Writing with a novelist's sensitivity toward language, Kocks explores the idea that Americans have historically looked to the land for answers to society's problems. To illustrate this point, she shows that the frontier state with its homestead program was actually the predecessor of the modern welfare state. Instead of money, the federal government gave away land. Kocks shows how we have "forgotten" the politics and history behind this giveaway and unravels the significance of this forgetting for our national consciousness.

That is, until word of her column brought the job offer she'd been praying for and a choice she never thought she'd have to make: a Manhattan byline or Mule Hollow's most eligible bachelor. Did you know that a dream about a blanket can either be a warning to guard your investments or a sign that you can expect financial gain--depending on the context? Or that a dream about lightning generally precedes good luck? For centuries, Fair Castle stood peaceably enough in the north country of England, until its suddenly impoverished owners were forced to sell it—to a suddenly wealthy American couple who had the castle moved, stone by stone, to a knoll overlooking the Hudson River in New York. There they've lived happily, though not very lavishly, with their daughter and granddaughters, all of them chipping in to give tours of the castle while still nurturing their artistic sides. And then one day, when no one is looking, a tall, dark, and very handsome stranger appears—along with the usual tourists—in the Great Hall of Fair Castle. Wildly rich from the sale of a software company he founded and then sold, William Braddock, Baron of Norwood, is on a mission to conquer all within Fair Castle and then move the thing back to England. Why not? It's his family's castle. It's his beloved grandmother's fond dream, and Will will do anything to make it come true for her. But a fiery opponent stands in his way: Elinor MacLeish, the owners' granddaughter and a successful writer of children's books that are set in a castle very much like the one she lives in. Will finds himself jousting repeatedly with Elinor, except when he's crossing swords with another who also has an agenda. "Dream" is a poem that pitifully mourns the passing of time. The poet's own life, teeming with depression, alcoholism, and misery, cannot but exemplify the subject matter and tone of the poem. The constant dilution of reality and fantasy is detrimental to the poetic speaker's ability to hold reality in his hands. The quiet contemplation of the speaker is contrasted with thunderous passing of time that waits for no man. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Nola and Tina are both girls with problems. They don't know each other yet, but they will, because each is a Creator, with the magical ability to turn dreams into reality. It would be a great gift and a great power—if either knew she had it. But this world is hard on dreamers, whether they dream true or not. Nola is trapped in a terrible, abusive relationship with a man she once loved; Tina is an orphan who makes her living on the street. All their dreams are slowly being ground into dust. It's a common enough tragedy, a sorrow and a grief and a shame upon the world, no matter whom it happens to. But when dreams themselves die, when the great dreamers stop dreaming, whole universes of imagination are lost. And the land of Nola and Tina's dreams is fighting back. Into their miserable everyday world soars Esprit, a winged unicorn dark as the space between the stars. He is the vessel of Nola's dreams, come to aid her in her battle with sordid reality. Following after him comes Prince Michael, whose quest it is to find the human dreamers who can save his land from ruin.

The greatest white female singer ever' is how Boy George described pop icon Cass Elliot, the sixties diva who was at the epicentre of US popular culture and music during the Californian hippy movement. Hailed as America's answer to the Beatles, the Mamas and the Papas' hits such as 'California Dreamin' and 'Monday Monday' became the soundtrack of a generation. Cass's uniquely emotive voice, charismatic wit and outsized multicoloured kaftans singled her out as a popstar who refused to conform to traditional female stereotypes. When she left the Mamas and the Papas, she immediately had a top ten hit with her debut single, 'Dream a Little Dream of Me' and became the queen on Los Angeles society. Her Beverly Hills villa was the scene of legenday parties, becoming the second home of stars such as Jack Nicholson and Grace Slick, but there was a darker side to her fame - after years of continuous dieting and drug addiction, she died mysteriously in London at the age of 33. Including interviews with Cass's friends and family, co-band members Michelle Phillips and Denny Doherty, and many of the famous names who knew her, this is both an insightful biography of an extraordinary singer, and a fascinating glimpse into free-living, free-loving ideals of the sixties as the optimism of the flower-child generation was crushed by the Vietnam War. 'The product of over 100 interviews and four years of research across three continents, it's a fantastic read that goes way beyond thorough . . . Like On a Pale Horse, this second, complete-in-itself novel of the Incarnations of Immortality is a richly imagined and always fascinating story. And again, Piers Anthony adds to his gripping plot a serious, though-provoking study of good and evil. When life seemed pointless to Norton, he accepted the position as the Incarnation of Time, even though it meant living backward from present to past. The other seemily all-powerful Incarnates of Immortality—Death, Fate, War, and Nature—made him welcome. Even Satan greeted him with gifts. But he soon discovered that the gifts were cunning traps. While he had been distracted, he had become enmeshed in a complex scheme of the Evil One to destroy all that was good. In the end, armed with only the

Hourglass, Norton was forced to confront the immense power of Satan directly. And though Satan banished him to Hell, he was resolved to fight on.
