In 101 Ways to Boost Your Fortune on eBay, eBay guru Dennis Prince offers 101 proven strategies to help you become the star of your own eBay success story.

This is it: the first guide on every source of used books to sell on Amazon. Bookselling veteran Peter Vally (of [www.FBAmastery.com](http://www.FBAmastery.com)) collects ten years of Amazon seller experience into one place, and over 40 sources of cheap books to sell for huge profits on Amazon. In this landmark guide for Amazon sellers, you will learn: - How to profit off small press overstock sales. - Six places to source books just on university campus's (Hint: None of these are obvious). - The exclusive story of one seller who makes \$30,000 a year and pays NOTHING for inventory. - Where to find people selling collections of thousands of books (note: This isn't about eBay). - Forming partnerships with used book "gatekeepers" - people who already process thousands of books and don't know what they're worth. - A full 5 pages on eBay arbitrage (including a simple tool for finding listings other booksellers can't). - Dozens of more sourcing ideas, from picking up library sale leftovers to negotiating with college libraries. More than just a checklist, each source I've used gets a personal story with profitable lessons. For Amazon booksellers, it all comes down to the sources. With good sources, even a complete amateur can run a profitable Amazon business. Part I: The book begins with a focus on the top 10 "core sources" that will rocket you to your profit-target - 10 places you can source books every single month with little guesswork. Part II: Then Valley gives you a list of "Supplemental Sources" to use at your leisure. Your base profit target it already covered, but if you want to go even bigger, this is the list. And you get 21 of these book sources.

Part III: As if you needed more, the "Advanced Sources" 12 places to source used books if you want serious book-ninja status. There are more books in this world than there are people like us to sell them. We live in the midst of a virtual book river. In this guide, Amazon seller Peter Valley is going to teach you how to get in front of it. This is the largest and most comprehensive guide to finding used books ever published. Inside, you'll be reading the exact blueprint for what brings Peter Valley over \$80,000 in deposits each year selling used books on Amazon.

Here is some BAD news first; trying to make money on eBay selling Brand Name products is NOT the way to make money! Here's why, even if you could manage to locate a source of genuine products you would have to spend \$1,000's just to get enough discount to make even a small profit. You see there are just too many sellers competing for the same business. Brand name products are just too expensive to buy, the margins are slim and there is too much competition. There must be an easier way to make money? Well there is, the market for non branded and private label products on eBay is huge and this approach works in any market, it costs a tiny amount to set up and the profit margins are outrageous and it is much easier than most people would believe. In this comprehensive book I show you step by step how to build your own eBay empire selling Private Label and Non Branded stock. The profit margins on private label products and non branded products are massive. The Advantage Of Private Label Products Are:

• none branded products. • Small minimum orders allow us to test products for a tiny risk. • You can build an entire business using Private Label & Non Branded Products • Compete with household name products at a fraction of the price of stocking branded items. • You are almost always dealing directly with the manufacturer so no wholesalers cut. As no one is selling exactly the same product as yourself and no one will know where you bought it from, you can sell at your own price. I even provide a list of Private Label Suppliers and Manufacturers who stock a massive range of product that you can sell in multiple niche markets these are the exact same sources I use in my eBay businesses. This is your COMPLETE blueprint to building your own profitable eBay business on a shoestring and making outrageous profits.
