Three Women

A New York Times bestseller A USA Today bestseller The long-hidden diary of a young Polish woman's life during the Holocaust, translated for the first time into English Renia Spiegel was born in 1924 to an upper-middle class Jewish family living in southeastern Poland, near what was at that time the border with Romania. At the start of 1939 Renia began a diary. "I just want a friend. I want somebody to talk to about my everyday worries and joys. Somebody who would feel what I feel, who would believe me, who would never reveal my secrets. A human being can never be such a friend and that's why I have decided to look for a confidant in the form of a diary." And so begins an extraordinary document of an adolescent girl's hopes and dreams. By the fall of 1939, Renia and her younger sister Elizabeth (née Ariana) were staying with their grandparents in Przemysl, a city in the south, just as the German and Soviet armies invaded Poland. Cut off from their mother, who was in Warsaw, Renia and her family were plunged into war. Like Anne Frank, Renia's diary became a record of her daily life as the Nazis spread throughout Europe. Renia writes of her mundane school life, her daily drama with best friends, falling in love with her boyfriend Zygmund, as well as the agony of missing her mother, separated by bombs and invading armies. Renia had aspirations to be a writer, and the diary is filled with her poignant and thoughtful poetry. When she was forced into the city's ghetto with the other Jews, Zygmund is able to smuggle her out to hide with his parents, taking Renia out of the ghetto, but not, ultimately to safety. The diary ends in July 1942, completed by Zygmund, after Renia is murdered by the Gestapo. Renia's Diary has been translated from the original Polish, and includes a preface, afterword, and notes by her surviving sister, Elizabeth Bellak. An extraordinary historical document, Renia Spiegel survives through the beauty of her words and the efforts of those who loved her and preserved her legacy.

Neutralizing Eden's threat will save captive members and ensure Tom's new friends can live without fear. and Liza, together with Gideon and Mercy, must end Eden once and for all.

His theories and ideas were profoundly influenced by a five-year exploration of South America. Complete with excerpts from Humboldt's own diaries, atlases, and publications, Wulf gives us an intimate portrait of the man who predicted human-induced climate change, fashioned poetic narrative out of scientific observation, and influenced iconic figures such as Simón Bolívar, Thomas Jefferson, Charles Darwin, and John Muir. This gorgeous account of the expedition not only shows how Humboldt honed his groundbreaking understanding of the natural world but also illuminates the man and his passions"--

In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the

Lisa Genova meets 23andMe in this exploration of the genetic and emotional ties that bind, as debut author Julie Clark delivers a compelling read about a young boy desperate to find his place in this world, a mother coming to terms with her own past, and the healing power of forgiveness. The powerful forces of science and family collide when geneticist Paige Robson finds her world in upheaval: Her eight-year-old son Miles is struggling to fit in at his new school and begins asking questions about his biological father that Paige can't answer—until fate thrusts the anonymous donor she used into their lives. Paige's carefully constructed life begins to unravel as the truth of Miles's paternity threatens to destroy everything she has grown to cherish. As Paige slowly opens herself up—by befriending an eccentric mother, confronting her own deeply buried vulnerabilities, and trying to make sense of her absent father's unexpected return—she realizes breakthroughs aren't only for the lab. But when tragedy strikes, Paige must face the consequences of sharing a secret only she knows. With grace and humor, Julie Clark shows that while the science is fascinating, solving these intimate mysteries of who we are and where we come from unleashes emotions more complex than the strands of DNA that shape us.

work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

Look out for Jojo’s new book, Paris for One and Other Stories, available now. From the New York Times bestselling author of Me Before You and One Plus One, in an earlier work available in the U.S. for the first time, a surprising and moving romance set in an old-fashioned seaside town on the verge of unwelcome change Liza McCullen will never fully escape her past. But the unspoiled beaches and tight-knit community of Silver Bay offer the freedom and safety she craves—if not for herself, then for her young daughter, Hannah. That is, until Mike Dormer arrives as a guest in her aunt’s hotel. The mild-mannered Englishman with his too-smart clothes and distracting eyes could destroy everything Liza has worked so hard to protect: not only the family business and the bay that harbors her beloved whales, but also her conviction that she will never love—never deserve to love—again. For his part, Mike Dormer is expecting just another business deal—an easy job kick-starting a resort in a small seaside town ripe for development. But he finds that he doesn’t quite know what to make of the eccentric inhabitants of the ramshackle Silver Bay Hotel, especially not enigmatic Liza McCullen, and their claim to the surrounding waters. As the development begins to take on a momentum of its own, Mike’s and Liza’s worlds collide in this hugely affecting and irresistible tale full of Jojo Moyes’s signature humor and generosity.

Packed with twists and turns, brimming with emotion and heart, The Good Daughter is fiction at its most thrilling.

Four women—friends, family, rivals—turn to online dating for companionship, only to find themselves in the crosshairs of a tech-savvy killer using an app to target his victims in this harrowing thriller from the New York Times bestselling author of See Jane Run and The Bad Daughter. Online dating is risky—will that message be a sweet greeting or an unsolicited lewd photo? Will he be as handsome in real life as he is in his photos, or were they taken ten years and twenty pounds ago? And when he asks you to go home with him, how do you know it's safe? The man calling himself “Mr. Right Now” in his profile knows that his perfect hair, winning smile, and charming banter put women at ease, silencing any doubts they might have about going back to his apartment. There, he has a special evening all planned out: steaks, wine, candlelight . . . and, by the end of the night, pain and a slow, agonizing death. Driven to desperation—by divorce, boredom, infidelity, a beloved husband's death—a young woman named Paige, her cousin and rival Heather, her best friend, Chloe, and her mother, Joan, all decide to try their hand at online dating. They each download an app, hoping to right-swipe their way to love and happiness. But one of them unwittingly makes a date with the killer, starting the clock on a race to save her life. New York Times bestselling author Joy Fielding has written a complex, electrifying thriller about friendship, jealousy, and passion—a deadly combination.

Stories from a South African Childhood

All her life Vera has felt like a stranger in the old and drafty half-timbered farmhouse she arrived at as a five-year-old refugee from East Prussia in 1945, and yet she can't seem to let it go. Sixty years later, her niece Anne

suddenly shows up at her door with her small son. Anne has fled the trendy Hamburg neighborhood she never fit into after her relationship imploded. Vera and Anne are strangers to each other but have much more in common than they think. As the two strong-willed and very different women share the great old house, they find what they have never thought to search for: a family. Told in skillfully crafted alternating points of view and a nonlinear storyline, Dörte Hansen's internationally bestselling debut novel showcases her impressive talent for characterization and dialogue in an exceptional book that combines emotional depth and humor. The author's sparse language and sometimes oblique references make for a deeply immersive reading experience, and the characters will resonate long after the last page has been turned.

This is a book about yoga. Or at least, it was. Emmanuel Carrère is a renowned writer. After decades of emotional upheaval, he has begun to live successfully—he is healthy; he works; he loves. He practices meditation, striving to observe the world without evaluating it. In this state of heightened awareness, he sets out for a ten-day silent retreat in the French heartland, leaving his phone, his books, and his daily life behind. But he's also gathering material for his next book, which he thinks will be a pleasant, useful introduction to yoga. Four days later, there's a tap on the window: something has happened. Forced to leave the retreat early, he returns to a Paris in crisis. Life is derailed. His city is in turmoil. His work-in-progress falters. His marriage begins to unravel, as does his entanglement with another woman. He wavers between opposites—between self-destruction and self-control; sanity and madness; elation and despair. The story he has told about himself falls away. And still, he continues to live. This is a book about one man's desire to get better, and to be better. It is laced with doubt, animated by the dangerous interplay between what is fiction and what is real. Loving, humorous, harrowing and profound, Yoga hurls us towards the outer edges of consciousness, where, finally, we can see things as they really are.

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 12 million copies sold, "a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature" (The New York Times Book Review). For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Renia's Diary

A world-class thinker counts the 100 ways in which humans behave irrationally, showing us what we can do to recognize and minimize errors" to make better decisions and have a better life Despite the best of intentions, humans are notoriously bad—that is, irrational—when making decisions and assessing risks and tradeoffs. Psychologists and neuroscientists refer to these distinctly human foibles, biases, and "cognitive errors." Cognitive errors are systematic deviances from rationality, from optimized, logical, rational thinking and behavior. We make errors all the time, in all sorts of situations, for problems big and small: whether to choose the apple or the cupcake; whether to keep the stock market when the Dow tanks, or whether to take the advice of a friend over a stranger. The "behavioral turn" in neuroscience over the past twenty years has increased our understanding of how we think and how we make decisions. It shows how systematic errors occur under which conditions our thought processes work best and worst. Evolutionary psychology delivers convincing theories about why our decisions are marred. The neurosciences can pinpoint with increasing precision what exactly happens when we think clearly and when we don't. Drawing on a body of research, *The Art of Thinking Clearly* is an entertaining presentation of these known systematic thinking errors--offering guidance on everything why you shouldn't accept a free drink to why you SHOULD walk out of a movie you don't like it to why it's so hard to predict the future. You shouldn't watch the news. The book is organized into 100 short chapters, each covering a single cognitive error, bias, or heuristic. Examples of concepts include: Reciprocity, Confirmation Bias, The It-Gets-Better-Before-It-Gets-Worse Trap, and the Man-With-A-Hammer Tendency. Written in clear prose and with real-world examples and anecdotes, *The Art of Thinking Clearly* helps solve the puzzle of human reasoning.
