*You're stuck in the airport security line, late for a flight. The line isn't moving. You're angry at the security personnel for taking so long, you're irritated at the other passengers for having so much stuff, you're mad at your boss for sending you on this trip in the first place. By the time you get to your gate you're angry, deflated, and exhausted. Then someone cuts in front of you in the line to board and you snap. "There's a line, you know!" Is that really you, standing in an airport, emotions raging? It happens to most of us more than we'd like to admit. In an instant, our lives seem out of control and overwhelming. It's always something, isn't it? But what if you could approach every part of your life—from the smallest decisions to life's biggest setbacks—with total confidence, clarity, and control? According to Sakyong Mipham, we all have that power. The secret is simple: If you just stop thinking about yourself all the time, happiness and confidence will come naturally. It sounds absurd and, what's more, impossible. But in Ruling Your World, Sakyong Mipham shares ancient secrets on how to take control of our lives and be successful while cultivating compassion for others and confidence in our own intelligence and goodness. The key to this well-being lies in the ancient strategies of the warrior kings and queens of Shambhala. The kingdom of Shambhala was an enlightened kingdom of benevolent kings and queens and fiercely trained warriors. No one knows for sure whether this kingdom was real or mythical, but there are ancient guidebooks to this land and practical instructions for creating a Shambhala in your own world, bringing peace, purpose, and perspective into your life and environment. Sakyong Mipham, the descendant of a warrior king, has inherited these teachings and gives us the lessons and myths of the great rulers and warriors of Shambhala. He makes these teachings relevant to our twenty-first-century lives in a fresh and witty voice and helps us all to realize our potential for power and control in a seemingly uncontrollable world. For the first time ever, revered spiritual leader Sakyong Mipham brings the lessons of the ancient Shambhala warriors and rulers to the Western world and shows us how to live our lives with confidence. Most of us are living in a haze—sometimes helping others, sometimes helping ourselves, sometimes happy, sometimes sad. We don't feel in control of our own lives. The ancient teachings of Shambhala rulership show us that we all have the ability to rule our own world and live with confidence. To do this, we need to use our daily lives to be strong, as opposed to aggressive, and to act with wisdom and compassion. This may sound difficult, but when we begin to mix this ancient wisdom of rulership into our everyday life, we have both spiritual and worldly success. We don't need to abandon our life and become an ascetic or a monk in order to gain confidence and achieve this success. We can live in the world as a ruler no matter what we are doing. —from Ruling Your World*

*This is a story of Nigeria, told from the inside. After a successful career in the private sector, Nasir El-Rufai rose to the top ranks of Nigeria's political hierarchy, serving first as the privatization czar at the Bureau for Public Enterprises and then as Minister of the Federal Capital Territory of Abuja under former President Olesegun Obasanjo. In this tell-all memoir, El-Rufai reflects on a life in public service to Nigeria, the enormous challenges faced by the country, and what can be done while calling on a new generation of leaders to take the country back from the brink of destruction. The shocking revelations disclosed by El-Rufai about the formation of the current leadership and the actions of prominent statesmen make this memoir required reading for anyone seeking to understand the dynamics of power politics in Africa's most populous nation.*

*Where you go starts with your recognition of who you are in Christ. This book will inspire you to know who you am in Christ. It will motivate you to reach higher levels of success and satisfaction in life, family, and business. Our salvation in Christ ensures that every one of our needs or godly desires has been provided for by God. Yet many in the body of Christ are suffering and going without. Revelation is the key to developing the faith to receive the inheritance Jesus died to provide for us. One man said, "You are not suffering because there is a great devil, but because of your great ignorance." Ignorance of our identity in Christ is one reason many Christians are not possessing their divine inheritance. As someone once said, "Your vast inheritance [in Christ] comes only in proportion to your new identity." Our identity will influence what we become, how rich or poor we will be, how high we will climb, even how long we will live. The more revelation a person has of his new identity in Christ, the more of God's vast promises he will be able to receive and manifest in his life and circumstances. In*

Here's sensible advice and caring encouragement on raising boys from the nation's most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller Bringing Up Boys, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

Perspectives are very important; and no institution has been as much a victim of negative perspectives as the marriage institution. However, in this re-edited and expanded edition, Mrs. Faith A. Oyedepo, a well known marriage counsellor, comes up with more insight into the marriage institution. Very convincingly, this book corrects all the wrong-headed views on marriage and concludes that: Marriage is Gold.However, like every precious metal, time and other resources must be invested to dig it out. This book will heal your home of heartaches, fears and anxiety which have torn many marriages apart. You have in your hand a God-sent instrument to successfully build your marriage hitherto considered only a necessary evil.

You Can Make a Generational Impact is a fascinating look at how believers can change not only their own lives for the better, but the lives of hundreds or thousands! Author and pastor David Ibiyeomie says, "You must go to God in prayer and ask Him where you belong in life. This is not in the hand of any mortal to predict for you. God made you a child of destiny, and He has a great plan for you." Modern society and outside circumstances can halt the expression of your God-given talents and gifts. But You Can Make a Generational Impact gives you the practical steps so you can focus on possibilities and opportunities—not on limitations. You will be motivated and encouraged to go beyond the expected norm, to take risks for His glory, to face new challenges with excitement. You will discover that challenges are the food of champions.

A behind-the-scenes analysis of 21 essential leadership principles from the life of Billy Graham. Billy Graham looms large as one of the twentieth century's most influential and innovative leaders. Most people are unaware of his remarkable effectiveness as not only preacher and pastor, but as a CEO and a global leader as well. The Leadership Secrets of Billy Graham is full of transferable applications for leaders in the church, parachurch, academia, government, and business. Lively interviews with his closest associates illustrate 21 principles that have driven six decades of visionary impact. First-hand accounts reveal stories of courageous leadership and growth through painful lessons. Graham's relentless application of core beliefs and leadership principles have resulted in, among many honors, being listed in Gallup's ten 'most admired men' thirty times, more than anyone else. Time magazine named him one of the top ten leaders of the twentieth century. This book asks: How did this happen? What are the essentials he embraced to achieve such extraordinary results? What can we learn from him and apply to our own leadership roles? This book is dedicated to those readers: who sense the pressing need in today's world for inspired leadership; who rise to leadership's high calling and are willing to carry its weight; who are determined to deepen and expand their capacities and effectiveness.
