It is the summer of 1958 in Dewmont, Texas, a town the great American postwar boom passed by. The kids listen idly to rockabilly on the radio and waste their weekends at the Dairy Queen. And an undetected menace simmers under the heat that clings to the skin like molasses... For thirteen-year-old Stanley Mitchell, the end of innocence comes with his discovery of the mysterious long-ago demise of two very different young women. In his quest to unravel the truth about their tragic fates, Stanley finds a protector in Buster Lighthouse Smith, a black, retired Indian-reservation cop and a sage on the finer points of Sherlock Holmes, the blues, and life's faded dreams. But not every buried thing stays dead. And on one terrifying night of rushing creek water and thundering rain, an arcane, murderous force will rise from the past to threaten the boy in a harrowing rite of passage... Vintage Lansdale, A Fine Dark Line brims with exquisite suspense, powerful characterizations, and the vibrant evocation of a lost time.

The last decade has seen an incredible growth in the production and distribution of images and other cultural artefacts. The internet is the place where all these cultural products are stored, classified, voted, collected and trashed. What is the impact of this process on art making and on the artist? Which kind of dialogue is going on between amateur practices and codified languages? How does art respond to the society of information? This is a book about endless archives, image collections, bees plundering from flower to flower and hunters crawling through the online wilderness. Alterazioni Video, Kari Altmann, Cory Arcangel, Gazira Babeli, Kevin Bewersdorf, Luca Bolognesi, Natalie Bookchin, Petra Cortright, Aleksandra Domanovic, Harm van den Dorpel, Constant Dullaart, Hans-Peter Feldmann, Elisa Giardina Papa, Travis Hallenbeck, Jodi, Oliver Laric, Olia Lialina & Dragan Espenshied, Guthrie Lonergan, Eva and Franco Mattes, Seth Price, Jon Rafman, Claudia Rossini, Evan Roth, Travess Smalley, Ryan Trecartin.

Giac è un omino di carta di giornale, ritagliato da un bambino e abbandonato su un tavolo in una giornata di pioggia, vicino a un libro aperto. L'omino fa amicizia con un punto di nome Lino che lo accompagna in mille avventure in un mondo di punti, linee, lettere, numeri e giochi, al centro di questo libro sorprendente che avvicina i piccoli lettori all'arte e alla creatività. Un classico per l'infanzia che affascina sempre.

A term with myriad associations, revolution is commonly understood in its intellectual, historical, and sociopolitical contexts. Until now, almost no attention has been paid to revolution and questions of geography. Geography and Revolution examines the ways that place and space matter in a variety of revolutionary situations. David N. Livingstone and Charles W. J. Withers assemble a set of essays that are themselves revolutionary in uncovering not only the geography of revolutions but the role of geography in revolutions. Here, scientific revolutions—Copernican, Newtonian, and Darwinian—ordinarily thought of as placeless, are revealed to be rooted in specific sites and spaces. Technical revolutions—the advent of print, time-keeping, and photography—emerge as inventions that transformed the world's order without homogenizing it. Political revolutions—in France, England, Germany, and the United States—are notable for their debates on the nature of political institutions and national identity. Gathering insight from geographers, historians, and historians of science, Geography and Revolution is an invitation to take the where as seriously as the who and the when in examining the nature, shape, and location of revolutions.

In AD 905, the standard poetic diction for the "perfect waka" was established, with the rule of 31 sound units in the pattern 5-7-5-7-7. Since then, although tanka poetry has evolved over the centuries, its form hasn't changed.This collection of tanka by Fabrizio Frosini, although written in English, possess all the charm of the ancient Japanese waka poetry: in them you can savor the aesthetic principles of 'sabi' (the melancholic sense of beauty), or enjoy the feeling of 'y?gen' (mysterious depth), while the pathos of things ('mono no aware') encircles you, offering your thoughts depth of feeling ('ushin') and awareness of time and space. But let the poems speak for themselves...Enjoy the reading.

"A very good book of haiku and tanka poetry: very useful to learn about this kind of poetry." (Patrick C., USA) * "After 'Seasons of the Fleeting World - Writing Haiku', this new book opens a window on tanka, too. A very good collection of haiku and tanka for those who love these two genre of poetry" (Annika K., Germany) * "Very helpful" (Gurpreet D., India) * An example of English tanka? "In Laura Childs's New York Times bestselling mystery series, Suzanne, Petra, and Toni--co-owners of the Cackleberry Club Café are equally good at serving up breakfast and serving up justice. This time they turn up the heat on a deadly firebug ... As Suzanne is getting her hair colored at Root 66, she's stunned to witness the County Services office next door suddenly go up in flames. Concerned neighbors throng the streets, and the fire department does their best. Unfortunately, their best isn't enough to save longtime civil service worker--and friend to the Cackleberry Club--Hannah Venable. Soon enough, it's discovered that an accelerant was used to fan the flames. Someone set the fire on purpose--was Hannah the intended victim? Suzanne, Petra, and Toni vow to smoke out the culprit. Unfortunately, the list of suspects is as varied as the Cackleberry Club's menu. When Suzanne finds a possible connection between the fire and the nearby Prairie Star Casino, she comes to realize that the arsonist wanted something very big and had kept secret. And if the ladies aren't careful, they may be the ones gambling with their lives.."--

This book discusses issues of broad cultural consequence by examining the work of three of Italy's most prominent living novelists, Umberto Eco, Vincenzo Consolo, and Antonio Tabucchi. The introductory chapter continues a discussion of some of the topics already broached in the author's Narrating Postmodern Time and Space (1997). It uses an approach that is both historicist and psychoanalytic to critically address topics in cultural studies and Italian studies. The book deals with fictions of very recent publication, many of which have been published after the turn of the millennium, filling important gaps in the critical bibliography. Close readings relate texts to their historical and cultural contexts, critiquing their ideology while preserving their Utopian moments.

This workbook offers photostories set in Italy which provide an authentic context for the language topics explored in each chapter. The course combines a communicative approach with planned grammar coverage.

This Anthology of Poetry sees the participation of 13 poets from 12 different countries of 4 continents. As Daniel Brick writes: Our third collection of poems can be considered a grace note attached to the full melody to the first two. The title, "Scattering Dreams and Tales," was chosen to reflect the first two collections. According to Fabrizio Frosini, "Dreams & Tales" recalls "Nine Tales of Creation". "Scattering" evokes "At the Crossing of Seven Winds." In this Anthology, you will find poems by 13 poets. According to the Random House Dictionary, a POET is a person who has the gift of poetic thought, imagination and creation. Let us see how we can amplify this definition with statements made by poets and prose writers.

One of the earliest definitions still current is by the ancient Roman poet, HORACE, one of the masters of Lyric Poetry in Western literature. He wrote "Poets were the first teachers of mankind." The poet-teacher would inculcate the highest human values along with whatever information would be deemed necessary. Who are the hyphenated teachers in today's world? Perhaps technocrat-teachers, dogmatist-teachers, militarist-teachers, businessman-teachers. Would there be room for Horace's confidence in Lyric Poetry? The early 20th century poet James Flecker made a very precise distinction in what we can expect poets to accomplish through language, mere words raised to heightened, even electric power: "The poet's business is not to save the soul of man but to make it worth saving." Perhaps several poems in our anthology will perform this redemptive role, if the poets have fulfilled their mission and readers read with lively attention.

A New York Times Book Review Top 10 Crime Novel for the Year "John McMahon is one of those rare writers who seem to have sprung out of nowhere. His first novel, The Good Detective, which is pretty much perfect, features a decent if flawed hero battling personal troubles while occupied with a murder case of great consequence to his community."--New York Times Book Review
Introducing Detective P.T. Marsh in a swift and bruising debut where Elmore Leonard's staccato prose meets Greg Iles' Southern settings. How can you solve a crime if you've killed the prime suspect? Detective P.T. Marsh was a rising star on the police force of Mason Falls, Georgia--until his wife and young son died in an accident. Since that night, he's lost the ability to see the line between smart moves and disastrous decisions. Such as when he agrees to help to help out a woman by confronting her abusive boyfriend. When the next morning he gets called to the scene of his newest murder case, he is stunned to arrive at the house of the very man he beat up the night before. He could swear the guy was alive when he left, but can he be sure? What's certain is that his fingerprints are all over the crime scene. The trouble is only beginning. When the dead body of a black teenager is found in a burned-out field with a portion of a blackened rope around his neck, P.T. realizes he might have killed the number-one suspect of this horrific crime. Amid rising racial tension and media scrutiny, P.T. uncovers something sinister at the heart of the boy's murder--a conspiracy leading all the way back to the time of the Civil War. Risking everything to unravel the puzzle even as he fights his own personal demons, P.T. races headlong toward an incendiary and life-altering showdown.

This volume brings together essays by different generations of Italian thinkers which address, whether in affirmative, problematizing or genealogical registers, the entanglement of philosophical speculation and political proposition within recent Italian thought. Nihilism and biopolitics, two concepts that have played a very prominent role in theoretical discussions in Italy, serve as the thematic foci around which the collection orbits, as it seeks to define the historical and geographical particularity of these notions as well their continuing impact on an international debate. The volume also covers the debate around OCyweak thoughtOCO (pensiero debole), the feminist thinking of sexual difference, the re-emergence of political anthropology and the question of communism. The contributors provide contrasting narratives of the development of post-war Italian thought and trace paths out of the theoretical and political impasses of the presentOCOagainst what Negri, in the text from which the volume takes its name, calls OCythe Italian desertOCO."

What role did Dante play in the work of Pier Paolo Pasolini (1922-1975)? His unfinished and fragmented imitation of the Comedia, La Divina Mimesis, is only one outward sign of what was a sustained dialogue with Dante on representation begun in the early 1950s. During this period, the philologists Gianfranco Contini (1912-1990) and Erich Auerbach (1892-1957) played a crucial role in Pasolini's re-thinking of lrepresented reality!, suggesting Dante as the best literary, authorial and political model for a generation of postwar Italian writers. This emerged first as lDantean realism! in Pasolini's prose and poetry, after Contini's interpretation of Dante and of his plurilingualism, and then as lfigural realism! in his cinema, after Auerbach's concepts of Dante's figura and lmingling of styles!. Following the evolution of Pasolini's mimetic ideal from these formative influences through to La Divina Mimesis, Emanuela Patti explores Pasolini's politics of representation in relation to the lnational-popular!, the lquestione della lingua! and the Italian post-war debates on neorealism, while also providing a new interpretation of some of his major literary and cinematic works.

Geometry of the Passions

Storia della letteratura inglese

A historical study on the ancient and popular Chinese puzzle game presents more than two thousand all-time tangrams, along with detailed instructions on how to arrange these intriguing puzzle tiles and presenting a variety of special puzzles for the reader to solve. Reprint.

The passions have long been condemned as a creator of disturbance and purveyor of the temporary loss of reason, but as Remo Bodei argues in Geometry of the Passions, we must abandon the perception that order and disorder are in a constant state of collision. By means of a theoretical and historical analysis, Bodei interprets the relationship between passion and reason as a conflict between two complementary logics. Geometry of the Passions investigates the paradoxical conflict-collaboration between passions and reason, and between individual and political projects. Tracing the roles passion and reason have played throughout history, including in the political agendas of Descartes, Hobbes, and the French Jacobins, Geometry of the Passions reveals how passion and reason may be used as a vehicle for affirmation rather than self-enslavement.

Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it, and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, The 12th Planet is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. The 12th Planet brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki, and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.

A Season for Everyone: Tanka Poetry

New Poems (1968-1970)

Trattato di psicoanalisi? Psicologia poetica? Giusto poesia, ma con la 'P' maiuscola, questa di Fabrizio Frosini.Questo suo nuovo libro in realtà ci offre un ventaglio di poesie (ottantasei, per la precisione) scritte in anni passati, ma assolutamente attuali nella loro espressione e caratura poetica.Anche queste, come il resto della produzione poetica dell'Autore, ci sollecitano a meditare, a riflettere sul senso dell'esistere: ed è questo il ruolo della vera Poesia --farci meditare sulla vita, su noi stessi.Un libro da non perdere. Un consiglio: tenetelo sul comodino, così da leggerlo in tutta calma. [S.R.]

From that long investigation of mine the conclusions that I summarize and explain in this book arose and which, I will say immediately, are the following: It is true that the poetry of the "Fedeli d'Amore", especially that of Dante and his most immediate predecessors, of the his contemporaries and his successors, is written in a secret jargon for which at least thirty words (Rossetti had already pointed out some, deceiving himself about others) constantly have, in addition to the apparent meaning concerning love matter, a second and sometimes also a third conventional meaning, concerning the ideas of an initiatory doctrine and the life of a group of initiates. These words are precisely those that with exasperating monotony fill the lines of these "Faithful", very often presenting nonsense in the literal plane, namely: love, madonna, death, life, women, madness and madness, cold, gaiety, gravity, boredom, nature, weep, stone, rose, flower, source, greeting, wild, shame and others of less frequent use. It is true that all the women of the dolce stil novo are in reality one woman and that is the holy Wisdom, which in the special use of the dolce stil novo conventionally takes a different name for each different lover and is called Beatrice for Dante, Giovanna for Guido Cavalcanti, Lagia for Lapo Gianni, Selvaggia for Cino and so on. And since, as I said above, the doctrine cultivated by a sect and the sect itself are confused under the same designation, these women also serve to designate the sect of the "Fedeli d'Amore". Dante's Vita Nuova is all written in this jargon: it is all symbolic from the first to the last word and concerns the initiatory life of Dante and his relations not with the wife of Simone de' Bardi, but with the Holy Wisdom and with the group that cultivated it. Therefore the Beatrice of the New Life does not differ substantially from the one who appears triumphant on the chariot of the Church in the apocalyptic vision of the Divine Comedy. The darkest poems of the "Fedeli d'Amore" and especially Dante's obscure songs, over which those who were ignorant of the jargon have struggled in vain, read according to the jargon, melt their clarity, coherence, unsuspected depth. Not only that, but with the knowledge of the secret meaning of these few words of jargon, they clear up in our eyes and completely transform into their spirit, other very obscure works by Dante's contemporaries, such as the Documents of love by Francesco da Barberino, the Intelligence by Dino Compagni, the Acerba by Cecco d'Ascoli, works which, while differing outwardly from the love poetry of the sweet styl novo are informed by the same profound mystical spirit, by the same secret doctrine, they come out, in other words, from the bosom of the same sect. These poems, once translated into their real meaning with the key of jargon, in place of that vague, stylized, monotonous, cold, artificial love, which they almost always show according to the letter, reveal to us an intense and deep life of love. For a mystical idea, considered the true essence of Catholic revelation, of a struggle for it, against the carnal and corrupt Church, conventionally called "Death" or "the Stone" and which is depicted as an opponent of the sect of the "Fedeli d'Amore" and as a concealer of that holy Wisdom that the "Fedeli d'Amore" pursue under the figure of the woman; they reveal to us a series of mystical kidnappings, of cries invoking help against the persecutions and threats of adversaries, of excitements with which the followers comfort each other to remain faithful to the holy idea, and other very high and very deep things, before which the fictitious love poem, which is on the surface, falls, and almost always without our regret, like a very insignificant rind, leaving us astonished that we could have believed that all this was really love poetry. Imagine if you will, a satirical retelling of Dante Aligheri's Inferno starring Mickey Mouse. This is the very first of the world-famouse, er, famous Great Parodies featuring classic Disney stars in outrageous spoofs of
