Stories from the ER: a doctor shows how empathy, creativity, and imagination are the cornerstones of clinical care. To be an emergency room doctor is to be a professional listener to stories. Each patient presents a story; finding the heart

Online Library Emergency Care Hardcover Edition 12th Edition

of that story is the doctor ' s most critical task. More technology, more tests, and more data won ' t work if doctors get the story wrong.

Empathy, creativity, and imagination are the cornerstones of clinical care. In Tornado of Life, ER

Online Library Emergency Care Hardcover Edition 12th Edition

physician Jay Baruch offers a series of short, powerful, and affecting essays that capture the stories of ER patients in all their complexity and messiness. Patients come to the ER with lives troubled by scales of misfortune that have

Online Library Emergency Care Hardcover Edition 12th Edition

little to do with disease or injury. ER doctors must be problem-finders before they are problem-solvers. Cheryl, for example, whose story is a chaos narrative of “and this happened, and then that happened, and then, and then and then and

Online Library Emergency Care Hardcover Edition 12th Edition

then,” tells Baruch she is “stuck in a tornado of life.” What will help her, and and what will help Mr. K., who seems like a textbook case of post-combat PTSD but turns out not to be? Baruch describes, among other things, the emergency of loneliness

Online Library Emergency Care Hardcover Edition 12th Edition

(invoking Chekhov, another doctor-writer); his own (frightening) experience as a patient; the patient who demanded a hug; and emergency medicine during COVID-19. These stories often end without closure or solutions. The

Online Library Emergency Care Hardcover Edition 12th Edition

patients are discharged into the world. But if they 're lucky, the doctor has listened to their stories as well as treated them.

From the New York Times bestselling author of My Paris Kitchen and L'Appart, a deliciously funny, offbeat, and irreverent look at the city of lights, cheese, chocolate, and other

confections. Like so many others, David Lebovitz dreamed about living in Paris ever since he first visited the city and after a nearly two-decade career as a pastry chef and cookbook author,

Online Library Emergency Care Hardcover Edition 12th Edition

he finally moved to Paris to start a new life. Having crammed all his worldly belongings into three suitcases, he arrived, hopes high, at his new apartment in the lively Bastille

neighborhood. But he soon discovered it's a different world en France. From learning the ironclad rules of social conduct to the mysteries of men's footwear, from shopkeepers who work

so hard not to sell you
anything to the etiquette of
working the right way
around the cheese plate,
here is David's story of how
he came to fall in love
with—and even

understand—this glorious, yet sometimes maddening, city. When did he realize he had morphed into un vrai parisien? It might have been when he found himself considering a purchase of

Online Library Emergency Care Hardcover Edition 12th Edition

men's dress socks with cartoon characters on them. Or perhaps the time he went to a bank with 135 euros in hand to make a 134-euro payment, was told the bank had no change that day, and

thought it was completely normal. Or when he found himself dressing up to take out the garbage because he had come to accept that in Paris appearances and image mean everything.
