

El Cartel De Sinaloa Completa

In the no-man's-land of Mexico's far north-harsh desert landscapes, bruising border towns, urban wastelands and fantastical rural villages-migrants, campesinos and travelers find themselves lost between reality and delirium, tragedy and...

Para entender la criminalidad organizada hemos de retrotraernos al pasado Siglo XX. Tras la Segunda Gran Guerra la delincuencia prosperó al tiempo que las sociedades industrializadas avanzaban y progresaban económicamente; en esta época la amenaza no existía, cabía un riesgo procedente de la delincuencia pero no una amenaza de la criminalidad transnacional, como actualmente la conocemos; porque el mundo bipolarizado se encorsetaba en un nuevo orden cuyo rumbo lo marcaban la URSS y los Estados Unidos de América. La amenaza surgió con la solidificación de las estructuras criminales planificadas, junto a la consolidación de los estados del bienestar ya en la época postindustrial. El logro de cotas de libertad, de unificación espacial de regiones políticas y comerciales, de desarrollo económico y social, todo ello aderezado por la era de la globalización y el imparable avance de las tecnologías de la información y la comunicación (TIC), en constante evolución, desde las emergentes al machine learning; hacen del Siglo XXI un hervidero en el que la transnacionalidad en la

criminalidad organizada y en el terrorismo resurgen con fuerza letal y renovada resultante de la adición de vectores empíricos y tecnológicos. Es ahora cuando los paradigmas se renuevan, los anteriores sirvieron a unas causas determinadas. Aparecen los "centros de concentración de logísticas criminales", y también nuevas formas de criminalidad como la Mafia Rusa, desconocida hasta que el "Telón de Acero" se levantó. La criminalidad oriental, las Triadas chinas sociedades secretas arrinconadas en la época maoísta, surgen con fuerza y se expanden por todo el continente desde Macao, Taiwan o Hong Kong. Sin olvidar sus ritos y su jerarquía, varían sus tradiciones criminales y ocupan nuevos espacios en paralelo a la evolución económica, entremezclándose con los asuntos de Estado, renovando técnicas criminales, y extendiéndose con la globalización; al igual que la Yakuza Japonesa, introducida incluso en sistemas políticos y nuevas formas de comisión de delitos como la sokaiya, que aunque mantiene su estructura jerárquica feudal se expande también con la globalización. Paradigmas son igualmente los Cártels, nada tienen que ver los colombianos con los mexicanos, son estratos con su propia personalidad, industria centrada en la producción y comercialización de la droga y el blanqueo de capitales, dimensionándose internacionalmente con agresividad inusual, siendo capaces de generar auténticas guerras con armamento sofisticado y hombres suficientes

Acces PDF El Cartel De Sinaloa Completa

como para crear ejércitos propios. El de Medellín, el de Cali, el del Norte del Valle, o el narco-terrorista de las Farc son ejemplo de ello. Los mejicanos como el Cártel de Sinaloa, el del Golfo, los Zetas, los Caballeros Templarios, o la Familia Michoacana han creado sociedades de narcotráfico que han devenido en regiones o estados fallidos. Los terrorismos con pretensiones paradigmáticas persisten, el anarquismo primer terrorismo transnacional limitado, ha encontrado la renovación con su "anarquismo insurreccionalista" rompiendo los límites del tiempo y el espacio con la herramienta de la globalización. El etnonacionalista de ETA, falsamente eliminado, continúa dando muestras de vida desde instituciones políticas. El terrorismo yihadista despertó de su letargo el pasado siglo para convertirse en paradigma de corrientes islamistas, con estructuras polimórficas, uso de medios no convencionales, ataques inusuales y de letalidad insospechada: cisnes negros. De todo esto y más trata este libro.

This comprehensive and engaging text explores contemporary Mexico's political, economic, and social development and examines the most important policy issues facing the country today. Readers will find this widely praised book continues to be the most current and accessible work available on Mexico's politics and policy.

'War' is no exaggeration in discussing the bloodshed that has

terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers, and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward, towards the United States. *El Narco* is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. *El Narco* is required reading for anyone concerned about one of the most important news stories of the decade.

La inminente invasión de la guerra de la droga de México

La Familia Drug Cartel: Implications for U.S.-Mexican Security

Now available in paper is Elena Poniatowska's gripping account of the massacre of student protesters by police at the 1968 Olympic Games, which Publishers Weekly claimed "made campus killings at Kent State and Jackson State in 1970 pale by comparison."

Describes the struggle Mexican law enforcement has faced to control the drug traffic in Juárez, reflecting upon the lives of four people at the heart of the drug war--a drug mistress, a human rights activist, a photojournalist, and Juárez's mayor.

¡LA INMINENTE INVASIÓN DE LA GUERRA DE LA DROGA DE MÉXICO! Tras haber observado los carteles mexicanos de la droga durante años, la experta en seguridad fronteriza Sylvia Longmire nos conduce a lo más profundo de ese mundo para ser testigos de una peligrosa subcultura clandestina que hará lo que sea necesario para proveer drogas a un dispuesto público de consumidores estadounidenses. Los carteles han crecido cada vez en los últimos años, construyendo submarinos que suben por las costas de América Central excavando complicados túneles por los que transportan drogas hacia el norte y por donde llevan de vuelta dinero en efectivo y armas largas de gran potencia fabricadas en Estados Unidos para fomentar la guerra del narcotráfico. Sirviéndose de su larga experiencia de trabajo con temas fronterizos, Longmire da vida a la real amenaza que representan los

mexicanos que operan no solo por toda la frontera del suroeste, sino también en lo más profundo de todos los rincones de Estados Unidos. Sylvia Longmire también ofrece soluciones reales a los críticos dilemas que enfrentan México y Estados Unidos, entre ellas programas para impedir que los jóvenes mexicanos se unan a los carteles y cambios en las leyes a ambos lados de la frontera.

Nunca Galicia comercializou un produto con tanto éxito. Aínda que agora semelle un pouco afastado, na década de 1990 o oitenta por cento da cocaína desembarcaba en Europa nas costas galegas. Ademais da súa privilexiada posición xeográfica, Galicia dispuña de todos os ingredientes necesarios para se converter nunha «nova Sicilia»: atraso económico, unha centenaria tradición de contrabando e un clima de admiración e tolerancia cara a unha delituosa herdada da época dos «inofensivos» e «benefactores» capos do tabaco. Os clanes poderosos e herméticos, medraron na impunidade afianzada grazas ao desleixo (e mesmo complicidade) da clase política e das forzas de seguridade. A través de testemuños directos de capos, pilotos de planadoras, arrepentidos, xuíces, policía, xornalistas e nais de toxicómanos Nacho Carretero retrata con detalle unha paisaxe criminal con frecuencia infravalorada. No imaxinario popular, ese costumismo «kitsch» de capos con zocos e reloxos de ouro ensombreceu o potencial destrutivo dun fenómeno que arrasou o tecido social, económico e político de Galicia. «Fariña» inclúe, ademais, un repaso inédito polos clans que seguen operando hoxe en día. Porque en contra da crenza mediática e popular, o narcotráfico si que vive en Galicia. E non se debe esquecer o que aínda non rematou.

Historia del narcotráfico en México es, sin duda, la investigación más importante sobre la guerra contra el narco y sus protagonistas, además, un documento esclarecedor, objetivo y sincero, escrito desde lo más profundo de la problemática y con necesidad de contar la verdad, aunque sea dolorosa. Un análisis implacable y excelentemente documentado sobre los orígenes y alcances del narcotráfico en México. Escrito por Guillermo Valdés una de las voces más autorizadas en temas de

crimen organizado, narcotráfico y política mexicana. El problema del narcotráfico en México ha alcanzado niveles insospechados debido a los acuerdos siniestros entre los líderes de los cárteles y los cuerpos policiacos, por la complicidad con algunos miembros del gobierno y las negociaciones establecidas por los narcos con militares y cuerpos de seguridad. El alto posicionamiento de los narcotraficantes resulta impactante y digno de un análisis cuidadoso. Guillermo Valdés lo ofrece en estas páginas de manera puntual y objetiva; elabora un recuento de sus protagonistas y los mecanismos que emplearon para alcanzar la cima en el negocio de los estupefacientes. Habla de grupos que ganan terreno cada día por medio del crimen, el asesinato y el comercio voraz, así como las prácticas utilizadas para fortalecer sus bandos e imponer su ley. Guillermo Valdés, titular del Centro de Investigación y Seguridad Nacional (CISEN) durante el gobierno de Felipe Calderón, en una de las etapas más críticas del enfrentamiento entre el Estado y los narcotraficantes, elabora una radiografía insuperable de este fenómeno social que fractura el orden social de nuestro país. Basado en un trabajo de campo agitadoísimo, caracterizado por una delicada toma de decisiones, así como en años de investigación sobre problemas sociales de México, seguridad nacional y ejercicio del poder, el autor analiza las primeras expresiones del narcotráfico en nuestro país durante las décadas de los años veinte a los cuarenta del siglo pasado, el auge y la consolidación monopólica de 1940 a 1980, las fragmentaciones y rupturas durante los últimos años del siglo XX y la guerra franca del gobierno mexicano contra el narco en el presente siglo. Meticuloso y revelador, Guillermo Valdés detalla las acciones de los narcotraficantes y sus alcances en cuanto a ganancias, territorio y formas de operar; repasa el origen del comercio de drogas y las estrategias de sus

actores esenciales: desde Caro Quintero, Ernesto Fonseca: "Don Neto" y Félix Gallardo, hasta "El Mayo" Zambada, los Beltrán Leyva, Amado Carrillo: "El señor de los Cielos", Joaquín "El Chapo" Guzmán, los Arellano Félix y Héctor "El Güero" Palma, entre muchos otros personajes que, en complicidad con comandantes de la policía, agentes ministeriales, representantes del ejército y políticos, han conformado un grupo de poder sin precedentes.

Drug Trafficking in the Americas

Cartel: The Coming Invasion of Mexico's Drug Wars

Memorias de los mexicanos contemporáneos

Milenio

Whiteout

Historias de narcos: Culiacán y Medellín examina el lugar que el tráfico de drogas ocupa en la producción cultural de la región. El libro compara las representaciones del narcotráfico en Culiacán y Medellín, y muestra que, aunque la corrupción, la violencia y la desigualdad social están en la base de los productos culturales analizados (novelas, fotografías, pinturas), el lenguaje local responde a las dinámicas históricas y políticas de cada país, de cada ciudad. El acercamiento teórico que propone el libro combina la etnografía —incluye entrevistas con autores y artistas de cada ciudad— con una sistemática lectura

crítica de las narrativas. La novedad de esta metodología ofrece una visión amplia y profunda de las implicaciones del tráfico de drogas ilegales en los campos culturales locales. El libro, además, se pregunta por el modo como el narcotráfico es (localmente) codificado, representado, estetizado y (globalmente) consumido; a su vez, ofrece una mirada panorámica de los peligros que enfrentan los autores cuando representan el fenómeno, así como de los cambios en sus perspectivas a lo largo del tiempo.

Nineteen-year-old Nayeli works at a taco shop in her Mexican village and dreams about her father, who journeyed to the US to find work. Recently, it has dawned on her that he isn't the only man who has left town. In fact, there are almost no men in the village--they've all gone north. While watching *The Magnificent Seven*, Nayeli decides to go north herself and recruit seven men--her own "Siete Magníficos"--to repopulate her hometown and protect it from the banditos who plan on taking it over. Filled with unforgettable characters and prose as radiant as the Sinaloan sun, *INTO THE BEAUTIFUL NORTH* is the story of an irresistible young woman's quest to find herself on both sides of the fence.

The explosive truth behind the CIA and its dirtiest secrets. On March 16, 1998, the CIA's Inspector General, Fred Hitz, finally let the cat out of the bag in an aside at a Congressional Hearing. Hitz told the US Reps that the CIA had

maintained relationships with companies and individuals the Agency knew to be involved in the drug business. Even more astonishingly, Hitz revealed that back in 1982 the CIA had requested and received from Reagan's Justice Department clearance not to report any knowledge it might have of drug-dealing by CIA assets. With these two admissions, Hitz definitively sank decades of CIA denials, many of them under oath to Congress. Hitz's admissions also made fools of some of the most prominent names in US journalism, and vindicated investigators and critics of the Agency, ranging from Al McCoy to Senator John Kerry. The involvement of the CIA with drug traffickers is a story that has slouched into the limelight every decade or so since the creation of the Agency. Most recently, in 1996, the San Jose Mercury News published a sensational series on the topic, "Dark Alliance", and then helped destroy its own reporter, Gary Webb. In *Whiteout*, Alexander Cockburn and Jeffrey St. Clair finally put the whole story together from the earliest days, when the CIA's institutional ancestors, the OSS and the Office of Naval Intelligence, cut a deal with America's premier gangster and drug trafficker, Lucky Luciano. The international bestseller that inspired the must-watch drama on USA Network starring Alice Braga as Teresa Mendoza. From "master of the intellectual thriller" Arturo Pérez-Reverte, a remarkable tale, spanning decades and

continents—from the dusty streets of Mexico to the sparkling waters off the coast of Morocco, to the Strait of Gibraltar and Spain—in a story encompassing sensuality and cruelty, love and betrayal, and life and death. Teresa Mendoza's boyfriend is a drug smuggler who the narcos of Sinaloa, Mexico, call "the king of the short runway," because he can get a plane full of coke off the ground in three hundred yards. But in a ruthless business, life can be short, and Teresa even has a special cell phone that Guero gave her along with a dark warning. If that phone rings, it means he's dead, and she'd better run, because they're coming for her next. Then the call comes. In order to survive, she will have to say goodbye to the old Teresa, an innocent girl who once entrusted her life to a pinche narco smuggler. She will have to find inside herself a woman who is tough enough to inhabit a world as ugly and dangerous as that of the narcos—a woman she never before knew existed. Indeed, the woman who emerges will surprise even those who know her legend, that of the Queen of the South.

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained

national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

A blend of *Manhunt*, *Killing Pablo*, and *Zero Dark Thirty*, Andrew Hogan and Douglas Century's sensational investigative high-tech thriller—soon to be a major motion picture from Sony—chronicles a riveting chapter in the twentieth-century drug wars: the exclusive inside story of the American lawman and his dangerous eight-year hunt that captured El Chapo—the world's most wanted drug kingpin who evaded the law for more than a decade. Every generation has a larger-than-life

criminal: Jesse James, Billy the Kid, John Dillinger, Al Capone, John Gotti, Pablo Escobar. But each of these notorious lawbreakers had a "white hat" in pursuit: Wyatt Earp, Pat Garrett, Eliot Ness, Steve Murphy. For notorious drug lord Joaquín Archivaldo Guzmán-Loera—El Chapo—that lawman is former Drug Enforcement Administration Special Agent Andrew Hogan. In 2006, fresh out of the D.E.A. Academy, Hogan heads west to Arizona where he immediately plunges into a series of gripping undercover adventures, all unknowingly placing him on the trail of Guzmán, the leader of the Sinaloa Cartel, a Forbes billionaire and Public Enemy No. 1 in the United States. Six years later, as head of the D.E.A.'s Sinaloa Cartel desk in Mexico City, Hogan finds his life and Chapo's are ironically, on parallel paths: they're both obsessed with the details. In a recasting of the classic American Western on the global stage, *Hunting El Chapo* takes us on Hogan's quest to achieve the seemingly impossible, from infiltrating El Chapo's inner circle to leading a white-knuckle manhunt with an elite brigade of

trusted Mexican Marines—racing door-to-door through the cartel's stronghold and ultimately bringing the elusive and murderous king-pin to justice. This cinematic crime story following the relentless investigative work of Hogan and his team unfolds at breakneck speed, taking the reader behind the scenes of one of the most sophisticated and dangerous counter-narcotics operations in the history of the United States and Mexico.

Una lectura clave para entender los alcances del poder del narcotráfico

Análisis profundo del avance del poder narco y del aumento de la producción, tráfico y consumo de drogas en la Argentina a partir de casos con impacto en la opinión pública. Repaso crítico de experiencias internacionales y propuesta de directrices de política pública para evitar que la Argentina se convierta en un narco-estado.

The Mexican Drug Lords And Their Godfathers

From the acclaimed author of "The Power of the Dog" and continuing the harrowing story of the Mexican-American drug wars that fueled it--an electrifying new novel that spanning a decade brings this tale of greed and corruption, revenge and justice, heroism, and deceit into the present moment. Tall Premium Edition.zard.

The author of "Across the Wire" offers brilliant investigative reporting of what went wrong when, in May 2001, a group of 26 men attempted to cross the Mexican border into the desert of southern Arizona. Only 12 men came back out. "Superb . . . Nothing less than a saga on the scale of the Exodus and an ordeal as heartbreaking as the Passion . . . The book comes vividly alive with a richness of language and a mastery of narrative detail that only the most gifted of writers are able to achieve.--"Los Angeles Times Book Review."

The World Drug Report provides a comprehensive overview of recent developments in the world's illicit drug markets. Chapter one of the World Drug Report 2016 provides a global overview of the latest statistics, trends and developments with respect to opiates, cocaine, cannabis and synthetic drugs, ranging from production to trafficking as well as consumption and the health consequences of drug use. Chapter two utilizes the Sustainable Development

Goals framework to examine the interplay between the drugs phenomenon and the broader development context.

Una demanda del contexto mexicano actual es preguntarse cómo se acuña la memoria social en contextos de violencia sostenida dada la profundidad de los estragos que ha producido en la sociedad mexicana. Este libro expresa diferentes formas para observar cómo se definen la memoria social, cómo pueden relacionarse los procesos que afectan la memoria. Es así un crisol de perspectivas que buscan establecer diálogos con los lectores para tener presente que, la memoria de la sociedad no es secundaria o recesiva. Por el contrario, las cesuras del presente intervienen en su definición, en particular aquellas que desencadena la violencia. El texto pone a consideración una propuesta teórica para definir cómo es posible la memoria de la sociedad, a la par de casos puntuales que abordan la emergencia de memorias sociales.

The Fight to Save Juárez

The Bloody Rise of Mexican Drug Cartels

El Narco

A True Story of Deadly Decisions, Steadfast Love, and Bringing Down El Chapo

Mafia y compañía

No Man's Land

A novel set in the backstreets of Medellin, Colombia, captures the lives of the beggars, thieves, drug addicts, and other lost souls of a city overwhelmed by the drug trade.

GRISELDA BLANCO grows up in the suburbs of Medellin, surrendered in the prostitution which she was prey at the age of 12. At the age of 18, she met her first husband, Carlos Trujillo, who made her three children before throwing out her. She returned on the sidewalk before knowing the man who would change her life, Alberto Bravo. Together, they emigrate to New York. In the American metropolis, they dashed into the traffic of cocaine. Griselda and Alberto imported several kilos of white powder every week which they sold to a kingpin of mafia. John Gotti, the mafia Godfather, contacted Griselda so that supplies him the goods. The spouses Bravo organized the delivery of these goods based on their Medellin childhood friends. Their business became so important. But the demand kept growing. They had set up a high-tech industry to supply their customers. Other friends of Medellin came into play, including the notorious Pablo Escobar Gaviria, given the manufacturing and delivery to United States. The business worked perfectly until the day where the intervention of the DEA agents who failed to arrest Alberto, putting an end to the traffic of the Bravo couple. Griselda and Alberto had to leave the North American territory. She never forgave him this error. Because American authorities had been warned by the Colombian police which noticed the excessive lifestyle of Alberto Bravo and put him under surveillance. Annoyed by the excesses of her husband, who spent more time to sniff

cocaine and romp in the bed with the mules which he used to spend drugs, she decided to kill him. Griselda Blanco became them the leader of a new network, settling in Miami to sell his white powder. It was the beginning of the time of Miami Vice. From this moment, the war between gangs for the sale of cocaine became the daily lives of the inhabitants of Miami. Until the day when Griselda Blanco escaped an arrest and a murder attempted. She took refuge at her mother's, Ana Lucia, in Los Angeles. She had quiet moments with her mother and her son, Michael Corleone. But Robert Palombo, a DEA agent, found her trail and arrested her in the bungalow where she lived. She was incarcerated in the prison for woman of San Francisco. Over there, she met a boy who had her great admiration, Charles Cosby. Became lovers, she made him her representative outside of the prison. But her right-hand man of Miami, Jorge Riverito Ayala, was arrested by the police. And to escape from the prison, he began to speak. The American authorities had their information. Griselda Blanco was extradited towards Florida, where she was judged for murder. But during the trial, Charles Cosby revealed to the judge having had sexual relations with a secretary of the Prosecutor. The judgment, which had to be a mere formality, turned in a fiasco. Therefore, the judge negotiated with lawyers of Griselda to put an end to this trial. Griselda Blanco was extradited to her country of origin, Colombia. Griselda settled

down in Medellin in the chic area of El Poblado where she had bought a villa in a secure subdivision. She lived there for several years before being shot to death on September 3, 2012 by two men who put two bullets in the head. Griselda Blanco was almost 70 years old.

La historia del narcotráfico en México es, a fin de cuentas, la historia del perverso sistema político que nos gobierna. Primero lo dicen los medios de comunicación y pronto lo repiten las narconovelas, las películas y los corridos: "Los cárteles de la droga han construido imperios de criminalidad que rebasan el poder del Estado". Todos aseguramos saber de capos, plazas y rutas, y sin embargo lo que conocemos del narco no es real. Nuestras ideas sobre el narcotráfico son, casi en su totalidad, el resultado de una tramposa narrativa concebida por los gobiernos de México y Estados Unidos. Todos hemos aprendido ese relato. Es hora de empezar a desaprenderlo y de afrontar la realidad. En este libro, a caballo entre el ensayo político y la crítica cultural, Oswaldo Zavala demuele con asombrosa lucidez los mitos construidos alrededor del narcotráfico y se atreve a observar de otro modo el complejo fenómeno del tráfico de drogas. Los cárteles, tal y como nos los han querido vender, no existen. Existen las estrategias políticas que los idearon. Existe el tráfico de drogas, pero fuertemente controlado por instituciones oficiales. Existe la violencia, pero en buena medida perpetrada por el mismo Estado que

debería protegernos. La historia del narcotráfico en México es, a fin de cuentas, la historia del perverso sistema político que nos gobierna. "Pasa algún tiempo con Oswaldo Zavala, conversa un rato con él sobre el tráfico de drogas y, casi seguro, terminarás por darte cuenta de que todo lo que crees saber al respecto no es más que un mito." Remezcla

To appreciate the title of this work, MEMOIRS OF AN UNWED FATHER [his sixth book], the reader should know, right up front, that its author is a priest –a Catholic priest; a Catholic and very Roman priest. Fresh the hippocampus of raconteur Charles Theodore Murr, comes this (mostly humorous) selection of short stories. Set in New York, Rome, Guadalajara, even La Tuna Agria, these tales are meant to provoke some thought and reflection but, more than anything else, smiles. Welcome to the unusual world of Charles Theodore Murr; profession: Father.

Dispatches from Inside the Drug War

Hunting El Chapo

Proceso

The CIA, Drugs, and the Press

Historias de narcos: Culiacán y Medellín

World Drug Report 2016

Los pobres resultados de la investigacin sobre el sangriento homicidio de un

adivinator obligan al Zurdo Mendieta a echar mano de sus contactos dentro del oscuro mundo del narcotráfico. Pero, como todos los favores, ninguno es gratuito. Como pago por la informacin sobre el homicida del adivino, al Zurdo no le queda ms remedio que ayudar a la jefa a escapar. Lo consiguen mediante un plan descabellado y mucha adrenalina, aunque el rostro del detective es identificado y su misin queda truncada. En la clandestinidad y con un futuro incierto, el Zurdo revive un traumtico evento que remueve su miedo y lo regresa a la calle: su hijo ha sido secuestrado en Los Angeles. Con ayuda del cartel viaja a Estados Unidos, donde descubre una enmaraada situacin en la que reina la confusin operada por el FBI, que esconde intereses de gran alcance que Mendieta no alcanza a vislumbrar. ste es el regreso del Zurdo Mendieta en una vibrante novela que explora el entramado de traiciones, pactos y conspiraciones de una sociedad en la que el crimen organizado forma parte indisoluble de la realidad cotidiana. Una vez ms, el Zurdo, y su inconfundible carcter, se enfrentan a un complejo rompecabezas donde la frontera que divide la ley del crimen pierde su definicin. ENGLISH DESCRIPTION Poor results in the investigation of the brutal homicide of a fortune-teller force Zurdo Mendieta to resort to his contacts in the dark world of drug trafficking. But like all favors, nothing is free. As payment for the information about the fortune-teller's death, Zurdo has no choice but to help the mob boss to escape. They manage it through a reckless plan, but the detective's face is

identified and his mission aborted. In hiding and with an uncertain future, Zurdo experiences a traumatic event that erases his fear and returns him to action: his son has been kidnapped in Los Angeles. With the help of the cartel, he travels to the United States, where he discovers a tangled, confusion-riddled situation operated by the FBI, which is hiding far-reaching interests that Mendieta can't begin to discern. This is the return of Zurdo Mendieta in a vibrant novel that explores the labyrinth of betrayal, pacts, and conspiracies of a society in which organized crime forms part and parcel of daily life. Once more, Zurdo faces a complex puzzle where the boundary between law and crime begins to fade.

An early 20th century American journalist's articles on Mexico before the Revolution. En 2017, la Corte Suprema –cinco jueces solitarios que apenas se hablan entre sí– votó el 2 × 1 a represores. La sociedad, indignada, se movilizó masivamente y dio vuelta ese fallo. Ese mismo año, "murieron" Santiago Maldonado y Rafael Nahuel, en medio de una escalada represiva de Gendarmería y Prefectura, que el gobierno de Cambiemos avala hasta hoy. De nuevo, las movilizaciones se hicieron sentir. El 19 de diciembre de 2001 De la Rúa impuso el estado de sitio; nadie lo tomó en serio y, por el contrario, la amenaza funcionó como acicate para que la gente saliera a la calle y enfrentara al gobierno. Poco tiempo después, en una semana con cuatro feriados artificiales, el fugaz presidente Rodríguez Saá suspendió épicamente el pago de la deuda externa y

prometió crear un millón de puestos de trabajo. Un video con sonido de fritura registra su renuncia pocos días después. ¿Qué dicen de la Argentina estos hechos? ¿Que somos excepcionales en la región? ¿Que somos insumisos? Dicen, ante todo, cómo hacemos política y cómo resistimos en un país que parece vivir, con demasiada frecuencia, al borde del abismo, en equilibrio precario. Con una singular, Mario Wainfeld pone el foco en esos momentos en que todo pudo estallar y volar por los aires, y a veces estalló. Elige diez episodios representativos de la historia reciente, situaciones límite o encrucijadas que confirman que el pueblo argentino sabe rebelarse, copar el espacio público pacífica y eficazmente, y que la violencia es monopolio de los gobiernos y las fuerzas de seguridad. Reconstruyendo con pinceladas imperdibles acontecimientos de la calle y del Palacio –esa cápsula en la que se encierran los funcionarios–, Mario Wainfeld compone un retrato revelador de la política criolla. Si en la Argentina –y el presente no nos desmiente– solemos sentir que todo tambalea, Estallidos argentinos nos trae las claves que necesitábamos para entender el buen y el mal gobierno y la vitalidad plebeya de nuestra sociedad.

Having followed Mexico's cartels for years, border security expert Sylvia Longmire takes us deep into the heart of their world to witness a dangerous underground that will do whatever it takes to deliver drugs to a willing audience of American consumers. The cartels have grown increasingly bold in recent years, building submarines to move up

the coast of Central America and digging elaborate tunnels that both move drugs north and carry cash and U.S. high-powered assault weapons back to fuel the drug war. Channeling her long experience working on border issues, Longmire brings to life the very real threat of Mexican cartels operating not just along the southwest border, but deep inside every corner of the United States. She also offers real solutions to the critical problems facing Mexico and the United States, including programs to deter youth in Mexico from joining the cartels and changing drug laws on both sides of the border.

Barbarous Mexico

Caudillosdelnorte.org es la opera prima de Gilberto C. Rivera y denota la influencia de autores como Paulo Coelho o Dan Brown pero sobresaliendo un estilo contemporáneo, con una redacción sencilla y fluida que atrapa al lector.

An astonishing, revelatory, and redemptive memoir from two women who escaped the international drug trade, with never-before-revealed details about El Chapo, the

Sinaloa Cartel, and the dangerous world of illicit drugs. Olivia and Mia Flores are married to the highest level drug traffickers ever to become US informants. Their husbands worked with--and then brought down--El Chapo, as well as dozens of high-level members of the Mexican cartels. They had everything money could buy: luxury cars, huge houses, and expensive jewelry--but they chose to give it all up when they cooperated with the US government. They knew that life was about more than wealth; it was about love, family, and doing what's right. CARTEL WIVES is a love story, a "Married to the Mob" story, an insider's look into the terrifying but high-flying empire of the new world of drugs, and, finally, the story of a major DEA and FBI operation.

The definitive account of the rise and fall of the ultimate narco, "El Chapo," from the New York Times reporter whose coverage of his trial went viral Joaquin "El Chapo" Guzman is the most legendary of Mexican narcos. As leader of the Sinaloa drug cartel, he was one of the most dangerous men in the world. His fearless climb to power, his brutality, his charm, his taste for luxury, his penchant for disguise, his multiple dramatic prison escapes, his unlikely encounter with Sean Penn—all of these burnished the image of the world's most famous outlaw. He was finally captured by U.S. and Mexican law enforcement in a daring operation years in the making. Here is that entire epic story—from El Chapo's humble origins to his conviction in a Brooklyn courthouse. Longtime New York Times criminal justice reporter Alan Feuer's coverage

of his trial was some of the most riveting journalism of recent years. Feuer's mastery of the complex facts of the case, his unparalleled access to confidential sources in law enforcement, and his powerful understanding of disturbing larger themes—what this one man's life says about drugs, walls, class, money, Mexico, and the United States—will ensure that El Jefe is the one book to read about "El Chapo."
