

### Destroy This Book In The Name Of Science Einstein Edition

In the second book of the explosive Search and Destroy thriller series, Mason Kane—a special ops hero with a questionable past, joins forces with the CIA to neutralize a radical off shoot of ISIS and unravel a conspiracy emanating from the White House’s inner sanctum. After almost losing his life, foiling a terror plot that threatened to draw the United States into another war—Mason Kane, disgraced American soldier, and special operations legend is still on the governments blacklist. To finally clear his name, Mason strikes a deal with the CIA—throwing himself back into the deadly world of black ops. But when an asset tied to ISIS leads an old friend into a trap, Mason goes off the grid, and finds himself trapped in the middle of a plot involving an extremely violent and highly capable terror cell—with ties to the President’s inner circle. With the help of Renee Hart, a DOD operative, and a team of elite special ops soldiers, Mason is determined to stop an attack aimed at crippling the US military before time runs out. Set in the shadows of the war on terror, and inspired by experiences of 82nd Airborne Paratrooper Joshua Hood, Warning Order is an action packed thriller full of shocking twists and non-stop action that throws the reader into the murky world of clandestine operations.

The only person we will share the rest of our lives with is ourselves, yet we keep hiding the truth. In this book, profound questions are presented to reveal our true selves. The power to rightfully answer this questions is on your hands. Are you ready? 128 Pages of Deep and Insightful Questions About Yourself High-Quality Binding Paperback A crucial, genre-bending tale, equal parts Ned Vizzini and Patrick Ness, about the life-saving power of friendship. Solomon and Ash both experienced a traumatic event when they were twelve. Ash lost all memory of that event when she fell from Solomon’s treehouse. Since then, Solomon has retreated further and further into a world he fell from the shadows of the war on terror, and inspired by experiences of 82nd Airborne Paratrooper Joshua Hood, Warning Order is an action packed thriller full of shocking twists and non-stop action that throws the reader into the murky world of clandestine operations.

The only person we will share the rest of our lives with is ourselves, yet we keep hiding the truth. In this book, profound questions are presented to reveal our true selves. The power to rightfully answer this questions is on your hands. Are you ready? 128 Pages of Deep and Insightful Questions About Yourself High-Quality Binding Paperback

A crucial, genre-bending tale, equal parts Ned Vizzini and Patrick Ness, about the life-saving power of friendship. Solomon and Ash both experienced a traumatic event when they were twelve. Ash lost all memory of that event when she fell from Solomon’s treehouse. Since then, Solomon has retreated further and further into a world he fell from the shadows of the war on terror, and inspired by experiences of 82nd Airborne Paratrooper Joshua Hood, Warning Order is an action packed thriller full of shocking twists and non-stop action that throws the reader into the murky world of clandestine operations.

But crawls with foes and monsters . . . in both animal and human form. As Solomon slips further into the place he calls Darkside, Ash realizes her only chance to free her best friend from his pain is to recall exactly what happened that day in his backyard and face the truth—together. Fearless and profound, Sam J. Miller’s follow up to his award-winning debut novel, The Art of Starving, spins an intimate and important tale that will linger with readers.

Peter Kreeft presents a series of brilliant essays about many of the problems that undermine our Western civilization, along with ways to address them. “These essays are not new proposals or solutions to today’s problems,” he says. “They are old. They have been tried, and have worked. They have made people happy and good. That is what makes them so radical and so unusual today.” In his witty, readable style, Kreeft implores us to gather wisdom and preserve it, as the monks did in the Middle Ages. He offers relevant philosophical precepts, divided into various categories, that can be collected and remembered in order to guide us and future generations in the days ahead. Kreeft emphasizes that the most necessary thing to save our civilization is to have children. If we don’t have children, our civilization will cease to exist. The “unmentionable elephant in the room”, he tells us, is sex, properly understood. Religious liberty is being attacked in the name of “sexual liberty”, in other words, abortion. Kreeft encourages us to fight back—with joy and confidence—with the one weapon that will win the future: children.

When Dani’s sheltered life is turned upside down by her mother’s secrets, she finds protection with her estranged outlaw father. Against all warnings, she falls for bad boy biker, Shadow. He is beast and beauty sealed in a leather cut with a gun holster. Can Dani learn to live within the Club rules? Is she more like her father than she could imagine? Shadow has grown up among drug addicts, whores and murderers. The only family he’s ever trusted has been the Devil’s Dust motorcycle club. He will do anything for a brother; even kill. In fact, killing is so easy, he’s made a career of it. His one regret is not being able to kill his own worthless mother. When Dani shows up with her provocative temper and innocent charm, Shadow begins to question his violent lifestyle. But can he trust her with his demons? Sex. Blood. Betrayal. Will Dani and Shadow let family ties destroy them?

Set after Tahereh Mafi’s Shatter Me and before Unravel Me, Destroy Me is a novella told from the perspective of Warner, the ruthless leader of Sector 45. Even though Juliette shot him in order to escape, Warner can’t stop thinking about her—and he’ll do anything to get her back. But when the Supreme Commander of The Reestablishment arrives, he has much different plans for Juliette. Plans Warner cannot allow. The Shatter Me series is perfect for fans who crave action-packed young adult novels with tantalizing romance like Divergent and The Hunger Games. This captivating story, which combines the best of dystopian and paranormal, was praised as “a thrilling, high-stakes saga of self-discovery and forbidden love” by Ransom Riggs, bestselling author of Miss Peregrine’s Home for Peculiar Children. Don’t miss Dely Me, the shocking fifth book in the Shatter Me series!

Confess your darkest secrets, and then burn them so that no one will ever know! Write down that list of people you really hate and put them to the flame! Or use it as a great little daily jotter. Perfect funny gift for your friends. Dimensions: 6' x 9' / 15.2cm x 22.8cm, 120 pages custom college lined interior.

Hunted by his former comrades and labeled a traitor after he refuses to murder an innocent Afghan family, Mason Kane works to unravel a conspiracy that reaches all the way up to the highest levels of the government.

The Unraveling of Syria and America’s Race to Destroy the Most Dangerous Arsenal in the World A Handbook

Destroy This Book

A dictator craves love—and horrifying sacrifice—from his subjects; a mother raised in a decaying warren fights to reclaim her stolen daughter; a ghost haunts a luxury hotel in a bloodstained land; a new babysitter uncovers a family curse; a final girl confronts a broken-winged monster... Word Horde presents the debut collection from critically-acclaimed Weird Fiction author Nadia Bulkin. Dreamlike, poignant, and unabashedly socio-political, She Said Destroy includes three stories nominated for the Shirley Jackson Award, four included in Year’s Best anthologies, and one original tale, with an Introduction by Paul Tremblay.

A provocative, comprehensive analysis of Vladimir Putin and Russia’s master plan to destroy democracy in the age of Donald Trump. In the greatest intelligence operation in the history of the world, Donald Trump was made President of the United States with the assistance of a foreign power. For the first time, The Plot to Destroy Democracy reveals the dramatic story of how blackmail, espionage, assassination, and psychological warfare were used by Vladimir Putin and his spy agencies to steal the 2016 U.S. election -- and attempted to bring about the fall of NATO, the European Union, and western democracy. It will show how Russia and its fifth column allies tried to flip the cornerstones of democracy in order to re-engineer the world political order that has kept most of the world free since 1945. Career U.S. Intelligence officer Malcolm Nance will examine how Russia has used cyber warfare, political propaganda, and manipulation of our perception of reality -- and will do so again -- to weaponize American news, traditional media, social media, and the workings of the internet to attack and break apart democratic institutions from within, and what we can expect to come should we fail to stop their next attack. Nance has utilized top secret Russian-sourced political and hybrid warfare strategy documents to demonstrate the master plan to undermine American institutions that has been in effect from the Cold War to the present day. Based on original research and countless interviews with espionage experts, Nance examines how Putin’s recent hacking accomplished a crucial first step for destabilizing the West for Russia, and why Putin is just the man to do it. Nance exposes how Russia has supported the campaigns of right-wing extremists throughout both the U.S. and Europe to leverage an act of autocracy, and how Putin’s agencies have worked since 2010 to bring fringe candidate Donald Trump into elections. Revelatory, insightful, and shocking, The Plot To Destroy Democracy puts a professional spy lens on Putin’s plot and unravels it play-by-play. In the end, he provides a better understanding of why Putin’s efforts are a serious threat to our national security and global alliances -- in much more than one election -- and a blistering indictment of Putin’s puppet, President Donald J. Trump.

Through assignments for English class, seventeen-year-old James Hoff rants against consumerism and his classmates’ apathy, puzzles over his feelings for his ex-girlfriend, and expresses disdain for his emotionally distant parents.

“Not gonna lie, this is probably the coolest journal you’ll ever see. . . . Wreck This Journal is here to inspire you.” —Buzzfeed The internationally bestselling phenomenon with more than 10 million copies sold—and an excellent holiday gift! Paint, poke, create, destroy, and wreck—to create a journal as unique as you are For anyone who’s ever had trouble starting, keeping, or finishing a journal or sketchbook comes this expanded edition of Wreck This Journal, a subversive illustrated book that challenges readers to master up their best mistake, and mess-making abilities to fill the pages of the book—or destroy them. Through a series of creative and quirky prompts, acclaimed guerrilla artist Keri Smith encourages journalers to engage in destructive acts—poking holes through pages, adding photos and defacing them, painting pages with coffee, coloring outside the lines, and more—in order to experience the true creative process. With Smith’s unique sensibility, readers are introduced to a new way of art- and journal-making, discovering novel ways to escape the fear of the blank page and fully engage in the creative process. To create is to destroy. Happy wrecking!

How to Destroy a Man Now (Damn)

From author of Wreck this Journal, Keri Smith’s Finish this Book is a creative adventure where the reader is the main character – and the author. Dear Reader, One dark and stormy night, I found some strange scattered pages abandoned in a park... I collected and assembled them, trying to solve the mystery of this unexpected discovery, and I am now passing the task on to you. Your mission is to become the new author of this work. You will continue the research and provide the content. In order to complete the task, you will have to undergo some secret intelligence training, which I have included in this volume. Since no one knows what lies ahead, please proceed with caution, but know... This book does not exist without you. Yours truly, Keri Smith Bestselling author Keri Smith is a freelance illustrator by trade, and has illustrated for the Washington Post, The New York Times, Ford Motor Company, People, The Body Shop and Hallmark. She is the author of Wreck This Journal, How To Be An Explorer of the World and Mess. She lives in Canada.

My entire life fell apart once. It took everything I had to pull it back together and drag myself out of the darkness. This stranger who bought my art was supposed to be my hero, but instead he’s the villain. He threatens to destroy all I’ve worked for—my sculpture, my rebuilt reputation, my life. All I have is my art, and I’ll do anything to save it from his predatory hands. Even if it means offering myself instead.

Upon the destruction of this dark object, you will be able to release your anxiety and frustration caused by the muggle world, generating your most original ideas about him and your logical ability to design a new reality.During the process of destroying this Horcrux, you will have to face various challenges and tests that will bring out both your intelligence and madness.Dare to roll up your tunic, get dirty, and set your magical imagination free!It’s not for the faint hearted... Let the adventure begin!

Examines the history and operations of the IRS and discusses reform efforts

“Not gonna lie, this is probably the coolest journal you’ll ever see. . . . Wreck This Journal is here to inspire you.” —Buzzfeed A spectacular coloring and painting edition of the incredible journal that started it all, in celebration of the tenth anniversary of the 10-million-copy international bestseller Perhaps you’re a seasoned Wreck-er, having made your way through one or more copies of Wreck This Journal. Or maybe you’re new to the phenomenon (little do you know, this experience might just change your life). Whatever the case, you’ve found the perfect book to destroy... Welcome to an all new-edition of Wreck This Journal, now in spectacular full color! Inside, you’ll find prompts for painting, shredding, transforming, and unleashing your creativity. With a mix of new, altered, and favorite prompts, Wreck This Journal: Now in Color invites you to wreck with color: mixing colors to make mud, letting chance dictate your color choice, weaving with brightly colored strips of paper, and more. What colors will you use to you wreck your journal? “A conceptual artist and author luring kids into questioning the world and appreciating every smell, texture and mystery in it.” —TIME Magazine “Keri Smith may well be the self-help guru this DIY generation deserves.” —The Believer

They tell me that my memory will never be the same, that I’ll start forgetting things. At first just a little, and then a lot. So I’m writing to remember. Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way—even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie’s future self, so she can remember everything from where she stashed her study guides to just how great it feels to have a best friend again. It’s where she’ll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she’ll admit how much she’s missed her childhood friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life—the people who have broken her heart, those who have mended it—and most of all, that if she’s going to die, she’s going to die living. This moving and remarkable novel introduces an inspiring character you’re sure to remember, long after the last page.

Strategic Bombing And Its Human Consequences In World War 2

The Plot to Destroy Democracy

The Inside Story of the War Against the Islamic State, from Barack Obama to Donald Trump

Vegan Recipes That’ll Punch Your Taste Buds In the Mouth Natalie Stuart has been described as “Martha Stewart meets Iron Maiden,” taking vegan cooking to places it has never before. Influenced by slasher films, pro-wrestling, punk rock and heavy metal, her quirky-yet-delicious comfort foods are a refreshing take on vegan eating with award-winning flavors.

Along the way, her off-color humor, irreverent rants and density of pop-culture references will make you laugh out loud. Inside this high-energy cookbook you’ll find recipes for Bike Messenger Brownies—inspired by the espresso-infused chai latte these speed demons use to fuel up; and Crouching Cornbread, Hidden Broccoli—Natalie’s sneaky way of getting her son to eat vegetables. Other creations include the Grilled Mac ‘n’ Cheez Sandwich, Taco Lasagna, Chick-O Cheesecake, and her Shepherd’s Pie Pizza, about which she writes, “Some people were born to rock n’ roll. Others were born to ride. I was born to put mashed potatoes on pizza.” Bake and Destroy was named one of the most anticipated cookbooks of the year by VegNews.

She got away once. They can’t let it happen again. Eva Driscoll is on the run. She has a new identity, and the best part of \$30m liberated from the CIA. Henry Langton is dead but his sinister allies are circling, and not even a presidential pardon can help Eva against an organization that operates above the White House. With agents around the globe and no tactic off limits, Langton’s men are calling the shots. When they track down ex-CIA computer expert Farooq Naser and threaten Andrew Harvey and Tom Gray, Eva knows they will come for her next. She needs to run—and fast—but what chance does one woman have against the most powerful group in the United States, with just a few ex-spooks and a couple of mercenaries on her side? But her pursuers should know that, even backed into a corner, Eva Driscoll is not the kind of prey to give up without a fight. But will it mean hurting those she cares for the most?

A wave of sexual misconduct allegations about powerful men have exploded recently in the media (e.g., the news, Twitter #MeToo, etc.). A bold social movement has begun with brave women coming forward and being applauded for speaking out and sharing their stories of abuse, discrimination, and harassment. As a result, accused men like Harvey Weinstein, Matt Lauer, Charlie Rose, and dozens more have been removed from power and are suffering the consequences. In How to Destroy A Man Now (DAMN), Dr. Angela Confidential (a business psychologist, consultant, and human resource professional) empowers women with a step-by-step guide for destroying a man’s reputation and removing him from power. In easy to understand terms, the handbook reveals and explains the fundamental dynamics between allegations, the media, and authority as they relate to male misconduct in today’s society. It also unveils and details practical real-world methods for leveraging allegations, media, and authorities to dethrone a man from power.

The gripping first installment in New York Times bestselling author Tahereh Mafi’s Shatter Me series. One touch is all it takes. One touch, and Juliette Ferrars can leave a fully grown man gasping for air. One touch, and she can kill. No one knows why Juliette has such incredible power. It feels like a curse, a burden that one person alone could never bear. But The Reestablishment sees it as a gift, sees her as an opportunity. An opportunity for a deadly weapon. Juliette has never fought for herself before. But when she’s reunited with the one person who ever cared about her, she finds a strength she never knew she had. And don’t miss Dely Me, the shocking fifth book in the Shatter Me series!

Wreck This Journal (Black) Expanded Ed
This is the ultimate insider’s view of perhaps the darkest chapter of the Forever Wars. Michael Gordon knows everyone, was seemingly everywhere, and brings a lifetime of brilliant reporting to telling this crucial story.” —Retired U.S. Navy admiral James Stavridis, 16th Supreme Allied Commander of NATO and author of To Risk It All: Nine Crises and the Crucible of Decision An essential account of the struggle against ISIS—and of how Presidents Obama, Trump, and Biden have waged war. In the summer of 2014, President Barack Obama faced an unwelcome surprise: insurgents from the Islamic State had seized the Iraqi city of Mosul and proclaimed a new caliphate, which they were ruling with an iron fist and using to launch terrorist attacks abroad. After considerable deliberation, President Obama sent American troops back to Iraq. The new mission was to “degrade and ultimately destroy” ISIS, primarily by advising Iraqi and Syrian partners who would do the bulk of the fighting and by supporting them with airpower and artillery. More than four years later, the caliphate had been dismantled, the cities of Mosul and Raqqa lay in ruins, and several thousand U.S. troops remained to prevent ISIS from making a comeback. The “by, with, and through” strategy was hailed as a template for future campaigns. But how was the war actually fought? What were the key decisions, successes, and failures? And what was learned? In Degrade and Destroy, bestselling author and Wall Street Journal national security correspondent Michael R. Gordon reveals the strategic debates, diplomatic gambits, and military operations that shaped the struggle against the Islamic State. With extraordinary access to top U.S. officials and military commanders and to the forces on the battlefield, Gordon offers a riveting narrative that ferrets out some of the war’s most guarded secrets. Degrade and Destroy takes us inside National Security Council meetings at which Obama and his top aides grapple with early setbacks and discuss whether the war can be won. It also offers the most detailed account to date of how President Donald Trump waged war—delegating greater authority to the Pentagon, jeopardizing the outcome with a rush for the exit. Drawing on his reporting in Iraq and Syria, Gordon documents the closed-door deliberations of U.S. generals with their Iraqi and Syrian counterparts and describes some of the toughest urban battles since World War II. As Americans debate the future of using force abroad, Gordon’s book offers vital insights into how our wars today are fought against militant foes, and the enduring lessons we can draw from them.

If the Allies cannot send the German U-boats to the bottom of the Atlantic, all hope of winning WWII will be lost. Sixteen-year-old Bill O’Connell is a new recruit in the Royal Canadian Navy, assigned to a ship that hunts for Germany’s feared U-boats. With the European mainland under Nazi occupation, safe ocean passage is critical — but the Germans are building U-boats faster than the Allies can sink them, and Britain is starved of supplies. Every gallon of aviation fuel, every explosive shell, and every can of peas sent to the British Isles from North America has to be shipped by sea, so Bill and the rest of the Allied forces have the fate of the free world resting on their shoulders. If the Allies cannot keep their merchant ships from the attacks of Germany’s U-boats, the odds of winning WWII will tip in favour of Hitler.

If you thought physics was all about measuring the temperature of ice in a bucket or trying to fathom what E=mc2 means, think again. How to Destroy the Universe and 34 other really interesting uses of physics demystifies the astonishing world of physics in a series of intriguing, entertaining and often extraordinary scenarios—that explain key physics concepts in simple language. You’ll find out how to save the planet from energy shortages by mining the vacuum of empty space, engineer the Earth’s climate to reverse the effects of global warming, and fend off killer asteroids just like Bruce Willis and his vest. You’ll learn essential survival skills such as how to live through a lightning strike, how to tough it out during an earthquake and how to fall into a black hole without being squashed into spaghetti! And you’ll discover some plain old cool stuff like how to turn lead into gold, how to travel to the centre of the Earth, how to crack supposedly unbreakable codes and how to use physics to predict the stock market. So if you want to get to grips with science behind relativity, anti-gravity and parallel universes, or if you are really more interested in learning how to teleport, travel through time or achieve immortality, this is the perfect introduction to the amazing world of modern physics.

Perfect for inquisitive children who love to have fun, there are a dozen press-out projects to create in this book, demonstrating some of the best bits of maths. Projects include fiery flexagons, mathematical card tricks and mind-bending Möbius strips. There are also lots of fascinating facts, colouring and doodling activities that will keep children busy for hours (all in the name of maths, of course).

How to Destroy Western Civilization and Other Topics

“This is the ultimate insider’s view of perhaps the darkest chapter of the Forever Wars. Michael Gordon knows everyone, was seemingly everywhere, and brings a lifetime of brilliant reporting to telling this crucial story.” —Retired U.S. Navy admiral James Stavridis, 16th Supreme Allied Commander of NATO and author of To Risk It All: Nine Crises and the Crucible of Decision An essential account of the struggle against ISIS—and of how Presidents Obama, Trump, and Biden have waged war. In the summer of 2014, President Barack Obama faced an unwelcome surprise: insurgents from the Islamic State had seized the Iraqi city of Mosul and proclaimed a new caliphate, which they were ruling with an iron fist and using to launch terrorist attacks abroad. After considerable deliberation, President Obama sent American troops back to Iraq. The new mission was to “degrade and ultimately destroy” ISIS, primarily by advising Iraqi and Syrian partners who would do the bulk of the fighting and by supporting them with airpower and artillery. More than four years later, the caliphate had been dismantled, the cities of Mosul and Raqqa lay in ruins, and several thousand U.S. troops remained to prevent ISIS from making a comeback. The “by, with, and through” strategy was hailed as a template for future campaigns. But how was the war actually fought? What were the key decisions, successes, and failures? And what was learned? In Degrade and Destroy, bestselling author and Wall Street Journal national security correspondent Michael R. Gordon reveals the strategic debates, diplomatic gambits, and military operations that shaped the struggle against the Islamic State. With extraordinary access to top U.S. officials and military commanders and to the forces on the battlefield, Gordon offers a riveting narrative that ferrets out some of the war’s most guarded secrets. Degrade and Destroy takes us inside National Security Council meetings at which Obama and his top aides grapple with early setbacks and discuss whether the war can be won. It also offers the most detailed account to date of how President Donald Trump waged war—delegating greater authority to the Pentagon, jeopardizing the outcome with a rush for the exit. Drawing on his reporting in Iraq and Syria, Gordon documents the closed-door deliberations of U.S. generals with their Iraqi and Syrian counterparts and describes some of the toughest urban battles since World War II. As Americans debate the future of using force abroad, Gordon’s book offers vital insights into how our wars today are fought against militant foes, and the enduring lessons we can draw from them.

If the Allies cannot send the German U-boats to the bottom of the Atlantic, all hope of winning WWII will be lost. Sixteen-year-old Bill O’Connell is a new recruit in the Royal Canadian Navy, assigned to a ship that hunts for Germany’s feared U-boats. With the European mainland under Nazi occupation, safe ocean passage is critical — but the Germans are building U-boats faster than the Allies can sink them, and Britain is starved of supplies. Every gallon of aviation fuel, every explosive shell, and every can of peas sent to the British Isles from North America has to be shipped by sea, so Bill and the rest of the Allied forces have the fate of the free world resting on their shoulders. If the Allies cannot keep their merchant ships from the attacks of Germany’s U-boats, the odds of winning WWII will tip in favour of Hitler.

If you thought physics was all about measuring the temperature of ice in a bucket or trying to fathom what E=mc2 means, think again. How to Destroy the Universe and 34 other really interesting uses of physics demystifies the astonishing world of physics in a series of intriguing, entertaining and often extraordinary scenarios—that explain key physics concepts in simple language. You’ll find out how to save the planet from energy shortages by mining the vacuum of empty space, engineer the Earth’s climate to reverse the effects of global warming, and fend off killer asteroids just like Bruce Willis and his vest. You’ll learn essential survival skills such as how to live through a lightning strike, how to tough it out during an earthquake and how to fall into a black hole without being squashed into spaghetti! And you’ll discover some plain old cool stuff like how to turn lead into gold, how to travel to the centre of the Earth, how to crack supposedly unbreakable codes and how to use physics to predict the stock market. So if you want to get to grips with science behind relativity, anti-gravity and parallel universes, or if you are really more interested in learning how to teleport, travel through time or achieve immortality, this is the perfect introduction to the amazing world of modern physics.

Perfect for inquisitive children who love to have fun, there are a dozen press-out projects to create in this book, demonstrating some of the best bits of maths. Projects include fiery flexagons, mathematical card tricks and mind-bending Möbius strips. There are also lots of fascinating facts, colouring and doodling activities that will keep children busy for hours (all in the name of maths, of course).
