and mummified nearly a century ago, notorious bootlegger Collier “Peg Leg” Dazzle discovered and re-hid a famous pirate’s treasure somewhere along the coast of New England. A vast collection of gold and silver coins and precious gems, the bounty also contains the Stone of Avarice—the very item reluctant treasure seeker Lizzy Tucker and her partner, Diesel, have been enlisted to find. While Lizzy would just like to live a quiet, semi-normal life, Diesel is all about the hunt. And this hunt is going to require a genuine treasure map and a ship worthy of sailing the seven seas . . . or at least getting them from Salem

Harbor to Maine. Greed is eternal and insatiable, and Lizzy and Diesel aren't the only ones searching for the lost pirate's chest. People who have dedicated their entire lives to finding it are willing to commit murder or make a deal with the devil just to hold the fortune in their hands. One of those people may even be Wulf, Diesel's deceptively charming and enigmatic cousin. Wulf desires the Stone of Avarice. He also desires Lizzy. It's hard to say how far he's willing to go to gain either one. Wicked Charms is a swashbuckling adventure full of raiders, monkeys, minions, and mayhem. Lizzy and Diesel are

going to have to do everything they can to keep their heads above water and hope they're living a charmed life.

Renowned Holocaust scholar Raul Hilberg considered the German railway system that delivered European Jews to ghettos and death camps in Eastern Europe to be not only an essential component of the "machinery of destruction" but also emblematic of the amoral bureaucracy that helped to implement the Jewish genocide. Campfire Stories is a collection of short stories as told by a group of friends while they sit around a campfire. These friends, The Chosen Family, have turned story time into a game. They must decide if each story is true, fiction, or embellished. Can a killer get right with his God

before going to prison? Can true love survive a pandemic lockdown? Will a book found in the floor boards reveal a traumatic past? Will a family's dog lead a detective to a town's secret? Can a missing camper, a broken leg, or a pretty redhead bring an end to life-long friendships?

Throughout the camping trip and story hours, there is something stalking them in the woods just outside of camp. At first the campers brush it off as other campers "fooling around." But one of them believes it is something far more dangerous and unbelievable. By day the campers and their families play in the water, eat, drink, and relax.

Each night, however, is creepier than the one before. By the end of the weekend, they cannot wait to get out of those woods and never go back.

In a time of neither here nor there Rebekah and her brothers travel to town to purchase supplies for their family's inn. They are each also given a single coin to spend as they wish. Rebekah inadvertently buys a book; a diary, and innocently unleashes havoc on all she has ever known and loved. The evil, power-hungry Ara-Quan has come through the mysterious Great Forest into Rebekah's world and will stop at nothing to get the diary. In a race against time,

We started early: The message of energy shortages to come wasn't widely publicized, although it's coming was announced and published in the 1950's. We hope that rolling blackouts are the most with which we will have to cope. In today's culture, even that is a minor disaster. Electricity is

the hinge upon which our lives swing. Most of us can't even tell time without electricity, or when it comes back on, how do we reset the clocks? In fact, every floating automatic device in the house will need resetting. We depend upon electricity for all the niceties of living. What about the necessities? At the funeral, several priests remarked how appropriate it was that Father Conroy should have returned on his last day to Rosnagree, the parish in which he was born. Father Tom Conroy – a spiky, difficult man – dies at a reunion of his seminary colleagues. As this masterly novel unfolds, we are taken through the years that formed this

troublesome priest, who knew his life had been a failure. The Hungry Grass is a sharply witty and moving novel of a world on the cusp of change.

In Poland in the 1940s and '50s, a new kind of Catholic intended to remake European social and political life--not with guns, but French philosophy This collective

intellectual biography examines generations of deeply religious thinkers whose faith drove them into public life, including Karol Wojtyła, future Pope John Paul II, and Tadeusz Mazowiecki, the future prime minister who would dismantle Poland's Communist regime. Seeking to change the way we understand the Catholic Church, World War II, the Cold War, and communism, this study centers on the idea of "revolution." It examines two crucial countries, France and Poland, while challenging conventional wisdom among historians and introducing innovations in periodization,

Why has much of Eastern Europe gone back down the road of exclusionary nationalism and religious prejudice since the end of the Cold War? Piotr H. This documentary is a witness to man's viciousness against his

kind when power-hungry Liberians killed their compatriots for sport. It is hoped the world will not forget the Liberians killed, as recorded in these 120 pages." Informed by a wealth of information that has come to light in recent years, this engaging biography tells the complete story of the life and musical work of Finnish composer Jean Sibelius (1865-1957). Drawing on Sibelius's own correspondence and diaries, contemporary reviews, and the remarks of family and friends, the book presents a rich

account of the events of the musician's life. In addition, this volume is the first to set every work and performable fragment by Sibelius in its historical and musical context.

Filling a significant gap, the biography also provides the first accurate information about much of the composer's early music.

Writing for the general music-lover, Andrew Barnett combines his own extensive knowledge of Sibelius's music with the insights of other scholars and musicians. He lays to rest a number of myths and untruths—that Sibelius

wrote no chamber music of value, for example, and that he stopped composing in 1926 and didn't need to compose to earn a living. Barnett completes the volume with the most thorough worklist available and an authoritative chronology of Sibelius's entire output.

This is the story of Charlie Sullivan and the Monster Hunters of Hunter's Grove. Ante Pavelic was the leader of the fascist party of Croatia (the Ustaše), who, on Adolf Hitler's instruction, became the leader of Croatia after the Nazi invasion of 1941. Pavelic was an extreme Croatian nationalist who believed that the Serbian people were an inferior race - he would preside over a genocide that ultimately killed an estimated 390,000 Serbs during World

War II. Croatia under Ante Pavelić provides the full history of this period, with a special focus on the United States' role in the post-war settlement. Drawing on previously unpublished documents, Robert McCormick argues that President Harry S. Truman's Cold War priorities meant that Pavelić was never made to answer for his crimes. Today, the Ustaše remains difficult legacy within Croatian society, partly as a result of Pavelić's political life in exile in South America. A valued adviser and trusted insider in the highest echelon of U.S. military and political leaders, General Walter Bedell Smith began his public service career of more than forty years at age sixteen, when he joined the Indiana National Guard. His bulldog tenacity earned him an opportunity to work with General George C. Marshall in 1941, playing an essential role in forming the offices of the Combined and Joint Chiefs of Staff; and after his appointment as chief of staff to Dwight D. Eisenhower in 1942, Smith took a central part in planning and

orchestrating the major Allied operations of World War II in Europe. Among his many duties, Smith negotiated and signed the surrenders of the Italian and German armed forces on May 7, 1945.

Smith's postwar career included service as the U.S. ambassador to the Soviet Union, director of the Central Intelligence Agency, and undersecretary of state.

Despite his contributions to twentieth-century American military and diplomatic history, the life and work of Smith have largely gone unappreciated. In Beetle: The Life of General Walter Bedell Smith, D. K. R. Crosswell offers the first full-length

biography of the general, including insights into his close relationships with Marshall and Eisenhower. Meticulously researched and long overdue, Beetle sheds new light on Eisenhower as supreme commander and the campaigns in North Africa, Italy, and Europe . Beetle is the fascinating history of a soldier, diplomat, and intelligence chief who played a central role in many decisions that altered mid-twentieth-century American history.

the meaning of their actions in the greater scheme of things. An individual, in real time and in the middle of events, has little scope for understanding the whole. The dynamic of a regime change involves a journey away from a particular past towards a chosen future, while the practices of the old regime are called into question. The competing visions for a better future often include a reactionary option, looking back towards an older period, perceived as a golden age waiting to be restored. In the aftermath of a regime change the new cadres, seeking to consolidate their power, form the new conservative bloc of the society. When revolutionary forces again begin to gather, the regime disintegrates, and the cycle begins again. So far, regime changes have been analysed as unique, one-off events.
