*Circle of Six is the true story of what is perhaps the most notorious case in the history of the New York Police Department. It details Randy Jurgensen's determined effort to bring to justice the murderer of Patrolman Phillip Cardillo, who was shot and killed inside Harlem's Mosque #7 in 1972, in the midst of an all-out assault on the NYPD from the Black Liberation Army. The New York of this era was a place not unlike the Wild West, in which cops and criminals shot it out on a daily basis. Despite the mayhem on the streets and the Machiavellian corridors of Mayor Lindsay's City Hall, Detective Jurgensen single-handedly took on the Black Liberation Army, the Nation of Islam, NYPD brass, and City Hall, capturing Cardillo's killer, Lewis 17X Dupree. He broke the case with an unlikely accomplice, Foster 2X Thomas, a member of the Nation of Islam who became Jurgensen's witness. The relationship they formed during the time before trial gave each of the two men a greater perspective of the two sides in the street war and changed them forever. In the end, Jurgensen had to settle for a conviction on other charges, and Dupree served a number of years. The murder case is still officially unsolved. In 2006 the NYPD re-opened the case, and it is once again an active investigation with full media attention. The book has received acclaim from current New York City Police Commissioner Ray Kelly, as well as former Commissioner William Bratton.*

*The son of Roy DeMeo, the head of the Gambino crime family's squad of killers and thieves, describes coming of age in the world of organized crime, the murder of his father when he was seventeen, his love for his father despite his criminal career, and his determination to escape his father's doomed and dangerous life. *impact of the fabled Elephant 6 collective and the baffling exodus of its larger-than-life luminary, Neutral Milk Hotel frontman Jeff Mangum Years after its release, Neutral Milk Hotel's In the Aeroplane Over the Sea remains one of the most beloved and best-selling albums in all of indie music, hailed as a classic so influential as to be almost synonymous with the ongoing vinyl revival. But despite its outsized impact, a question looms even larger: why did frontman Jeff Mangum, just as the record propelled him to the brink of music superstardom, choose instead to disappear entirely? The mystery has perplexed listeners for decades—until now. In barely two years, Neutral Milk Hotel rose from house show obscurity in Athens, Georgia, to widespread hype and critical acclaim, selling out rock clubs across the country and gracing the tops of numerous year-end best-of lists. But just as his band was reaching the escape velocity necessary to ascend from indie rock success to mainstream superstar, Mangum hit the eject button. After the 1998 release of Aeroplane and a worldwide tour to support it, Mangum stopped playing shows, releasing new music, or even doing interviews. He never explained why, not even to his friends or colleagues, but thanks to both the strength of Aeroplane and his vexing decision to walk away from rock stardom, Neutral Milk Hotel's impact only grew from there. In Endless Endless, Adam Clair finds the answer to indie rock's biggest mystery, which turns out to be much more complicated and fascinating than the myths or popular speculation would have you believe. To understand Mangum and Neutral Milk Hotel and Aeroplane requires a deep dive into the unconventional inner workings of the mercurial*

Endless Endless offers unprecedented access to this notoriously mysterious collective, featuring more than 100 new interviews and dozens of forgotten old ones, along with never-before-seen photos, answering questions that have persisted for decades while also provoking new ones. In this deeply researched account, Endless Endless examines not just how the Elephant 6 came to be so much more than the sum of its parts, but how community can foster art—and how art can build community.*

*Morris "Moe" Dalitz was America's most secretive and most successful mobster. As a major architect of the United States' national crime syndicate, Dalitz was active in various fields of organized crime from 1918 until his death, all while spinning a web of myth and mock-respectability around himself so dense that decades after his demise, most mistake the legend for reality. From Prohibition-era bootlegging to the Reagan years, no other individual was present at so many pivotal events in gangland history. It's impossible to fully understand the modern Mob without knowing about Dalitz, his career, and the cunning publicity campaign that transformed his image from thug to that of a revered philanthropist.*

*LURED FROM THE SAFETY OF HOME -- INTO THE JAWS OF HELL "America's principal chronicler of its greatest psychopathic killers" (The Boston Book Review), Harold Schechter shatters the myth that violent crime is a modern phenomenon -- with this seamless true account of unvarnished horror from the early twentieth century. Journey inside the demented mind of Albert Fish -- pedophile, sadist, and cannibal killer -- and discover that bloodlust knows no time or place.... On a warm spring day in 1928, a kindly, white-haired man appeared at the Budd family home in New York City, and soon persuaded Mr. and Mrs. Budd to let him take their adorable little girl, Grace, on an outing. The Budds never guessed that they had entrusted their child to a monster. After a relentless six-year search and nationwide press coverage, the mystery of Grace Budd's disappearance was solved -- and a crime of unparalleled gore and revulsion was revealed to a stunned American public. What Albert Fish did to Grace Budd, and perhaps fifteen other young children, caused experts to pronounce him the most deranged human being they had ever seen. Presents a retrospective of the actor's illustrious career in film in celebration of his fiftieth birthday, and looks at his current projects, his work with his publishing house, and his personal life. Of all the extraordinary stories to emerge about the war on organized crime, none is quite so bizarre as the U.S. government's 1988 prosecution of the notorious Lucchese crime family, the mob that claimed to "own" New Jersey. Federal authorities called it the most ambitious legal attack ever mounted against underworld figures--a sixty-five-page indictment capping a ten-year investigation that would take out an entire organization, from*

*godfather to street soldier, in one knockout blow. The two-year proceeding became the longest Mafia trial in American history--but it took the jury less than two days to render its verdict: not guilty. On all counts. It was a devastating blow for the government. How did this happen? Robert Rudolph, the only reporter to cover the story from start to finish, answers that question in a book that turns courtroom drama into a rollicking theater of the absurd. At its center are defendants like Jackie "Fat Jack" DiNorscio, the career criminal representing himself, who began the trial by announcing, "I'm a comedian, not a gangster," and then proceeded to turn the legal system on its ear; mob boss Anthony Accetturo, a man of almost unlimited luck, who once avoided prosecution by claiming to have Alzheimer's disease, only to experience a miraculous "cure" when he slipped and fell in the shower after the case against him was dropped; and the philosophy-spouting underboss, Michael Taccetta, who brazenly debated his FBI nemesis on the morals of the underworld and how they applied to the teachings of Socrates and Machiavelli. And there are lawyers, like Vincent "Grady" O'Malley, who'd never lost a case until quarter-backing a government offensive that aimed too high and took too long; and Michael Critchley, who led a Mission Impossible-style defense team that succeeded in putting the government itself on trial. Here is the full story behind what should have been the government's shining hour, and how it turned into one of the most embarrassing.*

*2,000 arrests. 100 off-duty arrests. 6,000 assists. 15 shootings. 8 shot. 4 kills. These are not the performance statistics of an entire NYPD unit. They are the record that makes Detective 2nd Grade Ralph Friedman a legend. Friedman was arguably the toughest cop ever to wear the shield and was the most decorated detective in the NYPD's 170-year history. Stationed at the South Bronx's notorious 41 Precinct, known by its nickname "Fort Apache," Friedman served during one of the city's most dire times: the 1970s and '80s, when fiscal crisis, political disillusionment, an out-of-control*

As an agent with the Bureau of Alcohol, Tobacco and Firearms, William Queen must tackle a number of challenging cases, including going undercover to investigate a group of violent skinheads and infiltrating and busting a ring trafficking in high-powered explosives, drugs, and firearms. In the winter of 1985, he faces his toughest mission to date: he must apprehend Mark Stephens, a notorious narcotics trafficker who has been terrorizing the communities around Los Angeles with frequent rampages involving machine guns and hand grenades. A recluse living in the treacherous backwoods outside the city, Stephens is a cunning survivalist. Nobody has been able to catch him, but Queen is determined to take him down. Queen's unique expertise is not taught in any police academy**

or ATF training seminar—he honed his outdoorsman abilities as a kid. Stephens may have finally met his match in the unwavering Queen, who is adept at hunting and trapping and living for weeks in the wild. Queen will use these skills—along with surveillance, confidential informants, and intelligence gathering—as he doggedly tracks his dangerous quarry, a chase that culminates in a gripping showdown high in the San Bernardino Mountains. A fascinating look into the daily life of an ATF agent and a taut portrayal of a monthlong manhunt, *Armed and Dangerous* depicts a classic race against time—lawman versus outlaw—in a harrowing true story of life-or-death suspense.

Widely acclaimed as America's greatest living film director, Martin Scorsese is also, some argue, the pre-eminent Italian American artist. Although he has treated various subjects in over three decades, his most sustained filmmaking and the core of his achievement consists of five films on Italian American subjects - *Who's That Knocking at My Door?*, *Mean Streets*, *Raging Bull*, *GoodFellas*, and *Casino* - as well as the documentary *Italianamerican*. In *Gangster Priest* Robert Casillo examines these films in the context of the society, religion, culture, and history of Southern Italy, from which the majority of Italian Americans, including Scorsese, derive. Casillo argues that these films cannot be fully appreciated either thematically or formally without understanding the various facets of Italian American ethnicity, as well as the nature of Italian American

cinema and the difficulties facing assimilating third-generation artists. Forming a unified whole, Scorsese's Italian American films offer what Casillo views as a prolonged meditation on the immigrant experience, the relationship between Italian America and Southern Italy, the conflicts between the ethnic generations, and the formation and development of Italian American ethnicity (and thus identity) on American soil through the generations. Raised as a Catholic and deeply imbued with Catholic values, Scorsese also deals with certain forms of Southern Italian vernacular religion, which have left their imprint not only on Scorsese himself but also on the spiritually tormented characters of his Italian American films. Casillo also shows how Scorsese interrogates the Southern Italian code of masculine honour in his exploration of the Italian American underworld or Mafia, and through his implicitly Catholic optic, discloses its thoroughgoing and longstanding opposition to Christianity. Bringing a wealth of scholarship and insight into Scorsese's work, Casillo's study will captivate readers interested in the director's magisterial artistry, the rich social history of Southern Italy, Italian American ethnicity, and the sociology and history of the Mafia in both Sicily and the United States.

**When FBI Special Agent Joe Pistone began what was supposed to be a six-month operation infiltrating New York's Bonanno crime family in 1975, he had no idea what was about to happen. Posing as jewel thief "Donnie Brasco," Pistone would spend the next six years undercover in the Family, witnessing-and sometimes participating in-the Mafia's gruesome activities while gathering enough evidence to send over 200 gangsters to jail. Pistone told his story in the 1988 book Donnie Brasco-a New York Times bestseller and later a feature film starring Johnny Depp and Al Pacino. But because of pending trials at the time of publication, many details of the alleged crimes were omitted. Now, in Donnie Brasco: Unfinished Business, Pistone for the first time reveals with great detail the horrific deeds of wiseguys Tony Mirra, Lefty Ruggiero, Sonny Black, and the rest of the cold-blooded Bonanno crew. He puts the operation into historical perspective, detailing the timeline of Mafia trials from 1981 through 2005 that crippled the New York City crime family. He also recounts his experiences after the operation, his time on the Hollywood set with Pacino and Depp, and other undercover operations through present day. A tense, thrilling account of the greatest infiltration ever by a federal agent into the most brutal gang of killers in the world, Donnie Brasco: Unfinished Business is the final chapter in the story of a real American hero.**

No one can tell the true story of the Mafia in America better than Bill Bonanno. He was there. He lived it. Bill Bonanno was born into a world of respect, tradition, and honor. The son of legendary mafioso Joe Bonanno, Bill was a "made" member of the Mafia by the time he was in his early twenties. He was rumored to be the model for The Godfather's Michael Corleone and was the subject of Gay Talese's best-selling Honor Thy Father. Now retired, Bill is finally ready to give an eyewitness account of his life as a high-ranking captain in the Bonanno crime family, one of America's most powerful Mafia syndicates. He takes you inside the mob at its peak, when New York's Five Families-Bonanno, Gambino, Colombo, Lucchese, and Genovese-not only dominated local businesses, but also controlled national politics. For the first time, Bill Bonanno discloses the machinations behind his marriage to Rosalie Profaci (niece of the powerful don Joe Profaci), and even that cemented the alliance between the two Families with all the pomp and circumstance of a royal wedding. From the truth about the mysterious disappearance of his father to a startling disclosure about he mob's participation in the Kennedy assassination, Bill Bonanno lays bare the inner workings of his chaotic, violent, and surprisingly human world with unparalleled detail and insight. Bound By Honor not only recounts Bill Bonanno's tumultuous life, but also is an engrossing chronicle of organized crime. Bonanno's story provides a remarkable glimpse into all of the intriguing personalities of the underworld of yesterday to

*The electrifying true story that inspired the major new motion picture The Infiltrator Robert Mazur spent years undercover infiltrating the Medellín Cartel's criminal hierarchy. The dirty bankers and businessmen he befriended—some of whom still shape power across the globe—knew him as Bob Musella, a wealthy, mob-connected big shot living the good life. Together they partied in \$1,000-per-night hotel suites, drank bottles of the world's finest champagne, drove Rolls-Royce convertibles, and flew in private jets. But under Mazur's Armani suits and in his Renwick briefcase, recorders whirred silently, capturing the damning evidence of their crimes. The Infiltrator is the story of how Mazur helped bring down the unscrupulous bankers who manipulated complex international finance systems to serve drug lords, corrupt politicians, tax cheats, and terrorists. It is a shocking chronicle of the rise and fall of one of the biggest and most intricate money-laundering operation of all time—an enterprise that cleaned and moved hundreds of millions of dollars a year. Filled with dangerous lies, near misses, and harrowing escapes, The Infiltrator is as bracing and explosive as the greatest fiction thrillers—only it's all true.*
