harry) Bosch. The Black Echo (Winner of the Edgar Award for Best First Novel) For Harry Bosch-hero, loner, nighthawk-the body stuffed in a drainpipe off Mulholland Drive isn't just another statistic. This one is personal. Billy Meadows was a fellow Vietnam "tunnel rat," fighting the VC and the fear they used to call the Black Echo. Harry let Meadows down once. He won't do it again. The Black Ice The corpse in the hotel room seems to be that of a missing LAPD narcotics officer. Rumors abound that the cop had crossed over-selling a new drug called Black Ice. Now Harry's making some dangerous connections, leading from the cop to a string of bloody murders, and from Hollywood Boulevard's drug bazaar to Mexico's dusty back alleys. In this lethal game, Harry is likely to be the next victim. The Concrete Blonde When Harry Bosch shot and killed Norman Church, the police were convinced it marked the end of the hunt for the Dollmaker-L.A.'s most bizarre serial killer. But now Church's widow is accusing Harry of killing the wrong man-a charge that rings terrifyingly true when a new victim is discovered with the Dollmaker's macabre signature. For the second time, Harry must hunt the murderer down, before he strikes again. Together, these three novels are the perfect way to discover, or rediscover, the sleuth the New York Times Book Review called a "wonderful, old-fashioned hero who isn't afraid to walk through the flames."

Michael Connelly "continues to amaze with his consistent skill and sizzle" (Cleveland Plain Dealer). #1 New York Times bestselling author Michael Connelly introduces Renee Ballard, a fierce young detective fighting to prove herself on the LAPD's toughest beat --the Late Show. Renee Ballard works the midnight shift in Hollywood, beginning many investigations but finishing few, as each morning she turns everything over to the daytime units. It's a frustrating job for a once up-and-coming detective, but it's no accident. She's been given this beat as punishment after filing a sexual harassment complaint against a supervisor. But one night Ballard catches two assignments she doesn't want to part with. First, a prostitute is brutally beaten and left for dead in a parking lot. All signs point to a crime of premeditation, not passion, by someone with big evil on his mind. Then she sees a young waitress breathe her last after being caught up in a nightclub shooting. Though dubbed a peripheral victim, the waitress buys Ballard a way in, and this time she is determined to go up at dawn. Against orders and her partner's wishes, she works both cases by day while maintaining her shift by night. As the investigations intertwine, Ballard is forced to face her own demons and confront a danger she could never have imagined. To find justice for these victims who can't speak for themselves, she must put not only her career but her life on the line. Propulsive as a jolt of adrenaline and featuring a bold and defiant new heroine, *The Late Show* is yet more Michael Connelly is "a master of the genre" (Washington Post).

While the storm rages over California's notorious anti-illegal alien Proposition 187, a young woman climbs to the top of the famous Hollywood Sign--and jumps to her death. An undocumented day laborer is murdered. And a disbarred and desperate lawyer in Venice Beach places an ad in a local paper that says: "Will Do Anything For Money." Private investigator Duke Rogers, infamous for solving the case of murdered starlet Teddie Matson, feels he must do "penance" for his inadvner part in her death. To that end, he takes on the case of Carlos, the murdered day-laborer, as a favor to his sister Marisol, the housekeeper down the street from Duke's house. Duke must figure out what ties together Carlos' murder, the ex-lawyer's desperate ad and the woman jumping from the sign? And who is the mysterious "coyote"? Amid the controversial political storm surrounding California's Proposition 187, Duke and his very unPC sidekick Jack are on the case. They slings from the Hollywood Sign to Venice Beach. From East Hollywood to the "suicide bridge" in Pasadena, and from Smuggler's Gulch near the Mexican border back to L.A. again. Their mission catapults them through a labyrinth of murder, intrigue and corruption of church and state that hovers around the immigration debate in this searing sequel to the explosive Shamus Award-winning novel *White Heat*. Praise for *BROKEN WINDOWS*: "Fans of downbeat PI fiction will be satisfied...with Shamus Award winner Marks's solid sequel to 2012's *White Heat*." —Publishers Weekly "Paul D. Marks' *Broken Windows* is extraordinary. While the plot is both fascinating and timely, the real beauty of *Broken Windows* lies in his gorgeous authorial voice." —Betty Webb, *Mystery Scene* "Marks expertly drops readers (returning and new) into Duke's world—1994 Los Angeles—from the start, and the prologue is a doozy. In it, a young woman climbs to the top of the Hollywood sign and off. The scene isn't exploitative, but it is realistic and heart-wrenching in its realism. Although it's set in 1994, it's eerie how timely this story is. There's an undeniable feeling of unease that threads through the narrative, which virtually oozes with the grit, glitz, and attitude of L.A. in the '90s. I'm an ecstatic new fan of Duke's." —Kristin Centorcelli, *Criminal Element* "This electrifying novel will jolt your sensibilities, stir your conscience and give every reader plenty of ammunition for next time you hear the I word is spoken!" —John Davine McKenna, *The Mysterious Book Report* "[T]his entertaining tale has the sly humour of a modern-day Philip Marlowe and a similar penchant for attracting trouble. Marks writes with an easy style that carries you through the story and creates engaging characters to spike your interest." —Vicki Weisfeld, *Crime Fiction Lover*

In this #1 New York Times bestseller, Detective Harry Bosch and his rookie partner investigate a cold case that gets very hot . . . very fast. In the LAPD's Open-Unsolved Unit, not many murder victims die a decade after the crime. So when a man succumbs to complications from being shot by a stray bullet ten years earlier, Bosch catches a case in which the body is still fresh, but any other clues are virtually nonexistent. Even a veteran cop would find this one tough going, but Bosch partner, Detective Lucia Soto, has no homicide experience. A young star in the department, Soto has been assigned to Bosch so that he can pass on to her his hard-won expertise. Now Bosch and Soto are tasked with solving a murder that turns out to be highly charged and politically sensitive. Beginning with the bullet that has been lodged for years in the victim's spine, they must pull new leads from years-old evidence, and these soon reveal that the shooting was anything but As their investigation picks up speed, it leads to another unsolved case with even greater stakes: the deaths of several children in a fire that occurred twenty years ago. But when their work starts to threaten careers and lives, Bosch and Soto must decide whether it is worth risking everything to find the truth, or if it's safer to let some secrets stay buried. In a swiftly-moving novel as relentless and compelling as its hero, Michael Connelly shows once again why Harry Bosch is the most popular and enduring figures in American crime fiction" (Chicago Tribune).

In this "superb" thriller, Detective Harry Bosch links the bullet from a recent crime to the unsolved killing of a young female photographer during the 1992 L.A. riots (Wall Street Journal). In a case that spans 20 years, Harry Bosch links the bullet from a recent crime to a file from 1992, the killing of a young female photographer during the L.A. riots. Harry originally investigated the murder, but it was then handed off to the Riot Crimes Task Force and never solved. Now Bosch's ballistics match indicates that her death was not random violence, but something more personal, and connected to a deeper intrigue. Like an investigator combing through the wreckage after a plane crash, Bosch searches for the "black box," the one piece of evidence that will pull the case together. Riveting and relentlessly paced, *The Black Box* leads Harry Bosch, "one of the greats of crime fiction" (New York Daily News), into one of his most fraught and perilous cases. LAPD homicide detective Hieronymus (aka Harry) Bosch attempts to solve the murder of Billy Meadows, a soldier he knew while serving in Vietnam.

In this original short story from #1 New York Times bestselling author Michael Connelly, LAPD Detective Harry Bosch seeks justice for the forgotten NOTE: This file includes a preview of Michael Connelly's novel *The Crossing*. In "Switchblade," an anonymous tip puts Bosch on a case that has remained unsolved for decades, the vicious stabbing of a teenage boy whose body was found in an abandoned Old Hollywood restaurant. Cold cases are often the toughest: With no body, no murder scene, and no fingerprints, Bosch nevertheless gets lucky when DNA evidence from the murder weapon points to a known killer. But the DA insists that science alone is not enough - he needs the case to be bulletproof before he'll take it to court. Determined to speak for those who can no longer speak for themselves, Bosch has one chance to wrench a confession out of a cold-blooded killer, or risk letting him walk free for good. In this gripping, never-before-published story by "master of the crime thriller" (Huffington Post) Michael Connelly, Detective Harry Bosch quenches his thirst for justice and shows why he is "one of the most popular and enduring figures in American crime fiction" (Chicago Tribune).

Lucas Davenport and Virgil Flowers are up against a powerful vigilante group with an eye on vengeance in this stunning new novel from the #1 New York Times bestselling author. "We're going to murder people who need to be murdered." So begins a press release from a mysterious group known only as "The Five," shortly after a vicious predator is murdered in San Francisco. The Five is made up of vigilante killers who are very bored...and very rich. They target the worst of society--rapists, murderers, and thieves--and then use their unlimited resources to offset the damage done by those who they've killed, donating untraceable Bitcoin to charities and victims via the dark net. The Five soon become popular figures in the media...though their motives may not be entirely pure. After The Five strike again in the Twin Cities, Virgil Flowers and Lucas Davenport are sent in to investigate. And they soon have their hands full--the killings are smart and carefully choreographed, and with no apparent direct connection to the victims, the killers are virtually untraceable. But if anyone can destroy this group, it will be the dynamic team of Davenport and Flowers.

Now retired from the L.A.P.D., Bosch is determined to find justice for Angella. Without a badge to open doors and strike fear into the guilty, he's on his own. And even in the face of an opponent more powerful and ruthless than any he's ever encountered, Bosch is not backing down.

A Wall Street Journal and South Florida Sun-Sentinel Best Book of the Year "A masterpiece"--LAPD detective Renée Ballard must join forces with Harry Bosch to find justice in a city scarred by fear and social unrest after a methodical killer strikes on New Year's Eve (Publishers Weekly). There's chaos in Hollywood at the end of the New Year's Eve countdown. Working her graveyard shift, LAPD detective Renée Ballard waits out the traditional rain of lead as hundreds of revelers shoot their guns into the air. Only minutes after midnight, Ballard is called to a scene where a hardworking auto shop owner has been fatally hit by a bullet in the middle of a crowded street party. Ballard quickly concludes that the deadly bullet could not have fallen from the sky and that it is linked to another unsolved murder--a case at one time worked by Detective Harry Bosch. At the same time, Ballard hunts a fendship pair of serial rapists, the Midnight Men, who have been terrorizing women and leaving no trace. Determined to solve both cases, Ballard feels she is constantly running uphill in a police department indelibly changed by the pandemic and recent social unrest. It is a department so hampered by inertia and low morale that Ballard must go outside to the one detective she can count on: Harry Bosch. But as the two inexorable detectives work together to find out where old and new cases intersect, they must constantly look over their shoulders. The brutal predators who are tracking are ready to kill to keep their secrets hidden. Unfolding with unstoppable drive and nail-biting intrigue, *The Dark Hours* shows that "relentless on their own, Ballard's and Bosch's combined skills...could be combustible" (Los Angeles Times).

Harry Bosch teams up with LAPD Detective Renée Ballard to face the unsolved murder of a runaway, and the fight to bring a killer to justice. Detective Renée Ballard is working the night beat -- known in LAPD slang as "the late show" -- and returns to Hollywood Station in the early hours to find a stranger rifling through old file cabinets. The intruder is retired detective Harry Bosch, working a cold case that has gotten under his skin. Ballard can't let him go through department records, but when he leaves, she looks into the case herself and feels a deep tug of empathy and anger. She has never been the kind of cop who leaves the job behind at the end of her shift -- and she wants in. The murder, unsolved, was of fifteen-year-old Daisy Clayton, a runaway on the streets of Hollywood who was brutally killed, her body left in a dumpster like so much trash. Now Ballard joins forces with Bosch to find out what happened to Daisy, and to finally bring her killer to justice. Along the way, the two detectives forge a fragile trust, but this new partnership is put to the test when the case takes an unexpected and dangerous turn. *Dark Sacred Night* for the first time brings together these two powerhouse detectives in a riveting story that unfolds with furious momentum. And it shows once more why "there's no doubt Connelly is a master of crime fiction" (Associated Press).

Detective Harry Bosch has retired from the LAPD, but his half-brother, defense attorney Mickey Haller, needs his help. A woman has been brutally murdered in her bed and all evidence points to Haller's client, a former gang member turned family man. Though the murder rap seems ironclad, Mickey is sure it's a setup. Bosch doesn't want anything to do with crossing the aisle to work for the defense. He feels it will undo all the good he's done in his thirty years as a homicide cop. But Mickey promises to let the chips fall where they may. If Harry proves that his client did it, and under the rules of discovery, they are obliged to turn over the evidence to the prosecution. Though it goes against all his instincts, Bosch reluctantly takes the case. The prosecution's file just has too many holes and he has to find out for himself: if Haller's client didn't do it, then who did? With the secret help of his former LAPD partner Lucy Soto, Harry starts digging. Soon his investigation leads him inside the police department, where he realizes that the killer he's been tracking has also been tracking him. Thrilling, fast-paced, and impossible to put down, *The Crossing* shows without a shadow of doubt that Connelly is "a master of building suspense" (Wall Street Journal).

A Decade of Covering Cops and Killers

"The Secret History meets The Price of Salt" (Vogue) in this "equal parts dangerous and delicious" (Entertainment Weekly) novel about queer desire, religious zealotry, and the hunger for transcendence among the members of a cultic chapel choir at a Maine boarding school--and the ambitious, terrifyingly charismatic girl that rules over them. When shy, sensitive Laura Stearns arrives at St. Dunstan's Academy in Maine, she dreams that life there will echo her favorite novel. All before Them, the sole surviving piece of writing by Byronic "prep school prophet" (and St. Dunstan's alum) Sebastian Webster, who died at nineteen, fighting in the Spanish Civil War. She soon finds the intensity she is looking for among the insular, Webster-worshipping members of the school's chapel choir, which is presided over by the charismatic, neurotic, overachiever Virginia Strauss. Virginia is as fanatical about her newfound Christian faith as she is about the miles she runs every morning before dawn. She expects nothing short of perfection from herself--and from the member of the choir. Virginia inducts the besotted Laura into a world of transcendent music and arcane ritual, illicit cliff-diving and midnight crypt visits: a world that, like Webster's novels, finally seems to Laura to be full of meaning. But when a new school chaplain challenges Virginia's hold on the "family" she has created, and Virginia's efforts to wield her power become increasingly dangerous, Laura must decide how far she will let her devotion to Virginia go. The World Cannot Give is a "hypnotic and intense" (Shondaland) meditation on the power, and danger, of wanting more from the world.

NATIONAL BOOK AWARD FINALIST Kem Nunn's "surf noir" classic is a thrilling plunge into the seedy underbelly of a Southern California beach town--the inspiration for the film *Point Break*. People go to Huntington Beach in search of the endless parties, the ultimate highs, and the perfect waves. Ike Tucker has come to look for his missing sister and for the three men who may have murdered her. In that place of gilded surfers and sun-bleached blonds, Ike's search takes him on a journey through a twisted world of crazed Vietnam vets, sadistic surfers, drug dealers, and mysterious seducers. He looks into the shadows and finds parties that drift toward pointless violence, joyless vacations, and highs you may never come down from...and a sea of old hatreds and dreams gone bad. And if he's not careful, his is a journey from which he will never return.

For the first time in one volume, the three novels that take Harry Bosch through his most perilous cases yet, and to the edge of the abyss. A Darkness More than Night It was a case some cops could live with: the torture and killing of a man who spread horrors of his own. Former FBI profiler Terry McCaleb is called in to decipher the grisly crime scene. Shockingly, the suspect he pinpoints is LAPD detective Harry Bosch. But while Bosch may have had a good reason to commit murder, he has an even better one for staying alive--and for finding a suspect of his own. City of Bones A dog finds a bone in the Hollywood Hills and unearths a murder committed more than twenty years earlier. It's a cold case, but Bosch can't let it go. As the investigation takes him deeper into the past, a beautiful rookie cop brings him alive in the present--until a stunningly blown mission and a brutal showdown leave Bosch on the brink of an unimaginable decision. Lost Light For years, the unsolved murder of Angella Benton has haunted him. Bosch was taken off the young production assistant's case when her death was linked with the violent theft of two million dollars from a movie set. Both files were never closed. Now retired from the LAPD, Bosch is determined to find justice for Angella. And even in the faces of a powerful and ruthless opponent, he will not back down, with or without a badge. Together, these three riveting, relentlessly paced novels take us even deeper into the complex hero USA Today has called "one of the most fascinating characters in the mystery world," and show once more that Michael Connelly is "the most talented of crime writers" (The New Yorker).

Small town dysfunction erupts in Washington wine country in this page-turning story of four colorful characters fighting for love and life.

Near Mulholland Drive, Dr. Stanley Kent is found shot twice in the back of the head. It's the case LAPD detective Harry Bosch has been waiting for, his first since being recruited to the Homicide Special Squad. When he discovers that Kent had access to dangerous radioactive substances, what begins as a routine investigation becomes something darker, more deadly, and frighteningly urgent. Bosch is soon in conflict with not only his superiors but the FBI, which thinks the case is too important for just a cop. Complicating his job even more is the presence of Agent Rachel Walling, his onetime lover. Now guarding one slim advantage, Bosch relentlessly follows his own instincts, hoping they are still sharp enough to find the truth--and a killer who can annihilate an entire

city.

Three Harry Bosch Stories

In this classic noir tale of blurred guilt and flawed innocence, a cynical lawyer uncovers the desperate lives of a group connected only by a gruesome murder. Eric Meecham is not an optimistic sort. An old-before-his-time lawyer, scratching out a living in courts and jail houses, he is no stranger to desperate cases and has little faith in anything or anyone. But his brand of existential nihilism isn't without curiosity, and when he gets a chance to represent a local society woman who's been arrested for murder under very scandalous circumstances, well, even he can't help but be engaged. Cold, austere, and used to having her way, Mrs. Hamilton is more than a little upset at having to travel 40 miles west of Detroit, in the dead of winter, to the small city of Arbana. But her careless daughter Virginia has landed herself in trouble again and Mrs. Hamilton will do anything to keep the family name out of a scandal. But she little understands the gravity of her daughter's arrest. Virginia was found drunk and underclad in the midst of a white-out snow storm. She was also covered in blood. In a cottage not too far away a married man, father of two, lay brutally stabbed to death. Earl Loftus is the definition of a hard luck case. Broke and terminally ill, Earl's life has been one tragedy after another. But the spark of a thoughtful intellect still gleams in his eyes and when Loftus comes forward to confess to the crime that Virginia is accused of, Eric Meecham is instantly skeptical. Could a man like Loftus actually commit such an act? The more Meecham interviews Loftus, the less he thinks it's possible.

Introducing Mickey Haller: "The Lincoln Lawyer": a blistering tale about a cynical defence attorney whose one remaining spark of integrity may cost him his life.

The phone messages waiting for Henry Pierce clearly aren't for him: "Where is Lilly? This is her number. It's on the site." Pierce has just moved into a new apartment, and he's been "chasing the dime"--doing all it takes so his company comes out first with a scientific breakthrough worth millions. But he can't get the messages for Lilly out of his head. As Pierce tries to help a woman he has never met, he steps into a world of escorts, websites, sex, and secret passions. A world where his success and expertise mean nothing...and where he becomes the chief suspect in a murder case, trapped in the fight of his life.

Dark Sacred NightLittle, Brown

LAPD Detective Harry Bosch crosses paths with FBI profiler Terry McCaleb while investigating the murder of a Hollywood actress. Harry Bosch is up to his neck in a case that has transfixed all of celebrity-mad Los Angeles: a movie director is charged with murdering an actress during sex, and then staging her death to make it look like a suicide. Bosch is both the arresting officer and the star witness in a trial that has brought the Hollywood media pack out in full-throated frenzy. Meanwhile, Terry McCaleb is enjoying an idyllic retirement on Catalina Island when a visit from an old colleague brings his former world rushing back. It's a murder, the unreadable kind of murder he specialized in solving back in his FBI days. The investigation has stalled, and the sheriff's office is asking McCaleb to take a quick look at the murder book to see if he turns up something they've missed. McCaleb's first reading of the crime scene leads him to look for a methodical killer with a taste for rituals and revenge. As his quick look accelerates into a full-sprint investigation, the two crimes -- his murdered loner and Bosch's movie director -- begin to overlap strangely. With one unsettling revelation after another, they merge, becoming one impossible, terrifying case, involving almost inconceivable calculation. McCaleb believes he has unmasked the most frightening killer ever to cross his sights. But his investigation tangles with Bosch's lines, and the two men find themselves at odds in the most dangerous investigation of their lives.

Two Kinds of Truth

The Lincoln Lawyer

LAPD Detective Harry Bosch tackles three tough cases that span a legendary career in this never-before-collected trio of stories. In "Christmas Even," the case of a burglar killed in mid-heist leads Bosch to retrace a link to his past. In "Father's Day," Bosch investigates a young boy's seemingly accidental death and confronts his own fears as a father. In "Angle of Investigation," Bosch delves into one of the first homicides he ever worked back as a uniformed rookie patrolman, a case that was left unsolved for decades. Together, these gripping stories span Bosch's controversial career at the LAPD, and show the evolution of the haunted, legendary investigator he would become. Utterly unputdownable, they are proof that "Connelly never stops doling out the suspense....Once it grabs you in those first few pages, it won't let go of you" (Boston Globe).
