

Drive Right 10th Edition Workbook Teachers

Master radiographic positioning and produce quality radiographs! Bontrager’s Workbook for Textbook of Radiographic Positioning and Related Anatomy, 9th Edition offers opportunities for application to enhance your understanding and retention. This companion Workbook supports and complements Lampignano and Kendrick’s text with a wide variety of exercises including situational questions, laboratory activities, self-evaluation tests, and film critique questions, which describe an improperly positioned radiograph then ask what corrections need to be made to improve the image. A wide variety of exercises include questions on anatomy, positioning critique, and image evaluation, with answers at the end of the workbook, to reinforce concepts and assess learning. Situational questions describe clinical scenarios then ask a related question that requires you to think through and apply positioning into ty specific clinical examples. Chapter objectives provide a checklist for completing the workbook activities. Film critique questions describe an improperly positioned radiograph then ask what corrections need to be made to improve the image, preparing you to evaluate the quality of radiographs you take in the clinical setting. Laboratory exercises provide hands-on experience performing radiographs using phantoms, evaluating the images, and practicing positioning. Self-tests at the end of chapters help you assess your learning with multiple choice, labeling, short answer, matching, and true/false questions. Answers are provided on the Evolve site. NEW! Updated content matches the revisions to the textbook, supporting and promoting understanding of complex concepts. NEW and UPDATED! Stronger focus on computed and digital radiography, with images from the newest equipment to accompany related questions.

All New and Fully Loaded! New Keys to Teaching Success CD includes PowerPoint Presentations you can customize, Computer Test Bank, Teaching Resources, and more! All new Behind the Wheel Video Program with Activity Sheets: the new videos engage students with real-life scenarios. From the new cover to larger font sizes and single column layout, the new design facilitates greater readability and helps differentiate instruction for all types of different learners and different classroom styles!

Over a half-million sold! The sequel, The Unicorn Project, is coming Nov 26
“Every person involved in a failed IT project should be forced to read this book.”—TIM O’REILLY, Founder & CEO of O’Reilly Media
“The Phoenix Project is a must read for business and IT executives who are struggling with the growing complexity of IT.”—JIM WHITEHURST, President and CEO, Red Hat, Inc.
Five years after this sleeper hit took on the world of IT and flipped it on it’s head, the 5th Anniversary Edition of The Phoenix Project continues to guide IT in the DevOps revolution. In this newly updated and expanded edition of the bestselling The Phoenix Project, co-author Gene Kim includes a new afterword and a deeper delve into the Three Ways as described in The DevOps Handbook. Bill, an IT manager at Parts Unlimited, has been tasked with taking on a project critical to the future of the business, code named Phoenix Project. But the project is massively over budget and behind schedule. The CEO demands Bill must fix the mess in ninety days or else Bill’s entire department will be outsourced. With the help of a prospective board member and his mysterious philosophy of The Three Ways, Bill starts to see that IT work has more in common with a manufacturing plant work than he ever imagined. With the clock ticking, Bill must organize work flow streamline interdepartmental communications, and effectively serve the other business functions at Parts Unlimited. In a fast-paced and entertaining style, three luminaries of the DevOps movement deliver a story that anyone who works in IT will recognize. Readers will not only learn how to improve their own IT organizations, they’ll never view IT the same way again. “This book is a gripping read that captures brilliantly the dilemmas that face companies which depend on IT, and offers real-world solutions.”—JEZ HUMBLE, Co-author of Continuous Delivery, Lean Enterprise, Accelerate, and The DevOps Handbook
—— “I’m delighted at how The Phoenix Project has reshaped so many conversations in technology. My goal in writing The Unicorn Project was to explore and reveal the necessary but invisible structures required to make developers (and all engineers) productive, and reveal the devastating effects of technical debt and complexity. I hope this book can create common ground for technology and business leaders to leave the past behind, and co-create a better future together.”—Gene Kim, November 2015

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. “Why should I put time into studying subjects I will never use in real life?” he protested. Without thinking, I responded, “Because if you don’t get good grades, you won’t get into college.”
“Regardless of whether I go to college,” he replied, “I’m going to be rich.”

A Novel about IT, DevOps, and Helping Your Business Win

How the Courage to Be Vulnerable Transforms the Way We Live, Love, Parent, and Lead

Workbook Part 2

Skills and Applications

New English Grammar for ESL Students

Professional wallflower, Nicole Andrews, can't wait to get out of Marlowe Junction. With only one year to go, she is eager to become the best college applicant at Rosemark High. There's only one problem, she still hasn't found a niche to make her appear more well-rounded. When a chance encounter with hottie-extraordinaire, Chase Saunders, pushes her in the direction of cross country, Nicole thinks she's finally found her answer. If only she could focus on her race times, and stop getting distracted by Chase. Will joining the team be enough to make Nicole stand out from the crowd? Or will she lose her heart in the process? A throwback to the early 2000's, Chasing Love will have you longing for the days when Blockbuster was the coolest job in town and varsity letters were prized possessions. Back to when Friday nights were made for football games and sleepovers with the friends you'd do anything for. Mountain Creek Drive series (can be read in any order): Book 1: Stage Kiss by M. F. Lorson Book 2: Leah's Song by Daphne James Huff Book 3: Chasing Love by Kayla Tirrell

As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In *Braiding Sweetgrass*, Kimmerer brings these two lenses of knowledge together to take us on “a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise” (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

Introducing teenSMART®, a scientifically proven driver safety program with videos, workbooks, and an instructor's guide. Available in two versions. Some insurance companies provide a discount for completing the teenSMART® program.

A step-by-step guide to crafting a compelling scholarly book proposal—and seeing your book through to successful publication The scholarly book proposal may be academia's most mysterious genre. You have to write one to get published, but most scholars receive no training on how to do so—and you may have never even seen a proposal before you're expected to produce your own. The Book Proposal Book cuts through the mystery and guides prospective authors step by step through the process of crafting a compelling proposal and pitching it to university presses and other academic publishers. Laura Fortwood-Stacer, an experienced developmental editor and publishing consultant for academic authors, shows how to select the right presses to target, identify audiences and competing titles, and write a project description that will grab the attention of editors—breaking the entire process into discrete, manageable tasks. The book features over fifty time-tested tips to make your proposal stand out, sample prospectuses, a letter of inquiry, and a response to reader reports from real authors; optional worksheets and checklists; answers to dozens of the most common questions about the scholarly publishing process; and much, much more. Whether you're hoping to publish your first book or you're a seasoned author with an unfinished proposal languishing on your hard drive, The Book Proposal Book provides honest, empathetic, and invaluable advice on how to overcome common sticking points and get your book published. It also shows why, far from being merely a hurdle to clear, a well-conceived proposal can help lead to an outstanding book.

Keeping the Republic gives students the power to examine the narrative of what’s going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about “who gets what, and how” while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to them to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Updated with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Eighth Edition is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright. Keeping the Republic, Brief Edition gives your students all the continuity and crucial content in a more concise, value-oriented package. A Complete Teaching & Learning Package SAGE Vantage Digital Original Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers Keeping the Republic, Eighth Brief Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking. Good game design happens when you view your game from as many perspectives as possible. Written by one of the world’s top game designers, The Art of Game Design presents 100+ sets of questions, or different lenses, for viewing a game’s design, encompassing diverse fields such as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, puzzle design, and anthropology. This Second Edition of a Game Developer Front Line Award winner: Describes the deepest and most fundamental principles of game design Demonstrates how tactics used in board, card, and athletic games also work in top-quality video games Contains valuable insight from Jesse Schell, the former chair of the International Game Developers Association and award-winning designer of Disney online games The Art of Game Design, Second Edition gives readers useful perspectives on how to make better game designs faster. It provides practical instruction on creating world-class games that will be played again and again.

Spengler’s work describes how we have entered into a centuries-long “world-historical” phase comparable to late antiquity, and his controversial ideas spark debate over the meaning of historiography.

People Can’t Drive You Crazy If You Don’t Give Them the Keys

Brave Work. Tough Conversations. Whole Hearts.

This is a book to teach young people or anyone how to drive and how to take the driving test to acquire your driver’s license.

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latinis designed to be comprehensive and especially for today’s studentsoffers sections on Latin metricsincludes numerous unaltered examples of ancient Latin prose and poetryincorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and workoffers a comprehensive workbook that provides drills and homework assignments.This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of Latin prose and poetry.

Much later, as he sat with his back against an inside wall of a Motel 6 just north of Phoenix, watching the pool of blood lap toward him, Driver wondered whether he had made a terrible mistake. Later still, of course, there’d be no doubt. But for now Driver is, as they say, in the moment. And the moment includes this blood lapping toward him...

Living in a “perfect” world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

Selling Rights has firmly established itself as the leading guide to all aspects of rights sales and co-publications throughout the world. The seventh edition is substantially updated to illustrate the changes in rights in relation to new technologies and legal developments in the United Kingdom and the rest of the world. This fully revised and updated edition includes: coverage of the full range of potential rights from English-language territorial rights through to serial rights, permissions, rights for the reading-impaired, translation rights, dramatization and documentary rights, electronic and multimedia rights More detailed coverage of Creative Commons and Open Access The aftermath of the Digital Economy Act 2010, the Hooper Report and new UK Statutory Instruments affecting copyright Included coverage of book fairs The implications of adding e-book rights to print licences A separate chapter on collective licensing via Reproduction Rights Organizations The impact of new electronic hardware (e-readers, tablets, mobile phones) – the distinction between sales and licences the rights implications of acquisitions, mergers and disposals updates on serial rights, including online New appendices listing territories normally sought as exclusive by UK publishers and a glossary of rights specific terms. Selling Rights is an essential reference tool and an accessible and illuminating guide to current and future issues for rights professionals and students of publishing.

‘Einstein’s triumph is to write so well that she makes Lena’s predicament not only moving, in a perfunctory dismissive way, but also painful ... [she has] an accurate and acute feeling for language, and pauses, and silence.’ Guardian Lena’s seemingly contented family life is coming apart at the seams. Her husband Ben has been having an affair with the au pair, and as their relationship slides he retreats more and more into his work in a science lab.

Sons Alan and Michael may appear happy enough, but this is far from the case - both are responding to a physical world which they alone inhabit. And Lena - desperately lost and seeking an identity of her own, both inside and outside of her family unit - increasingly finds solace at the bottom of a bottle. An exploration of just how lonely - and how magic - a marriage can be. The Circle is a poignant, poetic and incredibly assured debut novel.

Make workplace conflict resolution a game that EVERYBODY wins! Recent studies show that typical managers devote more than a quarter of their time to resolving coworker disputes. The Big Book of Conflict-Resolution Games offers a wealth of activities and exercises for groups of any size that let you manage your business (instead of managing personalities). Part of the acclaimed, bestselling Big Books series, this guide offers step-by-step directions and customizable tips to heal rifts arising from ineffective communication, cultural/personality clashes, and other specific problem areas—before they affect your organization’s bottom line. Let The Big Book of Conflict-Resolution Games help you to: Build trust Foster morale Improve processes Overcome diversity issues And more. Dozens of physical and verbal activities help create a safe environment for teams to explore several common forms of conflict—and their resolution. Inexpensive, easy-to-implement, and proved effective at Fortune 500 corporations and mom-and-pop businesses alike, the exercises in The Big Book of Conflict-Resolution Games delivers everything you need to make your workplace more efficient, effective, and engaged.

Selling Rights

One of the most successful Grand Prix drivers of all time draws on his extensive racing experience to present a manual of driving technique for both race car drivers and the average motorist

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

Drive Right, 9th edition

The instant #1 New York Times bestseller! It’s the best memoir I’ve ever read!! Oprah Winfrey WWill Smith isn’t holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma.!! USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith’s transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it’s only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn’t see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn’t signed up for. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller The Subtle Art of Not Giving a F*ck, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world’s biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

Workbook for Bontrager’s Textbook of Radiographic Positioning and Related Anatomy - E-Book

Why Is It so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that’s built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller Made to Stick. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In Switch, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealous by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. Switch shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

It’s an essential workbook and exam review all in one! Corresponding to the chapters in Sorrentino and Remmert’s comprehensive text, the Workbook and Competency Evaluation Review for Mosby’s Textbook for Nursing Assistants, 10th Edition reinforces your understanding with numerous exercises and review questions — including matching, multiple-choice, labeling, crosswords, and mini case studies. Checklists for each of the 100+ procedures in the text help you study key skills. The Competency Evaluation Review section prepares you for the CNA exam with a review of content, a skills evaluation review, and two practice exams. Competency Evaluation Review provides content review, quizzes, and sample exams to help you prepare for certification. A wide variety of exercises, including matching, multiple-choice, labeling, crosswords, and mini case studies, reinforce learning. Procedure checklists prepare you for the skills demonstration portion of the certification exam. UPDATED! New chapter organization breaks material into manageable portions, improving your ability to retain important information.

Strange as it may seem, other people are not nearly as committed to our happiness as we are. In fact, sometimes they seem like they’re on a mission to make us miserable! There’s always that one person. The one who hijacks your emotions and makes you crazy. The one who seems to thrive on drama. If you could just “fix” that person, everything would be better. But we can’t fix other people—we can only make choices about ourselves. In this cut-to-the-chase book, communication expert Mike Bechtle shows readers that they don’t have to be victims of other people’s craziness. With commonsense wisdom and practical advice that can be implemented immediately, Bechtle gives readers a proven strategy to handle crazy people. More than just offering a set of techniques, Bechtle offers a new perspective that will change readers’ lives as they deal with those difficult people who just won’t go away.

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in Daring Greatly that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. ‘It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly’ -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it’s a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. ‘Brilliantly insightful. I can’t stop thinking about this book’ -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey’s Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of The Gifts of Imperfection and I Thought It Was Just Me (but it isn’t).

The Big Book of Conflict Resolution Games: Quick, Effective Activities to Improve Communication, Trust and Collaboration

Facts & insights on Napa Valley’s 16 wine regions through exclusive winemaker interviews, industry’s first Price to Value charts powered by Vivino data, bold design and unstuffy language. Drive Through Napa provides fundamental information on California wine history and the 16 American Viticulture Areas (AVAs), or “Napa neighborhoods,” that are home to more than 400 wineries throughout Napa Valley. It lists the regions from south to north, much as Napa visitors would encounter them during a drive up Napa’s central highway. Q&A sections with prominent winemakers and experts begin the chapters. You’ll learn secrets about each region from the wineries that produce there: Alpha Omega, Cade, Chateau Montelena, Dyer Vineyards, Far Niente, Grigich Hills, Hess Collection, Italics, Keever Vineyards, Raymond, Rombauer, Silverado, Smith-Madrone and Trefethen. Drive Through Napa concludes with a very special chat in which iconic Napa winemaker and consultant Andy Erickson (Screaming Eagle, Harlan, Spottswoode, Ovid, Dalla Valle, Staglin, Favia, Mayacamas, Mulderbosch) explaining Napa’s unique appeal.

Krakauer’s page-turning bestseller explores a faded missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. “Terrifying... Eloquent... A heart-rending drama of human yearning.” —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had spent \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless’s short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless’s innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless’s uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heart-breaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer’s storytelling blaze through every page.

One day Sophie comes home from school to find two questions in her mail: “Who are you?” and “Where does the world come from?” Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder’s unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

DRIVE THROUGH NAPA

#1 NEW YORK TIMES BESTSELLER! Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she’s showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown’s new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don’t pretend to have the right answers; we stay curious and ask the right questions. We don’t see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don’t avoid difficult conversations and situations; we lean into vulnerability when it’s necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we’re choosing not to invest in developing the hearts and minds of leaders at the exact same time as we’re scrambling to figure out what we have to offer to get by faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It’s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. In this it’s right? Always. We want to be brave with our lives and our work. It’s why we’re here.” Whether you’ve read Daring Greatly and Rising Strong or you’re new to Brené Brown’s work, this book is for anyone who wants to step up and into brave leadership.

Everything you need to know about the test, straight from the test makers!

“Moonshiners put more time, energy, thought, and love into their cars than any racer ever will. Lose on the track and you go home. Lose with a load of whiskey and you go to jail.” Junior Johnson, NASCAR legend and one-time whiskey runner Today’s NASCAR is a family sport with 75 million loyal fans, which is growing bigger and more mainstream by the day. Part Disney, part Vegas, part Barnum & Bailey, NASCAR is also a multibillion-dollar business and a cultural phenomenon that transcends geography, class, and gender. But dark secrets lurk in NASCAR’s past. Driving with the Devil uncovers for the first time the true story behind NASCAR’s distant, moonshine-fueled origins and paints a rich portrait of the colorful men who created it. Long before the sport of stock-car racing even existed, young men in the rural, Depression-wracked South had figured out that cars and speed were tickets to a better life. With few options beyond the farm or factory, the best chance of escape was running moonshine. Bootlegging offered speed, adventure, and wads of cash—if the drivers survived. Driving with the Devil is the story of bootleggers whose empires grew during Prohibition and continued to thrive well after Repeal, and of drivers who thundered down dusty back roads with moonshine deliveries, deftly outrunning federal agents. The car of choice was the Ford V-8, the hottest car of the 1930s, and ace mechanics tinkered with them until they could fly across mountain roads at 100 miles an hour. After fighting in World War II, moonshiners transferred their skills to the rough, red-dirt racetracks of Dixie, and a national sport was born. In this dynamic era (1930s and ’40s), three men with a passion for Ford V-8s—convicted criminal Ray Parks, foul-mouthed mechanic Red Vogt, and crippled war veteran Red Byron, NASCAR’s first champion—emerged as the first stock car “team.” Theirs is the violent, poignant story of how moonshine and fast cars merged to create a new sport for the South to call its own. Driving with the Devil is a fascinating look at the well-hidden historical connection between whiskey running and stock-car racing. NASCAR histories will tell you who led every lap of every race since the first official race in 1948. Driving with the Devil goes deeper to bring you the excitement, passion, crime, and death-defying feats of the wild, early days that NASCAR has carefully hidden from public view. In the tradition of Laura Hillenbrand’s Seabiscuit, this tale not only reveals a bygone era of a beloved sport, but also the character of the country at a moment in time.
