What if I told you that the number one reason why many new authors fail is that they don't have a good quality email list? Moreover, they don't know how to communicate with their subscribers in an engaging and relationship-building way. No other audience, be it on the blog or any social media platform, will be as responsive as your email subscribers. If you have a big email list, you can reach more eyeballs, get more sales, receive more reviews, and earn better Amazon sales ranks. So, would you like to learn how to: 1) constantly add hundreds of fresh and targeted contacts to your email list 2) communicate with your subscribers in a way that builds relationships right from the start? Then take action now and secure a copy of my upcoming book "Email Marketing for Authors Made Simple: The 1-Page List Building Plan." You will learn author-friendly tactics that will help you add hundreds of new subscribers every month and build your author platform.

"The family elements in the story - the real struggles with marriage, raising a family, making a living, and just trying to enjoy life - have broadened the book's appeal to a wider audience, primarily women who are not into technology." **DARK END OF SPECTRUM** will make you think twice before turning on your cell phone or PDA! **DARK END OF THE SPECTRUM** is a frighteningly plausible and headline ripping tale of the real threats that loom in cyberspace and beyond with a Michael Crichton realism. Based on the author's years of research into the hacker culture. **DARK END OF THE SPECTRUM** is a thriller that will connect with everyone with a cell phone, PDA or wireless device. When a group of digital terrorists known as ICER take over the US power grid and the cell phone network, they give the government an ultimatum - bomb the borders of Afghanistan and Pakistan with nuclear weapons to put an end to Al-Quada or they will start downing commercial airliners. When the government refuses, ICER destroys most of the downed aircraft in airports all over the country. When ICER sends a pulse that will kill millions on the East Coast, only security expert Dan Riker can stop them, but ICER has kidnapped Dan's family. Will Dan save his family or will millions die?

Straightforward advice on building and launching a mobile marketing plan Mobile communication is hot, and so is marketing on mobile devices. **Mobile Marketing For Dummies** provides a clear and easy path for creating, launching, and making the most of a mobile marketing program. Designed for marketing professionals and other business people who may have little experience with the medium, it explains mobile marketing and how to convert a traditional marketing plan to mobile. Topics include assembling resources and budget, creating a plan, following best practices, building mobile sites, and much more. Explains what mobile marketing is, how you can adapt a traditional marketing plan for mobile, and how to create and launch a mobile marketing plan from scratch Covers activating a plan using voice, text, e-mail, and social media campaigns Explores the nuts and bolts of building mobile sites, apps, monetizing mobile, and advertising on other mobile properties **Mobile Marketing For Dummies** gives you the tools to succeed in this exciting environment.

*Email marketing is directly marketing a commercial message to a group of people using email. In its broadest sense, every email sent to a potential or current customer could be considered email marketing. It usually involves using email to send ads, request business, or solicit sales or donations, and is meant to build loyalty, trust, or brand awareness. Email marketing can be done to either sold lists or current customer database. Broadly, the term is usually used to refer to sending email messages with the purpose of enhancing the relationship of a merchant with its current or previous customers, to encourage customer loyalty and repeat business, sending email messages with the purpose of acquiring new customers or convincing current customers to purchase something immediately, and adding advertisements to email messages sent by other companies to their customers.*

The Constant Contact Guide to Email Marketing

The Email Lifeline

Does any of this sound familiar to you? 1. You sit down every week staring at that blinking cursor wondering what to send your email list, and then a week becomes two or more, and you can't remember when the last time you emailed them was. 2. You have an opt-in incentive or lead magnet that's pretty much doing nothing for you or your business. 3. You have a haphazardly thrown together email sequence that doesn't bring you sales or engagement. 4. You silently cringe every month as you pay out your email service provider because you're not using any of their features. 5. You're pretty much winging it with email. If you're nodding yes, 300 Email Marketing Tips will give you more than a bare-bones framework to put in place an email marketing strategy for your business. The premise of this book isn't about growing a big fat email list. Email marketing is NOT list building alone. You need a coherent, holistic strategy to be successful at it. Here's what's packed in this how-to guide: What branding has to do with email marketing and the #1 thing most solopreneurs ignore when it comes to their email list 7 things your welcome email must do (but probably doesn't!) Why your lead magnet has to address THESE two critical points 3 ways to plan your email editorial calendar Answers to the questions and more - I have thirty thousand page views a month but get only forty-two subscribers for an month. What am I doing wrong? (See section 3 for the answer.) - My email sequence gets a lot of engagement and opens. Everyone says they love my stuff, but I still get no sales for my e-book. Why? (See section 5 for the answer.) - I have a sequence of emails set up in my evergreen funnel, but I'm not getting any sales. Is my product terrible? Should I just scrap it altogether? (See section 7 for the answer.) Rather than flit from week to week wondering what to email your list... Imagine creating an email strategy that enables you to take the weekend off and still see your list grow, rake in testimonials, and make sales. Imagine having endless email content ideas... Imagine creating an opt-in offer with all the right ingredients that has readers clamoring to get their hands on it... Imagine sending emails with confidence knowing exactly the impact that particular

email will have on your subscribers... That's the power of an email marketing strategy! If you think email marketing is complicated and something you can't do, my goal with this book is to change that opinion. If you're struggling with any particular aspect of email marketing, this book will give you a fresh perspective on how you can tackle it too. Intrigued yet? Then scroll to the top and click or tap "Buy Now."

When it first came on the scene in the early to mid 1990s, e-mail marketing was the hottest, most productive marketing tool on the map. Then things changed. Too many marketers sent millions of e-mails (hunting) instead of building relationships with their subscribers (farming). The authors share their wisdom about how to make e-mail an effective tool for finding new customers and mining existing customers more profitably.

The leading email marketing firm shows you how to create high-impact, low-cost campaigns Email marketing is an incredibly cost-effective way to establish and build relationships that drive business success. But, it can also be a challenge because the inbox is a hostile environment. Whether your email is noteworthy—or an annoying waste of your customer's time—depends on your ability to stick to the fundamentals of good marketing and authentic relationship building. The Constant Contact Guide to Email Marketing presents best practices and relationship-building principles from America's leading email marketing firm. With over 280,000 small business and non-profit clients, Constant Contact is constantly testing and learning what works and what doesn't, and it's all here. There's no other email guide on the market that provides this level of comprehensive, practical guidance. Whether you're starting your own small business or need to grow on a shoestring budget, this book will get you up to speed fast. Learn about: Ten email pitfalls that will get your business into trouble Ten things your customers expect you to do The "soft" benefits of email marketing Using email in combination with other marketing efforts How four types of permissions can make or break your strategy Building an email list that is valuable and effective Creating valuable content Choosing an effective, professional email format Ensuring your emails are delivered, opened, and read With The Constant Contact Guide to Email Marketing, you'll learn to avoid the common mistakes of email marketing, give your customers content they love, and combine an effective email marketing strategy with your traditional marketing efforts—giving you way more bang for your marketing buck.

Email is conceptually brilliant: low cost, high speed, personal, dynamic, and

interactive. But there's a big difference between knowing that email is a powerful marketing tool and proving it. So how do you know if you're doing it well? How do you show your CFO that it's really helping the bottom line? How do you convince your boss or business partners that a decent investment in email management tools will pay off? You can promise to prove how well email is increasing awareness, building interest, populating your sales cycle, and generating revenue. This is a book of proofs. A book about the ways and means that email can be put to the test. A book about how an individual goes about demonstrating the power of email and pointing to specific results. This is a story that shows how you can as well.

"A results getting tour de force. This is simply the best book on email marketing I have ever read." Howard Lothrop "Email Persuasion: The Step-By-Step Guide to Attracting More Clients and Winning More Sales With Email Marketing" Business fads come and go, but Email Marketing has consistently outperformed all other marketing strategies. In Email Persuasion, marketing expert Ian Brodie reveals the techniques that are working right now to allow professionals and small businesses to connect with potential clients, build trust-based relationships and generate more sales through email. Inside the book you'll discover: The Customer Insight Mapping technique for building deep understanding of what your clients need and what will motivate them to buy from you. 6 surefire subject line models that will get your emails opened and read. The "optin formula" for getting the right people to subscribe to your emails (and how to accelerate the growth of your subscriber list). How to engage AND persuade with your emails so that you build a loyal 'fan base' ready to buy from you. The advanced techniques for turning email subscribers into paying clients (and why accepted wisdom on selling in emails is almost all wrong). "We've seen a threefold increase in leads and we've won several new clients." Adrian Willmott Email Persuasion lays out a clear blueprint for building an engaged subscriber base, building credibility and trust through your emails and converting your subscribers into paying clients. No jargon. No fluff. Just practical, real-world strategies that deliver results. "Pick any one idea from this amazing collection of rock solid common sense on email marketing and just do it! Quite simply, it works!" Tony Latimer Want to know how to build a list of ideal clients as subscribers fast? Start with the Opt-In formula on page 19. How to get through spam filters, and "greymail" technology? Turn to page 43 for the most up to date advice. The best format for emails? Page 57. When to send them and how frequently? Start on page 59, but also check page 83 on why frequent emailing is often more effective? Getting your system onto autopilot? Page 95. Advanced techniques to get the right messages to the subscribers who will most value them? Page 103. Writing persuasively? Page 109. "Ian gives you all the information you need to succeed in plain and simple English based on what actually works in the real business world today" Anna Letitia Cook Packed full of examples, templates and clear next steps for you to do to get your own email marketing system up and running quickly and getting

you results. If you've ever been overwhelmed by the complexity of email marketing or been unsure where to start to get the best results, Email Persuasion will provide you a clear path to succeeding with email.
