By 1979, we knew all that we know now about the science of climate change - what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed.Nathaniel Rich's groundbreaking account of that failure - and how tantalizingly close we came to signing binding treaties that would have saved us all before the fossil fuels industry and politicians committed to anti-scientific denialism - is already a journalistic blockbuster, a full issue of the New York Times Magazine that has earned favorable comparisons to Rachel Carson's Silent Spring and John Hersey's Hiroshima. Rich has become an instant, in-demand expert and speaker. A major movie deal is already in place. It is the story, perhaps, that can shift the conversation.In the book Losing Earth, Rich is able to provide more of the context for what did - and didn't - happen in the 1980s and, more important, is able to carry the story fully into the present day and wrestle with what those past failures mean for us in 2019. It is not just an agonizing revelation of historical missed opportunities, but a clear-eyed and eloquent assessment of how we got to now, and what we can and must do before it's truly too late.

African Pentecostals in South Africa

Postcolonial Feminist Interpretation of the Bible

Silent Night, Holy Night

This presents a study at grassroots level on African Pentecostal-type churches in South Africa. Quantitative research covers various churches, and includes statistics on church membership. The qualitative research undertaken covers particular church beliefs, concepts of evil, salvation, the Holy Spirit, healing practices, African traditional beliefs, burial practices and sociopolitical attitudes. The book also looks at aspects such as patterns of recruitment and growth, the reasons for leaving 'mission' or other churches, the worship and liturgy of the different types of African Pentecostal churches and the ways in which African Pentecostalism challenges the whole Christian church in its message and mission. A collection of cross-denominational hymns spanning several centuries, emphasizing original texts and verses.

The burgeoning field of postcolonial studies argues that most theology has been formed in dominant cultures, laden intrinsically with imperializing structures. An essential task facing theology is thus to "decolonize" the mind and free Christianity from colonizing bias and structures. Here, in this truly groundbreaking study, highly respected feminist theologian

Kwok Pui-lan offers the first full-length theological treatment of what it means to do postcolonial feminist theology. She explains her methodological basis and explores several specific topics, including Christology, pluralism, and creation.

Perfect for fans of Rita Williams-Garcia, Thanhha Lai, and Rebecca Stead, internationally bestselling author Nadia Hashimi's first novel for young readers is a coming-of-age journey set in modern-day Afghanistan that explores life as a bacha posh—a preteen girl dressed as a boy. Obayda's family is in need of some good fortune, and her aunt has an idea to bring the family luck—dress Obayda, the youngest of four sisters, as a boy, a bacha posh. Life in this in-between place is confusing, but once Obayda meets another bacha posh, everything changes. Their transformation won't last forever, though—unless the two best friends can figure out a way to make it stick and make their newfound freedoms endure. Nadia Hashimi's first novel for adults, The Pearl That Broke Its Shell, was a bestseller that shares a bacha posh character with One Half from the East.

More Than 60 Bible Stories and Devotions

These beautifully crafted Memoirs reveal to us the journey of life, through childhood and adulthood, of a man who has been sincerely committed to all he undertook. As a teacher and lecturer, a community development worker, an author and devoted Catholic, with his wife and family by his side, he has given himself unreservedly in the service of others. Alongside his reflections about his personal journey, we gain insights into the history and political changes in Lesotho and South Africa, and the evolution of the Catholic Church in that context. Whether interested in what shapes a person's character and how he lives out the values with which he is imbued, or in the transition of South Africa from apartheid to freedom and Lesotho from protectorate to constitutional monarchy, readers will find these Memoirs elucidating and rewarding. Dr Vincent Mhlakaza has already published several collections of short stories (Lekomo, 1992, Seotlong, 1994, Tikamotse, 1999) and Lipale le Litšomo tsa Andersen (2010), a translation of 12 of Hans Christian Andersen's fairy tales. Ad Majorem Dei Gloriam (2016) is a collection of hymns, offered in several South African languages, with tonic sol-fa notation. He has received two first prize literary awards, in 1993 for Lekomo and in 1999 for Tikamotse. A novel, Rapitso, remains unpublished (Sarah Westcott, Oxford, UK).

Document from the year 2019 in the subject Theology - Historic Theology, Ecclesiastical History, Namibia Evangelical Theological Seminary, language: English, abstract: The Protestant missionary movements have for some time come under severe criticism. Writing from a Namibian perspective, Brendell and Prill demonstrate that the overall picture painted by the critics is often harsh. Most Protestant missionaries were driven by compassion for people who needed to hear the Christian Gospel. Of course, that does not mean that they were flawless. Their zeal for the mission of the Church did not prevent missionaries from making serious mistakes. One of these mistakes was the practice of paternalism, as the example of the Rhenish Missionary Society shows.

Noting that the ways of interpreting the Bible now practiced in the West are patriarchal and oppressive of those in other parts of the world, Dube offers an alternative interpretation that attends to and respects needs of women in the two-thirds world. In a provocative and insightful reading of the book of Matthew, she shows us how to read the Bible as decolonizing rather than imperialist literature.

In this book, one of the world's leading scholars on the history of religion in Africa shows how Christianity has been transformed as it has been adopted by black Africans, from the introduction of Christianity in the seventeenth century to the present. Richard Gray finds that Africans have not meekly accepted monolithic Western practices and interpretations but have appropriated Christian faith for specific needs and added to it insights of their own. "Gray's theological conclusions are fascinating, and the book forms a useful contribution to the study of missions in Africa."-Eugeniah Adoyo, Theological Book Review "Gray's most significant contribution is his essay that compares differing concepts of evil in the cosmologies of Christianity and traditional African religions. This compact, well-written volume has extensive footnotes. It is recommended for specialists, graduate students, and advanced undergraduates."-Choice "A thoughtful and informative book, well worth reading."-Joseph C. McKenna, Theological Studies "Concrete and detailed cases support Gray's lucid account of this transformation in Africa."-Wyatt MacGaffey, American Historical Review "The work of a master historian and demonstrates archival detective work and scholarly analysis at its finest. Anyone interested in the introduction and development of Christianity in Africa will find this book particularly valuable."-Roger B. Beck, History: Reviews of New Books "Christianity in Africa has too often been written about by those who recognize only its sociological consequences. Gray . . . writes . . . with insights that are not found often enough in studies of black Christians and white (and black) missionaries in Africa, and this is welcome."-M. Louise Pirouet, International Journal of the African Historical Society

The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations, but with the express purpose of providing the reader with a deep understanding of the music itself. Consequently, there are readings that are chosen because they have been influential, but there are also many which, though published, have not enjoyed very wide circulation. There are those which are of obvious historic interest, and others which speak to contemporary issues. Among other things, the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject. The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally. It is also an excellent resource for those who do not have immediate access to harder-to-find articles, and is perhaps most vital to those who are looking to find a way into the world of South African music.
