Fast on the heels of the New York Times bestseller The Book of General Ignorance comes The Book of Animal Ignorance, a fun, fact-filled bestiary that is sure to delight animal lovers everywhere. Arranged alphabetically from aardvark to worm, here are one hundred of the most interesting members of the animal kingdom explained, dissected, and illustrated, with the trademark wit and wisdom of John Lloyd and John Mitchinson. Did you know, for instance, that ♀ when a young albatross takes wing, it may stay aloft for ten years ♀ vampire bat saliva!unsurprisingly, when you think about it!is the source of the world's most powerful blood thinning drug, appropriately called draculin ♀ bombardier beetles fire a boiling chemical spray out of their rears at 300 pulses per second ♀ a bald eagle's feathers weigh twice as much as its bones ♀ a giant tortoise recently died at the documented age of 255 ♀ octopuses are dexterous enough to unscrew tops from jars ♀ spider silk is so light that a strand long enough to circle the world would weigh as much as a bar of soap? So meet the water bears that can live in suspension for hundreds of years, the parasite carried by your cat that makes men grumpy and women promiscuous, and the woodlouse that drinks through its bottom. Marvel at elephants that walk on tiptoe, pigs that shine in the dark, and woodpeckers that have ears on the ends of their tongues. If you still think a pangolin is a musical instrument, that hyenas are dogs, or that sheep are pointless and stupid, The Book of Animal Ignorance has arrived just in time.

Original Disney Stories Are they really that different from the ones on the movies? Yes, They are. Want an idea of how dark the original Disney stories are? Here's a taste... Rapunzel got pregnant and had twins. Just saying. If you want Scary Disney stories... this book is for you. If you want to read Disney variations... this book is for you. If you want to know the origin of all these stories... you know. This book is a collection of stories from the Brothers Grimm, which are the actual authors of some of the most beloved Disney stories and other well-known folk stories. They compiled all these stories through years of research, to preserve these pieces of the german culture for future generations. Inside you will find the original stories of Snowwhite, Rapunzel, Rumpelstiltskin, Little red riding-hood, Hanzel & Gretel, just to say a few. But these are not like the beautiful stories Disney made you fall in love with. The original stories are raw, dark, and some may even be taken as horror stories. Which makes them great for readers like you, tired of those happily ever after. These stories were created to leave a piece of moral knowledge to the reader. Although not doing so in the most child-friendly way. Which is way more fun!

This course includes authentic material taken from Dorling Kindersley's acclaimed Eyewitness Travel Guides which explore some of the world's top tourist destinations.
