Teachers and flutists at all levels  
have praised Nancy Toff's *The Flute  
Book*, a unique one-stop guide to the  
flute and its music. Organized into  
four main parts--The Instrument,  
Performance, The Music, and  
Repertoire Catalog--the book begins  
with a description of the instrument  
and its making, offers information  
on choosing and caring for a flute,  
sketches a history of the flute, and  
discusses differences between  
members of the flute family. In the  
Performance section, readers learn  
about breathing, tone, vibrato,

articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire, and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music and books, and flute clubs and related organizations worldwide. In this Third Edition, Toff has updated the book to reflect technology's advancements--like new digital recording technology and recordings' more prevalent online availability--over the last decade.
