

English Grammar Questions And Answers For Competitive Exams

A fully updated version of the world's best-selling grammar title.

An Introduction to English grammar provides a comprehensive overview of all aspects of English grammar, and can be used in the classroom, for self-study, or as a reference book. The book is organised in two parts - on grammar and its applications - and provides everything a beginning student needs to get to grips with the theory and practice of English usage, including sections on style, punctuation and spelling. This third edition has been fully revised and updated to include an expanded section on English in Use, usage notes highlighting common errors, updated exercises, a glossary and a companion website with further graded exercises.

An Introduction to English Grammar

Recapitulation of English Grammar in questions and answers. Adapted to the author's book of instruction Basic Grammar in Use

With Answers ...

In the 19th century, education became accessible to much wider circles of society in a great number and variety of schools and the teaching of grammar came to be obligatory from 1870/72 with the advent of general education. Whereas these general trends of the 19th century are well-known to scholars working in different disciplines of social history, and the history of education in particular, it is still true that major sections of the evidence are largely uncollected. This is especially so for school books: there is virtually a gap between the 18th century and the present grammatical tradition. This bibliography lists some 1930 works on English grammar published in the 19th century, mainly in Britain and the US, half of which are accompanied by short descriptions of their physical make-up, content and affiliation.

"The Teacher's grammar of English enables English language teachers and teachers-in-training to fully understand and effectively teach English grammar. With comprehensive presentation of form, meaning, and usage, along with practical exercises and advice on teaching difficult structures, it is both a complete grammar course and an essential reference text."--Back cover.

Recapitulation of English Grammar in Questions and Answers

The main focus of this book is to address the problem of lack of grammar texts in simple and straightforward language that students will find less difficulty in understanding. Although this book is designed for students preparing for the West African Senior School Certificate Examination, it can also serve as a useful resource material for students studying English Language in tertiary institutions, teachers of English Language and other people who may want to improve their skills in the use of English Language. This book comprises five parts as follows; parts of speech, sentence structure, enriching vocabulary, punctuation marks and mechanics, essay writing and comprehension and summary.

Whether it's for a professional document, a school paper, an Internet blog, or something more personal, effective communication depends on clear, concise, and grammatically correct writing. Punctuation, spelling, and grammar rules can trip up anyone, while organization and word choice can make writing memorable—or banal. The Handy English Grammar Answer Book is an engaging guide to writing with clarity for all occasions. It offers fundamental principles, grammar rules, and punctuation advice, as well as insights on writing for different occasions and audiences. From a brief history of the English language to the deconstruction—and explanation—of the different parts of a sentence, and from showing how to punctuate correctly to how to organize a well-argued essay, this easy-to-use reference answers nearly 500 questions and offers fun facts on the English language and its usage, including How did English become a language spoken worldwide? What is a sentence fragment? When do I use “that” versus “which”? How do I use materials ethically on my own websites? How do I write an outline? Several appendices, including model papers and sample writing for every occasion, a glossary of commonly used terms, a bibliography, and an index add to the book's usefulness.

English Grammar: Step by Step 2

As featured in 'The Times' (18 Feb 2017). Professor Michael McCarthy, internationally renowned applied linguist, co-author of the 900-page 'Cambridge Grammar of English', author, co-author and editor of more than 50 books and 100 articles on the English language and the teaching of English, winner of an English-Speaking Union prize for one of his dictionaries, answers the awkward questions that regularly bother us all about English grammar. Most of us only vaguely remember what we were taught at school and are put off by long, tedious, dense and pedantic grammar manuals. This book is written in a concise, chatty, humorous and informal style. The A to Z format makes it easy to access and to find what you're looking for. It tells you in simple, plain language the difference between things that look similar (for example, 'alternate' versus 'alternative', 'made of' versus 'made from', 'its' versus 'it's'). It explains how to avoid going wrong with issues such as agreement between subjects and verbs or the choice of pronouns after prepositions. It presents solutions to a host of common, everyday grammatical problems and gives guidance on appropriate usage where more than one way of saying something exists. The entries also include advice on vocabulary, spelling, pronunciation, punctuation and style. Mike McCarthy believes in describing present-day standard English as it really is, not how people think it is or how they think it should be. He has worked for the last 35 years with computerised corpora of everyday written and spoken English texts and is known especially for his work on the differences between the grammar of speaking and the grammar of writing. The example sentences he presents are clear, transparent illustrations of the grammatical conventions, based on his work with corpora and his extensive, detailed field-notes covering decades, gleaned from literature, correspondence, the media and ordinary conversation. He tells you what the traditional rules are as well as what people are writing or saying now, and gives reasons why you might choose one or the other. He is not afraid of change and sees the grammar of English as a living, evolving organism, which he demonstrates with occasional glances at grammars written in the distant and recent past. He loves and respects the many accents, varieties and dialects of English but tells you what the educated standard forms are, so that

Get Free English Grammar Questions And Answers For Competitive Exams

you can speak and write appropriately in different situations. He shows that speaking is not the same as writing, and that what can often pass unnoticed in speech may stick out like a grammatical sore thumb in formal writing. This book helps you to navigate the maze of grammatical alternatives and to make the right choice for the right occasion. It is a book to browse and enjoy, as well as being a useful reference work to keep on your bookshelf.

Practice makes perfect – and helps deepen your understanding of English grammar Establishing good grammar habits will set you up for success.
