

## Egyptian Rite Of Cagliostro Rite Of Memphis

*Today some six million Freemasons around the world continue to perform their rituals regularly - an enormous legacy of spiritual endeavour, kept largely in secret. In Britain alone there are over 7,000 lodges, with a quarter of a million members. What is this wealth, this appeal, and how did the philosopher and spiritual scientist Rudolf Steiner reinterpret or reconstruct Freemasonry's time-worn legacy? Unless one is a Freemason, the masonic world, with its arcane conventions and language, remains largely unknown: an obscurity that is almost impossible to fathom. Yet understanding its traditions and style are invaluable when approaching Goethe, Mozart, Herder, Lessing and Novalis - as well as Rudolf Steiner. Steiner himself renewed the 'Royal Art' of Freemasonry from 1906 to 1914 through his ritual work known as Mystica Aeterna. When Steiner invigorated education, medicine, the social order and religion, he fully intended that committed and professional individuals should assume responsibility for the new initiatives. But this was not the case with the Masonic Order he founded, whose leadership he took upon himself. Even the celebration of his passing in 1925, led by Marie Steiner, was entirely Masonic in character. In the context of continuing resistance and misrepresentation, N.V.P. Franklin uncovers the living heart of Freemasonry and reveals why it was - and still is - immensely relevant to anthroposophy. With profound research into its older rituals and teachings, this detailed and conscientious study is a unique contribution to comprehending freemasonry and anthroposophy - both historically and in the present day. According to ancient records, the patriarchs and founders of the early civilizations in Egypt, India, China, Peru, Mesopotamia, Britain, and the Americas were colonized by the Serpents of Wisdom-spiritual masters associated with the serpent-who arrived in these lands after abandoning their beloved homelands and crossing great seas. While bearing names denoting snake or dragon (such as Naga, Lung, Djedhi, Amaru, Quetzalcoatl, Adder, etc.), these Serpents of Wisdom oversaw the construction of magnificent civilizations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions. The Return of the Serpents of Wisdom recounts the*

history of these "Serpents"—where they came from, why they came, the secret wisdom they disseminated, and why they are returning now.

This book offers a historical study of the Masonic "Rite of Memphis-Misraim", allegedly established in 1881. The "Rite of Memphis" and the "Rite of Misraim" were originally separate bodies that originated in the first half of 19th century France. The Rite often refers to Cagliostro (1743-1795), an Italian alchemist, Freemason, healer, and "a key figure of his time", who allegedly gave the organization the impulse necessary for its development. This Masonic system of "High Degrees" is sometimes known as "Egyptian Freemasonry" due to the invocation of Hermetic derived esoteric symbolism that is filled with alchemical, occult and Egyptian references. These degrees blend Christian, Kabbalistic, Neo-Platonic, Pythagorean mysteries, and beyond, within a single Rite of 90 degrees. "Of Memphis and of Misraim, the Oriental Silence of the Winged Sun" is one of the most comprehensive books of its type ever published in the English language. That's why this book is so engaging, with some 400 pages, unveiling the stream of Hermes that passes through Masonry, from the soul of Cagliostro onto the various Egyptian Rites today... Contents:1] FRANC-MAÇONNERIE - THE DEVELOPMENT OF HIGH GRADES IN FRENCH MASONRY DURING THE 18TH CENTURY2] ON THE ORIGINS OF EGYPTIAN MASONRY, CAGLIOSTRO 3] RITE DE MISRAÏM 4] RITE DE MEMPHIS 5] THE CARBONARI AND THE ORIENTAL RITE 6] JOHN YARKER AND THE ANTIENT AND PRIMITIVE RITE OF MASONRY 7] 1881 - THE ANCIENT AND PRIMITIVE RITE OF MEMPHIS-MISRAÏM 8] 1934 - THE EGYPTIAN RITE OF THE F.U.D.O.S.I 9] MEMPHIS-MISRAÏM - THE ORDER WORLDWIDE 10] MM; ITS SYMBOLISM & DEGREES and finally, the Appendix:I : The Egyptian Rite of the Theosophists II : La Grande Hiérophanie and the Arcana Arcanorum III : The Magi of Memphis

A Historical Introduction

Count Cagliostro

## Read Book Egyptian Rite Of Cagliostro Rite Of Memphis

Historical exploration of Masonic rituals of initiation.

Freemason ... Shaman ... Prophet ... Seducer ... Swindler ... Thief ... Heretic Who was the mysterious Count Cagliostro? Depending on whom you ask, he was either a great healer or a dangerous charlatan. Internationally acclaimed historian Iain McCalman documents how Cagliostro crossed paths -- and often swords -- with the likes of Catherine the Great, Marie Antoinette, and Pope Pius VI. He was a muse to William Blake and the inspiration for both Mozart's Magic Flute and Goethe's Faust. Louis XVI had him thrown into the Bastille for his alleged involvement in what would come to be known as "the affair of the necklace." Yet in London, Warsaw, and St. Petersburg, he established "healing clinics" for the poorest of the poor, and his dexterity in the worlds of alchemy and spiritualism won him acclaim among the nobility across Europe. Also the leader of an exotic brand of Freemasonry, Count Cagliostro was indisputably one of the most influential and notorious figures of the latter eighteenth century, overcoming poverty and an ignoble birth to become the darling -- and bane -- of upper-crust Europe.

This is volume two of one of the most interesting and profound historical works about Freemasonry. It is a very rare book and published as ebook exclusively. As a bonus this edition includes a very detailed essay about Freemasonry and its origins, written by Hermann Gruber. Contents: Freemasonry – Its Origin And History I. Name And Definition Ii. Origin And Early History Iii. Fundamental Principles And Spirit Iv. Propagation And Evolution Of Masonry V. Organization And Statistics The Secret Tradition In Freemasonry, Volume 2 Book V – Of Alchemy In Masonry I - The Root-Matter Of The Alleged Hermetic Connection Ii - The School Of Alchemy: An Excursus Iii - Masonic Systems Of Alchemical Degrees) And, Firstly, The Hermetic Rite Of Abbé Pernety Iv - Masonic Systems Of Alchemical Degrees And, Secondly, The Hermetic Rite Of Baron Tschoudy V - Masonic Systems Of Alchemical Degrees And, Thirdly, The Rite Of Mizraim Vi - Masonic Systems Of Alchemical Degrees And, Fourthly, The Hermetic Elements In The Oriental Order Of Memphis Vii - Les Archives Mitho-Hermétiques Book Vi – Of Magical And Kabalistical Degrees I - The Horizon Of Ceremonial Magic Ii - Of Certain Isolated Systems Claiming Derivation From Magical And Kabalistical Sources, Or Working Their Particular Mysteries, And Of The Rite Of Schroeder Iii - The Masonic Rite Of Schroepffer Iv - The Egyptian Masonry Of Cagliostro V - The Rite Of Martines De Pasqually Vi - The School Of Martinism Vii - The Grades Of Kabalism Book Vii – Of The Mysteries On Their Mystical Side And Of This Subject In Relation To Masonry I -Of Rosicrucianism In Its Connection With Masonry Ii - Of Masonic Rosicrucian Developments Iii - Concerning Grades Of New Religion And Of Swedenborgian Masonry Iv - A Hidden Rite Of Interpretation V - Reflections From High Grade Masonry To Modern Occult Research Vi - A Preliminary Excursus Concerning The Divine Quest Vii - Intimations Of The Term Of Research Viii - Of A Rite Within Masonry Ix - Last Words On The Mystery Of Building Appendices I - A Supplementary List Of Grades, Incorporated And Detached, Including Brief Descriptions Ii - Notes On The Recurrence Of Grades In The Various Rites Iii - Critical Annotations On The Text Volume The First Volume The Second Iv - The Latin Church And Freemasonry V - The Full Page Portraits

Miracle-worker or man of straw? Count Alessandro Cagliostro was a cult figure of European society in the tumultuous years leading to the French Revolution. An alchemist, healer and Freemason, he inspired both wild devotion and savage ridicule - as well as novels by Alexandre Dumas, a drama by Goethe and Mozart's opera The Magic Flute. Count Alessandro Cagliostro's sincere belief in the magical powers, including immortality, conferred by his Egyptian Rite of Freemasonry won him fame, but made him dangerous enemies, too. His celebrated travels through the Middle East and the capitals of Europe ended abruptly in Rome in 1789, where he was arrested by the Inquisition and condemned to death for heresy. The Masonic Magician tells Cagliostro's extraordinary story, complete with the first English translation of his Egyptian Rite of Freemasonry ever published. The authors examine the case made against him, that he was an impostor as well as a heretic, and find that the Roman Church, and history itself, have done him a terrible injustice. This engaging account, drawing on remarkable new documentary evidence, shows that the man condemned was a genuine visionary and true champion of Freemasonry. His teachings have much to reveal to us today, not just of the secrets of the movement, but of the mysterious hostility it continues to attract.

The study of Egypt as the fount of all wisdom and stronghold of hermetic lore, already strong in antiquity, Hornung (Egyptology, U. of Basel) calls Egyptosophy. Though it was soundly rebuffed by Egyptology, based on conventional science and history, he thinks its continuing impact on western culture deserves scholarly attention. He reviews the various occult traditions and their expression during various eras. The original *Esoterische Agypten* was published by C. H. Beck'sche Verlagsbuchhandlung, Munich, in 1999, and translated by David Lorton, who has also translated Hornung's earlier books for Cornell. Annotation copyrighted by Book News, Inc., Portland, OR.

The Psychedelic Secret of Freemasonry

Count Cagliostro, Master of Magic in the Age of Reason

Zagami pushes the boundaries once again with this unique and personal journey into the mysteries of the secretive world of the Dark Cabal. In the third book of this acclaimed series, Zagami explores a variety of cryptic topics that are always verified with documentation. This is not a work of fiction, but a tool with which readers can comprehend topics that range from the truth about the mythical Knights Templars to the Jesuits and their Vatican espionage game. Zagami uncovers the most credible candidates of the Grail mystery with proven testimony from an official saint of the Catholic Church. Zagami also upholds what he calls "conspiracy reality," a way to fight back against the system of lies and deceit responsible for the rise of Satanism in the Vatican, showing in the process the magical practices of the Illuminati.

List of bibliographies and trans. in v. 1-12.

This is an anthology giving glimpses into 300 years of magical spirituality, from 1700 to 2000, with suggestions for the future. The Authentic Magical Tradition is difficult to pin down, but the author has come closer than perhaps anyone in identifying the authentic tradition in the essential roots of magical spirituality today, and for tomorrow. 20 years of research and 40 years of experience in this area identifies the author as a major historian of the magical authentic tradition.

The Secret Tradition In Freemasonry, Volume 2 (Annotated Edition)

This volume concentrates on two aspects of the participation of women in Freemasonry: Women (TM)s agency (i.e. the power women gained and exercised in this context) and rituals (i.e. the role of man and women in changing and shaping the rituals women work with).

Far too ignorant of the histories of the rest of the world, being aware of only the accomplishments of Greece, Rome and Europe, Westerners have been made to believe that their societies represent the most superior examples of civilization. However, the Western value system stems from a misconception that, as in nature, human society too is evolving. The idea derives from the hidden influence of secret societies, who followed the belief in spiritual evolution of the Kabbalah, which taught that history would attain its fulfillment when man would become God, and make his own laws. Therefore, the infamous Illuminati gave its name to the Enlightenment of the eighteenth century, which claimed that human progress must abandon "superstition," meaning Christianity, in favor of "reason." Thus the Illuminati succeeded in bringing about the French and American revolutions, which instituted the separation of Church and State, and from that point forward, the Western values of Humanism, seen to include secularism, human rights, democracy and capitalism, have been celebrated as the culmination of centuries of human intellectual evolution. This is the basis of the propaganda which has been used to foster a Clash of Civilizations, where the Islamic world is presented as stubbornly adhering to the anachronistic idea of "theocracy." Where once the spread of Christianity and civilizing the world were used as pretexts for colonization, today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression. However, because, after centuries of decline, the Islamic world is incapable of mobilizing a defense, the Western powers, as part of their age-old strategy of Divide and Conquer, have fostered the rise of Islamic fundamentalism, to both serve as agent-provocateurs and to malign the image of Islam. These sects, known to scholars as Revivalists, opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors. Thus were created the Wahhabi and Salafi sects of Islam, from which were derived the Muslim Brotherhood, which has been in the service of the West ever since. But, the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies, being based on a Rosicrucian myth of Egyptian Freemasonry, which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades, thus forming the foundation of the legends of the Holy Grail. These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists, but would fundamentally shape much of twentieth century history.

P.D. Newman's bold and daring theory provides a radical interpretation of Masonic symbolism. In the tradition of Wasson, Hofmann and Ruck, in ""The Road to Eleusis: Unveiling the Secret of the Mysteries"" (1978), and Heinrich's ""Strange Fruit: Alchemy, Religion, and Magical Foods"" (1995), Newman suggests that practical psychoactive pharmacology, rather than philosophy, lies concealed in the root of some of our allegories and mysteries. Admitting to being more than a mere theoretician, Newman draws from his own personal experiences, and a wide range of sources, in presenting his theory in a logical manner, which merits consideration. - Arturo De Hoyos, 33\* Grand Archivist and Grand Historian Ancient and Accepted Scottish Rite, Southern Jurisdiction

***Western esotericism has now emerged as an academic study in its own right, combining spirituality with an empirical observation of the natural world while also relating the humanity to the universe through a harmonious celestial order. This introduction to the Western esoteric traditions offers a concise overview of their historical development. Nicholas Goodrick-Clarke explores these traditions, from their roots in Hermeticism, Neo-Platonism, and Gnosticism in the early Christian era up to their reverberations in today's scientific paradigms. While the study of Western esotericism is usually confined to the history of ideas, Goodrick-Clarke examines the phenomenon much more broadly. He demonstrates that, far from being a strictly intellectual movement, the spread of esotericism owes a great deal to geopolitics and globalization. In Hellenistic culture, for example, the empire of Alexander the Great, which stretched across Egypt and Western Asia to provinces in India, facilitated a mixing of Eastern and Western cultures. As the Greeks absorbed ideas from Egypt, Babylon, Assyria, and Persia, they gave rise to the first esoteric movements. From the late sixteenth to the eighteenth centuries, post-Reformation spirituality found expression in theosophy, Rosicrucianism and Freemasonry. Similarly, in the modern era, dissatisfaction with the hegemony of science in Western culture and a lack of faith in traditional Christianity led thinkers like Madame Blavatsky to look East for spiritual inspiration. Goodrick-Clarke further examines Modern esoteric thought in the light of new scientific and medical paradigms along with the analytical psychology of Carl Gustav Jung. This book traces the complete history of these movements and is the definitive account of Western esotericism.***

This powerful study weaves the story of Freemasonry into the narrative of American religious history. Freighted with the mythical legacies of stonemasons' guilds and the Newtonian revolution, English Freemasonry arrived in colonial America with a vast array of cultural baggage, which was drawn on, added to, and transformed during its sojourn through American culture. David G. Hackett argues that from the 1730s through the early twentieth century the religious worlds of an evolving American social order broadly appropriated the beliefs and initiatory practices of this all-male society. For much of American history, Freemasonry was both counter and complement to Protestant churches, as well as a forum for collective action among racial and ethnic groups outside the European American Protestant mainstream. Moreover, the cultural template of Freemasonry gave shape and content to the

American public sphere. By including a group not usually seen as a carrier of religious beliefs and rituals, Hackett expands and complicates the terrain of American religious history by showing how Freemasonry has contributed to a broader understanding of the multiple influences that have shaped religion in American culture.

"Count Alessandro Cagliostro's sincere belief in the magical powers, including immortality, conferred by his Egyptian Rite of Freemasonry won him fame, but made him dangerous enemies, too. His celebrated travels through the Middle East and the capitals of Europe ended abruptly in Rome in 1789, where he was arrested by the Inquisition and condemned to death for heresy. The Masonic Magician tells Cagliostro's extraordinary story, complete with the first English translation of his Egyptian Rite of Freemasonry ever published. The authors examine the case made against him, that he was an impostor as well as a heretic, and find that the Roman Church, and history itself, have done him a terrible injustice. This engaging account, drawing on remarkable new documentary evidence, shows that the man condemned was a genuine visionary and true champion of Freemasonry. His teachings have much to reveal to us today, not just of the secrets of the movement, but of the mysterious hostility it continues to attract."

Describes the "darker" pursuits that took place during the Age of Reason, including explorations of magic, alchemy and the occult as well as the dual-role of secret societies including the Freemasons and the Rosicrucianism. 17,000 first printing.

Cagliostro - the Unknown Master

The Return of the Serpents of Wisdom

**In this highly controversial and explosive book, archaeologist, historian, mythologist and linguist Acharya S. marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies, mystery schools and religions in order to unify the Roman Empire under one state religion. In developing such a fabrication, this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era, and reworked them for centuries into the religion passed down to us today. Contrary to popular belief, there was no single man who was at the genesis of Christianity; Jesus was many characters rolled into one. These characters personified the ubiquitous solar myth, and their exploits were well known, as reflected by such popular deities as Mithras, Heracles/Hercules, Dionysos and many others throughout the Roman Empire and beyond. The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior-gods Krishna and Horus, who for millennia preceding Christianity held great favor with the people. The Christ Conspiracy shows the Jesus**

character as not unique or original, not "divine revelation." Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces. The result of this myth making has been "The Greatest Conspiracy Ever Sold."

Few Individuals are surrounded in as much mystery as the Comte de Cagliostro. Was he a Masonic fraud or an innocent victim of the times? This reproduction of Henry R. Evans' inspiring work gives us reason to rethink any negative images of this Masonic wonderman. Originally published in 1919 as a multi-part series in "The New Age Magazine," this is a work sure to spark interest in not only Cagliostro, but also in a beautiful but near lost form of Masonry.

The Egyptian Rite of Freemasonry was influenced by the Hermetic Brotherhood of Egypt in Cagliostro's 18th century Order, and profoundly impacted the 19th century Rites of Memphis and Misraim. These, in their turn, greatly influenced the modern versions of the Ancient & Primitive Rites of Memphis & Misraim. Previous to publication of this volume, information on the Rite of Memphis was scattered through many obscure works. This NEW EDITION collects under one cover, and explains in some detail the essential rituals and aspects of the traditional 97 degrees of the Rite, along with much historical data and supplementary material. Also included is an essay by T Allen Greenfield, detailing the Points Chauds (hot points) system for Scrying the Universe.

Biography of the eighteenth century quack, charlatan and murderer who was to the French Revolution what Rasputin was to the Russian. Guiseppe Blasamo was born in the mid-eighteenth century in the slums of Palermo, Sicily, he would rise from obscurity to become the legendary Count Alessandro di Cagliostro, whose dangerous charm and reputed healing would make him the darling - and bane - of upper-crust Europe. Moving through the period between the Age of Enlightenment and the French Revolution - a time when reason and superstition co-mingled in the minds of even the best educated - Cagliostro earned a reputation for dazzling kings, feeding the poor, healing the ill and, most conspicuously, relieving the careless rich of their money, He tangled with most of the major figures in Europe at that time, including Cassanova, Mozart, Goethe and Catherine the Great. Eventually a lifetime of political intrigue led him to become the key figure in The Diamond Necklace Affair, which many believe precipitated the French Revolution itself, and which would eventually lead to his own downfall and death while imprisoned half insane by the Inquisition.
