It doesn't matter how old you are or where you're from; you can start a profitable business. The Young Entrepreneur's Guide to Starting and Running a Business will show you how. Through stories of young entrepreneurs who have started businesses, this book illustrates how to turn hobbies, skills, and interests into profit-making ventures. Mariotti describes the characteristics of the successful entrepreneur and covers the nuts and bolts of getting a business up, running and successful.

First, we learned in. Now we stand up. In this "much-needed combo of real talk, confessions, and lessons learned along the way" (Chelsea Handler), Jaclyn Johnson—the founder and CEO behind Create & Cultivate, the fastest growing online platform for millennial businesswomen—offers a rallying cry for a new generation of women who are redefining the meaning of work on their own terms. Jaclyn suffered a massive blow in her early twenties. She was on an upward career climb and confidently moved across the country for a job—and then, was abruptly let go. Attempting to turn that closed door into an open window, she launched a company with a trusted business partner. Soon after, she discovered said business partner had made detrimental decisions to the company without her knowledge. Before she knew it, she was in the throes of a brutal business partner break up. She was only twenty-four. Determined to bounce back, Jaclyn overhauled the mess that was her life and by the time she was in her early thirties, she had sold a company and launched the much-buzzed-about Create & Cultivate platform—and advised and invested in multiple million-dollar projects at the same time. So, how did she do it? In WorkParty, Jaclyn shows how she turned distrust into determination, frustration into fuel, and heartache into hard work—and how you can, too. With stories from leading female entrepreneurs including Christine Barberich (co-founder of Refinery29), Alli Webb, (creator of Drybar), Morgan Debaun (founder of Blavity), Jen Gotch of Ban.do, Rebecca Minkoff, and Kendra Scott, you will learn the tips and tricks from the best in the business while cultivating the passion and happiness you need to succeed. "This is the book you need to take your career to the next level—on your own terms" (Refinery29).

NEW YORK TIMES BESTSELLER • The groundbreaking investigation of how the global elite's efforts to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news. "Impassioned.... Yertaking reading." —The Washington Post Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward "thought leaders" who redefine "change" in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, serious needed reckoning among the world's wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike.
