Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it.It's easy to forget that we're only given so much.We ignore it because we're convinced we'll always have more.I am proof that we aren't promised anything.The clock owes us nothing.I know this because not only was Time my name, I wasn't given enough of it.Sure I had challenges but I vowed to make the most of it, of my young life.My limitations wouldn't hold me back.Time was on my side.Then I was told otherwise.Now the clock was working against me.I would face this disease alone.Then he walked in and changed everything for me a reason to fight.He helped me prepare.Like others before me, when time slowed I wasn't ready.I begged for more.But the clock, it stopped for no one.On the day my world went black, I refused to take him with me.Only he didn't listen.I was a doctor.A bringer of bad news.I read the chart.She was fucked.My hands, they were tied.I was a doctor who could not heal what was beyond that door.I had no hope to offer her.But I wanted this over with.The sooner the better.I walked in, looked up and saw color.Not one.All of them.They surrounded her.She was a patient.You did not cross that line.I would not cross that line.I should have kept my eyes closed.Life was easier when you didn't see.But they were open now.They saw her.They saw everything.Suddenly invisible lines ceased to matter.For me, Time mattered.How far would you go to make sure the one you loved had enough of it?Would you challenge the clock?Help them prepare?Could you watch them suffer?Could you accept a life without them in it?Or, would you follow them into the darkness?I did. This is our story.

'Knowledge-First' constitutes what is widely regarded as one of the most significant innovations in contemporary epistemology in the past 25 years. Knowledge-first epistemology is the idea that knowledge per se should not be analysed in terms of its constituent parts (e.g., justification, belief), but rather that these and other notions should be analysed in terms of the concept of knowledge. This volume features a substantive introduction and 13 original essays from leading and up-and-coming philosophers on the topic of knowledge-first philosophy. The contributors' essays range from foundational issues to applications of this project to other disciplines including the philosophy of mind, the philosophy of perception, ethics and action theory. Knowledge First: Approaches in Epistemology and Mind aims to provide a relatively open-ended forum for creative and original scholarship with the potential to contribute and advance debates connected with this philosophical project.

It had seemed so simple, even fun, when they explained it: New York needed non-satellite-based relay towers. Comco sent me to find towns along the needed pathway, to offer to restore some of the boons of civilization in return for an agreement to build, power and guard the towers. After all, it had only been fifty years. I would never have believed that the countryside would have turned barbaric so fast. Thus begins Martin Barrister's journey through an unfamiliar landscape, where his training and skills are of little help, and only quick wits and creativity will allow him to survive. When his job turns out to be a ruse, and he becomes bait in a dispute he can barely fathom, Martin discovers what loyalty is worth. And what civilization is - and isn't - comprised of.

The induction into the Restaurant Hall of Fame inspired Tom Wilscam to write a book to help others achieve the dream of owning a successful restaurant. Initially, Tom owned and operated several well-known restaurants in Colorado and then took his restaurants national. He co-owned two franchise companies, and consulted on the opening of over 80 restaurants across the country. Additionally, Tom founded a company that later became known as Einstein Bros.

Bagels. Tom's career has spanned the development of concepts in the major segment of the restaurant industry--- fast food, fast casual and fine dining. While there are many "how to" books devoted to the restaurant industry, there are few, if any, on the step-by-step specifics of how to open a restaurant. So You Want to Open a Restaurant begins with the necessary first step of writing a Business Plan, and covers the essential critical steps in detail that most novices might never consider. Included are humorous, personal anecdotes related to Tom's 50 years in the industry. If ever you want the satisfaction of sitting in your own successful restaurant, Tom Wilscam's book is a guide to a perfect opening. Knowledge, Experience, Success. It's all in this book. I call it Savor-faire -- I am Pierre Wolfe, and I should know. -- Pierre Wolfe, Celebrity Chef and Radio Talk Show Host This book is a well-thought-out manual for anyone who wishes to open a restaurant. Author Tom Wilscam is a legend in Colorado, having mentored many of today's successful restaurant owners. Readers will be able to use Tom's experiences, both good and bad, to get started in what is a very difficult, but very rewarding business. The days of "Mama cooks good chili and daddy can pour the drinks" are long gone. Today's restaurant operators must have a solid foundation in hospitality business management principles. This book provides a great outline to get related to, as well as a wonderful, personal description of the challenges and rewards of the restaurant business. -- Peter M. Meersman, President & CEO, Colorado Restaurant Association This is a fabulous book. Have you ever considered opening a restaurant? Read Tom Wilscam's book and find out how to do it the right way! -- Eric Carville, Author and Creator of THE MAXWELL WINSTON STONE SERIESPublisher's Web site: http://www.strategicpublishinggroup.com/Title/SoYouWantToOpenARestaurant.html

"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, and on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. The 000R IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.
