*As a child, I loved dot to dot puzzles. I liked the idea of having an image form before my eyes as I progressed. However, most books take away the mystery element by filling in a lot of the detail and the mystery already solved before you even start. With the Mystery Dot to Dot series, we want to bring that mystery back. This particular book contains 26 mystery dot to dot puzzles that contain more than 100 dots, with the upper limit being slightly above 200 dots. This creates more detailed and complicated images. Connecting the dots will give you images of animals, vehicles, people and more.Look for the other books in the Mystery Dot to Dot series on Amazon.*
