IGCSE Business Studies third edition is a student-friendly Business Studies textbook covering all the components of the latest IGCSE syllabus.

"I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, *The Story of English* and Literary Editor, *London Observer*. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book *Don't Speak English - Parlez Globish* became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations." The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and demonstrates that Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere

words.

Provides students with the language and life skills necessary to pursue business-related career goals.

English for Business Studies is a course for upper-intermediate and advanced level students who need to understand and discuss business and economic concepts.

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with the Bible; not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World. It is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Bible if anyone is Interested in Actually Understanding the Bible. Most People are not; but, it is not a Problem: because most People were not Born to be Masters. Indeed, most were

be Good Servants of Good Masters, which is Good: because the Masters are like the  
the Body of Good Government, which Body must have many other Working Parts and  
Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise  
Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eye  
to some other Person, who can See what is Needed. We suggest that Readers of this  
Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt  
read the entire Book during one Day, even though it will be Tempting to Finish it, quick  
just to Discover those Precious Parts that make it so Famous and Controversial among  
Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly  
that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed  
there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a C  
might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version  
The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!),  
Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the  
Mutilated Bible, the Book of Mormon is much more Understandable, being "a New  
Revelation from God," you might say; but, it is nothing quite as Enlightening as the Ne  
MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme  
Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of  
Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books  
beCause that is True Wisdom on your part, which will make you Glad that you did.

In *Don't Mess It Up: How Founders and Their Successors Can Avoid the Clichés That Inhibit Growth*, author and six-time second CEO Les Trachtman offers his expertise on the most effective ways to successfully hand off your company to a worthy successor. His advice is for those who are inheriting a business and want to take it to the next level, and for boards who are dealing with these leadership transitions. In his direct, no-nonsense approach, Les shows readers how seemingly harmless business clichés such as “get it done” and “be careful” can have a detrimental effect on a company’s future by conveying the imperative ingredients such as risk and innovation are things to now be avoided. Read to learn how to:

- Understand the metamorphosis required to transition from great founder to great CEO
- Know when, and if, it’s time to replace yourself
- Pick the right successor
- Prepare yourself and your company for the fragile transition
- Create a successful CEO transition
- Separate yourself from the company

There is likely no one more experienced with founder transitions than Les Trachtman. He has been an innovative and respected success at six different companies; let his hard-won advice guide you through your transition toward success.

***We commonly think of society as made of and by humans, but with the proliferation of machine learning and AI technologies, this is clearly no longer the case. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely – on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life. Through a wide range of examples, Massimo Airoidi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The ‘machine habitus’ is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the context of digital infrastructures and pre-digital social structures. This textbook provides a comprehensive introduction for students and professionals who are studying English for business or workplace communication and covers both spoken and written English. Based on up-to-date research in business communication and incorporating an international range of real-world authentic texts, this book deals

with the realities of communication in business today. Key features of this book include: use of English in social media that reflects recent trends in business communication; coverage of the concept of communicative competence; analysis of email communication; introduction to informal English and English for socialisation as well as goodwill messages, such as thank you or appreciation messages, which are a part of everyday interaction in the workplace; examination of persuasive messages and ways to understand such messages; an e-resources website that includes authentic examples of different workplace genres and a reference section covering relevant research studies and weblinks for readers to better understand the topics covered in each chapter. This book goes beyond the traditional coverage of business English to provide a broad and practical textbook for those studying English in a workplace setting.

This best selling course has been thoroughly revised to meet the needs of today's business and economics students. The English for Business Studies Audio CDs feature new authentic audio, including interviews with business people from key areas of business.

English for Business Studies in Higher Education Studies The Garnet Education English for Specific Academic Purposes series won the Duke of Edinburgh English Speaking Union English Language Book Award in 2009. English for Business Studies is a skills-based course designed specifically for students of business who are about to enter English-medium tertiary level studies. It provides carefully graded practice and progressions in the key academic skills that all students need, such as listening

to lectures and speaking in seminars. It also equips students with the specialist business language they need to participate successfully within a business studies faculty. Extensive listening exercises come from business studies lectures, and all reading texts are taken from the same field of study. There is also a focus throughout on the key business vocabulary that students will need. Listening: how to understand and take effective notes on extended lectures, including how to follow the argument and identify the speaker's point of view. Speaking: how to participate effectively in a variety of realistic situations, from seminars to presentations, including how to develop an argument and use stance markers. Reading: how to understand a wide range of texts, from academic textbooks to Internet articles, including how to analyze complex sentences and identify such things as the writer's stance. Writing: how to produce coherent and well-structured assignments, including such skills as paraphrasing and the use of the appropriate academic phrases. Vocabulary: a wide range of activities to develop students' knowledge and use of key vocabulary, both in the field of business studies and of academic study in general. Vocabulary and Skills banks: a reference source to provide students with revision of the key words and phrases and skills presented in each unit. Full transcripts of all listening exercises. The Garnet English for Specific Academic Purposes series covers a range of academic subjects. All titles present the same skills and vocabulary points. Teachers can therefore deal with a range of ESAP courses at the same time, knowing that each subject title will focus on the same key skills and follow the same structure. Key Features Systematic approach to developing academic skills through

relevant content. Focus on receptive skills (reading and listening) to activate productive skills (writing and speaking) in subject area. Eight-page units combine language and academic skills teaching. Vocabulary and academic skills bank in each unit for reference and revision. Audio CDs for further self-study or homework. Ideal coursework for EAP teachers. Extra resources at [www.garnetesap.com](http://www.garnetesap.com)

This revised set of resources for Cambridge IGCSE, IGCSE (9-1) and O Level Business Studies syllabuses (0450, 0986, 7115) is thoroughly updated for first examinations from 2020. This coursebook contains exam-style case studies and stimulus material from businesses around the world - ranging from a social enterprise in China to a fast food outlet in Zimbabwe. These give an international view of the real world applications of Business Studies theory. This book provides comprehensive exam support with questions to help students practise and build their confidence with the subject. The final chapter gives revision tips and advice on writing well-structured answers. The answers to the coursebook questions are in the teacher's resource. *A-State Department of Sustainability: Software Applications in Business Project A-State Department of Sustainability is a fictional organization in which the student works as the Executive Assistant. The project consists of 28 workdays (June 1 - July 8) during which students complete the following tasks: Create and update spreadsheets, databases, charts, graphs, an organizational chart and Gantt Chart; write business*

*letters, memos, emails, a slogan, and press release; design a letterhead, brochure, advertisement, flyer, t-shirt, web site and blog; organize a global conference and conduct problem solving. Instructors may assign tutorials for software as needed. Tutorials are not included in the text. All assignments refer to "spreadsheet, database, word processing, ect." so the instructors/students can use their preferred software brands. Examples of how to format letters, memos, emails, and spreadsheets are included. In the optional research and presentation component students research and present topics related to global and domestic sustainability. This textbook has been designed for lower-level and upper-level courses and can be easily adapted for in-class or online use. From the author: I created this textbook while teaching Software Applications in Business because I could not find a suitable text. I have conducted many iterations of refinement during classroom use. Many years of industry experience together with a 15-year State University of New York tenure have enabled me to design a textbook that will meet the needs of instructors who wish to create a realistic experience which builds a skill set that students can confidently take into the workplace. Students have returned after graduation and told me this was a valuable class and they could immediately utilize the skills they developed during the class in their current jobs. *This book aims to present the results of research in the sphere of business language and culture, as well as the experience of pedagogical staff and practitioners concerned with broadly understood business. The highly complex nature of contemporary business environment, approached from both the theoretical and practical standpoint, does not cease to prove that research into business studies cannot be dissociated from the cultural and linguistic context. The chapters included in this book were contributed by academics and practitioners alike, which offers a balanced approach to the topic and ensures high levels of diversity together with an undeniable homogeneity. They were gathered with a view to show various aspects of*

*business language, perceived both as a medium of communication and as a subject of research and teaching. They are concerned with business culture as well, including business ethics and representations of business in popular culture. Owing to its multidisciplinary approach, the book presents a roadmap towards successful functioning in business settings, highlighting such issues as education for business purposes, the study of language used in business contexts, the aspects of cross-cultural communication, as well as ethical behaviour based upon different values in multicultural business environments. Given its multifarious character, the book surely appeals not only to academics, but also to the interested laymen and students who wish to expand their knowledge of business studies and related phenomena.*

*This revised set of resources for Cambridge International AS and A Level Business syllabus (9609) is thoroughly updated for the latest version of the curriculum. Written by experienced authors, the Coursebook provides comprehensive coverage of the syllabus. Accessible language combined with the clear, visually-stimulating layout makes this an ideal resource for the course. Questions and explanation of key terms reinforce knowledge; different kinds of activities build application, analytical and evaluation skills; and case studies contextualise the content making it relevant to international learners. It provides thorough examination support for all papers with exam-style questions with each chapter and an extensive Paper 3 style case study with each unit. The student CD-ROM contains revision aids, further questions and activities. A Teacher's CD-ROM is also available.*

*This is a new self-study reference and practice book for advanced learners of English who need vocabulary for business and professional purposes. It has been carefully researched using the Cambridge International Corpus to ensure that the 2,000 new words and expressions represent the English that native speakers actually use. The book consists of 50 units and follows the highly successful format of the English Vocabulary in Use range with presentation material on the left-hand page and practice exercises on the right-*
