Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls

as the hope of being rescued.

Essentials of Nursing Law and Ethics is an authoritative resource designed to meet the needs of both nursing students and practicing nurses. This reference is a compilation of two-page chapters covering topics from legal issues related to basic practice such as documentation, patient teaching, and confidentiality to more complex areas of end of life issues and advanced directives.In addition, Essentials of Nursing Law and Ethics includes those issues pertinent to the everyday practice of nurses including refusing patient assignment, sexual harassment in the

In an era of leveraged buyouts, hostile takeovers, rampant real estate speculation, and mounting malpractice suits, business people require a solid grasp of the principles and concepts of the law. FOUNDATIONS OF BUSINESS LAW AND LEGAL ENVIRONMENTS, 4TH prepares students to apply legal concepts to day-to-day business situations and to recognize when they need expert legal counsel, even if they never read another law case.The text combines a clear, concise style with numerous examples, summarized cases and current topics to help make the law relevant to today's students and the business world. The text addresses the full range of traditional business law topics using a simplified, understandable approach. The authors take special effort to present basic legal principles without an abundance of technical detail and legal jargon - making this an ideal choice for students with little or no exposure to business law.

Revised and updated to reflect new technologies in the field, the fourth edition of this popular text takes an in-depth look at the social costs and moral problems that have emerged by the ever expanding use of the Internet, and offers up-to-date legal and philosophical examinations of these issues. It focuses heavily on content control, free speech, intellectual property, and security while delving into new areas of blogging and social networking. Case studies throughout discuss real-world events and include coverage of numerous hot topics. In the process of exploring current issues, it identifies legal disputes that will likely set the standard for future cases.Instructor Resouces:PowerPoint Lecture Outlines

This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.

Test of Evil is based partly on real events that took place in our time, in any well-known and ordinary country and city. This is an evil and deceptive psychological thriller about the heinous and shocking primal murder of a child whose only depravity was his very existence. His dark intentions caused the murder of the child and the piling up of his intentions in front of the police who stubbornly and patiently examine and investigate to catch the perpetrator of the murder. Test of Evil pushes readers into the social fallout resulting from the murder of seven-year-old Isaac Manis. As an investigation into his wrongful death ensues, the terrible forces of deception and manipulation challenge the virtues of truth and justice in a seemingly "upright" society. After seven-year-old Yitzhak Manis was kidnapped from his home and murdered, Lieutenant Michael "Mickey" Holmes, a detective specializing in unsolved crimes, is assigned to investigate the case. Soon, Mickey finds himself entangled in a complex narrative woven by unknown hands. As the pressure mounts by the minute, they pin the blame on Joshua Solomon, a mysterious leader of a nearby religious cult with a long record of child abuse. Although Solomon appears to be a prime suspect, Mickey's deputy, Wally, does not seem convinced. The investigation continues as Solomon awaits trial. Meanwhile, the investigators look inward to discover the truth about young Isaac's private life. A child of a broken home, Isaac's environment is dysfunctional at best. His father, Avraham, treats him with extreme resentment. His stepfather, Gideon, sees him as nothing more than a nuisance. Suspicion begins to brew in the minds of the investigators as they uncover clues about the past lives of all the suspects. Could these revelations be the key to uncovering the truth, or are things really as they seem? Eventually, Solomon was accused of the crime. All efforts to clear his name turned out to be invalid. Just as he prepares to receive punishment, the terrifying truth is revealed. The story is told in a series of quick scenes that heighten the tension and take the reader to a tense conclusion. The Test of Evil is a novel that illustrates a clear picture of a society full of repulsive, indulgent, and psychotic characters. Perfect for lovers of intrigue, thrillers, suspense, and murder mysteries, this is a book recommended to all thriller and thriller lovers as it sheds light on the darkest and most hidden parts of pol
