**Weaving together the story of his fractured relationship to his mother with research into her paranormal abilities, Dr. Christian Smith has created, in *The Scientist and the Psychic*, a captivating, one-of-a-kind memoir of belief, skepticism and familial love. Christian Smith**

realized his mother was different in the autumn of 1977 when he was eight years old. Before then, he'd witnessed séances at home and the kids at school sometimes teased him about his mom being a witch--so he sensed that his life wasn't typical. But it wasn't until he was backstage at a renowned concert venue in Toronto, watching from behind a curtain as Geraldine commanded an audience of 2,000 with her extrasensory readings, that he understood she was special. As Geraldine's only child, he would assume the role of the quiet observer while she guided a live CBC broadcast of a séance; made startling and consistently accurate predictions; and eventually moved to LA to work with the parents of murder victims--and with convicted murderer Jeffrey R. MacDonald. Over time, the high profile and emotionally depleting work affected Geraldine's health and relationships. Addiction took over her life, and her son pulled away. Fast forward to the present day: Christian is a molecular biologist and Geraldine is retired and in poor health. They are closer than they've ever been, and now he gives us the story of her undeniable perceptual abilities and pioneering work as a psychic--and endeavours to make scientific sense of it. #1 New York Times bestselling author Eckhart Tolle highlights the most inspiring and beautiful insights of *A New Earth* When Oprah announced *A New Earth* as her 61st Book Club selection, it skyrocketed to #1 on the New York Times bestseller list, selling over five million copies in paperback and remaining at the top of the list for twenty-two

consecutive weeks . In *A New Earth*, renowned spiritual teacher Eckhart Tolle describes how our current ego-based state of consciousness operates. The purpose of this book is to bring about a shift in consciousness, or in his words, an awakening. An essential part of this awakening is the recognition of the ego, and our attachment to things, the past, and enemies. In *Oneness With All Life*, Eckhart Tolle has picked the essential phrases and paragraphs-the gems of the book-that he feels are most important and reorganized them so readers can focus on the most powerful ideas. Beautifully packaged with evocative artwork and design, it is the perfect gift for anyone with a well-worn copy of *A New Earth* who wants deeper insight into this seminal work. This wonderfully unique collaboration brings together two masters of their fields, joining original words by spiritual teacher Eckhart Tolle with delightful illustrations by Patrick McDonnell, the creator of the acclaimed comic strip MUTTS. Every heartwarming page provokes thought, insight, and smiling reverence for all beings and each moment. More than a collection of witty and charming drawings, the marriage of Patrick McDonnell's art and Eckhart Tolle's words conveys a profound love of nature, of animals, of humans, of all life-forms. *Guardians of Being* celebrates and reminds us of not only the oneness of all life but also the wonder and joy to be found in the present moment, amid the beauty we sometimes forget to notice all around us. Eckhart Tolle is perhaps the most popular spiritual guru in the world. His books have topped the New York Times Bestseller List, and his core teaching-achievement of liberation via the power of Now-has become the "guiding light" of the New Age movement. But according to L. Ron Gardner, author of *Beyond the Power of Now*, there is a problem-a big problem-with Tolle's core teaching: Tolle never explains what, exactly, the power of Now is. Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit? Tolle doesn't say. He continually refers to the Bible and Jesus in his book, but, shockingly, never once mentions the Holy Spirit and how it relates to the Power of Now. L. Ron makes it clear that the true Power of Now is the Holy Spirit, which is the same divine Light-energy as Hindu Shakti and the Buddhist Sambhogakaya. He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it. To some, Eckhart Tolle is a New Age visionary, describing a "new earth" that can materialize if mankind, en masse, awakens to the power of Now. But according to L. Ron Gardner, he is simply a histrionic ranter full of empty rhetoric. Throughout this book, L. Ron continually points out, from different angles, the folly of Tolle's New (or Now) Age chimera and describes the social system that represents mankind's sociopolitical salvation. Beyond Tolle's teaching about the power of Now and rhetoric

about a "new earth," L. Ron takes the renowned guru to task on virtually every subject he addresses. Most significantly, he rebuts his arguments that: 1) emotions can be trusted more than thought; 2) time is a mind-created illusion; 3) psychological time is insanity; 4) the present moment is the Now; 5) the "inner" body is the direct link to the Now; 6) your cells stop aging when you live in the Now; 7) women are spiritually more evolved than men; and 8) animals such as ducks and cats are Zen masters. Eckhart Tolle's teachings are replete with erroneous ideas, and L. Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions. Based on the #1 New York Times bestseller *The Untethered Soul*, this guided journal offers powerful new practices for inspiration, freedom, and joy. In this beautiful guided journal, you'll find brand-new exercises and prompts paired with original passages from *The Untethered Soul*. These prompts encourage you to fully relate Michael A. Singer's teachings to your personal experiences, allowing you to dive into the teachings and make them a part of your daily life. You'll also discover practices to help you gain distance from your noisy mind, tap into the deeper awareness that is your true essence, and work through the negative emotions that limit your potential. Grounded in traditions of meditation and mindfulness, the new exercises in this transformational journal will show you how to live more fully in the present moment, and achieve lasting joy and self-realization. If you're ready to open the door to limitless possibilities, *The Untethered Soul Guided Journal* will lead you to a richer understanding of your relationship to your mind, emotions, and inner energies. And by letting go of difficult past experiences you've held within yourself, you'll learn to access the profound happiness of your true, innermost Self.

***INSTANT NATIONAL BESTSELLER, WITH OVER 3 MILLION COPIES SOLD*** From the #1 bestselling author of *Your Erroneous Zones*, a directed and practical book that shows you how to stop being manipulated by others and start taking charge of your own life. Wayne Dyer reveals how we all can prevent ourselves from being victimized by others and begin to operate from a position of power at the center of our own lives. Asserting that we alone are responsible for how much we will be controlled by others, Dyer offers his practical plan for developing new attitudes toward the most common sources of victimization and manipulation, such as family members and authority figures in the workplace. For example, families can be

*tremendously coercive and demanding, but they can also be an immensely rewarding part of your life. Dyer shows how to cope with the negative side and contribute to the positive. In their working life, many people stay in unfulfilling jobs because they feel constrained by their present experience or because they fear change. Dyer shows that by being enthusiastic and flexible, you can find the work to be happy. Life, Dyer says, is a beautiful thing as long as you hold the strings. Pulling Your Own Strings will give you the dynamic strategies and tools to master your own fate.*

*Angels have been with us in every time and culture, and in many religious traditions. Ask Your Angels vividly chronicles how they are currently reaching out to every one of us in a totally new way, bridging our physical reality with their pure spiritual energy. From historical writings and widespread contemporary experience that includes their own workshops, the authors show us how we can draw on the power of angels to reconnect with our lost inner selves and to achieve our goals, whether they be better relationships, healing an illness, or recovery from addiction. To align with the angelic energy field, you will use five simple steps, as well as exercises, meditations, and visualizations, to learn how to talk with your angels—in your mind, in letters, in dreams, on a computer—and ask their guidance in matters from the inspired to the mundane. From Gabriel, Michael, Raphael, and Uriel to the angels of birth and death, from the Earth Angel to the guardian or companion angel who is your personal teacher, comforter, and intimate friend, this guide will introduce you to humor, wisdom, and companionship that come from contact with angels, for they are a doorway to the Divine within us.*

A practical and empowering approach to the age-old quest to let go of the thoughts and feelings that block happiness, impede change, and hinder self-acceptance. Anyone who has dipped a toe into any of the world's spiritual traditions knows that letting go and letting be are key. But how? In this fresh, frank, and powerful guide, Peter Russell allows readers to see that the things we get hung up on are generally not tangible problems in the present, but are instead thoughts, feelings, interpretations, beliefs, or expectations we have about them. These are not actual things; they exist only in our minds. And we can strip these "no-things" of their power and let them go by making a simple change of mind. Russell boils this letting go down to remarkably easy methods of accepting, acknowledging, recognizing, and even befriending what we tend to run from. This paradoxical practice generates peace of mind, fresh perspectives, and wisdom in action. In turbulent times like ours, this is a true power, one available to us all.

This beautiful journal offers a wonderful way to reflect on some of the most insightful and life-changing passages from Tolle's brilliant book, and a place to write whatever thoughts one wishes to add.

*The essential companion volume to the phenomenal self-help bestseller THE POWER OF NOW - 'the must-read bible du jour'. Eckhart Tolle's book describes the experience of heightened consciousness that radically transformed his life - and shows how by living in the moment we can also reach a higher state of being where we can find joy and peace and where problems do not exist. The invaluable companion volume - PRACTISING THE POWER OF NOW - contains all the essential techniques we need to start to put this important book into practice in our own lives. *To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.*

*As Eckhart Tolle has written, poetry "has been recognized since ancient times as a highly appropriate medium for the expression and transmission of spiritual truth." *The Clear Light* is Steve Taylor's latest contribution to this poetic tradition, offering short and powerful reflections as a guide to spiritual awakening and as experiential glimpses of the state of enlightenment itself. Taylor ranges widely, through subjects including "Making the Human Race Whole," "Freedom from the Past," and "The Reality of Connection," always in clear and simple language. Best of all, he reminds us of the choices we always have when life feels chaotic and overwhelming: empathy, acceptance, and love. Soothing but also challenging, Taylor's words continually affirm the profound bedrock of peace and even joy in the present that is always available. The book's eponymous reflection says it best: There is nothing that can't be undone no past injury that can't be healed no past mistake that can't be corrected in the clear light of the present. Reading this book is a transformational spiritual experience in itself.*
