

E Parish Council Elections

Maldon - A History is the story of Maldon, which is the second oldest town in Essex, from pre-historic times until the present day. It has information on Bronze and Iron Age Maldon, Roman Maldon, Anglo-Saxon Maldon including the Battle of Maldon, Medieval Maldon including the granting of the first charter of the borough in 1171 by King Henry 2, its monastic institutions, Maldon's port and its involvement in wars, Maldon at the time of the reformation, its involvement in the civil war, its Parliamentary representation, the town in the 18th and early centuries including the building of the Chelmer and Blackwater Navigation, the dissolution and subsequent reinstatement of the town's charter, the Napoleonic Wars, the building of the two railways to the town in the 19th century and their closure in the 20th century, the rise of municipal institutions in the 19th and 20th centuries, Maldon's police force and abolition and subsuming into the Essex County Police force, industrial developments including its iron foundries and salt works, Maldon during the two world wars and the abolition of the borough in 1974. Also included is the parish of Heybridge which subsequently became a part of the borough as well as the hamlet of Beeleigh. It was researched using previously published works and contemporary documents.

This set of 44 volumes, originally published between 1924 and 1995, amalgamates a wide breadth of research on the Labour Movement, including Labour union history, the early stages and development of the Labour Party, and studies on the working classes. This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time, and will be of particular interest to students of political history.

Questions and Answers from the Justice of the Peace

Drawing on the difficult-to-access pamphlets, reports, periodical literature and political tracts, this five-volume set reproduces in facsimile a large number of neglected sources relating to rural life in the latter half of the nineteenth century. It is of interest to scholars in nineteenth-century studies and to all social historians.

The Routledge Handbook of Local Elections and Voting in Europe represents the standard reference text and practical resource for everybody who analyzes issues such as local electoral systems, voting behavior, or political representation in Europe. It provides comprehensive and expert coverage of 40 European countries - organized along the respective local state traditions - and in addressing a wide range of important questions related to local elections and voting, it broadens the scope of existing analyses quantitatively as well as qualitatively. Finally, it affords a more theoretically grounded typology of local elections and voting. Each country chapter is written by a leading expert and follows a rigorous conceptual framework for cross-national comparisons, providing an overview of the local government system, details on the place of local elections within the multilevel political system, specific features of the electoral system, analysis of the main electoral outcomes in recent decades, and, finally, reflective discussion. Representative democracy is as widespread at the local as at the national level, and as the significance of local authorities in Europe has increased in recent decades, local elections represent a crucial area of study. The Routledge Handbook of Local Elections and Voting in Europe is an authoritative and essential reference text for scholars and students interested in local electoral politics and, more broadly, European studies, public administration, and political science.
