

# Essere Cristiani

The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The volume is divided into two large sections. Part I, which covers Tomes I-V, is dedicated to individual bibliographies organized

## Read Online Essere Cristiani

according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II, which covers Tomes VI-VII, is dedicated to shorter, individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible, and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies.

that occurs within the space of liturgy. Examining the specific contributions of René Latourelle, Avery Dulles, Salvatore Marsilli, and Gustave Martelet against a background of pre-conciliar ressourcement theology, this volume provides a comprehensive account of why a Trinitarian and Christological construal of liturgy and sacraments as revelation is key to the vision that informed Vatican II and offers constructive theological and ecclesial possibilities for the future.

around the globe. In *The Life of Luigi Giussani* Alberto Savorana, who spent an important part of his life working and studying with Giussani, draws on many unpublished documents to recount who the priest was and how he lived. Giussani's life story is particularly significant because it shares many of the same challenges, risks, and paths toward enlightenment that are described in his numerous and influential publications. Savorana demonstrates that the circumstances Giussani experienced and the people he encountered played a crucial role in defining his vocation. Illuminating details are shared about Giussani's parents, professors, and friends in the

seminary, the things he read, his priesthood, his experience teaching, misunderstandings and moments of recognition, and illness. Luigi Giussani considered Christianity to be a fact, a real event in human life, which takes the form of an encounter, inviting anyone and everyone to verify its relevance to life's needs. This is what happened for so many people all over the world who recognized in this priest and leader, with his rough and captivating voice, not only a teacher to learn from, but above all a man to compare oneself with – a companion for the journey who could be trusted to answer the question: how can we live? In addition to providing the

capire cosa contraddistingue le culture cristiane dalle altre religioni e dall'umanesimo: un compito difficilissimo che Küng si pose, poco più che quarantenne, quando decise di scrivere questo saggio, che rappresenta una tappa fondamentale nel suo percorso di riflessione su un cristianesimo originale capace di mettere in luce gli elementi determinanti della fede che trascendono le istituzioni, il contingente e le ideologie. Oggi, a quarant'anni dalla prima pubblicazione del libro, molto è cambiato nella Chiesa e nella Storia, ma l'intensa riflessione di Küng non ha perso nulla del suo valore e della sua attualità, e costituisce nello

pluralismo e al dialogo e sono incentrati sulle molteplici visioni del mondo, culture, filosofie, comportamenti, valori e sul problema della pace: la vera questione pratica della convivenza umana sul pianeta .

Questo libro è nato in occasione d'un corso di cultura religiosa tenuta a professori universitari laici. Non è pertanto un'opera di erudizione e neppure un saggio di facile divulgazione. Vuole essere semplicemente una guida per chi intenda percorrere le tappe principali dell'apologetica cattolica. Le materie trattate sono numerose e

diverse, alcune familiari all'autore per altre ha consultato gli studiosi piu competenti facendo del suo meglio per esporre le conclusioni che gli sembravano convenire al suo intento. La speranza e di aver fatto un'opera utile a due categorie di persone: prima a coloro che cercano e non disperano di trovare una risposta alle questioni supreme; poi a quelli che per dovere o per desiderio di servire vogliono aiutare gli altri presentando loro le verita essenziali. Il semplice discorso fornira a tutti le basi resistenti di una dottrina che soddisfi lo spirito, pacifichi l'anima e rischiarì l'azione.

The mixed results of the ecumenical dialogue since the Second Vatican Council have made it clear that the primacy of the Bishop of Rome remains the single most serious obstacle on the path of ecumenism. In his landmark 1995 encyclical *Ut unum sint*, Pope John Paul II reiterated the constant teaching that the Catholic Church "has preserved the ministry of the Successor of the Apostle Peter, the Bishop of Rome." He also invited leaders and theologians of other Christian communities to engage in a "patient and fraternal dialogue on this subject...to find a way of exercising the primacy which while in no way renouncing what is essential to its

mission, is nonetheless open to a new situation." This book explores in depth the discussion of papal primacy in the Catholic-Orthodox, Catholic-Lutheran and Catholic Anglican dialogues, along with an appendix on the concept of "Sister Churches." Each chapter describes how the primacy is viewed in the respective churches or ecclesial communities, then it analyzes the documents of the official ecumenical dialogue and realistically evaluates the results achieved thus far.

most important Christian outpost in the Mediterranean ” . Even so, Catholics – whether Latins or Maronites – never made up more than 1% of the overall population of the island. In essence this is a tale of survival against the odds over the centuries, thanks to the stubborn resilience of the Franciscan friars and the Catholic faithful, especially the Maronites, in the face of great human and natural adversity. Among the perennial challenges the Order faced were those of a shortage of water, barren soil, “ bad air ” – malaria – a poor climate, and the hostility of the majority population of Greeks and Muslims.
