

## English In Mind 2 Second Edition

'My first serious blackout marked the line between sanity and insanity. Though I would have moments of lucidity over the coming days and weeks, I would never again be the same person ...' Susannah Cahalan was a happy, clever, healthy twenty-four-year old. Then one day she woke up in hospital, with no memory of what had happened or how she had got there. Within weeks, she would be transformed into someone unrecognizable, descending into a state of acute psychosis, undergoing rages and convulsions, hallucinating that her father had murdered his wife; that she could control time with her mind. Everything she had taken for granted about her life, and who she was, was wiped out. Brain on Fire is Susannah's story of her terrifying descent into madness and the desperate hunt for a diagnosis, as, after dozens of tests and scans, baffled doctors concluded she should be confined in a psychiatric ward. It is also the story of how one brilliant man, Syria-born Dr Najjar, finally proved - using a simple pen and paper - that Susannah's psychotic behaviour was caused by a rare autoimmune disease attacking her brain. His diagnosis of this little-known condition, thought to have been the real cause of devil-possession through history, saved her life, and possibly the lives of many others. Cahalan takes readers inside this newly-discovered disease through the progress of her own harrowing journey, piecing it together using memories, journals, hospital videos and records. Written with passionate honesty and intelligence, Brain on Fire is a searingly personal yet universal book, which asks what happens when your identity is suddenly destroyed, and how you get it back. 'With eagle-eye precision and brutal honesty, Susannah Cahalan turns her journalistic gaze on herself as she bravely looks back on one of the most harrowing and unimaginable experiences one could ever face: the loss of mind, body and self. Brain on Fire is a mesmerizing story' -Mira Bartók, New York Times bestselling author of The Memory Palace Susannah Cahalan is a reporter on the New York Post, and the recipient of the 2010 Silurian Award of Excellence in Journalism for Feature Writing. Her writing has also appeared in the New York Times, and is frequently picked up by the Daily Mail, Gawker, Gothamist, AOL and Yahoo among other news aggregator sites. American English in Mind is an integrated, four-skills course for beginner to advanced teenage learners of American English. The American English in Mind Starter Teacher's Edition provides an overview of course pedagogy, teaching tips from Mario Rinvolucri, interleaved step-by-step lesson plans, audio scripts, Workbook answer keys, supplementary grammar practice

exercises, communication activities, entry tests, and other useful resources.

This second edition updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. Popular course features have been refreshed with new content, including the imaginative reading and listening topics, 'Culture in Mind', and 'Everyday English' sections. New for the second edition is a DVD-ROM with the Level 1 Student's Book containing games, extra exercises and videos featuring the photostories' characters as well as a 'Videoke' record-yourself function. There is a full 'Vocabulary bank' at the back of the book which expands upon lexical sets learned in the units.

English in Mind Level 2 Companion Book Italian Edition

English in Mind Level 1A Combo with Audio CD/CD-ROM

English in Mind Level 5 Student's Book with DVD-ROM

English in Mind 3 Teacher's Book

English in Mind Level 5 Teacher's Resource Book

This multi-level English course is for teenagers. English in Mind Combo 1A offers the first eight units of the Level 1 Student's Book and Workbook. It includes corresponding material from the Level 1 Audio CD / CD-ROM.

The English in Mind Combos offer flexibility in a contemporary English course for teenagers. Each Combo contains eight Student's Book units with the corresponding Workbook material grouped into two modules, and offers approximately 40 to 45 hours of classwork. Clear learning objectives at the beginning of each module, plus 'Check your Progress' sections at the end, help students and teachers plan learning more effectively. There are free Audio CDs/CD-ROMs combining an interactive CD-ROM and audio material. The English in Mind Combos can be used with mixed-ability classes. Combo Starter A is for complete beginners. Combos 1A and 1B are for elementary students; 1A contains a 16-page starter section to review key language. Combos Levels 2A, 2B, 3A and 3B take students from pre-intermediate to intermediate level.

American English in Mind is an integrated, four-skills course for beginner to advanced teenage learners of American English. The American English in Mind Level 1 Classware features computer projectable versions of Student's Book lessons to facilitate "heads-up" teaching. It encourages students to get out of the textbooks and participate. This software contains all of the lessons from the Student's Book, audio support, and associated video episodes.

English in Mind Level 2 Student's Book with DVD-ROM

Starter, Level 1 and Level 2

English in Mind Level 1 Teacher's Resource Book

English in Mind Level 2B Combo with Audio CD/CD-ROM

English in Mind Level 1 Student's Book with DVD-ROM

This multi-level English course is for teenagers. English in Mind Combo 3B offers Units 9-16 of the Level 3 Student's Book and Workbook, renumbered as Units 1-8. It includes corresponding material from the Level 3 Audio CD / CD-ROM.

This second edition updates a course which has proven to be a perfect fit for

classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. Popular course features have been refreshed with new content, including the imaginative reading and listening topics, 'Culture in Mind', and 'Everyday English' sections. New for the second edition is a DVD-ROM with the Level 2 Student's Book containing games, extra exercises and videos featuring the photostories' characters as well as a 'Videoke' record-yourself function. There is a full 'Vocabulary bank' at the back of the book which expands upon lexical sets learned in the units.

English in Mind second edition is a three-level course for upper secondary students. A new edition of a popular course for Italy for 'la scuola secondaria di secondo grado'. Enhanced grammar and speaking activities, common mistakes made by Italian learners and video material are four of its new features. Fila A and B tests will be part of the extra resources. Two packs will be available: one with CD-ROM/DVD material provided with the Workbook and one without.

Fifth Edition

Machine Habitus

American English in Mind Level 3 Teacher's Edition

English in Mind Level 3B Combo with Audio CD/CD-ROM

The Strange Case of Dr. Jekyll and Mr. Hyde

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

We commonly think of society as made of and by humans, but with the proliferation of machine learning and AI technologies, this is clearly no longer the case. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely – on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life.

Through a wide range of examples, Massimo Airoidi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The 'machine habitus' is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the context of digital infrastructures and pre-digital social structures. Machine Habitus will be of great interest to students and scholars in sociology, media and cultural studies, science and technology

studies and information technology, and to anyone interested in the growing role of algorithms and AI in our social and cultural life.

This second edition updates a course which has proven to be a perfect fit for classes the world over.

Second Language Learning and Language Teaching

English in Mind Level 1 Workbook

Super Minds

English in Mind

English in Mind Starter Level Teacher's Resource Book

**The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson that everything involving Hyde is in order and that he is to be left alone.**

**English in Mind Level 2 Student's Book with DVD-ROM Cambridge University Press**

**Written for teenagers, English in Mind creates an inspiring learning experience for secondary students. Everything, from the choice of imaginative topics, texts and exercises to the attractive design is perfectly matched to students' interests, age and ability. **English in Mind Level 2 Teacher's Resource Book**

This second edition updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. This Workbook provides extra language and skills practice for use both in the classroom or at home. It also includes extra vocabulary exercises corresponding to the expanded lexical sets in the Student's Book 'Vocabulary bank'. 'Study Help' and 'Skills Tips' sections give learners extra support and guidance. The audio content to accompany the workbook is included on the Student's Book DVD-ROM and on the Audio CDs.

Second Language Learning and Language Teaching provides an introduction to the application of second language acquisition research to language teaching. Assuming no previous background in second language acquisition or language teaching methods, this text starts by introducing readers to the basic issues of second language acquisition research. It then examines how people learn particular aspects of the second language, such as grammar, vocabulary, pronunciation and the writing system, and at the strategies they adopt in their learning and the differences between individuals. Final chapters look at second language learning in a broader context – the goals of language teaching and how teaching methods relate to SLA research. This newly updated fifth edition builds on the comprehensive scope of earlier editions while also addressing more recent developments in the field, particularly multilingual approaches to language teaching.

This second edition updates a course which has proven to be a perfect fit for classes the world over. The Teacher's Resource Book contains the content for Combos 2A and 2B in one volume. All unit numbers and page references correspond to the Combos. It contains extra photocopiable grammar and communication activities and full pages of teaching tips and ideas specially written by methodology expert, Mario Rinvolucri. A Combo Testmaker Audio CD/CD-ROM which allows teachers to create and edit their own tests is also available separately, as is Classware for the full edition which integrates the Student's Book, class audio and video.
