A NEW YORK TIMES BESTSELLER “Great new book by wonderful and very streeet smart author Dan Bongino, EXONERATED, THE FAILED TAKEDOWN OF PRESIDENT DONALD TRUMP BY THE SWAMP. Dan his all of the crooked points of the greatest Witch Hunt in political history. Nevertheless, the Scan continues!” —President Donald J. Trump An explosive, whistle-blowing expose, Exonerated: The Failed Takedown of Donald Trump by the Swamp reveals how Deep State actors relied on a cynical plug-and-play template to manufacture the now-discredited Russiagate scandal. With the cutting analysis and insight he exhibited in his blockbuster bestseller Spygate: The Attempted Sabotage of Donald J. Trump, Fox News contributor Bongino exposes who masterminded the dangerous playbook to take down Trump, their motives, and how a plan filled with fake allegations backfired—forcing investigators to go the ant and hide their missteps and half-truths in a desperate effort to prove a collusion case that never happened. The result? The misguided multimillion Mueller investigation that tore the nation apart, tried to destabilize the presidency and led, as the world now knows, to nowhere!

Scan on Monday, Sept. 17, the White House Office of the Press Secretary issued the following statement from its entirety: STATEMENT FROM THE PRESS SECRETARY Issued on September 17, 2018 At the request of a number of members of Congress, and for reasons of transparency, the President has directed the Office of the Director of National Intelligence and the Department of Justice (including the FBI) to provide for the immediate declassification of the following materials: (1) pages 10-12 and 17-34 of the June 2017 application to the FBI interview in the matter of Carter W. Page; (2) all FBI reports of interviews with Bruce G. Ohr prepared in connection with the Russia investigation; and (3) all FBI reports of interviews prepared in connection with all Carter Page FISA applications. In addition, President Donald J. Trump has directed the Department of Justice (including the FBI) to publicly release all text messages relating to the Russia investigation, without redaction, of James Comey, Andrew McCabe, Peter Strzok, Lisa Page, and Bruce Ohr. According to press accounts on Monday evening, the documents will be released “expeditiously” with the FISA application coming first, together with the FBI interview reports of Bruce Ohr and Carter Page, and through him on the Trump campaign itself. According to Steele’s deliberately false claim, Carter Page was a central figure in the Trump/Moscow news. The same Justice Department officials knew, when they made the application, that Steele’s dossier was false concerning Page. They never informed the court that Steele’s information had been paid for by Hillary Clinton, Trump’s opponent, and that it had never been verified as required by FISA procedures. Steele’s dirty dossier was used by John Brennan’s CIA as the pretext for entrapment operations against Trump campaign volunteers George Papadopolous and Carter Page, conducted, for the most part, on British soil. All the while, the FBI and others were leaking endlessly to the news media that there was a serious FBI investigation of candidate Trump which implicitly involved charges amounting to treason with respect to Russia. James Comey, Andrew McCabe, Peter Strzok, Lisa Page, and Bruce Ohr were key players in this orchestrated information warfare and political exposure operation against Donald Trump. LaRouche PAC has repeatedly called for the President to declassify, in addition to these documents, all British-spawned documents demanding investigation of Donald Trump and his campaign associates... This is a complete redaction of the Steele dossier, the former chairman of the House Intelligence Committee met with special counsel Robert Mueller. The Mueller had spent more than \$30 million on the investigation, and still no evidence was found. ❌ On March 23, 2017, FBI agents went to the White House to inform Trump about what he’d seen. He’d seen evidence of a plot against the president. While he said there was no physical wiretap of Trump Tower, he was concerned that other surveillance activities were used against Trump and his associates. #3 The media campaign against Trump was backed by leaks of classified information and political dirt provided by Clinton operatives. This was all designed to undermine Trump’s campaign, and later, to bring down the president. #4 Keith Rapp was the first few kicks of Jumpin’ Jack Flash, and the singer ripped his driving cap toward Nunes. The crowd erupted in cheers. Crossfire Hurricane was the name that the FBI gave to its investigation into the Trump campaign.

“Hettena is a first-rate reporter and wonderful story-teller, and the tale he tells is mind-boggling.”—Jane Mayer, author of New York Times bestseller Dark Money “Hettena skillfully weaves many threads—most fresh or rippedly hidden—into a rich tapestry tying together decades of Donald Trump’s deep involvement with Russia.”—DAVID CAY JOHNSTON, author of New York Times bestseller The Making of Donald Trump Uncovering the decades-long association between Donald Trump and Russia Is the 45th President of the United States under the control of a foreign power? Award-winning Associated Press reporter Seth Hettena untangles the story of Donald Trump’s long involvement with Russia in damning detail—including new reporting never before published. As Special Counsel Robert Mueller’s investigation into the relationship between Trump’s campaign and Russian operatives continues, there is growing evidence that Trump has spent decades cultivating ties to corrupt Russians and the post-Soviet state. In Trump Russia: A Definitive History, Seth Hettena chronicles the many years Trump has spent wooing Russian money and power. From the collapse of his casino empire—which left Trump desperate for cash—and his first contacts with Russian deal-makers and financiers, on up to the White House, Hettena reveals the myriad of shady people, convoluted dealings, and strange events that suggest how indebted to Russia our forty-fifth president might be. Using deeply researched reporting, along with newly uncovered information, court documents, and exclusive interviews with investigators and FBI agents, Hettena provides an expansive and essential primer to the Trump/Russia scandal, leaving no stone unturned.

Behind The Steele Dossier puts every reader in the center of the action - from the Steele Dossier’s planning and press contacts to congressional under oath answers and the courtroom. Readers will know what said between Fusion GPS Founder Simpson and former MI-6 Spy Christopher Steele. · Why they prepared the dossier? · Who did they contact - FBI, CIA, DOJ, Media, Sources - and when? · Where did they get their information? Behind The Steel Dossier also reveals: what was said between the FBI-DOJ-CIA on this dossier produced by a “Russian Expert” who left Russia over 25 years ago. No Bias. No Bull: This book intentionally does not contain articles from the media or quotes from Cable-TV. Instead, it contains under oath statements provided by the only persons - Steele, Simpson, and government officials (CIA/FBI/DOJ) - who knew the answers to America’s questions. No anonymous sources. No politically biased remarks - from either Party. Behind The Steele Dossier focuses on the Senate Examination of Glenn Simpson - Fusion GPS founder - who hired Steele to research Trump . Reading The Steele Dossier is easy. But, to develop a deeper understanding, it’s essential to get the reasons it was written. The world needs to understand the motivations, the objectives, the intentions, etc. And that is provided by the under oath answers in this book. · By focusing on this Senate Exam - conducted by attorneys; not politicians - this incredible read concentrates on a fact-based examination by credible counsel from the Senate. These unbiased solicitors provided the world with a non-partisan document: clear and concise with a well-planned outline and excellent timeline. In reading over 3,000 pages of congressional testimony, articles from every angle, letters/memos from politicians; Behind The Steele Dossier cuts through the political bias by publishing facts. Such as these Simpson hearing quotes that we never heard: ‘It’s sort of like when you’e a journalist...you don’t really decide who’s telling the truth ‘ We were encouraging the media to ask questions about whether the FBI... I knew it was the DNC that we were working for - I was asked to provide some information to the Justice Department -The Orthodox Church is also an arm of the Russian State - Putin essentially took over the Russian Jewish Community and Leadership ‘ There was a lot of Jewish immigration...and a lot of those people...became very successful and wealthy. ‘ They (FBI) had other intelligence about this matter from an internal Trump campaign source The Russians were interested in making friends with Republicans. - In British intelligence the methodology’s a little different from American intelligence. There’s a practice of being faithful to what people are saying NOW...it’s time for America to decide AND for the world to see: What’s real news? What’s fake news? Thanks and God Bless America! The Deep State isn’t finished trying to destroy President Donald Trump—they’ve only just begun. Coup d’Etat blows the lid off the Deep State’s efforts to prevent the Trump presidency, disrupt his agenda, and prevent his reelection. In this book you’ll learn:
• The truth behind Robert Mueller’s Special Counsel baseless investigation.
• The identity of the Trump cabinet member who proposed wearing a wire to take down Trump.
• How the FBI entrapped members of the Trump team—and how they unsuccessfully tried the same with Corsi.
• How the Democratic establishment is currently faked evidence of Russian interference.
• The truth behind Julian Assange’s arrest, and what the Deep State wants to prevent him from exposing.
• How the FBI abused FISA law to spy on Trump—and how they tried to hide it.
• Mueller’s continued coverup that the media refuses to report. This is the book the Deep State and the media don’t want you to read.

**THE NEW YORK TIMES BESTSELLER “The story Unger weaves with those earlier accounts and his original reporting is fresh, illuminating and more alarming than the intelligence channel described in the Steele dossier.”—The Washington Post House of Trump, House of Putin offers the first comprehensive investigation into the decades-long relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House. It is a chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump’s inauguration as president of the United States. That moment was the culmination of Vladimir Putin’s long mission to undermine Western democracy, a mission that he and his hand-selected group of oligarchs and Mafia kingpins had ensnared Trump in, starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City. This book confirms the most important political malfeasance. To most, it will be a hair-raising revelation that the Cold War did not end in 1991—that it merely evolved, with Trump’s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union. In the House of Trump, House of Putin, Craig Unger methodically traces the deep-rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia. He traces Donald Trump’s sordid ascent from foundering real-estate tycoon to leader of the free world. He traces Russia’s phoenix-like rise from the ashes of the post-Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower. Without Trump, Russia would have lacked a key component in its attempts to return to imperial greatness. Without Trump, Russia would not be president. This essential book is crucial to understanding the real powers at play in the shadows of today’s world. The appearance of key figures in this book—Paul Manafort, Michael Cohen, and Felix Sater to name a few—ring with haunting significance in the wake of Robert Mueller’s report and as others continue to close in on the truth.**

The real collusion in the 2016 election was not between the Trump campaign and the Kremlin. It was between the Clinton campaign and the Obama administration. The media-Democrat “collusion narrative,” which paints Donald Trump as cat’s paw of Russia, is a studiously crafted illusion. Despite Clinton’s commanding lead in the polls, hyper-partisan intelligence officials decided they needed an “insurance policy” against a Trump presidency. Thus was born the collusion narrative, built on an anonymously sourced “dossier,” secretly underwritten by the Clinton campaign and compiled by a former British spy. Though acknowledged to be “salacious and unverified” at the FBI’s highest level, the dossier was used to build a counterintelligence investigation against Trump’s campaign. Miraculously, Trump won anyway. But his political opponents refused to accept the voters’ decision. Their collusion narrative was now peddled relentlessly by political operatives, intelligence agents, Justice Department officials, and media ideologues—the vanguard of the “Trump Resistance.” Through secret surveillance, high-level intelligence leaking, and tireless news coverage, the public was led to believe that Trump conspired with Russia to steal the election. Not one to sit passively through an onslaught, President Trump fought back in his tumultuous way. Matters came to a head when he fired the FBI director, who had given explosive House testimony suggesting the president was a criminal suspect, despite privately assuring Trump otherwise. The resulting firestorm of partisan protest cowed the Justice Department to appoint a special counsel, whose seemingly limitless investigation bedeviled the administration for two years. Yet as months passed, concrete evidence of collusion failed to materialize. Was the collusion narrative an elaborate fraud? And if so, choreographed by whom? Against media—Democrat caterwalling, a doughty group of lawmakers forced a shift in the spotlight from Trump to his investigators and accusers. This has exposed the depth of politicization within American law-enforcement and intelligence agencies. It is now clear that the institutions on which our nation depends for objective policing and clear-eyed analysis instead themselves scandalously into the divisive politics of the 2016 election. They failed to forge a new Clinton administration. Will they succeed in bringing down President Trump?

The 2016 Election, which altered American political history, was not decided by the Russians or in Ukraine or by Steve Bannon. The event that broke Hillary’s blue wall in the Midwest and swung Florida and North Carolina was an October Surprise, and it was wholly a product of the leadership of the FBI. This is the inside story by the reporter closest to its center. In September 2016, Hillary Clinton was the presumptive next president of the US. She had a blue wall of states leaning her way in the Midwest, and was ahead in North Carolina and Florida, with a better than even shot at taking normally Republican Arizona. The US was about to get its first woman president. Yet within two months everything was lost. An always lightning race saw one seismic correction: it came in October when the FBI launched an investigation into the Clinton staff’s use of a private server for their emails. Clinton fell 3-4 percent in the polls instantly, and her campaign never had time to rebut the investigation or rebuild her momentum so close to election day. The FBI cost the Democrats the election. The Clinton narrative of an agency seized with righteous certainty that waded into the most important political moment in the life of the nation, and has no idea how to back out with dignity. So it doggedly stands its ground, compounding its error. In a momentous display of self-preservation, James Comey, Andrew McCabe, and key Justice Department officials decide to protect their own reputations rather than save the democratic process. Once they make that determination, the race is lost for Clinton, who is helpless in front of their accusation even though she has not intended to commit, let alone actually committed, any crime. A dark true-life thriller with historic consequences set at the most crucial moment in the electoral calendar. October Surprise is a warning, a morality tale and a political and personal tragedy.

#1 NEW YORK TIMES BESTSELLER “I’ve read kind of all the books on this subject... and this is the one you want to read.”—Rachel Maddow Before Ukraine, before impeachment: This is the never-before-told inside story of the high-stakes, four-year-long investigation into Donald Trump’s Russia ties—culminating in the Steele dossier, and sparking the Mueller report—from the founders of political opposition research company Fusion GPS. Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch, two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open-source investigations for businesses and law firms—and opposition research for political candidates. In the fall of 2015, they were hired to look into the finances of Donald Trump. What began as a march through a mind-boggling trove of lawsuits, bankruptcies, and sketchy overseas projects soon took a darker turn: The deeper Fusion dug, the more it came to notice names that Simpson and Fritsch had come across during their days covering Russian corruption—and the clearer it became that the focus of Fusion’s research going forward would be Trump’s entanglements with Russia. To help them make sense of what they were seeing, Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele. He would produce a series of memos—which collectively became known as the Steele dossier—which raised deeply alarming questions about the nature of Trump’s ties to a hostile foreign power. Those memos made their way to U.S. intelligence agencies, and then to President Barack Obama and President-elect Trump. On January 10, 2017, the Steele dossier broke into public view, and the Trump-Russia story reached escape velocity. At the time, Fusion GPS was just a ten-person consulting firm tucked away above a Starbucks near Dupont Circle, but it would soon be thrust into the center of the biggest news story on the planet—a story that would lead to accusations of witch hunts, a relentless campaign of persecution by congressional Republicans, bizarre conspiracy theories, lawsuits by Russian oligarchs, and the Mueller report. In Crime in Progress, Simpson and Fritsch tell their story for the first time—a tale of the high-stakes pursuit of one of the biggest, most important stories of our time—no matter the costs.

TRUMP’S TEAM USING MOLES WITHIN THE DNC That’s a quote from the actual Steele Dossier, but has not hit the mainstream media. Is it true? Who is the mole? Who is the FBI insider in the Trump Campaign? Was Steele credible? Simpson says that he was opposed to Trump, but does he think there was collusion? What about Bruce and Nellie Ohr? Author Daniel David Elies was on the 2010 ballot for Michigan House of Representatives as an Macomb County Independent-Home of the Reagan Democrats. He states: Perhaps we are “fly-over country,” but we make up a significant voting percentage of our Great Nation. In February, he wrote about Simpson stating that the FBI had an internal human source in the Trump Campaign. Three months later it hit the news networks. What facts are the mainstream media failing to tell us? FINALLY! NO BIAS. NO BULL. We don’t need to read about anonymous sources in a paper’s propagandists print. We don’t need to watch hundreds of hours of Congressional testimony. We don’t need to listen to biased broadcast beaming into our homes and uttering unconfirmed nonsense. Follow the Money exposes the labyrinth of connections between D.C.’s slimeiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the assault on Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden’s unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros’s desperate multimillion-dollar plan to stop Trump’s re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller’s investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama’s fixer, obstruction agent Kathryn “Kathy” Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI’s inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and ‘Special Agent 1’ Stephen M. Sommar’s curious obsession

with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book’s most revealing chapters. In which Bongino deconstructs the FBI’s elaborate takedown of Trump’s National Security Advisor, revealing how and why the three-star general was set up not once... but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff’s lies and the Ukraine-call whistleblower’s multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America’s economy and, with it, Trump’s re-election chances. Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this expose is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.

The FBI is suffering its worst crisis ever. The integrity and reputation built over a century is in jeopardy. In 2016, the FBI Director—along with several other senior executives from the Bureau and Justice Department—attempted to falsify one of the most significant presidential elections in American history. Retired FBI agent John Ligato takes you behind the scenes into the bowels of the Bureau’s culture and explains how it happened—and how to fix it. ‘John Ligato holds nothing back. I worked with him undercover and John is absolutely fearless whenever it’s with some mob guy or a bogus bureaucrat. The Comey Gang is the definitive book how the FBI lost its way under James Comey.’—Joe Pinzone, FBI Agent, Retired (aka ‘Donnie Brasco’) ‘I’ve supervised John Ligato and he’s one of a kind. His Marine Corps experience made him a tenacious and mission-oriented FBI agent. John was one of the Bureau’s best undercover operatives and I was always glad that John Ligato was part of my team.’—Anthony Daniels, FBI Assistant Director. Retired ‘I served with John Ligato in Vietnam. Lance Corporal Ligato was in the lead contingent of Marines into Hue City during the ‘68 Tet Offensive. Though would’ve seen several times, John refused medical evacuation and distinguished himself on the battlefield. Believe what he says.’—Major General Ray ‘E-Tool’ Smith, USMC, Retired

The definitive, shocking account of the FIFA scandal—the biggest corruption case of recent years—involving dozens of countries and implicating nearly every aspect of the world’s most popular sport, soccer. Including the World Cup Is “an engrossing and jaw-dropping tale of international intrigue...A riveting book” (The New York Times). The FIFA case began small, boosted by an IRS agent’s review of an American soccer official’s tax returns. But that humble investigation eventually led to a huge worldwide corruption scandal that crossed continents and reached the highest levels of the soccer’s world governing body in Switzerland. “The meeting of American investigative reporting and real-life cop show” (The Financial Times), Ken Bensinger’s Red Card explores the case, and the personalities behind it, in vivid detail. There’s Chuck Blazer, a high-living soccer dad who ascended to the highest ranks of the sport while creating millions from its coffers; Jack Warner, a Trinidadian soccer official whose lust for power was matched only by his boundless greed; and the sport’s most powerful man, FIFA president Sepp Blatter, who held on to his position at any cost even as soccer rotted from the inside out. Remarkably, this corruption existed for decades before American law enforcement officials began to secretly dig, finally revealing that nearly every aspect of the planet’s favorite sport was corrupted by bribes, kickbacks, fraud, and money laundering. Not even the World Cup, the most-watched sporting event in history, was safe from the thick web of corruption, as powerful FIFA officials extracted their bribes at every turn. “A gripping white-collar crime thriller that, in its scope and human drama, ranks with some of the best investigative business books of the past thirty years” (The Wall Street Journal). Red Card goes beyond the headlines to bring the real story to light.

The Comey Gang

Deep State  
“THE DEEP STATE conspired to take down Trump. This book fills in all the details, and names names. All Patriots need to read it.” Alex Jones, founder, Infowars With a new afterword, updated from its hardcover edition, The Plot to Destroy Trump exposes the deep state conspiracy to discredit and even depose the legitimately elected President Donald J. Trump with the fabricated Russian dossier, including: How the unsubstantiated accusations of collusion began with former MI6 agent Christopher Steele, Fusion GPS, and the Democratic National Committee; how the FBI used the opportunity afforded by Russia’s FISA agents, according to Putin’s strategy to create chaos in the West; what the Awakened American media that all played a part in pushing the information to the American public; the congressional CIA and FBI personnel who took the dossier as a hoax with it, despite knowing it was unverified; the roles that George Papadopolous, Carter Page, Bruce and Nellie Ohr, Paul Singer, Paul Manafort, and the Podesta brothers played?or did not play?in the conspiracy against the president How does all of this tie together? And what does it mean for Trump’s presidency and American democracy? Ted Malloch names the players, connects the dots, and explains who was behind the plot to create a red November. With a foreword by New York Times bestseller and Trump confidant Roger Stone, The Plot to Destroy Trump uncovers the biggest political scandal since Watergate.

“December 2016, Luke Harding, the Guardian reporter and former Moscow bureau chief, quietly meets former MI6 officer Christopher Steele in a London pub to discuss President-elect Donald Trump’s Russia connections. A month later, Steele’s now-famous dossier sparks what may be the biggest scandal of the modern era. The names of the Americans involved are well-known, but here Harding also shines a light on powerful Russian figures whose motivations and instructions may have been coming from the highest echelons of the Kremlin. Harding takes the reader through every bizarre and disquieting detail of the Trump-Russia story, an event so huge it involves international espionage, off-shore banks, sketchy real estate deals, the Miss Universe pageant, mobsters, money laundering, poisoned identities, computer hacking, and the most shocking election in American history.” -- Provided by publisher.

Fox News legal analyst Gregg Jarrett reveals the real story behind Hillary Clinton’s deep state collaborators in government and exposes their nefarious actions during and after the 2016 election. The Russia Hoax reveals how persons within the FBI and Barack Obama’s Justice Department worked improperly to help elect Hillary Clinton and defeat Donald Trump in the 2016 presidential election. When this suspected effort failed, those same people appear to have pursued a contrived investigation of President Trump in an attempt to undo the election results and remove him as president. The evidence suggests that partisans within the FBI and the Department of Justice, driven by personal animosity and a misplaced sense of political righteousness, surreptitiously acted to subvert electoral democracy in our country. The book will examine: How did Hillary Clinton manage to escape prosecution despite compelling evidence she violated the law? Did Peter Strzok, James Comey, Andrew McCabe, Loretta Lynch, and others obstruct justice by protecting Clinton? Why was there never a legitimate criminal investigation into the Clinton-KGB affair?

“An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this expose is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.” “The FBI and DOJ improperly use a discredited “dossier” about Trump to obtain a FISA warrant to spy on Trump associates? Should Mueller have disqualified himself under the special counsel law based on glaring conflicts of interest? Was fired National Security Adviser Michael Flynn unfairly charged with making a false statement? With insightful analysis and a fact-filled narrative, The Russia Hoax delves deeply into Democrat wrongdoing. Corey R. Lewandowski and David N. Bossie, the authors of the blockbuster, Let Trump Be Trump: the Inside Story of His Rise to the Presidency, are back with their next New York Times bestseller. The assault on the 45th president began immediately following Donald J. Trump’s victory in the 2016 presidential election. It was then that Democrats concocted the absurd story of Russian spies and international plots as an excuse for Hillary’s humiliating defeat. It was in those early days, too, during the presidential transition, when enemies of Donald Trump began to tunnel their way into the White House with the intent to undermine the president and subvert his agenda. Perhaps there are no two people better to tell what is certain to be the story of our lifetime than Corey R. Lewandowski and David N. Bossie. The guys in the room who brought you the bestselling account of the 2016 Donald J. Trump for President campaign. Let Trump Be Trump, Lewandowski and Bossie now offer a first-hand account of what is, perhaps, the battle for the life of our very democracy. Using unparalleled, behind-the-scenes sourcing from inside the White House and on Capitol Hill, and access to the president and other key players, Trump’s Enemies offers a never-before-seen look deep into the forces aligned against the president. Lewandowski and Bossie were present in Trump Tower and at Bedminster during the presidential transition and saw the events that gave root to the unselected “resistance” in the White House today. Bossie was witness to the moment the fake Russia investigation was enacted by James Comey, who legitimized the phony “Steele dossier” by presenting it to the new president-elect. A close confidant of the president, Lewandowski knows what goes on behind the West Wing walls as well as anyone. But Trump’s Enemies is also the story of how President Trump is fighting back. In the face of a gale of media disinformation and the looming black cloud of Mueller’s politically motivated investigation, President Trump has still managed to accomplish more than any of his predecessor in the short time he’s been in office. Often traveling with the president on Air Force One to rallies around the country, Lewandowski and Bossie tell, as no one else can, the story of Donald Trump bringing his message to the people who are the only ones who should decide the future of his presidency—the American voters.

There are questions that the Mueller report couldn’t -- or wouldn’t -- answer. What instigated the Russia investigation? Did President Trump’s meddling incriminate him? There’s no mystery to what Trump thinks. He claims that the Deep State, a cabal of career bureaucrats, is concerned only with protecting its own power and undermining the democratic process. Conversely, James Comey has defended the FBI as incorruptible apolitical public servants who work tirelessly to uphold the rule of law. James B. Stewart sifts these conflicting accounts to present a clear-eyed view of what happened inside the FBI in the lead-up to the 2016 election, drawing on scores of interviews with key FBI, Department of Justice, and White House officials and voluminous transcripts, notes, and internal reports.This is the saga of the FBI’s simultaneous investigations of both Hillary Clinton and Donald Trump. Stewart shows what was set in motion when Trump fired Comey, triggering the appointment of Robert Mueller as an independent special counsel and causing the FBI to open a formal investigation into the president himself. This unprecedented event joined in ongoing combat the presidency and the Federal Bureau of Investigation. There is no room for compromise, but plenty for collateral damage. Deep State goes beyond the limits of the legally constrained Mueller report, showing how the president’s obsession with the idea of a conspiracy against him is still opening lives and sending shockwaves through both the FBI and the Department of Justice.

#1 New York Times Bestseller now in paperback with new material The inspiration for The Comey Rule, the Showtime limited series starring Jeff Daniels premiering September 2020 In his book, former FBI director James Comey shares his never-before-told experiences from some of the highest-stakes situations of his career in the past two decades of American government, exploring what good, ethical leadership looks like, and how it drives sound decisions. His journey provides an unprecedented entry into the corridors of power, and a remarkable lesson in what makes an effective leader. Mr. Comey served as director of the FBI from 2013 to 2017, appointed to the post by President Barack Obama. He previously served as U.S. attorney for the Southern District of New York, and the U.S. deputy attorney general in the administration of President George W. Bush. From prosecuting the Mafia and Martha Stewart to helping change the Bush administration’s policies on torture and electronic surveillance, overseeing the Hillary Clinton e-mail investigation as well as ties between the Trump campaign and Russia, Comey has been involved in some of the most consequential cases and policies of recent history.

A Pulitzer Prize winning investigative journalist’s journey into a billion-dollar secret industry that is shaping our world – the booming business of private spying, operatives-for-hire retained by companies, political parties and the powerful to dig up dirt on their enemies and, if need be, destroy them. For decades, private eyes from Allan Pinkerton, who formed the first detective agency in the U.S., to Jules Kroll, who transformed the investigations business by giving it a corporate veneer, private spies were content to stand in the shadows. Now, that is all changing. High-profile stories grabbing recent headlines – the Steele Dossier, Black Cube, the Theranos scandal, Harvey Weinstein’s attacks on his accusers – all share a common thread, the involvement of private spies. Today, operatives-for-hire are influencing presidential elections, the news media, government policies and the fortunes of companies. . They are also peering into our personal lives as never before, using off-the-shelf technology to listen to our phone calls, monitor our emails, and decide what we see on social media. Private spying has never been cheaper and the business has never been more lucrative-just as its power has never been more pervasive. Spooked Is a fast-paced, disturbing and, at times, hilarious tour through the shadowlands of private spying and its inhabitants, a grab-bag collection of ex-intelligence operatives, former journalists and lost souls. In this hidden world, information is currency, double-crosses are commonplace, and hacking can be standard procedure. Drawing on his journalistic expertise and unique access to sources, Barry Meier uncovers the secrets private spies want to keep hidden.

Spooked

The World According to China

Plot and the New York Times names one bestseller Disloyal tells the behind-the-scenes story of what can happen to you — and what really happened to him — when a President who believes himself to be above the law decides to go after his critics. . . . When Michael Cohen’s secret payoff to porn star Stormy Daniels on behalf of Donald Trump made Cohen look like a liability to the by-then-President of the United States, the end to their decade-long relationship came swiftly — with a knock on the door from the FBI. Soon, Cohen would find himself imprisoned — even though he had plenty of evidence to show he was

*innocent of most of the charges. Meanwhile, with the release of the Steele Dossier, Cohen also found himself battling endless news reports citing the Dossier's claims that he'd had clandestine dealings with Russia — reports that only mounted despite his exoneration by the Mueller Report. In a story now being echoed in recent breaking news stories about IRS persecution of other Trump foes such as former FBI head James Comey and others, Cohen details — in his inimitable blunt language, with absolutely no holds barred and naming names — his attempt to clear his name and tell the truth about Donald Trump. Chillingly, he also makes clear what happens when you try to speak truth to power, and the power knows no bounds.*

*TRUMP'S TEAM USING MOLES WITHIN THE DNC That's a quote from the actual Steele Dossier that is in this book, but has not hit the mainstream media. Is it true? Who's the mole? Who's the FBI insider in the Trump Campaign? Was Steele credible? Simpson says that he was opposed to Trump, but does he think there was collusion with the Russians? What about Bruce and Nellie Ohr? Author Daniel David Elles was on the 2010 ballot for Michigan House of Representatives as an Independent in Macomb County, Michigan – Home of the Reagan Democrats. He states: Perhaps we are “fly-over country”, but we make up a significant voting percentage of our Great Nation. In February, he wrote about Simpson specifically stating that the FBI had an internal human source in the Trump Campaign. Three months later it hit the news networks. What facts are the mainstream media failing to tell us? FINALLY! NO BIAS. NO BULL. We don't need to read about anonymous sources in a paper's propagandists print. We don't need to watch hundreds of hours of Congressional testimony. We don't need to listen to biased broadcast beaming into our homes and uttering unconfirmed nonsense. With questions from Congress – Rep. Adam Schiff (D-CA) and Rep. Trey Gowdy (R-CA) and many more – YOU will get the facts straight from the source: · Fusion GPS Founder & CEO Glenn Simpson · CIA Director Brennan · FBI Director Comey · DOJ Associate Deputy AG Bruce Ohr · FBI Deputy Assistant Director Peter Strzok · Former M16 Crown Servant Christopher Steele (U.K. court records) WHO KNEW WHAT AND WHEN? The Steele Dossier purposely does not publish news articles from The Right or The Left. Instead, it incorporates high ranking officials' under oath testimony to Congress and Declarations contained in official court documents in America and “Across the Pond”. From Steele's sworn Statement of Truth in the Queen's High Bench Division to the conclusions made in Simpson's testimonies before the House and the Senate, YOU will be in the center of the action. How's that? Because Simpson's final hour of his Senate Examination is included in full. No edits. Moreover, this untelevised examination was conducted by attorneys for Senator Grassley (R-IA) and Senator Feinstein (D-CA)...NOT POLITICIANS! In reading over 3,000 pages of congressional testimony, articles from every angle, letters/memos from politicians: The Steele Dossier cuts through the political bias by publishing facts. For example, below are some Simpson quotes that we never heard. It's sort of like when you're a journalist...you don't really decide who's telling the truth. The Orthodox Church is also an arm of the Russian State. We were encouraging the media to ask questions about whether the FBI... I knew it was the DNC that we were working for. I was asked to provide some information to the Justice Department. Putin essentially took over the Russian Jewish Community and Leadership. The Russians were interested in making friends with Republicans. There was a lot of Jewish immigration...and a lot of those people...became very successful and wealthy. In British intelligence the methodology's a little different from American intelligence. There's a practice of being faithful to what people are saying NOW...it's time for America to decide AND for the world to see: What's real news? What's fake news? Thanks and God Bless America! *This thrilling page-turner describes the lives of the most controversial men of our era and how they impacted each other. We now realize that the greatest threat to our country can come from within as well as those not in our own country. Can an administration ignore laws and attack democratic institutions without damaging democracy? These shocking revelations are not without some humor to brighten what are otherwise dark and scary truths.*

Sample Book Insights: #1 The SMA is an unofficial coalition of crybaby Democrats, holier-than-thou liberal media pundits, and delusional Never-Trumpers who have dedicated themselves to the takedown of the president of the United States, Donald Trump. #2 Ukraine is a valued partner of the United States, and it plays an important role in our national security. It was vital to Russian interests, and it was vital to American interests. And that made it vital to anyone with self-interests in generating cash. #3 The black ledger that brought down Paul Manafort was initially reported by the New York Times in September 2016. It was a document that detailed \$12.7 million in undisclosed cash payments designated for Manafort from Ukraine's pro-Russian political party from 2007 to 2012. #4 The existence of the black ledger gave prosecutors leverage over Paul Manafort, the campaign manager, and Rick Gates, his business partner and deputy campaign chairman. If there was collusion between the Trump campaign and Russia, these were the guys who would know about it.*

*This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or “collusion,” between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.*

*An economic and military superpower with 20 percent of the world’s population, China has the wherewithal to transform the international system. Xi Jinping’s bold calls for China to “lead in the reform of the global governance system” suggest that he has just such an ambition. But how does he plan to realize it? And what does it mean for the rest of the world? In this compelling book, Elizabeth Economy reveals China’s ambitious new strategy to reclaim the country’s past glory and reshape the geopolitical landscape in dramatic new ways. Xi’s vision is one of Chinese centrality on the global stage, in which the mainland has realized its sovereignty claims over Hong Kong, Taiwan, and the South China Sea, deepened its global political, economic, and security reach through its grand-scale Belt and Road Initiative, and used its leadership in the United Nations and other institutions to align international norms and values, particularly around human rights, with those of China. It is a world radically different from that of today. The international community needs to understand and respond to the great risks, as well as the potential opportunities, of a world rebuilt by China.*

*In the autumn of 2015, the founders of the US political research firm Fusion GPS, Glenn Simpson and Peter Fritsch, were hired by a Republican presidential candidate to look into the records of Donald Trump. What began as a march through a mind-boggling trove of lawsuits and sketchy overseas projects soon took a darker turn, as they became the first to uncover Trump’s disturbing ties to the Kremlin and the crimes that since have plagued his presidency. To help them decipher this alarming evidence, they engaged the services of an old acquaintance, the former British M16 agent and Russia expert Christopher Steele. Steele would produce the notorious dossier which disclosed that the Trump team was deeply compromised by a hostile foreign power bent on disrupting the West and influencing the US presidential election. In Crime in Progress, the authors - and Steele - break their silence for the first time, chronicling their high-stakes investigation and their desperate efforts to warn both the American and British governments, the FBI and the media, to little avail - and no matter the costs. Yet when the dossier finally exploded onto the world stage after a leak, a ten-person research firm above a Starbucks in Washington was thrust into the centre of the biggest news story on the planet - a story that would lead to the Mueller report and disrupt Trump’s secret planned rapprochement with Putin’s Russia that could have re-ordered the western alliance. After four years on his trail, the authors’ inescapable conclusion is that Trump is an asset of the Russian government, whether he knows it or not. A real-life political thriller with the makings of a modern classic, Crime in Progress is the definitive story of the pursuit of the truth about Trump and one of the greatest betrayals in American history.*

*#1 NEW YORK TIMES BESTSELLER • The vital inside account of American democracy in its darkest hour, from the rise of autocracy unleashed by Trump to the January 6 insurrection, and a warning that those forces remain as potent as ever—from the congressman who led the first impeachment of Donald J. Trump “Engaging and informative . . . a manual for how to probe and question power, how to hold leaders accountable in a time of diminishing responsibility.”—The Washington Post With a new afterword by the author In the years leading up to the election of Donald Trump, Congressman Adam Schiff had already been sounding the alarm over the resurgence of autocracy around the world, and the threat this posed to the United States. But as he led the probe into Donald Trump’s Russia and Ukraine-related abuses of presidential power, Schiff came to the terrible conclusion that the principal threat to American democracy now came from within. In Midnight in Washington, Schiff argues that the Trump presidency has so weakened our institutions and compromised the Republican Party that the peril will last for years, requiring unprecedented vigilance against the growing and dangerous appeal of authoritarianism. The congressman chronicles step-by-step just how our democracy was put at such risk, and traces his own path to meeting the crisis—from serious prosecutor, to congressman with an expertise in national security and a reputation for bipartisanship, to liberal lightning rod, scourge of the right, and archenemy of a president. Schiff takes us inside his team of impeachment managers and their desperate defense of the Constitution amid the rise of a distinctly American brand of autocracy. Deepening our understanding of prominent public moments, Schiff reveals the private struggles, the internal conflicts, and the triumphs of courage that came with defending the republic against a lawless president—but also the slow surrender of people that he had worked with and admired to the dangerous immorality of a president engaged in an historic betrayal of his office. Schiff’s fight for democracy is one of the great dramas of our time, told by the man who became the president’s principal antagonist. It is a story that began with Trump but does not end with him, taking us through the disastrous culmination of the presidency and Schiff’s account of January 6, 2021, and how the antidemocratic forces Trump unleashed continue to define his party, making the future of democracy in America more uncertain than ever.*

*This New York Times bestselling Trump biography from a major American intellectual explains how a renegade businessman became one of the most successful -- and necessary -- presidents of all time. In The Case for Trump, award-winning historian and political commentator Victor Davis Hanson explains how a celebrity businessman with no political or military experience triumphed over sixteen well-qualified Republican rivals, a Democrat with a quarter-billion-dollar war chest, and a hostile media and Washington establishment to become president of the United States -- and an extremely successful president.*

*Trump alone saw a political opportunity in defending the working people of America's interior whom the coastal elite of both parties had come to scorn, Hanson argues. And Trump alone had the instincts and energy to pursue this opening to victory, dismantle a corrupt old order, and bring long-overdue policy changes at home and abroad. We could not survive a series of presidencies as volatile as Trump's. But after decades of drift, America needs the outsider Trump to do what normal politicians would not and could not do.*

*#1 NEW YORK TIMES BESTSELLER "History matters to McCain, and for him America is and was about its promise. The book is his farewell address, a mixture of the personal and the political. I have loved my life," he writes. "All of it." The Restless Wave is a fitting valedictory for a man who seldom backed down."—The Guardian (US) "A book-length meditation on what it means to face the hard challenges of long life and the sobering likelihood of imminent death...A reflection on hardship, a homily on purpose, a celebration of life — and a challenge to Americans to live up to their values and founding principles at a time when both are in jeopardy."—The Boston Globe In this candid political memoir from Senator John McCain, an American hero reflects on his life and what matters most. "I don't know how much longer I'll be here. Maybe I'll have another five years...Maybe I'll be gone before you read this. My predicament is, well, rather unpredictable. But I'm prepared for either contingency, or at least I'm getting prepared. I have some things I'd like to take care of first, some work that needs finishing, and some people I need to see. And I want to talk to my fellow Americans a little more if I may." So writes John McCain in this inspiring, moving, frank, and deeply personal memoir. Written while confronting a mortal illness, McCain looks back with appreciation on his years in the Senate, his historic 2008 campaign for the presidency against Barack Obama, and his crusades on behalf of democracy and human rights in Eastern Europe and the Middle East. Always the fighter, McCain attacks the spurious nationalism and political polarization afflicting American policy. He makes an impassioned case for democratic internationalism and bi-partisanship. He recalls his disagreements with several presidents, and minces no words in his objections to some of President Trump's statements and policies. At the same time, he tells stories of his most satisfying moments of public service and offers a positive vision of America that looks beyond the Trump presidency. The Restless Wave is John McCain at his best.*

*The incredible, harrowing account of how American democracy was hacked by Moscow as part of a covert operation to influence the U.S. election and help Donald Trump gain the presidency. "Russian Roulette is...the most thorough and riveting account." -- The New York Times Russian Roulette is a story of political skulduggery unprecedented in American history. It weaves together tales of international intrigue, cyber espionage, and superpower rivalry. After U.S.-Russia relations soured, as Vladimir Putin moved to reassert Russian strength on the global stage, Moscow trained its best hackers and trolls on U.S. political targets and exploited WikiLeaks to disseminate information that could affect the 2016 election. The Russians were wildly successful and the great break-in of 2016 was no "third-rate burglary." It was far more sophisticated and sinister – a brazen act of political espionage designed to interfere with American democracy. At the end of the day, Trump, the candidate who pursued business deals in Russia, won. And millions of Americans were left wondering, what the hell happened? This story of high-tech spying and multiple political feuds is told against the backdrop of Trump's strange relationship with Putin and the curious ties between members of his inner circle -- including Paul Manafort and Michael Flynn -- and Russia. Russian Roulette chronicles and explores this bizarre scandal, explains the stakes, and answers one of the biggest questions in American politics: How and why did a foreign government infiltrate the country's political process and gain influence in Washington?*

*In the summer of 2015, as he vaulted to the lead among the many GOP candidates for president, Donald Trump was the only one dodged by questions about his true intentions. This most famous American businessman had played the role of provocateur so often that pundits, reporters, and voters struggled to believe that he was a serious contender. Trump stirred so much controversy that his candidacy puzzled anyone who applied ordinary political logic to the race. But as Michael D'Antonio shows in Never Enough, Trump has rarely been ordinary in his pursuit of success and his trademark method is based on a logic that begins with his firm belief that he is a singular and superior human being. As revealed in this landmark biography, Donald Trump is a man whose appetite for wealth, attention, power, and conquest is practically insatiable. Declaring that he is still the person he was as a rascally little boy, Trump confesses that he avoids reflecting on himself "because I might not like what I see" and he believes "most people aren't worthy of respect." A product of the media age and the Me Generation that emerged in the 1970s, Trump was a Broadway showman before he became a developer. Mentored by the soundrel attorney Roy Cohn, Trump was a regular on the New York club scene and won press attention as a dashing young mogul before he had built his first major project. He leveraged his father's enormous fortune and political connections to get his business off the ground, and soon developed a larger-than-life persona. In time, and through many setbacks, he made himself into a living symbol of extravagance and achievement. Drawing upon extensive and exclusive interviews with Trump and many of his family members, including all his adult children, D'Antonio presents the full story of a truly American icon, from his beginnings as a businessman to his stormy romantic life and his pursuit of power in its many forms. For all those who wonder: Just who is Donald Trump?, Never Enough supplies the answer. He is a promoter, builder, performer and politician who pursues success with a drive that borders on obsession and yet, has given him, almost everything he ever wanted.*

*"I don't take responsibility at all." Those words of Donald Trump at a March 13, 2020, press conference are likely to be history's epitaph on his presidency. A huge swath of Americans has put their faith in Trump, and Trump only, because they see the rest of the country building a future that doesn't have a place for them. If they would risk their lives for Trump in a pandemic, they will certainly risk the stability of American democracy. They brought the Trumpocalypse upon the country, and a post-Trumpocalypse country will have to find a way either to reconcile them. In Trumpocalypse, David Frum looks at what happens when a third of the electorate refuses to abandon Donald Trump, no matter what he does. Those voters aren't looking for policy wins. They're seeking cultural revenge. It is not enough to defeat Donald Trump on election day 2020. Even if Trump peacefully departs office, the trauma he inflicted will distort American and world politics for years to come. Americans must start from where they are, build from what they have, to repair the damage Trump inflicted on the country. To amend the wrongs that Americans can do better. David Frum shows how—and inspires all readers of all points of view to believe again in the possibilities of American life. Trumpocalypse is both a warning of danger and a guide to reform that will be read and discussed for years to come.*
