The pressure's really piling up on Greg Heffley. His mom thinks video games are turning his brain to mush, so she wants her son to put down the controller and explore his 'creative side'. As if that's not scary enough, Halloween's just around the corner and the frights are coming at Greg from every angle. When Greg discovers a bag of gummy worms, it sparks an idea. Can he get his mom off his back by making a movie ...And will he become rich and famous in the process? Or will doubling down on this plan just double Greg's troubles?

A laugh-out-loud funny debut that captures the craziness of primary school, where (of course!) your teacher might just be an alien and your best friend is frightened of peas.

A family road trip is supposed to be a lot of fun . . . unless, of course, you're the Heffleys. The journey starts off full of promise, then quickly takes several wrong turns. Gas station bathrooms, crazed seagulls, a fender bender, and a runaway pig-not exactly Greg Heffley's idea of a good time. But even the worst road trip can turn into an adventure—and this is one the Heffleys won't soon forget. Readers love The Diary of a Wimpy Kid Series. A MAJOR MOTION PICTURE STARRING BELLA THORNE! A heartbreaking tale of love, loss and one nearly perfect summer -- perfect for fans of The Fault In Our Stars and Love, Simon. Seventeen-year-old Katie Price has a rare disease that makes exposure to even the smallest amount of sunlight deadly. Confined to her house during the day, her company is limited to her widowed father and her best (okay, only) friend. It isn't until after nightfall that Katie's world opens up, when she takes her guitar to the local train station and plays for the people coming and going. Charlie Reed is a former all-star athlete at a crossroads in his life - and the boy Katie has secretly admired from afar for years. When he happens upon her playing guitar one night, fate intervenes and the two embark on a star-crossed romance. As they challenge each other to chase their dreams and fall for each other under the summer night sky, Katie and Charlie form a bond strong enough to change them -- and everyone around them -- forever.

She didn't know how fast the current was moving her. It could take many more hours yet, perhaps more hours than she had the strength for. But she must not stop. She must keep going. She must try to catch the river boy, even though she was frightened at the thought of what he was. Jess's beloved grandfather has just had a serious heart attack, but he insists that the family travel as planned to his boyhood home on the river so that he can finish his painting, River Boy. As Jess helps her ailing grandpa with his work, she becomes entranced by the scene he is painting. Then she becomes aware of a strange presence in the river -- a boy who asks for her help and issues a challenge that will stretch her swimming talents to their very limit. Jess knows that Grandpa and the river boy are connected, but how? Can she take up the river boy's challenge before it's too late for Grandpa? Tim Bowler's gripping narrative flows like a river itself -- gentle and calm at times, turbulent and deep at others, always fluid, always alive. Readers will be swept along by the magic of the river and the mysterious river boy -- and changed forever by Jess's unforgettable journey.

"[A] beautiful book of hope and inspiration . . . Pope Francis speaks frankly about problems facing the young and the elderly, Catholic and non-Catholic."—Publishers Weekly (starred review) Pope Francis examines the role of millennials in the future of the Catholic Church in this urgent call to believers of all generations to work together to build a better world. Since his election in 2013, Pope Francis has reinvigorated the Catholic Church and become one of the most popular global leaders. Now, in this extraordinary interview with journalist Thomas Leoncini, His Holiness reminds Catholics of all ages that "God is young; He is always new." God has energy, spontaneity, and the desire for change—youthful qualities that can be rallied to fight the many problems facing the Catholic Church and the world at large. In this inspiring volume, published in English for the first time, Pope Francis's solution to these challenges is simple: a "revolution of tenderness" that unites believers of all ages in a mission to remake the world. "God is young! God is the Eternal One who has no time, but is able to renew and rejuvenate Himself and all things continually. The most distinctive attributes of the young are also His. He is young because He makes all things new and loves innovation; because He astonishes and loves astonishment; because He dreams and wants us to dream."—Pope Francis Praise for God Is Young "Enlightening . . . The interview is extremely wide-ranging. [Pope Francis's] answers contemplate not only philosophy but such quotidian things as plastic surgery, pets, cell phones, consumerism, and more. The pope's answers are generous in their length, some being even mini homilies. But all are thoughtful and thought-provoking, of interest and benefit to readers of all ages."—Booklist (starred review)

Challenging theoretical concepts, this study of translation extends the field of inquiry to cross-cultural factors and ideology. The corpus spans across languages and literatures, highlighting themes across multimodal genres. It accounts for the universalistic view of interjections, and conversely their linguistic specificity as identity markers.

What has happened to America, and what's become of the American dream? Behind the self-confident image of world's most influential country, we now see a nation tearing itself apart. The United States may be arguably the world's only superpower, but its internal tensions are a symptom of suffering and division, a condition only exacerbated by the election of President Donald Trump. In this searing account, expatriate journalist Alan Friedman returns after thirty years in Europe and examines the real America through the mouths of its citizens. Set against the backdrop of the 2016 presidential election campaign and the inauguration of President Trump, Friedman tells a vivid story of terrible inequality - from the excesses of Wall Street to the grinding poverty of Mississippi - and explores the issues, from racism and gun control to Obamacare, that have polarised a nation. Drawing on his personal interviews with Trump and with Russia's President Putin, Friedman paints a detailed portrait of the new leader of the free world and explores the real risks of the Trump presidency for America and for the world. Dark and provocative, This Is Not America may just be the most important book of the year.

Sophie Morgan is an independent woman in her thirties with a successful journalism career. Intelligent, witty and sarcastic, she could be the girl next door. Except that Sophie is a submissive; in the bedroom she likes to relinquish her power and personal freedom to a dominant man for their mutual pleasure. In the wake of Fifty Shades of Grey, here is a memoir that offers the real story of what it means to be a submissive, following Sophie's story as she progresses from her early erotic experiences through to experimenting with her newfound, awakened sexuality. From the endorphin rush of her first spanking right through to punishments the likes of which she couldn't begin to imagine, she explains in frank and explicit fashion the road she travels. But it isn't until she meets James that her boundaries are really pushed. As her relationship with him travels into darker and darker places the question becomes- where will it end? Can she reconcile her sexuality with the rest of her life and is it possible for the perfect man to also be perfectly cruel? Racy, controversial, but always warm, fun and astoundingly honest this is a fascinating and thought provoking look at a seemingly paradoxical side to human nature and sexuality that no man or woman will be able to put down.

Con il termine generico di cuccioli, ci si riferisce ai piccoli di ogni specie animale, inclusa quella umana. Rivolgere lo sguardo verso questo grande universo di senso apre la via al riconoscimento di inaspettate affinità fra uomini e animali. Da una tale consapevolezza nasce l'idea di questo libro: presentare un'indagine sui cartoni animati, testi dove promiscuamente convivono piccoli di ogni specie. A prescindere da ogni appartenenza, i cuccioli rappresentati nei cartoni emergono come soggetti lievi e delicati, ingenui e coccolosi, carini al punto giusto. Essi si rivolgono al pubblico anche in nome della loro novità, della loro fresca cittadinanza nel mondo comune. Una nuova critica dei cartoni animati non può, allora, che dirigere lo sguardo verso il futuro, mettendo in questione le forme della società di domani. È proprio nell'interazione fra i personaggi delle loro storie che essa viene immaginata e prende, primariamente, forma. I cuccioli si presentano per ciò che sono: portatori sani di futuro e specchio del nostro presente.

The Sweetness of Forgetting

Miles Murphy is not happy to be moving to Yawnee Valley, a sleepy town that's famous for one thing and one thing only: cows. If Miles is going to take the title from this mystery kid, he is going to have to raise his game. It's prankster against prankster in an epic war of trickery, until the two finally decide to join forces and pull off the biggest prank ever seen: a prank so huge that it would make the members of the International Order of Disorder proud. In *The Terrible Two*, bestselling authors and friends Mac Barnett and Jory John have created a series that has its roots in classic middle-grade literature yet feels fresh and new at the same time. Luke Thorpe is a fifteen-year-old wimp. Excellent at maths and terrible at sport, he'd rather keep his head down and get on with his schoolwork. Yet, mysterious and uncontrollable changes in his behaviour and appearance - patches of hair growing rapidly, howling rather than singing the hymns in assembly, sudden growth spurts causing his clothes to rip off - are threatening to rocket him out of obscurity. Join Luke on a journey of discovery, embarrassing mishaps and hilarity as he gets to the bottom of his werewolf roots, joins a pack, and finds himself en route to war against the vampires (whose number include a rather wimpy, but familiar face)...

Revolutionary turmoil in France threatens to cross the English border—and tear apart an increasingly tense marriage—in this “brilliant” gothic thriller (Publishers Weekly, starred review). It is 1792, and Europe is seized by political unrest. In England, Lizzie Fawkes has grown up among Radicals who've followed the French Revolution with eager optimism. But Lizzie has recently married John Diner Tredevant, a developer who is heavily invested in Bristol's housing boom, and he has everything to lose from social upheaval and the prospect of war. As the strain of financial setbacks and the secrets of his past converge upon him, his grip on what he considers his rightful property—including Lizzie—only grows tighter...From an Orange Prize winner and Whitbread Award finalist, this is a novel with a “charged radiance” (The New York Times) that explores romanticism and disillusionment, terror and love, and the dangerous lines between them. “Dunmore knows how to let a narrative move like an arrow in flight...A man rows from Bristol to a glade where he has left his dead wife overnight. He must bury her fast, where no one will find her. From the start, *Birdcage Walk* has the command of a thriller as we keep company with John Diner Tredevant, an 18th-century property developer building a magnificent terrace in Clifton, high above the Avon Gorge. Lizzie, his second wife, does not know the details of what happened to his first. Nor do we know as much as we might suppose...The novel's cast is marvelous and vivid.”—The Guardian “Explores the impact of the French Revolution on 1790s England within the context of a gothic romance set in Bristol...[a] magnificently complex villain.”—Kirkus Reviews
