Witty yet heartbreaking, conversational yet richly lyrical, John Ashbery's sixteenth poetry collection showcases a mastery uniquely his own And the Stars Were Shining originally appeared in 1994, toward the midpoint of a startlingly creative period in Ashbery's long career, during which the great American poet published no fewer than nine books in ten years. The collection brings together more than fifty compact, jewelike, intensely felt poems, including the well-known "Like a Sentence" ("How little we know, / and when we know it!") and the lyrical, deeply moving thirteen-part title poem recognized as one of the author's greatest. This collection is Ashbery at his most accessible, graceful, and elegiac.

Over the years the motion picture industry has (sadly) gravitated to generating poorly cropped and heavily airbrushed posters that rely far too often on celebrity head shots. Thankfully, an underground network of graphic designers and artists has reinvigorated the art of the movie poster, crafting stunning pieces for classic and cult films. Here is the first comprehensive look at the movement, presenting this eclectic and dynamic medium through more than 200 eye-popping posters from over 100 cutting-edge artists, coupled with fascinating commentary and behind-the-scenes information. These new, underground posters have quickly become the most coveted by ardent moviegoers; they are typically produced in very limited runs, sell out within minutes, and command upwards of several hundred dollars each. With a smart, fresh visual perspective, alternative movie posters celebrate classics like Star Wars, A Clockwork Orange, and The Shining as well as cult favorites: The Big Lebowski, Blade Runner, and Pink Flamingos.

In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute. Roger Ebert awards at least two out of four stars to most of the more than 150 movies he reviews each year. But when the noted film critic does pan a movie, the result is a humorous, scathing critique far more entertaining than the movie itself. I Hated, Hated, Hated This Movie is a collection of more than 200 of Ebert's most biting and entertaining reviews of films receiving a mere star or less from the only film critic to win the Pulitzer Prize. Ebert has no patience for these atrocious movies and minces no words in skewering the offenders.

Witness: Armageddon * (1998) --The movie is an assault on the eyes, the ears, the brain, common sense, and the human desire to be entertained. No matter what they're charging to get in, it's worth more to get out. The Beverly Hillbillies* (1993)--Imagine the dumbest half-hour sitcom you've ever seen, spin it out to ninety-three minutes by making it even more thin and shallow, and you have this movie. It's appalling. North no stars (1994)--I hated this movie. Hated hated hated hated hated this movie. Hated it. Hated every simpering stupid vacant audience-insulting moment of it. Hated the sensibility that thought anyone would like it. Hated the implied insult to the audience by its belief that anyone would be entertained by it. Police Academy no stars (1984)--It's so bad, maybe you should pool your money and draw straws and send one of the guys off to rent it so that in the future, whenever you think you're sitting through a bad comedy, he could shake his head, chuckle tolerantly, and explain that you don't know what bad is. Dear God * (1996)--Dear God is the kind of movie where you walk out repeating the title, but not with a smile. The movies reviewed within I Hated, Hated, Hated This Movie are motion pictures you'll want to distance yourself from, but Roger Ebert's creative and comical musings on those films make for a book no movie fan should miss.

The Outsider

The World's Strongest Librarian

Set in the fictional town of Castle Rock, Maine Stephen King teams up with long-time friend and award-winning author Richard Chizmar for the first time in this original, chilling novella that revisits the mysterious town of Castle Rock. There are three ways up to Castle View from the town of Castle Rock: Route 117, Pleasant Road, and the Suicide Stairs. Every day in the summer of 1974, twelve-year-old Gwendy Peterson has taken the stairs, which are held by strong—if time-rusted—iron bolts and zig-zag up the precarious cliffside. Then one day when Gwendy gets to the top of Castle View, after catching her breath and hearing the shouts of kids on the playground below, a stranger calls to her. There on a bench in the shade sits a man in black jeans, a black coat, and a white shirt unbuttoned at the top. On his head is a small, neat black hat. The time will come when Gwendy has nightmares about that hat... The little town of Castle Rock, Maine has witnessed some strange events and unusual visitors over the years, but there is one story that has never been told—until now. The value of the editor's craft to a finished film cannot be underestimated, and it's no surprise that directors rely heavily on the same editor over and over again. Seventeen exclusive interviews with some of the world's top film editors, including Walter Murch, Virginia

Katz, Joel Cox, Tim Squyres and Richard Marks, explore the art of film editing; its complex processes, the relationship with other film practitioners, and the impact of modern editing techniques. The Filmcraft series is a ground-breaking study of the art of filmmaking?the most collaborative and multidisciplinary of all the arts. Each volume covers a different aspect of moviemaking, offering in-depth interviews with a host of the most distinguished practitioners in the field. Forthcoming titles include Cinematography, Directing, Costume Design, Production Design, Producing, Screenwriting, and Acting.

But virtually nothing has been said about the extraordinary women who raised them. These three extraordinary women passed their knowledge to their children with the hope of helping them to survive in a society that would deny their humanity from the very beginning—from Louise teaching her children about their activist roots, to Berdis encouraging James to express himself through his art, to Alberta basing all of her lessons in faith and social justice. These women used their strength and motherhood to push their children toward greatness, all with a conviction that every human being deserves dignity and respect despite the rampant discrimination they faced. These three mothers taught resistance and a fundamental belief in the worth of Black people to their sons, even when these beliefs put the face of America's racist practices and led to ramifications for all three families' safety. The fight for equal justice and dignity came above all else for the three mothers. These women, their similarities and differences, as individuals and as mothers, represent a piece of history left untold and a celebration of Black motherhood long overdue.

Four Decades of Fear from the Master of Horror

#1 NEW YORK TIMES BESTSELLER • Before *Doctor Sleep*, there was *The Shining*, a classic of modern American horror from the undisputed master, Stephen King. Jack Torrance's new job at the Overlook Hotel is the perfect chance for a fresh start. As the off-season caretaker at the atmospheric old hotel, he'll have plenty of time to spend reconnecting with his family and working on his writing. But as the harsh winter weather sets in, the idyllic location feels ever more remote . . . and more sinister. And the only one to notice the strange and terrible forces gathering around the Overlook is Danny Torrance, a uniquely gifted five-year-old.

Reading is a revolutionary act, an act of engagement in a culture that wants us to disengage. In *The Lost Art of Reading*, David L. Ulin asks a number of timely questions - why is literature

important? What does it offer, especially now? Blending commentary with memoir, Ulin addresses the importance of the simple act of reading in an increasingly digital culture. Reading a book, flipping through hard pages, or shuffling them on screen - it doesn't matter. The key is the act of reading, and it's seriousness and depth. Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book, and the accompanying focus required to let the mind run free in a world that is not one's own. Are we willing to risk our collective interest in contemplation, nuanced thinking, and empathy? Far from preaching to the choir, *The Lost Art of Reading* is a call to arms, or rather, to pages.

In the world of American poetry, Siken's voice is striking.

P. J. Tracy is known for her "fast, fresh, and funny" characters (Harlan Coben) and her "sizzling" plots (*People*); the *Monkeewrench* series was her first, set in Minneapolis and co-written with her mother. Now with *Deep into the Dark* she's on her own—and it's a home run.

An epic war between good and evil, a gory, glorious story that will thrill the millions of hyper-devoted readers of *The Shining* and wildly satisfy anyone new to the territory of this icon in the King canon. King says he wanted to know what happened to Danny Torrance, the boy at the heart of *The Shining*, after his terrible experience in the *Overlook Hotel*. The instantly riveting *DOCTOR SLEEP* picks up the story of the now middle-aged Dan, working at a hospice in rural New Hampshire, and the very special twelve-year old girl he must save from a tribe of murderous paranormals. On highways across America, a tribe of people called *The True Knot* travel in search of sustenance. They look harmless - mostly old, lots of polyester, and married to their RVs. But as Dan Torrance knows, and tween *Abra Stone* learns, *The True Knot* are quasi-immortal, living off the 'steam' that children with the 'shining' produce when they are slowly tortured to death. Haunted by the inhabitants of the *Overlook Hotel* where he spent one horrific childhood year, Dan has been drifting for decades, desperate to shed his father's legacy of despair, alcoholism and violence. Finally, he settles in a New Hampshire town, an AA community that sustains him and a job at a nursing home where his remnant 'shining' power provides the crucial final comfort to the dying. Aided by a prescient cat, he becomes 'Doctor Sleep.' Then Dan meets the evanescent *Abra Stone*, and it is her spectacular gift, the brightest shining ever seen, that reignites Dan's own demons and summons him to a battle for *Abra's* soul and survival . . . The first print run of *DOCTOR SLEEP* in paperback has two jacket styles. These are only available while stocks last and if you are ordering online we cannot guarantee which cover you will receive.

Stephen King Dollar Baby: The Book by Anthony Northrup In the late 1970s, Stephen King had the idea of selling his short stories for ONE DOLLAR and a contract to let young filmmakers make their own films based on his works. After King's approval, these films were only available for viewing at film festivals around the world. For the last forty-plus years and over hundreds of films made, *The Dollar Baby* program has made a serious impact not only on the Stephen King world, but the film industry itself. Unfortunately, for Stephen King fans, unless you attended these film festivals, you basically would never be able to see them. In fact, most Stephen King fans have never even heard of the *Dollar Baby* program. Well, that's where I come in. I have been interviewing *Dollar Baby* filmmakers and reviewing their films for eight years. During that time, not only have I also hosted two *Dollar Baby* Film fests at *Crypticon Horror Con* in Minnesota, but I also built a trust, a bond, and a friendship with all of the *Dollar Baby* community. As a major Stephen King fan, I decided it was time to pull the curtain back and show the fans just what they have been missing. In this book,

readers will learn all about the Dollar Baby program, fun facts, trivia, personal stories from the fans themselves, special guests contributors, essays, Where Are They Now?, 55 exclusive interviews with the Dollar Baby filmmakers and reviews of their films, and a whole lot more! I cover every possible angle of the Dollar Baby program and it's all here to enjoy! So, sit back, relax, and get ready to go behind the exclusive curtain and prepare yourselves to enter...Stephen King Dollar Baby: The Book!
