How can we design networked e-learning courses to ensure students participate in them and engage in quality learning outcomes? What happens in an e-learning course that is designed to foster group work and a sense of ‘community’? How can we research e-learning practice in ways that will enhance the processes of learning and teaching? This book outlines approaches to networked e-learning course design that are underpinned by a belief that students learn best in these contexts when they are organised in groups and communities. As such, the book is one of the first to provide a detailed analysis of what goes on in e-learning groups and communities. But how do students react to working in e-learning groups and communities? What determines their willingness to adopt new forms of learning in order to participate in these new courses? What actually happens in an e-learning community, and what impact does this have on students and tutors? This book examines these key questions through a variety of research approaches aimed at exploring the experience of e-learners as they participate in successful e-groups and communities. It also offers ways in which learning outcomes may be achieved in these communities and outlines the specific skills that students would develop through e-learning. *E-learning Groups and Communities* is essential reading for teachers, trainers, managers, researchers and students involved in e-learning courses as well as people interested in improving the quality of the learning experience.

Living for God is impossible when all our efforts and ideas are based on the same fear-based, guilt-driven plot line--try harder. *Simple Gospel, Simply Grace* demonstrates that everything we try to achieve in the Christian life has already been given to us...from God, by grace, in Christ.

God is Crazy About You—Hot Mess and All! If you’re anything like Kerri Pomarolli, you’ve read Proverbs 31 and thought, “Who is this woman? And what kind of magic unicorn, Energizer Bunny juice does she have on IV?” And you thought social media standards were hard to live up to! As a sought-after

comedian living in LA, Kerri knows about impossible standards. “I don’t plow, and I don’t rise early. When it says she gathers her food from afar, does that mean takeout...?” In *Confessions of a Proverbs 32 Woman*, Kerri fearlessly shares the messiness of her own life with wit and honesty. Join her as she delves into the struggles of the modern woman tired of trying and failing to live up to Pinterest-looking, air-brushed, and insta-filtered “real life” role models telling her she’s not quite good enough. And learn the two things you can hold onto for longer than your smartphone: genuine self-awareness and humble God-awareness. Kerri is a self-proclaimed hot mess for Jesus who has learned that God never said our lives would be mess-less, but He also never intended for us to wallow forever without a way through. When you’re at your most hopeless, God and His Word will meet you there, where you’ll find, as Kerri has, that this #hotmess4Jesus thing really can be the best possible life to live.

FATHERS AND SONS is a call to fathers to guard their relationship with their sons, and for sons to treasure their relationship with their father - with passion and purpose. Some of the themes Angus Buchan discusses in FATHERS AND SONS includes: Dad's affirmation, role models, grace and respect, humility versus pride, sacrifice, what constitutes a father and tough love. FATHERS AND SONS will encourage every father to be the father that God wants him to be and reveals the incredible impact it will have on his children.

AN INSTANT NEW YORK TIMES BESTSELLER The twisty new thriller from the New York Times bestselling author of *The Couple Next Door* and *A Stranger in the House* A weekend retreat at a cozy mountain lodge is supposed to be the perfect getaway . . . but when the storm hits, no one is getting away It's winter in the Catskills and Mitchell's Inn, nestled deep in the woods, is the perfect setting for a relaxing--maybe even romantic--weekend away. It boasts spacious old rooms with huge woodburning fireplaces, a well-stocked wine cellar, and opportunities for cross-country skiing, snowshoeing, or just curling up with a good murder mystery. So when the weather takes a turn for the worse, and a blizzard cuts off the electricity--and all contact with the outside world--the guests settle in and try to make the best of it. Soon, though, one of the guests turns up dead--it looks like an accident. But when a second guest dies, they start to panic. Within the snowed-in paradise, something--or someone--is picking off the guests one by one. And there's nothing they can do but hunker down and hope they can survive the storm--and one another.
