It is increasingly implausible to speak of a purely domestic abortion law, as the legal debates around the world draw on precedents and influences of different national and regional contexts. of the twentieth century, Central and South America are proving to be laboratories of thought and innovation in the twenty-first century, as are particular countries in Africa and Asia. Abortion Law in Transnational Perspective offers a fresh look at significant transnational legal developments in recent years, examining key judicial decisions, constitutional texts, and regulatory reforms of abortion law in order to envision ways ahead. The chapters investigate issues of access, rights, and justice, as well as social constructions of women, sexuality, and pregnancy, through different legal procedures and regimes. They address the

promises and risks of using legal procedure to achieve reproductive justice from different national, regional, and international vantage points; how public and courtroom debates are framed within medical, religious, and human rights arguments; the meaning of different narratives that recur in abortion litigation and language; and how respect for women and prenatal life is expressed in various legal regimes. By exploring how legal actors advocate, regulate, and adjudicate the issue of abortion, this timely volume seeks to build on existing developments to bring about change of a larger order. The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's

impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in

gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner

It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and

A crisis of conscience uproots a clergyman's family from the pastoral beauty of the south, sending them to a dreary city in the industrial north. Margaret Hale is initially appalled by the unrefined town of Milton and its population of factory workers. But after befriending a local family, she develops a sense of sympathy for the struggles of the poor. The demands of Margaret's awakening social conscience are further challenged by her attraction to John Thornton, self-made man and wealthy factory owner. Praised by Charles Dickens as an "admirable story, full of character and power," Elizabeth Gaskell's 1855 novel unfolds across the social divides of a changing world. The romance between the haughty but sensitive heroine and an intelligent, dynamic man of lower social status touches upon political, philosophical, and economic issues. An unflinching

Mario Vargas Llosa's classic early novel takes place in a Peruvian town, situated between desert and jungle, which is torn by boredom and lust. Don Anselmo, a stranger in a black coat, builds a brothel on the outskirts of the town while he charms its innocent people, setting in motion a chain reaction with extraordinary consequences. This brothel, called the Green House, brings together the innocent and the corrupt: Bonificia, a young Indian girl saved by the nuns only to become a prostitute; Father Garcia, struggling for the church; and four
