Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers. A Content Guidance section combines an overview of the specific unit or module and the key terms and concepts, with an examiner's interpretation so that students understand precisely what they need to understand and learn, the skills required and the potential pitfalls. A Question and Answer section provides graded answers, typically A and C, to questions which have been set to reflect the style of the unit. All responses are accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.

This book is intended as both a revision guide and student notes for Edexcel AS Economics Unit 2: Managing the Economy. It also contains examples of how to write answers for short answer questions (12 marks), and long answer questions (30 marks) when doing AD/AS analysis, including evaluation Topics covered: inflation, unemployment, balance of payments, GDP, economic growth, circular flow of income and the multiplier, AD/AS analysis, the government's economic objectives, fiscal policy, monetary policy, supply-side policy, public spending and taxation, productivity, the Phillips curve, conflicts between government's economic objectives, evaluation of government's economic policies. Although mainly aimed at the Edexcel A Level syllabus, it may also have relevance for other students on other economics courses post-16 or degree level.
