Named one of the Best Books of the Year by NPR A New York Times Book Review Editors Choice Selection An erudite romp through the intimate details of life in Tudor England, "Goodman's latest...is a revelation" (New York Times Book Review). On the heels of her triumphant How to Be a Victorian, Ruth Goodman travels even further back in English history to the era closest to her heart, the dramatic period from the crowning of Henry VII to the death of Elizabeth I. A celebrated master of British social and domestic history, Ruth Goodman draws on her own adventures living in re-created Tudor conditions to serve as our intrepid guide to sixteenth-century living. Proceeding from daybreak to bedtime, this "immersive, engrossing" (Slate) work pays tribute to the lives of those who labored through the era. From using soot from candle wax as toothpaste to malting grain for homemade ale, from the gruesome sport of bear-baiting to cuckolding and cross-dressing—the madcap habits and revealing intimacies of life in the time of Shakespeare are vividly rendered for the insatiably curious.

During the years in which we lived and worked in Singapore, it was the Rabbi's practice to invite members of the congregation to say a few words during the meal at the end of the Sabbath. The Synagogue in Singapore is Sephardic, so having an Ashkenazi visitor such as myself who was willing to take part in the custom was quite a novelty for the congregation. I am no Torah expert, but the combination of my British Commonwealth accent, enjoyment of storytelling and tendency to lateral thinking, nudged me into becoming the regular speaker at the 'third meal' on Saturday afternoons. I have tried in this little book, to recapture some of the talks I gave during my happy years with the community in Singapore.

Sound, Affect, and the Ecology of Fear

Frances Langford: Armed Forces Sweetheart

Take a 500-year journey back in time and experience the Tudor Era through the five senses. Much has been written about the lives of the Tudors, but it is sometimes difficult to really grasp how they experienced the world. Using the five senses, Amy Licence presents a new perspective on the material culture of the past, exploring the Tudors' relationship with the fabric of their existence, from the clothes on their back, roofs over their heads and food on their tables, to the wider questions of how they interpreted and presented themselves, and beliefs about life, death and beyond. This book helps recapture the past: what were the Tudors' favorite perfumes? How did the weather affect their lives? What sounds from the past have been lost? Take a journey back 500 years, to experience the Tudor world as closely as possible, through sights, sound, smell, taste and touch.

Film Review

An exploration of the production, transmission, and mutation of affective tonality—when sound helps produce a bad vibe. Sound can be deployed to produce discomfort, express a threat, or create an ambience of fear or dread—to produce a bad vibe. Sonic weapons of this sort include the “psychoacoustic correction” aimed at Panama strongman Manuel Noriega by the U.S. Army and at the Branch Davidians in Waco by the FBI, sonic booms (or “sound bombs”) over the Gaza Strip, and high-frequency rat repellants used against teenagers in malls. At the same time, artists and musicians generate intense frequencies in the search for new aesthetic experiences and new ways of mobilizing bodies in rhythm. In *Sonic Warfare*, Steve Goodman explores these uses of acoustic force and how they affect populations. Traversing philosophy, science, fiction, aesthetics, and popular culture, he maps a (dis)continuum of vibrational force, encompassing police and military research into acoustic means of crowd control, the corporate deployment of sonic branding, and the intense sonic encounters of sound art and music culture. Goodman concludes with speculations on the not yet heard—the concept of unsound, which relates to both the peripheries of auditory perception and the unactualized nexus of rhythms and frequencies within audible bandwidths.

Named a Best Book of 2017 by NPR and GQ *Joining the ranks of the classics Please Kill Me, Our Band Could Be Your Life, and Can't Stop Won't Stop*, an intriguing oral history of the post-9/11 decline of the old-guard music industry and rebirth of the New York rock scene, led by a group of iconoclastic rock bands. In the second half of the twentieth-century New York was the source of new sounds, including the Greenwich Village folk scene, punk and new wave, and hip-hop. But as the end of the millennium neared, cutting-edge bands began emerging from Seattle, Austin, and London, pushing New York further from the epicenter. The behemoth music industry, too, found itself in free fall, under siege from technology. Then 9/11/2001 plunged the country into a state of uncertainty and war—and a dozen New York City bands that had been honing their sound and style in relative obscurity suddenly became symbols of glamour for a young, web-savvy, forward-looking generation in need of an anthem. *Meet Me in the Bathroom* charts the transformation of the New York music scene in the first decade of the 2000s, the bands behind it—including The Strokes, The Yeah Yeah Yeahs, LCD Soundsystem, Interpol, and Vampire Weekend—and the cultural forces that shaped it, from the Internet to a booming real estate market that forced artists out of the Lower East Side to Williamsburg. Drawing on 200 original interviews with James Murphy, Julian Casablancas, Karen O, Ezra Koenig, and many others musicians, artists, journalists, bloggers, photographers, managers, music executives, groupies, models, movie stars, and DJs who lived through this explosive time, journalist Lizzy Goodman offers a fascinating portrait of a time and a place that gave birth to a new era in modern rock-and-roll.

The powerful story of a college basketball team who carried an era's brightest hopes--racial harmony, social mobility, and the triumph of the underdog--but whose success was soon followed by a shocking downfall The unlikeliest of champions, the 1949-50 City College Beavers were extraordinary by every measure. City College was a tuition-free, merit-based college in Harlem known far more for its intellectual achievements and political radicalism than its athletic prowess. Only two years after Jackie Robinson broke the Major League Baseball color barrier--and at a time when the National Basketball Association was still segregated--every single member of the Beavers was either Jewish or African American. But during that remarkable season, under the guidance of the legendary former player Nat Holman, this unheralded group of city kids would stun the basketball world by becoming the only team in history to win the NIT and NCAA tournaments in the same year. This team, though, proved to be extraordinary in another way: During the following season, all of the team's starting five were arrested by New York City detectives, charged with conspiring with gamblers to shave points. Almost overnight these beloved heroes turned into fallen idols. The story centers on two teammates and close friends, Eddie Roman and Floyd Layne, one white, one black, each caught up in the scandal, each searching for a path to personal redemption. Though banned from the NBA, Layne continued to devote himself to basketball, teaching the game to young people in his Bronx neighborhood and, ultimately, with Roman's help, finding another kind of triumph--one that no one could have anticipated. Drawing on interviews with the surviving members of that championship team, Matthew Goodman has created an indelible portrait of an era of smoke-filled arenas and Borscht Belt hotels, when college basketball was far more popular than the professional game. It was a time when gangsters controlled illegal sports betting, the police were on their payroll, and everyone, it

seemed, was getting rich--except for the young men who actually played the games. Tautly paced and rich with period detail, *The City Game* tells a story both dramatic and poignant: of political corruption, duplicity in big-time college sports, and the deeper meaning of athletic success.

Pre-World War II Hollywood musicals weren't only about Astaire and Rogers, Mickey and Judy, Busby Berkeley, Bing Crosby, or Shirley Temple. The early musical developed through tangents that reflected larger trends in film and American culture at large. Here is a survey of select titles with a variety of influences: outsized songwriter personalities, hubbub over "hillbilly" and cowboy stereotypes, the emergence of swing, and the brief parade of opera stars to celluloid. Featured movies range from the smash hit *Alexander's Ragtime Band* (1938), to obscurities such as *Are You There?* (1930) and *Swing, Sister, Swing* (1938), to the high-grossing but now forgotten *Mountain Music* (1937), and *It's Great to Be Alive* (1933), a zesty pre-Code musical/science-fiction/comedy mishmash. Also included are some of the not-so-memorable pictures made by some of the decade's greatest musical stars.

New York Times bestseller Alison Goodman's eagerly awaited new project -- a Regency adventure starring a stylish and intrepid demon-hunter! London, April 1812. On the eve of 18-year-old Lady Helen Wrexhall's presentation to the Queen, one of her family's housemaids disappears--and Helen is drawn into the shadows of Regency London. There, she meets Lord Carlston, one of the few who can stop the perpetrators: a cabal of demons infiltrating every level of society. Dare she ask for his help, when his reputation is almost as black as his lingering eyes? And will her intelligence and headstrong curiosity wind up leading them into a death trap? Everyone was "In the Mood for Love," when Frances Langford, renowned Big Band singer with a rich contralto voice, rose from performing at hometown parties in Mulberry, Florida to Broadway, Old Time Radio, and movies during Hollywood's Golden Era. Her signature song carried her from turntables to troops in World War Two, and then into the stuff of legends. From the airwaves on Louella Parson's Hollywood Hotel, Rudy Vallée's The Fleischmann's Yeast Hour, and Dick Powell's Campana Serenade (1942-1943), Frances achieved nationwide fame as Don Ameche's insufferable wife, Blanche, on The Bickersons (1946-1951). Her beauty eclipsed her broadcasts, when the movies plucked her from speakers to screens. Her film debut in Every Night at Eight(1935) led to Broadway Melody of 1936 (1935), in which she popularized "Broadway Rhythm" and "You Are My Lucky Star," Born to Dance (1936), and Yankee Doodle Dandy (1942) with James Cagney, in which she sang the rousing "Over There." For the first time, her personal interviews with author/publisher Ben Ohmart bring the treasured memories from her past to light. Return with her to the front lines from 1941 into the 1980s with Bob Hope and Jerry Colonna on U.S.O. tours through Europe, North Africa, and the South Pacific, entertaining thousands of G.I.s throughout the world.
