

Dune 1 Fanucci Narrativa

A stand-alone thriller from best-selling Italian crime writer Gianrico Carofiglio, whose work has been translated into twenty-four languages. Every Monday and Thursday, Roberto Mariás crosses Rome on foot for his appointment with his psychiatrist. There he sits in silence, flooded by memories. He remembers surfing with his father as a child. He remembers the treacherous years he spent working as an undercover agent, years that taught him how cynicism and corruption are not merely external influences but exist within us as well. His past has left him devastated, but now his psychiatrist's words, his hypnotic strolls through Rome, and a chance meeting with a woman named Emma—who, like Roberto, is ravaged by a profound guilt—begin to painfully revive him. And when eleven-year-old Giacomo asks Roberto to help him conquer his nightmares, Roberto at last achieves a true rebirth. A thriller about human faults, frailties, and the painful bond between fathers and sons. Praise for *The Silence of the Wave*: "A novel distinguished by the natural gift of prose as smooth and silent as a perfect wave." —Paolo Di Stefano, *Corriere della Sera* "A literary jigsaw full of plot twists." —Luciana Sica, *La Repubblica*

An untalented punk band and a parallel dimension—what could go wrong? In Borja González's stunning graphic novel, two parallel stories reflect and intertwine in a tale of youthful dreams and desires. In 1856, Teresa, a young aristocrat, is more interested in writing avantgarde horror poetry than making a suitable marriage. In 2016, three teenage girls, Gloria, Laura, and Cristina, want to start a punk band called the Black Holes. They have everything they need: attitude, looks, instinct . . . and an alarming lack of musical talent. They've barely started rehearsing when strange things begin to happen. As their world and Teresa's intersect, they're haunted by the echo of something that happened 160 years ago. Examines both Richard's role as prince and king in history, and also analyses the different and sometimes controversial elements which, for the chroniclers of his day, helped to make Richard a true model of chivalry

They thought they were alone. They were wrong. On October 15th, humanity went missing. A handful of scattered survivors wake to find the world empty of friends, family, and neighbors. Among them, a child searches for his family. A special agent turned enemy of the state survives a fiery plane crash with no way to reach his daughter. A serial killer discovers he's no longer at the top of the food chain. Now these

strangers must find the strength inside them to weather the new world. But they are not alone. In the absence of civilization, a new threat emerges. In the stillness, it waits and watches, preying on their weakness. Their only hope is to find more survivors, rise above their fear, and face the oncoming darkness. But can they unite before they too are lost? And can they all be trusted?

This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art and popular films, this book also analyses connections with consumer culture, film criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.

Rakis is becoming desert as the Lost Ones are returning home from space.

Before The Matrix, before Star Wars, before Ender's Game and Neuromancer, there was Dune: winner of the prestigious Hugo and Nebula awards, and widely considered one of the greatest science fiction novels ever written. Melange, or 'spice', is the most valuable - and rarest - element in the universe; a drug that does everything from increasing a person's life-span to making interstellar travel possible. And it can only be found on a single planet: the inhospitable desert world Arrakis. Whoever controls Arrakis controls the spice. And whoever controls the spice controls the universe. When the Emperor transfers stewardship of Arrakis from the noble House Harkonnen to House Atreides, the Harkonnens fight back, murdering Duke Leto Atreides. Paul, his son, and Lady Jessica, his concubine, flee into the desert. On the point of death, they are rescued by a band for

Fremen, the native people of Arrakis, who control Arrakis' second great resource: the giant worms that burrow beneath the burning desert sands. In order to avenge his father and retake Arrakis from the Harkonnens, Paul must earn the trust of the Fremen and lead a tiny army against the innumerable forces aligned against them. And his journey will change the universe.

*A semiautobiographical coming-of-age story, framed by the harrowing 1975 Circeo massacre Edoardo Albinati's *The Catholic School*, the winner of Italy's most prestigious award, *The Strega Prize*, is a powerful investigation of the heart and soul of contemporary Italy. Three well-off young men—former students at Rome's prestigious all-boys Catholic high school San Leone Magno—brutally tortured, raped, and murdered two young women in 1975. The event, which came to be known as the Circeo massacre, shocked and captivated the country, exposing the violence and dark underbelly of the upper middle class at a moment when the traditional structures of family and religion were seen as under threat. It is this environment, the halls of San Leone Magno in the late 1960s and the 1970s, that Edoardo Albinati takes as his subject. His experience at the school, reflections on his adolescence, and thoughts on the forces that produced contemporary Italy are painstakingly and thoughtfully rendered, producing a remarkable blend of memoir, coming-of-age novel, and true-crime story. Along with indelible portraits of his teachers and fellow classmates—the charming Arbus, the literature teacher Cosmos, and his only Fascist friend, Max—Albinati also gives us his nuanced reflections on the legacy of abuse, the Italian bourgeoisie, and the relationship between sex, violence, and masculinity.*
